

Small Entity Compliance Guide

Setting and Adjusting Patent Fees during Fiscal Year 2017

**U.S. Department of Commerce
United States Patent and Trademark Office
November 14, 2017**

Section 10 of the Leahy-Smith America Invents Act (AIA) authorizes the United States Patent and Trademark Office (hereinafter “USPTO” or “the Office”) to set or adjust by rule any patent fee established, authorized, or charged under Title 35, United States Code (U.S.C.) for any services performed by, or materials furnished by, the Office. Section 10 prescribes that fees may be set or adjusted only to recover the aggregate estimated costs to the Office for processing, activities, services, and materials relating to patents, including administrative costs to the Office. The Office sets or adjusts 202 patent fees under section 10 of the AIA in the Final Rule, “Setting and Adjusting Patent Fees during Fiscal Year 2017”, 82 FR 52780 (Nov. 14, 2017). The Final Rule sets or adjusts 202 patent fees for large, small, and micro entities (any reference herein to “large entity” includes all entities other than those that have established entitlement to either a small or micro entity fee discount). The fees for small and micro entity rates are tiered, with small entities at a 50 percent discount and micro entities at a 75 percent discount. Small entity fee eligibility is based on the size or certain non-profit status of the applicant’s business. Micro entity fee eligibility is described in Section 10(g) of the Act. There are also 42 new fees being introduced or replacing one of the 14 fees that are being discontinued. This Final Rule applies small entity discounts to two additional fees and applies micro entity discounts to six additional fees. **These new fees are effective on January 16, 2018.**

The Office prepared this Compliance Guide in accordance with the requirements of section 212 of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121). The Office intends this Guide to serve as an introduction to the provisions of the Final Rule and more specifically the changes in patent fees most relevant to small entities (as defined in 37 CFR 1.27) and micro entities (as defined in 37 CFR 1.29), including independent patent applicants and holders.

This Guide is organized as follows:

- 1) Definitions
- 2) Fee Changes
- 3) Available Resources
- 4) How to Pay Fees

5) Effective Dates

This Guide does not supersede the Final Rule or any existing regulations or guidance issued in other agency regulations. The Final Rule remains the official record of the Office's section 10 fee and procedural changes. For the full text of the Final Rule, *see* 82 FR 52780 (Nov. 14, 2017).

Definitions

The Final Rule does not alter the definition of a small entity established prior to the enactment of the AIA nor does it alter the definition of a micro entity established in the AIA. An overview of each definition is presented below.

Small Entity

The Office's definition of a small entity for the purpose of paying small entity patent fees is established in 37 CFR 1.27, which is entitled "Definition of small entities and establishing status as a small entity to permit payment of small entity fees; when a determination of entitlement to small entity status and notification of loss of entitlement to small entity status are required; fraud on the Office." Any party (person, small business concern who meets the size standard in 13 CFR 121.801 through 13 CFR 121.805, or nonprofit organization) who is entitled to small entity status in accordance with the definitions set forth in 37 CFR 1.27(a) is entitled to a 50 percent discount on eligible fees. For the purpose of paying reduced fees under the authority of section 10, this definition does not change.

Micro Entity

The Office's definition of a micro entity for the purpose of paying micro entity patent fees was created by section 10(g) of the AIA. 125 Stat. at 318-19; *see also* 35 U.S.C. 123. The definition of micro entity established in the AIA includes limitations based on the number of previously filed applications, gross income, and ownership interests, as well as a separate provision concerning institutions of higher education. For the purpose of paying reduced fees under the authority of section 10, the Final Rule primarily tracks the eligibility requirements set forth in the law. With the implementation of micro entity fees in 2013, the Office set forth rules of practice pertaining to how an applicant can qualify for micro entity discounts. (*See* Changes to Implement Micro Entity Status for Paying Patent Fees, 77 FR 75019 (Dec. 19, 2012)).

