Subject: Satellite Office

Dear Madam or Sir,

I propose to have a satellite office in Munich, Germany to serve the European community. There are many American citizens residing in Germany and the nearby countries. Further, European patent office is as well located in Munich. Finally, there is a strong demand to file U.S. patent applications by the European community.

If I can be of any further assistance, please do not hesitate to contact me.

Kind regards,
Ramin
