The United States Patent and Trademark Office (USPTO) is seeking proposals from parties interested in performing policy studies, conferences, and other development programs in support of fair international protection of intellectual property rights.

The USPTO intends to competitively issue joint project agreements to conduct these programs. Interested parties are advised that information is requested subject to the authority contained in the FY2010 Consolidated

Appropriations Act language and no contractual awards subject to the Federal Acquisition Regulation (FAR) will be issued.

On December 16, 2009, the President signed the Consolidated Appropriations Act, 2010 (H.R. 3288) into law (P.L. 111-117). The law, in part, provides that no less than \$4 million of appropriated amounts shall be available only for the United States Patent and Trademark Office (USPTO) contribution in a cooperative or joint agreement or agreements with a non-profit organization or organizations to conduct policy studies, conferences, and other development programs, in support of fair international protection of intellectual property rights.

In accordance with the law, three requirements must be met in order for an organization to be eligible to enter into an agreement with the USPTO. First, the organization must be a non-profit organization. Second, the non-profit organization must have been successfully audited within the previous year. Third, the non-profit organization must have previous experience in such programs.

Place of Contract Performance:

No specific geographical location for contract performance. Non-profit organizations receiving an award shall submit deliverables to: USPTO, James Madison Building, 600 Dulany Street, Alexandria, Virginia 22313-1450, Attn: Benjamin Hardman, Room 10A60
Alexandria, Virginia 22313-1450
