Subject: Satellite Recommendation - Atlanta, GA

Hello,

I'd recommend Atlanta, Georgia for a satellite office of the USPTO. Atlanta is currently one of the fastest growing cities in the world and is undoubtedly the capital of intellectual property law in the Southeast. It's location is proximal to many prominent engineering schools: Auburn, Clemson, Georgia Tech, Emory, Florida, etc. These schools could provide the human capital to adequately supply the Office with Patent Examiners. Additionally, Atlanta is very affordable for a city of its size.

Secondary to Atlanta, I'd recommend: Austin, TX; Tallahassee, FL; and the Research Triangle, NC.

Thank you,

Kenny Knox