Fee Reductions

Small Entities: The AIA provides that fees set or adjusted under section 10(a) "for filing, searching, examining, issuing, appealing, and maintaining patent applications and patents shall be reduced by 50 percent" with respect to the application of such fees to any "small entity" (as defined in 37 CFR 1.27) that qualifies for reduced fees under 35 U.S.C. 41(h)(1). 125 Stat. at 316-17. 35 U.S.C. 41(h)(1), in turn, provides that certain patent fees "shall be reduced by 50 percent" for a small business concern as defined in section 3 of the SBA, and to any independent inventor or nonprofit organization as defined in regulations described by the Director. Of the 50 small entity fees affected in the Final Rule, 48 are adjusted, and 2 new small entity fees are established in the Final Rule.

Micro Entities: Section 10(b) of the Act provides that the fees set or adjusted under section 10(a)

“for filing, searching, examining, issuing, appealing, and maintaining patent applications and patents shall be reduced . . . by 75 percent with respect to the application of such fees to any micro entity as defined by [new 35 U.S.C.] 123.” 125 Stat. at 315-17. Of the 49 micro entity fees affected in the Final Rule, 43 are adjusted and 6 new micro entity fees are established and set at a reduction of 75 percent from the large entity fee amounts.

Fee Changes

The Final Rule sets or adjusts patent fees consistent with section 10 authority and the Office’s rulemaking goals. The Final Rule does not implement any changes to the process of paying fees, nor does it introduce any new regulations by which entities eligible for fee reductions must comply.

See the Table of Patent Fee Changes appended to this Guide for the full list of current and prior fee amounts as well as the dollar change in large entity fees. The table lists “Current Fees” for large, small, and micro entities and the “Final Fee Schedule” set in the Final Rule.

This section of the Guide offers an overview of both new and restructured fee changes as well as a specific discussion of changes for small and micro entities.

New and Restructured Fees

In the Final Rule, 42 new fees are being introduced or replaces one of the 14 fees that are being discontinued, amends fees to include discounts for small and micro entities, and revises fee rates for existing fees. An overview of the new fees that the Final Rule creates is below.

Ex Parte Reexamination (§ 1.510(a)) Streamlined: The Office is establishing a new fee for smaller, streamlined reexamination filings. This fee will apply to ex parte reexamination requests having: (i) 40 pages or less; (ii) lines that are double-spaced or one-and-a-half spaced; (iii) text written in a non-script type font such as Arial, Times New Roman, or Courier; (iv) a font size no smaller than 12 point; (v) margins which conform to the requirements of 37 CFR 1.52(a)(1)(ii); and (vi) sufficient clarity and contrast to permit direct reproduction and electronic capture by use of digital imaging and optical character recognition. The large entity fee for this service is \$6,000, and the small and micro entity fees are set to \$3,000 and \$1,500 accordingly. Note that micro entity status is only available to patent owner requesters, not to third party requesters.

Submission of sequence listings of 300MB to 800MB: In the Final Rule, the Office sets two new fees to manage handling of sequence listings of 300 MB or more. Pricing for this fee is divided into two tiers with Tier 1 for file sizes 300 MB to 800 MB and Tier 2 for file sizes greater than 800 MB. Tier 1 fees are set, in the Final Rule, at \$1,000 for a large entity and \$500 and \$250 for small and micro entities. Tier 2 fees are set at \$10,000 for a large entity, \$5,000 for a small entity, and \$2,500 for a micro entity.

Late Furnishing Fee for Providing a Sequence Listing in Response to an Invitation Under PCT Rule 13ter: The Final Rule sets a new fee to encourage timely filing of sequence listings in international applications as another way to facilitate the effective administration of the patent system. The large entity fee for this service is \$300 and the small and micro entity fees are set to \$150 and \$75 accordingly.

