CLASS 1: Anti-freezing liquids; Formaldehyde absorbing chemical agents for industrial use; formaldehyde removing chemical agents for industrial use; oil additives for automobile engines being chemical preparations; chemical reagents sold as a kit, other than for medical or veterinary purposes; chemicals for use in industry and science; brake fluid for automobiles; transmission fluids for automobiles; glue and adhesives for industrial purposes; non-metallic minerals, namely, sulphur, rock salt for deicing, bauxite; reagent paper, not for medical purposes; unprocessed plastics being plastics in primary form; Chemical sealing compounds in liquid form being chemical preparations for sealing plant wounds; plant growth regulating preparations; fertilizers; ceramic glazings in the nature of a dry chemical preparation for use in the manufacture of ceramics; priming putty being oil cement; higher fatty acids being fatty acid for industrial purposes; chemical compositions for developing and printing photographs; artificial sweeteners; flour and starch for industrial purposes; pulp namely, sulphite pulp, groundwood pulp, cellulose pulp, bast pulp, rag pulp

CLASS 4: Mineral oils and greases for industrial purposes, not for fuel; automotive engine oils; automotive gear oils; additives, non-chemical for motor-fuel; automotive lubricants; fuels; solid lubricants for industrial purposes; leather preserving oil and grease; non-mineral oils and greases for industrial purposes, not for fuel; wax being raw material; candles; grease for shoes and boots; lamp wicks

CLASS 6: Locks and hinges of metal for automobiles; door locks of metal for automobiles; door hinges of metal for automobiles; trunk locks of metal for automobiles; trunk hinges of metal for automobiles; automobile hood locks of metal; automobile hood hinges of metal; metal hardware, namely, washers, nuts, bolts, keys for locks; railings of metal; shutters of metal; metal materials for building or constructions, namely, building panels of metal; metal pulleys, springs and valves not including machine elements, namely, metal hardware being springs and pulleys, metal valves not being parts of machines; containers of metal for transport; loading and unloading pallets of metal; industrial load turntables being metal railway turntable; traversers for load handling being load transfer dowels; joinery fittings of metal; metal safes; metal junctions for pipes; metal flanges; iron and steel; prefabricated building assembly kits of metal; metal molds for forming cement products being cement posts for building, cement cornices; keys of metal being metal bump keys for locksmithing, metal key blanks, metal keys for locks; metal cotter pins; reservoirs of metal; wire rope; wire nets and gauzes; industrial packaging containers of metal; metal stepladders and ladders; outdoor blinds of metal; nonferrous metals and their alloys

CLASS 7: Water pumps for automobile engines; water pumps for motors and engines; oil pumps for automobile engines; oil pumps for land vehicle engines; filters for automobile engines; filters for internal combustion engine; oil filters for internal

