Subject: " twenty-four month provisional app "

Hello,

The idea for a change in the provisional patent from 12 month to a 24 month provisional application ,

would be a good idea for all inventors that would need more time to workout there ideas or idea ... new

ideas do help the U.S.A. and the world so more time would be a good change in the time of the application.

thank you , Eugenia A. Jones
senion legal advisor .
