

Trademark sponsorship tool guide

This guide provides instructions on sponsoring and managing attorney support staff using the Trademark sponsorship tool: <https://teas.uspto.gov/sponsorship>.

The United States Patent and Trademark Office requires all customers accessing the Trademark Electronic Application System (TEAS) or TEAS International (TEASi) to log in with a USPTO.gov account and verify their identities. Complete information on identity verification can be found at <https://www.uspto.gov/trademarks/apply/identity-verification>.

While attorneys and trademark owners verify their identities using an online process or a notarized paper form, attorney support staff have their identities verified when they are sponsored by a verified U.S.-licensed trademark attorney or Canadian attorney or agent, collectively referred to in this guide as “attorneys.” For in-depth information on sponsorship verification requirements, see the Trademark Filing System Access Document at <https://www.uspto.gov/sites/default/files/documents/TM-filing-system-access-document.pdf>

Non-attorney trademark owners can’t sponsor support staff or access the sponsorship tool.
