Web-based ePetitions can be filled out completely online through Web-based screens. The ePetitions are auto-processed and granted immediately upon submission if the petition meets all of the requirements.
By using ePetition, petitioners will have more control over when their petitions are filed and answered. This is especially advantageous for critical petitions, such as petitions to withdraw from issue. Deciding petitions electronically decreases the need for renewed petitions, since petitioners know instantly whether all requirements have been met and there are no EFS-Web fillable forms required. To process any of the auto-granted ePetitions, fees must be paid immediately which then provide users more financial flexibility. A paper filed petition includes a fee but does not guarantee a granted petition.

**Note:** The PDF-based ePetitions below are no longer available in EFS-Web:

- Petition to Make Special Based on Age (37 CFR 1.102)
- Petition to Accept Unintentional Delayed Payment of the Maintenance Fee (37 CFR 1.378(b))

Please use the Web-based ePetition versions for these petitions.

**Basic Guidelines for Filing ePetitions:**

- Must be a registered eFiler.
- Must be able to access EFS-Web registered.
- Registered eFiler users are strongly advised to transmit their electronic filings sufficiently early in the day to allow time for alternative paper filing when transmission cannot be initiated or correctly completed.
- The ability to submit an ePetition under EFS-Web Contingency is not permitted.

**Warning:** For your protection, your EFS-Web session will time-out after thirty minutes of inactivity. An ePetition request that has not been submitted after thirty minutes of inactivity will be lost unless it is saved. You will need to login to EFS-Web again and re-enter the ePetition from the start.

**Application Process**

Once you have signed on to EFS-Web as a registered user, you will need to certify that you are the certificate holder or working under the authority of the certificate holder.

To submit an ePetition, you must select the radio button located next to “**Existing application/patent**”. The Web screen will expand to display additional options. Select the radio button next to “**ePetition** (for automatic processing and immediate grant, if all petitions requirements are met)”.

EFS-Web ePetition Quick Start Guide

On the ePetition Request screen, if power of attorney is assigned to a customer number then you must select the radio button for “all the practitioners of record associated with Customer Number.” You will need to select one or more reason(s) for the withdrawal and all three checkboxes next to the statements displayed to confirm that they are factually correct.

If directing all future correspondence to a new customer number, such cannot be the customer number of a law firm but rather must be the customer number of the applicant or assignee of record.
