Do you aim to become a highly-skilled practitioner in the IP Law community?

The USPTO is heavily invested in the success of America's IP lawyers. LEAP facilitates the training of junior practitioners from every demographic by helping them gain court access and experience.

Eligibility

To qualify as a LEAP practitioner, a patent agent or attorney must have:

- Three or fewer substantive oral arguments in any federal tribunal including the Patent Trial and Appeal Board (PTAB); and
- Seven or fewer years of experience as a licensed attorney or agent.

It's easy to participate in LEAP:

Once the PTAB has assigned an oral hearing date for the case, submit a [LEAP Practitioner Request and Verification Form](#) to PTABHearings@uspto.gov at least 5 days prior to the hearing.

At the oral hearing:

- A LEAP practitioner can conduct the entire oral argument or share time with other counsel as long as the LEAP practitioner is offered a meaningful and substantive opportunity to argue.
- The type and quantity of oral argument by the LEAP practitioner is at the party's discretion.
- PTAB will permit more experienced counsel to assist a LEAP practitioner to clarify, if needed.

Mock arguments

The PTAB also offers a mock argument practicum through which practitioners can argue before a panel of actual PTAB judges and receive individual feedback on strengths and ways to improve.

Webinar trainings

The PTAB hosts free webinar trainings on oral advocacy, including:

- use of demonstratives
- effective use of hearing time
- decorum
- oral hearing logistics, and more!

Mock arguments and webinar trainings provide an added measure of confidence for LEAP practitioners and their clients, for both the PTAB case at hand and any future IP litigation.

The PTAB grants up to 15 minutes of additional argument time to parties that participate in LEAP, depending on the proceeding length and PTAB schedule.
