Selecting a trademark
Trademark selection challenges

• Remember:
  – The mission of the USPTO is to register any trademark that is eligible for registration.
  – Not every trademark is registrable.
  – Not every trademark is enforceable.
  – Select a trademark that is both federally registrable and legally protectable.
Registrable and protectable

Two main concepts:

• Likelihood of confusion
  – Likelihood of confusion refusal

• Strength of the trademark
  – Descriptiveness refusal
Selecting a trademark: Likelihood of confusion
Likelihood of confusion

• Concept:
  – Avoid confusing consumers about the source of the goods and services.

• Test:
  – Are the trademarks confusingly similar?
  and
  – Are the goods and/or services related?
