Decision on
Petition for Regrade
Under 37 C.F.R. § 10.7(c)

MEMORANDUM AND ORDER

(petitioner) requests for regrading her answers to questions 20, 29, 38 and 48 of the morning section and to questions 12 and 47 of the afternoon section of the Registration Examination held on April 12, 2000. The petition is denied to the extent petitioner seeks a passing grade on the Registration Examination.

BACKGROUND

An applicant for registration to practice before the United States Patent and Trademark Office (USPTO) in patent cases must achieve a passing grade of 70 in both the morning and afternoon sections of the Registration Examination. Petitioner scored 67. On July 19, 2000, petitioner requested regrading, arguing that the model answers were incorrect.

As indicated in the instructions for requesting regrading of the Examination, in order to expedite a petitioner's appeal rights, all regrade requests have been considered in the first instance by the Director of the USPTO.

OPINION

Under 37 C.F.R. § 10.7(c), petitioner must establish any errors that occurred in the grading of the Examination. The directions state "No points will be awarded for incorrect answers or unanswered questions." The burden is on petitioners to show that their chosen answers are the most correct answers.

The directions to the morning and afternoon sections state in part:

Do not assume any additional facts not presented in the questions. When answering each question, unless otherwise stated, assume that you are a registered patent practitioner. Any reference to a practitioner is a reference to a registered patent practitioner. The most correct answer is the policy, practice, and procedure which must, shall, or should be followed in accordance with the U.S. patent statutes, the PTO rules of practice and procedure, the Manual of Patent Examining Procedure (MPEP), and the Patent Cooperation Treaty (PCT) articles and rules, unless modified by a subsequent court decision or a notice in the *Official Gazette*. There is only one most correct answer for each question. Where choices (A) through (D) are correct and choice (E) is "All of the above," the last choice (E) will be the most correct answer and the only answer which will be accepted. Where two or more choices are correct, the most correct answer is the answer which refers to each and every one of the correct choices. Where a question includes a statement with one or more blanks or ends with a colon, select the answer from the choices given to complete the statement which would make the statement *true*. Unless otherwise explicitly stated, all references to patents or applications are to be understood as being U.S. patents or regular (non-provisional) utility applications for utility inventions only, as opposed to plant or design applications for plant and design inventions. Where the terms "USPTO," "PTO," or "Office" are used in this examination, they mean the U.S. Patent and Trademark Office.

Petitioner has presented various arguments attacking the validity of the model answers.

All of petitioner's arguments have been fully considered. Each question in the Examination is worth one point.

Petitioner has been awarded a point for morning question 20. Accordingly, petitioner has been granted one additional point on the Examination, resulting in a regraded score of 68.