combustion engine; filters for motors and engines; pistons for automobile engines; fan couplings for automobile engines; fans for automobile engines; cylinder heads for automobile engines; cylinder head covers for automobile engines; intake manifolds for automobile engines; crankcases for motors and engines; pistons being parts of machines or engines; pistons for cylinders of automobile engines; gas engines not for land vehicles; gas turbines not for land vehicles; feed water heaters with cogeneration function, being parts of machines for non-electric prime movers and industrial engines; feed water heaters being parts of machines for non-electric prime movers and industrial engines; non-electric prime movers not for land vehicles and parts thereof, namely, engines not for land vehicles; machine elements not for land vehicles being ball transfer units, turntables and their rotating devices, shock prevention devices for machines, clutches for machines, gears for machines and belts for machines; electric power generators for cogeneration systems; gas engine driven power generators; starters for motors and engines; AC motors and DC motors excluding those for land vehicles and parts therefor; AC generators being alternators; DC generators; pumps being silt pumps, submersible pumps, diffusion pumps, axial flow pumps, circulating pumps; vacuum pumps; pneumatic controls for machines, motors and engines; pressure switches and sensors for monitoring, controlling and switching hydraulic or pneumatic systems being sold as a unit with manufacturing machine; hydraulic controls for machines, motors and engines; [sewing machines; parts and fittings for sewing machines;] machines and apparatus for the textile industry being textile washing machine for industrial purposes, textile bonding machines, printing machines for textiles; metalworking machines and tools using laser beam, namely, laser engraving machines, laser welding machines; laser welding machines; metalworking machines and tools being metal clamps used for holding piece parts on machine tool tables, diamond-pointed metal cutting tools, hard metal tools; plastic processing machines and apparatus; stone working machines and apparatus; glass-working machines and apparatus; ceramic processing machines and apparatus; rubber processing machines; laser beam machines for manufacturing semi-conductors; electrically operated shutter automatic opening and shutting devices; pumps as parts of machines, engines or motors; fuel pumps for land vehicle engines; chemical processing machines and apparatus being kneading machines for chemical processing, grinding machines for chemical processing, extracting machines for chemical processing; fuel dispensing machines for service stations; vehicle washing installations; waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; Shafts couplings, axles or spindles being parts of machines, not for land vehicles; shaft bearings being parts of machines, not for land vehicles; shaft couplings and connectors being parts of machines, not for land vehicles; bearing housings, inserts, brackets being parts of machines, not for land vehicles; power transmissions and gearing being parts of machines, not for land vehicles; idling pulleys being parts of machines, not for land vehicles; reduction gears being parts of machines, not for land vehicles; power transmission belts being parts of machines, not for land vehicles; toothed wheels and gears being parts of machines, not for land vehicles; speed change gears being parts of machines, not for land vehicles; fluid couplings being parts of machines, not for land vehicles; hydraulic torque converter being parts of machines other than for land vehicles; transmissions for machines; Shaft bearings for vacuum pumps; Shaft couplings and connectors being parts of machines, not for land vehicles; fluid couplings being parts of machines; hydraulic torque converter being parts of a machine, other than land vehicles; Bearings being parts of machines

CLASS 9: Measuring and testing machines and instruments for detecting information about the performance of automobiles; measuring and testing machines and instruments, namely, speed indicators, tachometers, temperature meters not for medical use; electronic locks; electronic control devices for automobiles; recorded or downloadable computer programs for operating internal combustion engines in vehicles; recorded or downloadable computer programs for operating internal combustion engines and controlling car attitude in vehicles; electronic machines, apparatus and their parts, namely, barcode readers, blank smart cards, encoded magnetic credit, gift, debit charge, key identity cards, interfaces for computers, integrated circuit cards being blank smart cards, printed circuits and readers being data processing equipment; navigation

apparatus for automobiles; Automatic liquid level, liquid-flow, pressure control and remote monitoring apparatus for gas engine heat pumps; telecommunications devices, apparatus and instruments, namely, cellular telephones, smartphones, audio-video receivers, sound recording apparatus, apparatus for transmission of communications; solar cells; solar panels for the production of electricity; solar panels being solar battery panels; solar battery power generation devices, namely, solar panels for production of electricity, solar batteries cell; fuel cells; fuel cell power generation devices, namely, fuel cells; automotive batteries and battery chargers; electric controlling and regulating machines and apparatus for automobiles, namely, electronic regulating and control devices for the operation of light emitting diodes, control units for regulating start-up electrical motors; apparatus and instruments for distributing and regulating electric current in automobiles; electric control and regulating devices for automobile engines, motors and suspensions; batteries and cells, namely, solar batteries, electric batteries, fuel batteries; Electric power distribution and control machines and apparatus; rotary converters; phase modifiers; intruder detecting apparatus for security systems; fire alarms; gas alarms; anti-theft warning apparatus; downloadable electric publications, namely, brochures, newspapers, magazines, journals featuring automobiles; personal digital assistants; smart phones; navigation apparatus for vehicles in the nature of on-board computers; Global Positioning System (GPS) navigation devices; remote control apparatus, namely, electronic key fobs being remote apparatus, remote control telemetering apparatus, electro-dynamic apparatus for the remote control signals; recorded or downloadable computer software for operating internal combustion engines in vehicles; recorded or downloadable computer software for operating internal combustion engines and controlling car attitude in vehicles; recorded or downloadable application software for operating internal combustion engines in vehicles; recorded or downloadable application software for operating internal combustion engines and controlling car attitude in vehicles; Blank smart cards being integrated circuit cards; electronic control apparatus for automobiles, namely, apparatus and instruments for distributing and regulating electric current in automobiles; electric control and regulating devices for automobile engines, motors and suspensions; Downloadable or recorded game programs for arcade video game machines; simulators for the steering and control of vehicles; laboratory apparatus and instruments, namely, laboratory robots; photographic machines and apparatus, namely, lenses for photographic apparatus, slide or photograph projection apparatus, strobe light apparatus for use in professional quality photography; cinematographic machines and apparatus; optical machines and apparatus being optical sensors, optical tables, optical disk readers, optical shutters; electric or magnetic meters and testers, namely, electrical outlet tester, electrical voltage tester pens, electric meters; electric wires and cables; dust masks; gas masks; welding masks; Downloadable or recorded game programs for home video game machines; electronic circuits and CD-ROMs recorded with recorded game software for hand-held games with liquid crystal displays; protective helmets for sports; sports whistles; metronomes; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments for playing electronic musical instruments; electric and electronic effects units for musical instruments; phonographic records featuring music; downloadable music files; downloadable image files containing artwork, text, audio, video, games and Internet Web links relating to sporting and cultural activities; recorded video discs and video tapes featuring, automobiles, beauty salon services, beauty therapy; exposed cinematographic films; exposed slide films; slide film mounts; electrical power supply and distribution systems, namely, power supply and distribution panels for use in cogeneration systems; power supply control devices and power regulating devices for power generators

