

Management Act of 1972, as amended, 16 U.S.C. 1461. The Reserve has been operating under a management plan approved in 1999. Pursuant to 15 CFR 921.33(c), a state must revise their management plan every five years. The submission of this plan fulfills this requirement and sets a course for successful implementation of the goals and objectives of the Reserve. New facilities and updated programmatic objectives are notable revisions to the 1999 approved management plan.

The mission of the Sapelo Island Reserve is to perpetuate the protection of the Sapelo Island National Estuarine Research Reserve and to provide a platform for conservation-based research, education and stewardship through the Reserve. The revised management plan identifies priority resource issues that are addressed through active management. These priority issues include addressing public access and visitor impact on Reserve uplands and marsh areas, addressing impacts related to activities on the Reserve by the island's population and addressing the projected increase in development and population growth on the Georgia coast. By addressing these priority resource issues, the Sapelo Island Reserve aims to fulfill its mission.

The revised plan establishes goals and objectives for the Reserve's various programmatic activities, including scientific biological research; water quality monitoring; education, training, and outreach programs; and stewardship programs. It also outlines the plans for future facility development to support reserve operations.

Since 1999, the reserve has realized some aspects of the 1999 plan, including the contributions toward the completion of the Barrier Island Research and Learning Center, a joint research dormitory and lab shared with the University of Georgia.

**COMMODITY FUTURES TRADING
COMMISSION**

RIN 3038-AC52

**Exemptive Order for SPDR® Gold
Futures Contracts**

AGENCY: Commodity Futures Trading Commission.

ACTION: Final order.

SUMMARY: The Commodity Futures Trading Commission (Commission or CFTC) is exempting certain transactions in physically delivered futures contracts based on SPDR® Gold Shares (SPDR® gold futures contracts) from those provisions of the Commodity Exchange

Act (CEA or Act),¹ and the Commission's regulations thereunder, that are inconsistent with the trading and clearing of SPDR® gold futures contracts as security futures. The exemption is conditioned on the compliance of transactions in SPDR® gold futures contracts with the requirements established for the trading and clearing of security futures. The authority for the issuance of this exemption is found in Section 4(c) of the Act.²

DATES: Effective June 5, 2008.

FOR FURTHER INFORMATION CONTACT:

Bruce Fekrat, Special Counsel, Office of the Director (telephone 202.418.5578, e-mail bfekrat@cftc.gov), Division of Market Oversight, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581.

SUPPLEMENTARY INFORMATION:**I. Background**

In correspondence dated October 26, 2007, OneChicago, LLC (OneChicago or the Exchange),³ a board of trade designated with the Commission pursuant to Sections 5 and 6(a) of the Act, proposed and requested Commission approval to list for trading SPDR® gold futures contracts as security futures.⁴ OneChicago is notice-registered with the Securities and Exchange Commission (SEC) as a national securities exchange under Section 6(g) of the Securities Exchange Act of 1934 ('34 Act) for the purpose of listing and trading security futures products. The approval request was filed pursuant to Section 5c(c)(2) of the Act and Commission Regulations 40.5 and 41.23.⁵ OneChicago submitted its request for approval under the 45-day fast-track review period established by Commission Regulation 40.5. The fast-track review period for the Exchange's submission was scheduled to expire on December 10, 2007. The review period was extended by the Director of the Division of Market Oversight, pursuant to Regulations 40.5(c) and 40.7(a)(1), to January 24, 2008 on the grounds that the

SPDR® gold futures contracts raised novel and complex issues that required additional time for review.⁶ By letter dated January 23, 2008, the Exchange, upon the request of the Commission's staff, voluntarily extended the review period to March 17, 2008. By letter dated February 26, 2008, the Exchange voluntarily extended the review period to April 30, 2008.⁷ By letter dated April 28, 2008, the Exchange further voluntarily extended the review period to May 30, 2008.

On March 14, 2008, the Commission published for public comment in the **Federal Register** a proposal to exempt, pursuant to Section 4(c) of the Act, SPDR® gold futures contracts from those provisions of the CEA, and the Commission's regulations thereunder, that are inconsistent with the trading and clearing of SPDR® gold futures contracts as security futures.⁸ The Commission proposed to issue the exemption in order to facilitate the Exchange's request for contract approval. No formal comments were submitted in response to the Commission's publication.⁹

II. CEA Section 4(c) Exemptive Order

In accordance with the Memorandum of Understanding entered into between the CFTC and the SEC on March 11, 2008, and in particular the addendum thereto concerning *Principles Governing the Review of Novel Derivative Products*, the Commission believes that novel derivative products that implicate areas of overlapping regulatory concern should be permitted to trade in either or both a CFTC or SEC regulated environment, in a manner consistent with laws and regulations (including the appropriate use of all available exemptive and interpretive authority). The Commission has determined to use

⁶ Commission Regulations 40.5(c) and 40.7(a)(1) allow the Commission, and certain staff acting pursuant to delegated authority, to extend the 45-day fast-track review period by an additional 45 days if a product raises novel or complex issues requiring additional time for review. 17 CFR 40.5(c), 40.7(a)(1).

⁷ Section 5c(c) of the Act requires the Commission to approve any designated contract market instrument submitted for approval within 90 days after the submission of the request unless (1) it finds that the trading or clearing of the instrument would violate the Act (or the Commission's regulations), or (2) the person submitting the request for approval agrees to extend the period of review beyond the 90 day time limitation.

⁸ Proposed Exemptive Order for ST [SPDR®] Gold Futures Contracts, 73 FR 13876 (March 14, 2008) (Proposed Order). Effective May 21, 2008, the streetTRACKS® Gold Trust has been restyled as the SPDR® Gold Trust. Consequently, on May 22, 2008 the Exchange filed a rule amendment to reflect that change.

⁹ A thorough summary of the Trust's operations is provided in the Proposed Order.

¹ 7 U.S.C. 1 *et seq.*

² 7 U.S.C. 6(c).

³ OneChicago is jointly owned by the CME Group, Inc., IB Exchange Corp., and the Chicago Board Options Exchange.

⁴ In accordance with Section 2(a)(9)(B)(i) of the Act, Commission staff forwarded the new contract filing to the Securities and Exchange Commission, the U.S. Department of Treasury and the Board of Governors of the Federal Reserve System on October 29, 2007. No comments were received in response to this correspondence. On January 4, 2008, the Exchange filed a rule amendment concerning minimum price fluctuations to supplement its initial submission.
