

To Whom It May Concern:

1. Have PAIR/PALM automatically link all cases with double patenting rejections so Examiner's can automatically pull the related art and can automatically see the related office actions. This will reduce the duplication of art and office action copies on your servers.
2. We are several years after Therasense, can we have a system where (a) we do not have to provide copies of office actions similar to copies of patent publications; (b) can you show us how you would like us to submit entries on an SB-08 form

Thanks much.

Mercedes
