Trademark Fee Adjustment

**U.S. Department of Commerce
United States Patent and Trademark Office
October 21, 2016**

Section 10 of the Leahy-Smith America Invents Act (AIA) authorizes the United States Patent and Trademark Office (USPTO or the Office) to set or adjust by rule any trademark fee established, authorized, or charged under the Trademark Act of 1946 (15 U.S.C. 1051 et seq.) as amended (the Trademark Act or the Act) for any services performed by, or materials furnished by, the Office. Section 10 prescribes that fees may be set or adjusted only to recover the aggregate estimated costs to the Office for processing, activities, services, and materials relating to trademarks, including administrative costs to the Office with respect to such Trademark and Trademark Trial and Appeal Board (TTAB) operations. The Office sets or adjusts 42 trademark processing and service fees under section 10 of the AIA in the Final Rule, “Trademark Fee Adjustment”, 81 FR 72694 (Oct. 21, 2016). These new fees are effective on January 14, 2017.

The Office prepared this Compliance Guide (Guide) in accordance with the requirements of section 212 of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121). The Office intends this Guide to serve as an introduction to the provisions of the Final Rule and, more specifically, the changes in trademark fees most relevant to small entities, including independent trademark applicants and holders.

This Guide is organized as follows:

- 1) Applicants
- 2) Fee Changes
- 3) How to Pay Fees
- 4) Effective Dates
- 5) Available Resources

This Guide does not supersede the Final Rule or any existing regulations or guidance issued in other agency regulations. The Final Rule remains the official record of the Office’s section 10 fee and procedural changes. For the full text of the Final Rule, *see* 81 FR 72694 (Oct. 21, 2016).

1) Applicants

The Office does not collect or maintain statistics in trademark cases on small- versus large-entity applicants, and this information would be required in order to determine the number of small entities that would be affected by the Final Rule. The Office believes that the overall impact of the fee structure implemented in the Final Rule on applicants and registrants will be positive, because it promotes the more cost-effective electronic filing system. There will be little or no impact for the majority of applicants and registrants that file electronically and communicate on a timely basis.

2) Fee Changes

The Final Rule sets or adjusts trademark fees consistent with section 10 authority and the Office's rulemaking goals. The Final Rule does not implement any changes to the process of paying fees, nor does it introduce any new regulations by which entities eligible for fee reductions must comply.

This section of the Guide offers an overview of both new and restructured fee changes as well as a specific discussion of changes.

The fee structure increases the per-class fee for an initial application filed on paper by \$225 to \$600, and increases the fees for 31 other paper filings by between \$75 and \$200 (per class, where applicable). The per-class fee for an initial application filed using the regular Trademark Electronic Application System (TEAS) option is increased by \$75 to \$400. This increase also applies to requests for extension of protection and subsequent designations filed under the Madrid Protocol (15 U.S.C. 1141e; Madrid Protocol Article 8(7)(a)). For requests for extensions of time to file a statement of use electronically, the Office is reducing the fee. In addition, 10 TTAB-related fees are established or revised, six of which differentiate the fees for initiating a proceeding electronically or on paper, and increase these as compared to the prior undifferentiated fees; and four that establish electronic and paper filing fees for requests to extend time to file a notice of opposition in certain circumstances. These new fees are effective January 14, 2017.

See the Table of Trademark Fee Changes appended to this Guide for the full list of current and prior fee amounts. The table lists "Current Fees" for paper and electronic filings and the "Final Fee Schedule" set in the Final Rule.

3) How to Pay Fees

As noted above, the Final Rule does not change the way that an applicant or other trademark stakeholder pays trademark fees to the USPTO.

Any fee adjusted by the Final Rule that is paid on or after the effective date of the Final Rule is subject to the new fee amount. The amount of the fee to be paid for a given item will be determined by the date of filing of that item with the Office. The fees required in the Final Rule, "Trademark Fee Adjustment", 81 FR 72694 (Oct. 21, 2016) must be paid in U.S. dollars at the time of submission.

Applicants should continue to follow the guidance issued by the USPTO concerning fee payment processes and procedures. *See* the USPTO websites listed under “Available Resources” for more information.

4) Effective Dates

The fees set in the Final Rule are effective on January 14, 2017.
