Subject: I would encourage the choice of a USPTO satellite office in Silicon Valley

I would encourage the choice of a USPTO satellite office in Silicon Valley – Santa Clara or Palo Alto or Sunnyvale would be my choices. Silicon Valley continues to be a vibrant center of innovation – semiconductors, software, social media, biotech and now biomedicine. The talent, venture capital, and educational institutions are all in great supply here, which is why it is so important to allow detailed and timely access to our US patent activity.

Thank you

David Craven
