Subject: Regarding Proposal for fees to submit Letters of Protest (LOP)
Date: Monday, September 30, 2019 8:30:08 AM

As a principal in a small startup business where I am in process of obtaining trademarks, I oppose the proposal for charging to submit Letters of Protest. We already have many expenditures in obtaining our marks and if I understand correctly, these fees would increase our expenses in protection of the marks going forward.

Thank you for your consideration.