CLASS 11: Bath installations for nursing care, not for medical purposes; bath fittings, namely, faucet sprayers, faucet handles, tap water faucets, toilet bowls, bath tubs, bath boilers, showers; toilet stool units with a washing water squirter; disinfectant dispensers for toilets; toilet bowls; seating for use with Japanese style toilet bowls; air-conditioning apparatus by gas engine heat pumps for industrial purposes; air conditioners by gas engine heat pumps for industrial purposes; heat pumps; air conditioning apparatus and fittings therefor for industrial purposes; space heating and cooling apparatus and fittings

therefor for industrial purposes; air-conditioning apparatus by gas engine heat pumps for household purposes; air conditioners by gas engine heat pumps for household purposes; air conditioning apparatus and fittings therefor for household purposes; household electrothermic appliances, namely, steam facial and hair apparatus, electronic facial and hair steamers, facial and hair saunas for beauty or sanitary purposes; air conditioners with hot water supply by means of cogeneration functions; hot water storage type hot water supplying apparatus using heat from gas engines for industrial purposes namely, hot water heaters; gas hot water suppliers being hot water heaters for industrial purposes; gas engine heat pumps and their parts; boilers, not for parts for non-electric prime movers, and not for engines namely, electric boilers, furnace boilers, heating boilers, industrial boilers; hot water storage type hot water supplying apparatus using heat from gas engines for household purposes being hot water heaters; gas hot water suppliers being hot water heaters for household purposes; gas water heaters for household purposes; hot-air space heating apparatus for household purposes; Non-electric stoves for household purposes, namely, gas stoves, wood burning stoves; toilet bowls and seats sold as a unit; prefabricated bathrooms sold as a unit, namely, shower and bath cubicles containing built-in toilet, sink, hand-held showers and flexible pipes being parts of shower plumbing installations, shower panels, shower bases and shower doors; prefabricated shower baths sold as a unit consisting of shower and bath cubicles; steam facial treatment machines and devices for household purposes; facial moisturizing equipment using ultrasonic waves for household purposes namely, electronic facial steamers, facial saunas, steam facial apparatus; nanoparticle water facial spray machines, namely, steam facial apparatus, electronic facial steamers and facial saunas, having fine water particle generating and infiltrating functions for home treatment; household electrothermic appliances for beauty or sanitary purposes, namely, steam facial and hair apparatus, electronic facial and hair steamers, facial and hair saunas for beauty or sanitary purposes; electric refrigerators for household purposes; electric freezers for household purposes; electric cooking ovens for household purposes; air purifiers; electronic facial steamers for industrial purposes; facial moisturizing equipment using ultrasonic waves for industrial purposes, namely, steam facial apparatus, electronic facial steamers, facial and hair saunas for industrial purposes; nanoparticle water facial spray machines, namely, steam facial apparatus, electronic facial steamers and facial saunas, having fine water particle generating and infiltrating functions for commercial use; towel steamers for hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barber's shop use being parts of sanitary installations; hair dryers; hand dryers; steam generating installations; fine water particle generating and infiltrating device, namely, steam facial and hair apparatus, electronic facial and hair steamers, facial and hair saunas used in facial and hair treatment for household purposes; sauna apparatus as a unit; sanitary devices, namely, sanitary installations in the nature of steam rooms, urinals being sanitary fixtures, spigots for pipes and pipelines being parts of sanitary installations; evaporators for chemical processing; distillers for chemical processing; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; air conditioners for household purposes; vehicle-mounted