## Response to Suspension Inquiry or Letter of Suspension

TEAS - Version 8.1

Please enter the **serial number** of the pending application for which you wish to respond to a Suspension Inquiry or Letter of Suspension. Then, click on the **CONTINUE** button, *below*. **NOTE:** You **must** respond to a Suspension Inquiry by the deadline indicated in the Suspension Inquiry. If the deadline in the Suspension Inquiry is not known, please access the USPTO website at <u>TSDR System</u>, insert the application serial number, and view the applicable prosecution history event.

Although not required, you may use this form to respond to an actual Letter of Suspension, to present arguments in favor of removal of the application from suspension. The Applicant's election not to present argument during suspension will not affect the applicant's right to present argument later should a refusal, in fact, issue at a later point. If a refusal does issue, the applicant must respond by the deadline indicated in that Office action. Within this form, you may also enter additional data to satisfy an existing requirement(s) or other matter if appropriate, for example, to amend the listing of goods/services/the nature of the collective membership organization or enter a disclaimer.

**TIMEOUT WARNING:** You're required to log back in after 30 minutes of <u>inactivity</u>. This ensures the USPTO complies with <u>mandatory federal information security</u> <u>standards</u> and protects user information. After 25 minutes of inactivity, you will be prompted to continue your session. If you do not continue within 5 minutes, the session will end, you will be logged out of your USPTO.gov account, and you will lose any unsaved data in the form. Please have all of your information ready before you start.

Required fields are indicated with an asterisk (\*).

#### TO ACCESS THE RESPONSE FORM:

#### **STEP 1: CHECK STATUS.**

To use this form, the "Current Status" of your application must be either "An Office action suspending further action on the application has been sent (issued) to the applicant" or "A suspension inquiry has been sent (issued) to the applicant." Use the <a href="Trademark Status & Document Retrieval (TSDR)">Trademark Status & Document Retrieval (TSDR)</a> to confirm the status before proceeding. If the application is not in the correct status, you must wait until the status is updated (usually 48-72 hours after receiving an email notice that an Office action has issued). Otherwise, you will receive an error message when you click the "Continue" button at the bottom of the page.

# STEP 2: ENTER APPLICATION SERIAL NUMBER BELOW OR ACCESS PREVIOUSLY FILLED-OUT/SAVED FORM.

* <u>Serial</u> Number:	(required only if completing a new response form; otherwise, access
Number:	saved form, below)

OR

To upload a previously saved form file, first review the <u>TEAS Help instructions for</u> accessing previously saved data and then use the "Browse..." button below to access the form file saved on your computer. WARNING: Failure to follow the TEAS Help instructions will result in the inability to edit your data.

NOTE: This button should **not** be used to attempt to upload or attach any other file, for example, a specimen file or a foreign registration certificate. For these or any other types of attachments, after answering "Yes" to the appropriate wizard question(s), you can then attach the file within the specific part of the form relating to that issue.

#### **CONTACT:**

For general trademark information or help navigating the forms, email Trademark Assistance Center @uspto.gov, or telephone 1-800-786-9199 (press 1).

If you need help resolving **technical glitches**, email <u>TEAS@uspto.gov</u>. Please include in your email your phone number, serial or registration number, and a screenshot of any error message you may have received.

Use the **Continue** button at the bottom of each page to move through the form. Fill out all fields for which information is known. Fields with a \* symbol are mandatory and must be completed.

Choose a signature method for signing the form on the Signature Page.

Review the data you entered by accessing the Input Table on the Validation Page. Confirm that all information is displayed properly. Return to the appropriate section of the form and make any needed corrections before submission of the response.

#### NOTE: IF NO OTHER ISSUE MUST BE ADDRESSED, SKIP TO STEP 5

You should review the action and then answer "Yes" to any question that directly relates to a requirement raised in the action. You must respond explicitly to **each** requirement; that is, if the examining attorney requires specific wording, you must enter that wording in the proper place in the form.

A RESPONSE WITH ONLY YOUR SIGNATURE IS NOT ACCEPTABLE. Merely providing a response with a signature and no other information, or authorizing the examining attorney to make any necessary changes to the application <u>without specifying</u> the exact changes, is not a proper response to the Office action (except if the only issue raised was that the original filing was unsigned, improperly signed, or lacked the required declaration language).

**NOTE:** You are not required to submit arguments at this time, and you may choose to have this application remain in a suspended status until disposition of the referenced serial number(s); however, you may present arguments if you believe the examining attorney will be convinced to remove the application from suspended status and continue prosecution (i.e., you do not want to wait for the prior-filed application(s) to register before determining whether a Section 2(d) refusal is warranted).

The applicant's election not to present arguments during suspension will not affect the applicant's right to present arguments later should a refusal in fact issue. You must enter only the common commercial name for the specific goods/services/nature of the collective membership organization associated with the mark. While you may modify the current listing to clarify or limit the goods/services/nature of the collective membership organization or to remove goods/services, you may NOT at this point ADD to, or BROADEN, the goods/services/nature of the collective membership organization. A new filing would be required to cover any new goods/services or broadening of the nature of the collective membership organization not within the scope of the current identification.  WARNING: Registration Subject to Cancellation for Fraudulent Statements  Statements made in filings to the USPTO must be accurate; inaccuracies could result in the cancellation of a trademark registration. For example, an applicant's lack of a bona fide intention to use the mark with all goods/services included in an application, or the lack of use on all goods/services for which use is claimed, could jeopardize the validity of the resulting
registration.

