Subject: Proposed USPTO LOP fee

Hi,

Please reconsider your proposal to institute a \$100 fee for Letter of Protests of frivolous trademarks. I am a print on demand designer, and it is one of the only tools we have to let you know to NOT approve frivolous trademarks (something that we print on demand designers deal with EVERY day). We really need to crack down on proactively limiting frivolous trademark submissions, not punishing those that are attempting to alert the USPTO of them.

Thank you for this consideration,
Lindsey Marrero
