## 2. A. DEFINITIONS (new)

Insert the following new definitions:

### C09D 5/16

#### Glossary of terms

*In this group/subgroup/subclass, the following terms or expressions are used with the meaning indicated:*

|                   |   |
|-------------------|---|
| Antifouling paint | A paint used to prevent barnacles and other marine organisms from growing on the immersed surfaces of man-made structures such as ship hulls, pillars, fishnets, and buoys. The antifouling effect can be obtained by the use of a biocide or a specific binder, or by the application of any other substance such as a non-adherent coating. |
|-------------------|---|

### C09D 11/36

#### Glossary of terms

*In this group/subgroup/subclass, the following terms or expressions are used with the meaning indicated:*

|                               |   |
|-------------------------------|---|
| Based on non-aqueous solvents | The vehicle of the ink contains no water at all or just traces and is based e.g. on hydrocarbon solvents. |
|-------------------------------|---|

### C09D 11/50

#### Glossary of terms

*In this group/subgroup/subclass, the following terms or expressions are used with the meaning indicated:*

|                 |  |
|-----------------|--|
| Sympathetic ink | Ink that changes its spectral properties by heat treatment, chemical treatment, etc. Dyes can change colour during e.g. heat treatment (e.g. leuco dyes or thermochromic colorants) or can turn from invisible to visible. |
|-----------------|--|