Petition for the Delayed Payment of the Fee for Maintaining a Patent in Force: In the Current Fee schedule, the fee (Fee Codes 1558/2558/3558) is \$1,700 for a large entity (\$850 for a small or micro entity). In the Final Rule, the Office increases the large and small entity fees as well as establishes a new fee rate for micro entities. The fee rates for large, small, and micro entities effective January 16, 2018 are as follows: \$2,000 (1558), \$1,000 (2558), and \$500 (3558). It is assumed that, prior to the Fee schedule effective January 16, 2018, an applicant or patent holder would have paid the small entity fee (because there was no micro entity fee rate available). Therefore, the dollar changes from the Current Fee schedule to the Fee schedule effective January 16, 2018 are calculated from the current small entity fee amount (or large entity fee, where applicable) and can be found in the Table of Patent Fee Changes.

Petition for Revival of an Abandoned Application for a Patent, for the Delayed Payment of the Fee for Issuing Each Patent, or for the Delayed Response by the Patent Owner in any Reexamination Proceeding: In the Current Fee schedule, the fee (Fee Codes 1453/2453/3453) is \$1,700 for a large entity (\$850 for a small or micro entity). In the Final Rule, the Office increases the large and small entity fees as well as establishes a new fee rate for micro entities. The fee rates for large, small, and micro entities effective January 16, 2018 are as follows: \$2,000 (1453), \$1,000 (2453), and \$500 (3453). It is assumed that, prior to the Fee schedule effective January 16, 2018, an applicant or patent holder would have paid the small entity fee (because there was no micro entity fee rate available). Therefore, the dollar changes from the Current Fee schedule to the Fee schedule effective January 16, 2018 are calculated from the current small entity fee amount (or large entity fee, where applicable) and can be found in the Table of Patent Fee Changes.

Petition for the Delayed Submission of a Priority or Benefit Claim: In the Current Fee schedule, the fee (Fee Codes 1454/2454/3454) is \$1,700 for a large entity (\$850 for a small entity or micro entity). In the Final Rule, the Office increases the large and small entity fees as well as establishes a new fee rate for micro entities. The fee rates for large, small, and micro entities effective January 16, 2018 are as follows: \$2,000 (1454), \$1,000 (2454), and \$500 (3454). It is assumed that, prior to the Fee schedule effective January 16, 2018, an applicant or patent holder would have paid the small entity fee (because there was no micro entity fee rate available). Therefore, the dollar changes from the Current Fee schedule to the Fee schedule effective January 16, 2018 are calculated from the current small entity fee amount (or large entity fee, where applicable) and can be found in the Table of Patent Fee Changes.

Petition to Excuse Applicant's Failure to Act Within Prescribed Time Limits in an International Design Application: In the Current Fee schedule, the fee (Fee Codes 1784/2784/3784) is \$1,700 for a large entity (\$850 for a small or micro entity). In the Final Rule, the Office increases the large and small entity fees as well as establishes a new fee rate for micro entities. The fee rates for large, small, and micro entities effective January 16, 2018 are as follows: \$2,000 (1784), \$1,000 (2784), and \$500 (3784). It is assumed that, prior to the Fee schedule effective January 16, 2018, an applicant or patent holder would have paid the small entity fee (because there was no micro entity fee rate available). Therefore, the dollar changes from the Current Fee schedule to the Fee schedule effective January 16, 2018 are calculated from the current small entity fee amount (or large entity fee, where applicable) and can be found in the Table of Patent Fee Changes.

Petition to Convert an International Design Application to a Design Application Under 35 U.S.C. Chapter 16: In the Current Fee schedule, the fee (Fee Codes 1783/2783/3783) is \$180 regardless of entity type. In the Final Rule, the Office establishes small and micro entity fee rates. The fee rates for large, small, and micro entities effective January 16, 2018 are as follows: \$180 (1783), \$90 (2783), and \$45 (3783). It is assumed that, prior to the Fee schedule effective January 16, 2018, an applicant or patent holder would have paid the large entity fee (because there was no small or micro entity fee rate available). Therefore, the dollar changes from the Current Fee schedule to the Fee schedule effective January 16, 2018 are calculated from the current large entity fee amount (or large entity fee, where applicable) and can be found in the Table of Patent Fee Changes.