air conditioners with installed fine water particle generating and infiltrating devices; air conditioners for automobiles; air conditioners for industrial purposes; ventilation installations, namely, ventilation fans for commercial and industrial use, ventilation units for commercial food preparation and servicing, heat recovery ventilators, energy recovery ventilators; hot water heating installations; freezing machines and apparatus for industrial purposes; laundry dryers, electric, for industrial purposes; cooking apparatus and installations for commercial use, namely, cooktops, microwave ovens, gas cooking ovens; industrial dish drying machines for commercial use; dish disinfectant apparatus for commercial use; kitchen sinks integrated with worktops for commercial use; kitchen sinks for commercial use; cooking apparatus and installations for commercial use, namely, cooktops, microwave ovens, gas cooking ovens; solar water heaters; water purifying apparatus for industrial purposes; lighting apparatus and installations; non-electric cooking heaters for household purposes; kitchen sinks with integrated worktops for household purposes; kitchen sinks for household purposes; household tap-water filters, non-electric; sauna apparatus

CLASS 12: Non-electric prime movers for land vehicles other than parts, namely, engine for land vehicles, jet engine for land vehicles, turbines for land vehicles, gas turbines for land vehicles, air turbines for land vehicles, steam turbines for land vehicles, hydraulic turbines for land vehicles; automobile engines; vehicles for the physically handicapped and those of reduced mobility; automobiles and their parts and fittings; two-wheeled motor vehicles, bicycles and their parts and fittings; self-propelled electric vehicles; electrically operated personal mobility scooters and automobiles; electric vehicles, namely, electrically-powered motor vehicles, electrically-powered motor scooters, motorized golf carts and electric cars; wheelchairs for nursing care; electric wheelchairs; wheelchairs and their parts and fittings; rickshaws; sleighs and sleds being vehicles for transport purposes; hand trucks; horse drawn carriages; carts; bicycle trailers; machine elements for land vehicles, namely, clutches for land vehicles, couplings for land vehicles, driving chains for land vehicles, gear boxes for land vehicles, gearing for land vehicles, reduction gears for land vehicles, torque converters for land vehicles, transmissions for land vehicles, transmission shafts for land vehicles, crankcases for land vehicle components other than for engines, turbines for land vehicles, connecting rods other than parts of motors and engines for land vehicles; brakes, brake discs, brake linings, brake pads, brake segments, brake shoes all for vehicles; shock absorbing springs and suspension springs for vehicles; shock absorbers for automobiles, suspension shock absorbers for vehicles; anti-theft alarms for vehicles; anti-theft devices for automobiles, namely, anti-theft automotive alarms, anti-theft locks for use on automobile steering wheels; AC motors or DC motors for land vehicles, other than parts; adhesives rubber patches for repairing tubes or tires; Baby carriage being prams; traction engine; ropeways for cargo or freight handling; parachutes; vessels and their parts and fittings; aircraft and their parts and fittings; railway rolling stock and their parts and fittings; three-wheeled motor vehicle, electric tricycles not being toys and their parts and fittings; electric tricycles not being toys; drive shafts, shaft couplings, transmission shafts, cardan shafts, axles and spindles for land vehicles; shaft couplings and connectors for land vehicles; wheel bearings for land vehicles; power transmissions and gearing for land vehicles; idling pulleys for land vehicles; reduction gears for land vehicles; power transmission belts for land vehicles; toothed wheels and gears for land vehicles; speed change gears for land vehicles; fluid couplings for land vehicles; hydraulic torque converters for land vehicles; transmissions for land vehicles; transmissions for hybrid cars; drive units being driving motors for hybrid cars; drive units being driving motors for electric vehicles

