**Reg. No. 7,064,302**

**Registered May 30, 2023**

**Corrected Oct. 10, 2023**

**Int. Cl.: 9, 41, 42**

**Service Mark**

**Trademark**

**Principal Register**

Clinaris GmbH (GERMANY LIMITED LIABILITY COMPANY)

Lichtenbergstraße 8

85748 Garching

FED REP GERMANY

CLASS 9: Distance measuring [ instruments ] \* apparatus \* ; acoustic measuring apparatus being noise level meters; signal apparatus and signal instruments being electro-dynamic apparatus for the remote control of signals; signal amplification apparatus being monitor signal amplifiers; receivers [ for ] \* of \* electronic signals; transmitters [ for ] \* of \* electronic signals; routers for audio, video and digital signals being wireless routers; lighting control apparatus and instruments; safety sensors, namely, carbon monoxide detectors, smoke detectors, and combination carbon monoxide and smoke detectors; wireless beacons being transmitters for electronic signals; electronic devices for locating and tracking medical devices and hospital supplies using wireless personal area network technology; devices for recording, transmission and reproduction of sound and images; data processing hardware being data processing equipment; scanners; barcode scanners; optical scanners; downloadable computer software for the recording, collection, processing of data in the areas of nursing, occupancy and discharge management, medical and home technology as well as reprocessing and cleaning of medical devices, hospital and nursing supplies, patient rooms and premises; downloadable mobile application for the recording, collection, processing of data in the areas of nursing, occupancy and discharge management, medical and home technology as well as reprocessing and cleaning of medical devices, hospital and nursing supplies, patient rooms and premises; distance measuring apparatus being monitoring apparatus with signaling for continuous checking of distance values between persons; downloadable computer software for measuring distance and time between two people in close proximity to each other; downloadable computer software for monitoring and analyzing the condition and readiness of medical devices; downloadable mobile application for monitoring and analyzing the condition and readiness of medical devices; downloadable computer software for the control and documentation of reprocessing processes of medical devices, hospital and nursing supplies, patient rooms and premises; downloadable mobile application for the control and documentation of reprocessing processes of medical devices, hospital and nursing supplies, patient rooms and premises; downloadable computer software for tracking the location of people and objects, especially medical devices as well as beds and bed accessories; downloadable mobile application for tracking the location of people and objects, especially medical devices as well as beds and bed accessories; downloadable computer software for personnel resource planning, especially in the areas of nursing and accommodation of guests; downloadable mobile application for personnel resource

Director of the United States  
Patent and Trademark Office

planning, especially in the areas of nursing and accommodation of guests; downloadable computer software for reporting defects of any kind in premises; downloadable mobile application for reporting defects of any kind in premises; downloadable computer software for creating and tracking maintenance, testing and calibration deadlines, especially for medical devices; downloadable mobile application for creating and tracking maintenance, testing and calibration deadlines, especially for medical devices; labels with machine-readable codes being encoded bar code labels; labels with integrated RFID chips being radio frequency identification labels; downloadable electronic publications in the nature of digital work instructions manuals for the daily cleaning of premises and objects, operating instructions manuals, maintenance manuals; stationary computers being desktop computers; mobile computers; tablet computers; smartphones; downloadable computer software for hospital management; downloadable computer software for hospital hygiene management; downloadable interactive software for nursing, occupancy and discharge management, medical and home technology management as well as management of reprocessing and cleaning of medical devices, hospital and nursing supplies, patient rooms and premises; downloadable computer software for the transmission of sound, graphics, text and data over communications networks; downloadable scientific and medical data via the internet; data processing apparatus, \* computer \* peripheral devices and parts thereof, the aforesaid goods [ also ] for data communication via wired and wireless telecommunication networks, the internet and other online networks and for data transmission in local area networks; electric and electronic communication apparatus and instruments being radio transmitters; electronic telecommunications apparatus and instruments being telephone sets

CLASS 41: Arranging and conducting of training courses in the field of nursing, occupancy and discharge management, medical and home technology as well as reprocessing and cleaning of medical devices, hospital and nursing supplies, patient rooms and premises; providing online \* non-downloadable training \* videos, [ not downloadable, especially training videos ] in the [ area ] \* fields \* of cleaning, reprocessing and maintenance of medical devices

CLASS 42: Consulting services for others in the field of design, planning, and implementation project management of scientific and technological research; server hosting; technical support services, namely, technical administration of servers for others and troubleshooting in the nature of diagnosing server problems; technical support services, namely, technical administration of servers for others and troubleshooting in the nature of diagnosing server problems, especially in hospitals; providing a web hosting platform for nursing, occupancy and discharge management, medical and home technology management as well as management of reprocessing and cleaning of medical devices, hospital and nursing supplies, patient rooms and premises; providing online, non-downloadable software for nursing, occupancy and discharge management, medical and home technology management as well as management of reprocessing and cleaning of medical devices, hospital and nursing supplies, patient rooms and premises; technical support related to computer software and applications being troubleshooting of computer software problems; technical support in the field of telecommunications technology, namely, monitoring technological functions of computer networks systems; design and development of computer hardware and computer software; advisory services relating to computer software; advice relating to the design of computer hardware; rental of computer software for nursing, occupancy and discharge management, medical and home technology management as well as management of reprocessing and cleaning of medical devices, hospital and nursing supplies, patient rooms and premises; rental of computer hardware, devices, and equipment; maintenance and updating of computer software; technological planning and consulting services in the field of computer hardware systems, databases and applications; telecommunications engineering consultancy and technical advice \* relating to operation of computers and connecting to the \* [ in the field of the ] Internet; providing \* temporary use of \* online, non-downloadable software that enables users to store, organize, edit, track, monitor, and share documents, information, data, images,

speech, signals, and other audio and visual signs; providing temporary use of \* online \* non-downloadable software applications accessible via a website that enables users to store, organize, edit, track, monitor, and share documents, information, data, images, speech, signals, and other audio and visual signs

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

PRIORITY DATE OF 01-25-2021 IS CLAIMED

OWNER OF INTERNATIONAL REGISTRATION 1629409 DATED 05-20-2021, EXPIRES 05-20-2031

SER. NO. 79-327,052, FILED 05-20-2021

## **REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION**

**WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.**

### **Requirements in the First Ten Years\***

#### **What and When to File:**

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.\* See 15 U.S.C. §1059.

### **Requirements in Successive Ten-Year Periods\***

#### **What and When to File:**

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.\*

### **Grace Period Filings\***

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

**\*ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

**NOTE:** Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

**NOTE:** A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