Hague International Design Application Fees – Transmittal Fee: In the Current Fee schedule, the fee (Fee Codes 1781/2781/3781) is \$120 for all entity types. In the Final Rule, the Office establishes small and micro entity fee rates. The fee rates for large, small, and micro entities effective January 16, 2018 are as follows: \$120 (1781), \$60 (2781), and \$30 (3781). It is assumed that, prior to the Fee schedule effective January 16, 2018, an applicant or patent holder would have paid the large entity fee (because there was no small or micro entity fee rate available). Therefore, the dollar changes from the Current Fee schedule to the Fee schedule effective January 16, 2018 are calculated from the current large entity fee amount (or large entity fee, where applicable) and can be found in the Table of Patent Fee Changes.

Small and Micro Entity Fee Changes

As noted above, all fees set or adjusted in the Final Rule are included in the Table of Patent Fee Changes appended to this Guide. The table lists “Current Fees” for large, small, and micro entities and the “Final Fee Schedule” set in the Final Rule. For the purpose of discussing dollar and percent fee changes, the Office compares the fees for micro entities to Current Fees for small entities where available or to Current Fees for large entities where no discounts were previously offered. Increases and decreases are summarized below.

- New Fee Discounts: Section 10(b) extends the small entity discount and establishes the micro entity discount. All fees that are eligible for small entity discounts are also eligible for micro entity discounts. The Final Rule creates a small and micro entity discount for a few fees, as discussed above.
- Fee Increases: Of the 50 small entity fees affected by the Final Rule, 48 fees were increases. Of the 49 micro entity fees affected in the Final Rule, 43 fees were increases.

Notable fee increases for small and micro entities include:

- Filing, search, examination, and issue fees for design fees for both small and micro entities under the Final Rule fee schedule. For example, Fee Code 2502 “Design Issue Fee”, increases from \$280 to \$350 for small entities, and from \$140 to \$175 for micro entities in the Final Rule. Because filing, search, and examination fees must be paid together at filing, the total increase for both small and micro entities is 26.3 percent.
- Filing, search, examination, and issue fees for utility applications. Because filing, search, and examination fees must be paid together at filing, the total increase for

- both small and micro entities is 7.5 percent.
- Other notable increases to existing fees include Fee Codes 2801/3801 “Request for continued examination,” (increasing 8 percent), Fee Codes 2820/3820 “Request for continued examination (RCE) - 2nd and subsequent request” (increasing 12 percent), and excess claims fees (Fee Codes 2201/3201, 2202/3202, and 2203/3203) increasing 25 percent and 5 percent respectively.

How to Pay Fees

As noted above, the Final Rule does not change the way that an applicant or other patent stakeholder pays patent fees to the USPTO.

Any fee adjusted by the Final Rule that is paid on or after the effective date of the Final Rule is subject to the new fee amount. The amount of the fee to be paid for a given item will be determined by the time of filing of that item with the Office. The time of filing will be determined either according to the date of receipt in the Office (37 CFR 1.6) or the date reflected on a proper Certificate of Mailing or Transmission, where such a certificate is authorized under 37 CFR 1.8. Use of a Certificate of Mailing or Transmission is not authorized for items that are specifically excluded from the provisions of 37 CFR 1.8. Items for which a Certificate of Mailing or Transmission under 37 CFR 1.8 is not authorized include, for example, filing of national and international applications for patents. *See* 37 CFR 1.8(a)(2).

Patent-related correspondence delivered by the “Express Mail Post Office to Addressee” service of the United States Postal Service (USPS) is considered filed or received in the USPTO on the date of deposit with the USPS. *See* 37 CFR 1.10(a)(1). The date of deposit with the USPS is shown by the “date-in” on the “Express Mail” mailing label or other official USPS notation.

Applicants should continue to follow the guidance issued by the USPTO concerning fee payment processes and procedures. *See* the USPTO websites listed under “Available Resources” for more information.

Effective Dates

The fees set in the Final Rule are effective on January 16, 2018.