CLASS 20: Electronic equipment racks being display racks; storage racks

CLASS 35: Referral of healthcare workers, housekeepers, care workers and nurses; employment agencies; placement and recruitment of staff; staff placement services and information and consulting services relating thereto; reception for visitors in buildings in the nature of secretarial services; retail store services and wholesale store services featuring sewing machines; distributorships in the field of beds and furniture; distributorships in the field of sewing machines; providing information of product sales; commercial information and advice for consumers in the choice of products and services; compilation and systematization of information into computer databases, and consultancy and providing information therefor; updating and maintenance of data in computer databases; data search in computer files for others; search engine optimization services for sales; providing and rental of advertising space using communication networks; advertising and publicity services; publicity material rental; sponsorship search and consultancy services thereof; business consultancy for system construction relating to IT and introduction of IT; business consulting services; business management analysis and business consultancy; marketing research and analysis; promoting the sale of goods and services of others, and managing telepresence environment of others and consultancy therefor; providing incentive award programs for customers and employees through the distribution of prepaid stored value cards for the purpose of promoting and rewarding loyalty; promoting the goods and services of others through the administration of sales and promotional incentive schemes involving trading stamps; provision of consumer information and advice regarding the selection of products and

items to be purchased; referral of information technology engineers; providing employment information; data processing services being office functions; collection of business data and information stored in computer databases; providing office functions; clerical services; providing office functions being process management in operation of computer system and providing information thereof; providing business assistance to others in the operation of data processing apparatus, namely, computers, typewriters, and fax machines; news clipping services; retail services and wholesale services being online retail store and wholesale store services featuring computer software; retail services and wholesale services being online retail store services and wholesale store services featuring a variety of goods in each field of clothing, foods and beverages, and livingware, carrying all goods together including via online; retail services and wholesale services being online retail store services and wholesale store services featuring woven fabrics and beddings; retail services and wholesale services being online retail store and wholesale store services featuring cushions and blankets; retail services and wholesale services being online retail and wholesale services featuring clothing; retail services and wholesale services being online retail store and wholesale store services featuring footwear and shoe boxes; retail services and wholesale services being online retail store and wholesale store services featuring bags and pouches; retail services and wholesale services being online retail store and wholesale store services featuring personal articles; retail services and wholesale services being online retail store and wholesale store services featuring pin badges and decorative tin badges; retail services and wholesale services being online retail store and wholesale store services featuring foods and beverages; retail services and wholesale services being online retail store and wholesale store services featuring automobiles and their parts; retail services and wholesale services being online retail store and wholesale store services featuring cushions, mattresses and headrests as automobile interior equipment; retail services and wholesale services being online retail store and wholesale store services featuring furniture; retail services and wholesale services being online retail store and wholesale store services featuring joinery fittings; retail services and wholesale services being online retail store and wholesale store services featuring tatami mats; retail services and wholesale services being online retail store and wholesale store services featuring ritual equipment; retail services and wholesale services being online retail store and wholesale store services featuring electrical machinery apparatus; retail services and wholesale services being online retail store and wholesale store services featuring cases and straps for smartphones and mobile phones; retail services and wholesale services being online retail store and wholesale store services featuring lighting apparatus; retail services and wholesale services being online retail store and wholesale store services featuring measuring and testing machines and instruments; retail services and wholesale services being online retail store and wholesale store services featuring medical apparatus and instruments; retail services and wholesale services being online retail store and wholesale store services featuring security lighting apparatus, security alarms, portable security alarms, security apparatus and instruments other than for vehicles, security monitoring apparatus and their parts, security and alarming apparatus and their parts, crime and disaster prevention monitoring and alarming apparatus; retail services and wholesale services being online retail store and wholesale store services featuring bladed or pointed hand tools, hand tools and metal hardware; retail services and wholesale services being online retail store and wholesale store services featuring kitchen equipment, cleaning tools and washing utensils; retail services and wholesale services being online retail store and wholesale store services featuring portable water tanks; retail services and wholesale services being online retail store and wholesale store services featuring pharmaceutical, veterinary and sanitary preparations and medical supplies; retail services and wholesale services being online retail store and wholesale store services featuring cosmetics, toiletries, dentifrices, soaps and detergents; retail services and wholesale services being online retail store and wholesale store services featuring decorative stickers for body or face; retail services and wholesale services being online retail store and wholesale store services featuring agricultural machines, implements and supplies; retail services and wholesale services being online retail store and wholesale store services featuring natural flowers and trees; retail services and wholesale services being online retail store and wholesale store services featuring

