

NOTE: The following form complies with the provisions of the Trademark Law Treaty Implementation Act (TLTIA).

WHEN TO FILE: You must file a Statement of Use within six (6) months after the mailing of the Notice of Allowance, UNLESS, within that same period, you submit a request for a six-month extension of time to file the Statement of Use. The request for an extension must:

- be filed in the USPTO within six (6) months after the issue date of the Notice of Allowance, or previously- granted extension period;
- include a verified statement of the applicant's continued bona fide intention to use the mark in commerce;
- specify the goods/services to which the request pertains as they are identified in the Notice of Allowance; and
- include a fee of \$100 for each class of goods/services.

You may request five (5) extensions of time. No extensions may extend beyond thirty-six (36) months from the issue date of the Notice of Allowance. The USPTO must receive the second (2nd), third (3rd), fourth (4th), and fifth (5th) extensions within the previously-granted extension period. Do NOT wait until the request for extension has been granted before filing the next request. In addition to the requirements described above, the second (2nd) and subsequent requests must specify applicant's ongoing efforts to use the mark in commerce.

You may submit one (1) extension request during the six-month period in which you file the Statement of Use, unless the granting of this request would extend the period beyond thirty-six (36) months from the issue date of the Notice of Allowance. Instead of specifying ongoing efforts, for this request you should state the belief that the applicant has made valid use of the mark in commerce, as evidenced by the Statement of Use, but that if the USPTO finds the Statement defective, the applicant will require additional time to file a new Statement of Use.

If the original application were based on both Section 1(a) (Use in Commerce) and 1(b) (Intent to Use), this extension request is necessary only for those goods that were based on Section 1(b). You should NOT file an Extension Request (or Statement of Use) for those goods that were filed based on use in commerce.

BASIC INSTRUCTIONS

The following form is written in a "scannable" format that will enable the U.S. Patent and Trademark Office (USPTO) to scan paper filings and capture application data automatically using optical character recognition (OCR) technology. Information is to be entered next to identifying data tags, such as <MARK>. OCR software can be programmed to identify these tags, capture the corresponding data, and transmit this data to the appropriate data fields in the Trademark databases, largely bypassing manual data entry processes.

Please enter the requested information in the blank space that appears to the right of each tagged (< >) element. However, do not enter any information immediately after the section headers (the bolded wording appearing in all capital letters). Some of the information requested *must* be provided. Other information is either required only in certain circumstances, or provided only at your discretion. **Please consult the "Help" section following the form for detailed explanations as to what information should be entered in each blank space.**

To increase effectiveness of the USPTO scanners, it is recommended that you use a typewriter to complete the form.

For additional information, please see the *Basic Facts about Trademarks* booklet, available at <http://www.uspto.gov/web/offices/tac/doc/basic/>, or by calling the Trademark Assistance Center, at 703-308-9000.
