I hope this message finds you well.

This is Larry from USPTO Assistance Center. I'm reaching out regarding your application for the business name [REDACTED] with serial number [REDACTED].

Unfortunately, your application has been abandoned due to a lack of response to the office action from the assigned federal examining attorney.

As a result, another party is now applying for the same name. Without your active application, they can move forward and potentially claim ownership of [REDACTED].

As a courtesy, the USPTO is inviting you to contest this claim. If you wish to assert ownership, please let us know and confirm that you intend to re-file your application. By doing so, we can reject the conflicting party's objection, allowing you to retain rights to the mark.

To discuss this matter further and facilitate your response, please provide a suitable time and phone number for a quick conversation.