- For collective trademark/service mark/membership applications based on Section 1(a), use of the mark in commerce: If you have not previously submitted an acceptable statement indicating your method of control for all identified classes, use the text box below to indicate your method of control (the following format is suggested: "the applicant controls the members' use of the mark [indicate method of control, e.g., as specified in the applicant's bylaws or other written provisions, etc.]").
- For certification mark applications based on Section 1(a), use of the mark in commerce: If you have not previously submitted an acceptable copy of the applicable certification standards, click on the grey bar below labeled "Click here to Attach/Remove Miscellaneous" to attach a copy of the standards that you use to determine whether particular goods or services will, in fact, be certified; and/or (as applicable).
- For all certification mark applications: If you have not previously submitted an acceptable statement of the characteristic(s), standard(s), or feature(s) that is (or will be) certified by the mark for all identified classes, use the text box below to enter a statement of the characteristic(s), standard(s), or other feature(s) that you are (or will be) certifying about the identified goods/services. The following format is suggested: "The certification mark, as used or intended to be used by persons authorized by the certifier, certifies or is intended to certify that the goods and/or services provided have [specify]."

Mark Information
<b>Note:</b> While minor changes in the mark are <i>sometimes</i> permitted, any <u>material alteration</u> will NOT be permitted and will result in a refusal being issued on that ground.
If you have read and understood the above notice, you must check this box before you enter the proposed amended mark.
* Click the appropriate circle to indicate the Mark type:  Standard Characters  Special Form (Stylized and/or Design)  Sound Mark
Click on the "Browse/Choose File" button to select a <u>properly-sized JPG image file</u> (the only accepted format) from your local drive. This image should show the mark exactly as you would wish the mark to appear on your registration certificate, if the mark registers. If you are claiming color, you <b>must</b> submit a color image; otherwise, the image must be clear <u>black and white</u> . After the file name appears in the window, click on the "Attach" button to upload the file into the application. A "thumbnail" version of the image will then display directly within the form. WARNING: The image size cannot exceed 5 megabytes per attachment.
Enter any word(s), letter(s), punctuation, and/or number(s) that appear in your mark here:  NOTE: Do NOT enter any word(s), letter(s), punctuation, and/or number(s) that do not appear in the attached image file. Leave this space blank if your mark consists only of design elements. The image file must include all elements of the mark; i.e., if your mark consists of a design and word(s), letter(s), punctuation, and/or number(s), the image file must include all of these elements. Any entry in the literal element field that is not found in the attached image file will not be considered part of the mark.
* If claiming color as a feature of the mark, list the colors below, including black, grey, and/or white if actual "colors" within the mark (e.g., enter red, white, and blue). Begin the entry with a lower-case, NOT an upper-case, letter. (Entry required for color marks only.)
The color(s) is/are claimed as a feature of the mark.
If other than a mark in standard characters and you are NOT claiming color as a feature of the mark, you must: (1) check this box; and (2) remove all data that may appear in the color(s) claimed field, above, even if a statement therein is factually correct; under this scenario, the field must be completely blank. <b>NOTE</b> : Check the box <i>only</i> if you believe your image is black and white, yet you received after clicking the "CONTINUE" button an ERROR about color within the mark (perhaps because the image consists of too much grayscale); otherwise, do <b>not</b> check this box,

Enter a complete and accurate <u>description</u> of the entire mark below, being sure to include ALL <u>literal elements</u> and/or design elements that are found in the attached mark image, but NOT including any element not appearing in the image. If a color mark, you must specify the color(s) that are part of the mark, including black, grey, and white, and also state the

because the attached image was automatically accepted as black and white.

location thereof in the mark image (reference any wording in mark and/or design element(s)), and if a color mark, also include the nature and location of the color; i.e., you should specifically state where each color is located within the mark.

The mark consists of: (do NOT repeat this language)

. (end period is automatic)

**NOTE**: A description of the mark is required for **ALL** marks that are in a special form (i.e., for **any** mark not in standard characters). You must enter a description even if what the mark represents is immediately clear, e.g., "the letter C." The description must be for the complete mark, and not simply of any design element; i.e., if the mark includes a literal element, that must be referenced here, even if already separately stated in the "literal element" field, **above**. Also, for any color mark, the description of the mark **must** include the nature and location of the color; i.e., you must specifically state where each color is located within the mark, **e.g.**, "a bird with a red body, blue wings, and yellow beak." **NOTE**: Do **NOT** include as part of the description either the words "The mark consists of" or a final period, because that introductory wording and the punctuation will automatically be added after validation; otherwise, the overall description will have improper repetitions. Also, begin the entry with a lower-case, **NOT** an upper-case, letter.
