Subject: Docket No. PTO-P-2018-0053
Date: Thursday, February 7, 2019 7:20:40 PM

I urge you not to adopt the guidance on subject matter eligibility set forth in the Request for Comments, Docket No. PTO-P-2018-0053. It perverts the law and will encourage examiners to grant invalid, abstract patents. Such patents wrongly claim basic ideas, increase litigation costs to no benefit, and harm the public interest.
