manufacture of fungicides and bactericides; Unprocessed synthetic resins for use in the manufacture of coatings for masonry and construction surfaces of buildings; adhesives for use in the manufacture of wall coatings, for floors and walls; solvents for varnishes; sequestrants for paints, namely, chemicals for use in the manufacture of paints; chemical additives for use in the manufacture of varnishes; talc being a chemical additive for use in the manufacture of paints; defoaming agents for use in the paint industry; damp proofing chemical preparations for articles of masonry; protective coatings, namely, chemical preparations for sanitizing for use in the manufacture of building materials; unprocessed plastics in the form of powders, liquids or pastes, for use in industry and manufactures; unprocessed plastics in the form of liquids, powder or paste, for use in the manufacture of varnishes, lacquers, paints, coatings * ; all the aforementioned goods are intended for the protection against microorganisms, pathogens, viral agents, viruses, bacteria, moulds and yeast *

CLASS 2: Colorants; varnishes; mixed paints; lacquers being paints; enamels being varnishes; fixatives being varnishes; coatings in the nature of coatings for walls and floors; paints and washes being liquid paints; paints for protection against corrosion, moisture, bacteria, fouling, fungus, and for sanitising; interior paint; exterior paint; varnishes for floors and walls; conductive paints; reflective paints; thickeners for paints; bactericidal, anti-fouling, and fungicidal, sanitising varnishes; anti-graffiti coatings being paints; anti-urine paints; anti-cryptogamic protection varnishes; paints for protection against fire; emulsions in the nature of paints; clear coatings used as paints; pigmented coatings used as paints; preparations for drying varnishes; coatings in the nature of weather sealing stains; paints for protection against corrosion; colouring matter for use in paints, namely, colorants for use in the manufacture of paints; mordants being fixatives in the nature of varnishes; transparent finishes in the nature of paint; thinners for lacquers and other paints; siccatives for use as drying agents for coatings; protective coatings in the form of paints for building purposes, for floors, and for walls; coatings in the form of paints for building purposes, for floors, and for walls in particular with bactericidal, anti-fouling, fungicidal, sanitising properties; raw natural resins for use in the manufacture of varnishes; solvent free paint; preparations for waterproofing being paints; heat resistant coatings in the nature of paint; plastics coatings being paints for use in construction; Resin-based coatings for use on walls and floors; surface coatings of liquid plastic being paints for walls and floors; sealer coatings with bactericidal, anti-fouling, fungicidal, sanitising properties for use on walls and floors; liquified plastics in the form of paints for use as surface, floor and wall coatings * ; all the aforementioned goods are intended for the protection against microorganisms, pathogens, viral agents, viruses, bacteria, moulds and yeast *

CLASS 17: Insulating varnish; insulating varnishes based on plastics materials; laminated plastic films for use on walls and floors; semi-processed artificial resins for use in forming coating films for use on walls and floors; semi-processed thermosetting resins; semi-worked plastic substances being semi-processed plastic substances; plastic film, for coating walls and floors; adhesive-coated plastic sheets for use as sanitizing, antibacterial, fungicidal, anti-fouling floor and wall coatings; adhesive-coated plastic sheets for use in construction for covering floors and walls with bactericidal, anti-fouling, fungicidal, sanitising properties; Plastic coatings, namely, plastic sheets with sanitizing, antibacterial, fungicidal, and anti-fouling properties for covering floors and walls; insulating floor coatings with bacterial, anti-fouling, fungicidal, sanitizing properties; acoustic insulating materials for floors and walls; insulating materials; insulating paints; insulating plaster

CLASS 35: Commercial intermediation services, namely, mediation and conclusion of commercial transaction for others; mediation of agreements regarding the sale and purchase of goods; procurement, namely, purchasing of goods and services for others; import-export agency services; cost price analysis; market survey analysis; advertising, marketing and promotional consultancy, advisory and assistance services; business assistance, management and administrative services; marketing the goods and services of others; demonstration of goods; distribution of samples for publicity purposes;

distribution of advertising, marketing and promotional material; organization of trade fairs for commercial or advertising purposes; arranging the buying of goods for others; advertising services; services consisting of collection and systematization of business data for others; online retail store services and wholesale retail store services featuring chemicals, botanical extracts, plant extracts, fungal extracts, lichen extracts, chemical compounds, chemical intermediates, chemical additives, unprocessed polymers and synthetic resins, coating agents, and waterproofing and damp-proofing compounds used in the manufacture of varnishes, paints, surface coatings, floor coverings, adhesive-coated plastic sheets, covering films, plastic coatings; online retail store services and wholesale retail store services featuring unprocessed plastics, unprocessed artificial and synthetic resins, and raw natural resin; online retail store services and wholesale retail store services featuring paints, varnishes, enamels, colorants, lacquers, and additives for paints, lacquers, and varnishes; online retail store services and wholesale retail store services featuring insulation, semi-processed plastic films and sheets, semi-processed resins, insulating paints and varnishes, and plastic coatings for use in construction

CLASS 37: Painting, interior and exterior; coating services being painting services; painting of buildings; floors and wall covering, namely, painting and varnishing floors and walls for others; advisory services relating to painting and varnishing of interiors and exteriors; consultancy and providing of information relating to varnishing; painting preparation services, namely preparations of floor and wall surfaces for lining and covering of paint; applying adhesive-coated plastic sheets on surfaces, floors and walls; painting; varnishing; installing wallboard

CLASS 40: Paint mixing services; treatment and processing of plastics; Laminating services, namely, applying thin plastic films via chemical, mechanical, and thermal lamination of plastic sheets to construction materials for use in floors and walls; treatment and processing for others of materials in the nature of chemicals, botanical extracts, plant extracts, fungal extracts, lichen extracts, chemical compounds, chemical intermediates, chemical additives, unprocessed polymers and synthetic resins, coating agents, and waterproofing and damp-proofing compounds for the manufacture of varnishes, lacquers, paints, surface coatings, wall coatings, floor coatings, adhesive coated plastic sheets, coating films, and plastic coatings; custom manufacture of varnishes, lacquers, paints, surface coatings, wall coatings, floor coatings, adhesive coated plastic sheets, coating films, and plastic coatings for others

The mark consists of a stylized shield that is intersected horizontally across its equator by the stylized wording "VESTATIS".

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
