Subject: Accepting the new guidelines on subject matter eligibility, Docket No. PTO-P-2018-0053

Many of the rejection letters appear the same which makes me question the thoughtfulness of such a response. I believe that clearer guidance is needed because of Alice. The SCOTUS decisions have not done patent applications any favors by complicating what is eligible to be patented. Ever since Alice, rejections have risen greatly. Of course, true change can come with legislative involvement, but until then, any guidance would make a difference for the better.
