

Social Science

Play. Tinker. Make.

Thursday, April 6; 6–10 p.m.

Makers, DIYers, Crafters unite! This Social Science celebrates World IP Day alongside local inventors, artists, geeks, and plain every-day folk who mix new and old technology to create newfangled marvels. Discover your own inner maker, and create with us this April.

It's okay to be a kid at heart, but you'll need to bring a valid 21+ ID to this event.