printed matter; retail services and wholesale services being online retail store and wholesale store services featuring paper and stationery; retail services and wholesale services being online retail store and wholesale store services featuring straps or clips with reel for card or ticket holders; retail services and wholesale services being online retail store and wholesale store services featuring sports articles and equipment; retail services and wholesale services being online retail store and wholesale store services featuring toys, dolls, game machines and apparatus; retail services and wholesale services being online retail store and wholesale store services featuring headbands, megaphones and toys for cheering up; retail services and wholesale services being online retail store and wholesale store services featuring photographic machines and apparatus and photographic supplies; retail services and wholesale services being online retail store and wholesale store services featuring opera glasses and optical machines and apparatus; retail services and wholesale services being online retail store and wholesale store services featuring clocks, watches and spectacles, eyeglasses and goggles; retail services and wholesale services being online retail store and wholesale store services featuring key rings; retail services and wholesale services being online retail store and wholesale store services featuring decorative magnets; retail services and wholesale services being online retail store and wholesale store services featuring printed photographs, portraits, photograph stands and photograph frames; retail services and wholesale services being online retail store and wholesale store services featuring floor coverings; retail services and wholesale services being online retail store and wholesale store services featuring toilet paper holders and tissue paper case covers of cloth; retail services and wholesale services being online retail store and wholesale store services featuring plastic bottle holders; business management and administration; business intermediary services for sales contracts of a variety of goods being distributorship services in the field of a variety of consumer goods; consultancy and advisory services relating to purchase contract of the goods; procurement services for others purchasing goods and services for other businesses associated with automobiles and air conditioners; preparation of financial statements; auctioneering; import-export agency services; arranging newspaper subscriptions for others; shorthand services; Stenographic, message, conference call transcription; document reproduction in the nature of photocopying services; rental of typewriters, copying machines; rental of vending machines; providing advertising information by means of personal digital assistants, smartphones and navigation apparatus for vehicles being on-board computers

CLASS 39: Vehicle transport being rickshaw transport services, pedicab transport services; vehicle-driving services; chauffeur services; rental of chauffeur driven cars; vehicle rental; rental of wheelchairs; rental of electric wheelchairs; rental of wheelchairs for nursing care; rental of walking aid vehicles; [parking lot services, parking garage services, parking space reservation services; rental of parking places; business management of car parking facilities; distribution of energy and providing information relating thereto; distribution of energy for heating and cooling of buildings;] storage, namely, furniture storage, clothing storage, warehouse storage, luggage storage, storage of goods; warehousing services of deposited automobiles; domestic and industrial waste transport services by cars; domestic and industrial waste transport services by means of cars; car transport services arranged via computer networks; providing information via the Internet relating to car transport; car allocation services, namely, car rental; car traffic control services being management of vehicular traffic flow through advanced communications network and technology; transport of people and goods; providing transport information via a web site; booking of transportation via a web site; transport brokerage; railway transport; car transport; marine transport; air transport; car rental; rental of vessels; aircraft rental; rental of bicycles; [gas supplying being distribution; electricity distribution; heat supplying being distribution;] warehousing services; temporary safekeeping of personal belongings; temporary storage of deliveries; freight brokerage; brokerage for rental, selling, purchasing or chartering of vessels; conducting of travel tours being transport services for sightseeing tours; escorting of travel tours being transport services for sightseeing tours; travel arrangement and reservation services for cruises, transportation and tickets excluding those for lodging; cargo delivery services; storage, [wrapping and packaging] of goods; [packaging of cargo;]

