The Honorable Andrei Iancu

Director of the U.S. Patent and Trademark Office

Attn: Vice Chief Administrative Patent Judges

Michael Tierney and Jacqueline Wright Bonilla

Dear Sirs and Madam,

I am writing in support of and strongly urge adoption of the proposed rulemaking to replace the broadest reasonable interpretation standard for construing unexpired patent claims and proposed claims in IPR trial proceedings with a standard that is the same as the established standard applied in federal district courts and International Trade Commission proceedings.

Additionally, I support and strongly urge adoption of the proposal to amend the rules to provide that the Office will consider any prior claim construction determination concerning a term of the involved claim in a civil action, or an ITC proceeding, that is timely made of record in an IPR, PGR, or CBM proceeding.

Sincerely,

Lorelei Cooper
