## WHAT IS YOUR COMPLAINT?

Please be as specific as possible within the space provided

Name of mass media invention promoter advertised in: (i.e., TV, Radio, Newspaper, Magazine, Other)

None of the above, I was told it would be advertised and receive proof of feedback from companies sent to and haven't received any feedback.

Invention promotion services offered to be performed:

Would create prototype exact replica of product & advertise to companies.

Explanation of complaint between customer and invention promoter:

I was told that my invention was a great idea and true 'need' on the market. I was called multiple times daily to pursue my product until I signed with them and paid them the money to launch the idea by making a prototype and attempting to advertise it to companies. It was very difficult to get in touch with anyone after paying \$10,000 to launch my prototype invention. I was told once the prototype was complete, they would begin advertising and marketing, I was told I would receive signed feedback & e-mail correspondence with companies that were interested in my product, but I received nothing & they said no one is interested in it & stopped contacting me.