providing road and traffic information; vehicle driving services; booking agency services for vehicle driving; rental car reservation services; booking agency services of rental cars; [operating parking lots and providing information therefor;] travel arrangement services; car traffic control services being management of vehicular traffic flow by means of personal digital assistants and navigation apparatus for vehicles on-board computers, and providing information therefor; car transport of documents and parcels; rental of forklift trucks; rental of loading-unloading machines and apparatus; car allocation services, namely, car rental by means of personal digital assistants, smartphones and navigation apparatus for vehicles on-board computers, and providing information therefor; rental of warehouse space; [packaging services being co-packing services in the nature of merchandise packaging for others, bottling service packaging;] loading and unloading of goods; correspondence delivery services; Transport of good by rail, of pets for others

CLASS 42: Technical testing services, namely, product quality testing services; product safety testing services; technical testing services, namely, vehicle roadworthiness testing; mechanical and scientific research in the field of automobiles; testing automobiles and structural parts therefor to determine conformity with certification standards; testing and research services relating to health equipment, namely, testing the functionality of health equipment being machines, research on health equipment being machines; testing the functionality and research on machines, apparatus and instruments; testing, inspection and research of computer systems being computer software, computer hardware, computer programs; quality control for others; research and development of products; providing information in the field of product development; planning and design of automobile test driving courses and testing facilities; design and development of nursing care equipment; design of fuel cells; design of machines, apparatus and instruments, and their parts, as well as systems composed therefor; furniture and interior decoration design; bedding design; design of new products; Industrial design; rental of computers and computer software; providing temporary use of online non-downloadable computer programs for use in database management; providing temporary use of online non-downloadable computer programs for use in product design and development; providing temporary use of online non-downloadable computer software for use in database management; providing temporary use of online non-downloadable computer software for use in product design and development; providing temporary use of online non-downloadable computer application software for use in database management; providing temporary use of online non-downloadable computer application software for use in product design and development; technological advice relating to computers, automobiles and industrial machines; technological advice relating to performance and operation of machines and apparatus; computer software design, computer programming, and maintenance of computer software, and consultancy and providing information therefor; creating and maintaining web sites for others; monitoring of computer systems by remote access, which tracks application software performance, performs periodic maintenance and providing information therefor; design and development of computer software and computer systems and consultancy services relating thereto; data encryption services; internet security consultancy; providing search engines for the internet; providing temporary use of online non-downloadable computer software for use in database management; providing temporary use of online non-downloadable computer software for use in product design and development; cloud computing featuring software for use in database management; cloud computing featuring software for use in product design and development; software as a service (SaaS) featuring software for use in database management; software as a service (SaaS) featuring software for use in product design and development; rental of web servers; testing, inspection and research services of computer systems being computer software, computer hardware, computer programs; research and development services of computer hardware and software; consultancy relating to design of communication network machines and instruments; computer design, and consultancy and providing information therefor; designing of machines, apparatus, instruments including their parts and systems composed of such machines, apparatus and instruments; creating instruction manuals in the field of computer

software; information technology (IT) consulting services; cartography services; architectural design; surveying; scientific research; design and development of navigation systems; design of maps; providing temporary use of online non-downloadable computer software relating to navigation systems via the Internet for navigation purposes; providing meteorological information; geological research services; testing inspection and research of pharmaceuticals, cosmetics or foodstuffs; research on building, construction or city planning; testing and research in the field of prevention of pollution; testing and research in the field of electricity; testing and research in the field of civil engineering; testing, inspection and research in the fields of agriculture, livestock breeding and fisheries; rental of measuring apparatus; rental of laboratory apparatus and instruments; rental of technical drawing instruments

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
