This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment
We have analyzed this rule under Commandant Instruction M16475.1D and Department of Homeland Security Management Directive S100.1, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction, from further environmental documentation. This rule establishes a security zone.

A final “Environmental Analysis Check List” and a final “Categorical Exclusion Determination” will be available in the docket where indicated under ADDRESSES.

RIN 0651–ABB1

Revision of Patent Fees for Fiscal Year 2007

ACTION: Final rule.

SUMMARY: The United States Patent and Trademark Office (USPTO) (referred to as “Office” in this notice) is adjusting certain patent fee amounts to reflect fluctuations in the Consumer Price Index (CPI). Also, the Office is adjusting, by a corresponding amount, a few patent fee rates that track the affected fee amounts. The Director is authorized to adjust these fee amounts annually by the CPI to recover the higher costs associated with doing business.

The USPTO is adjusting the patent fee amounts under the Consolidated Appropriations Act, 2005 (Consolidated Appropriations Act), which revised certain patent fee rates, and provided for a search fee and examination fee separate from the filing fee, during fiscal years 2005 and 2006; and continued in fiscal year 2007 under the revised Continuing Appropriations Resolution, 2007 (Continuing Appropriations Resolution). Legislation has been introduced that would extend the fee rate revisions in the Consolidated Appropriations Act.

In the event legislation is not enacted to continue the patent fee amounts under the Consolidated Appropriations Act, the USPTO will be adjusting patent statutory fee rates that were in application prior to implementation of the Consolidated Appropriations Act.

The prior fee rates, adjusted for CPI, will be effective for fiscal year 2008.

FOR FURTHER INFORMATION CONTACT: Dianne Woods by e-mail at Dianne.Woods@uspto.gov, by telephone at (571) 272–6301, or by fax at (571) 273–0127.

SUPPLEMENTARY INFORMATION: This final rule adjusts certain USPTO patent fee amounts in accordance with the applicable provisions of title 35, United States Code, as amended by the Consolidated Appropriations Act (Pub. L. 108–447). This final rule also adjusts, by a corresponding amount, a few patent fee rates (37 CFR 1.17(e), (r) and (s) that track statutory fee amounts (37 CFR 1.16(a)).

The USPTO is adjusting the patent fee amounts established under the Consolidated Appropriations Act, and extended under the revised Continuing Appropriations Resolution. Legislation has been introduced in the Congress that would extend the fee amount revisions in the Consolidated Appropriations Act, and the revised Continuing Appropriations Resolution. If the legislation is enacted, then this final rule will apply. If this legislation is not enacted, then the fee rate adjustments will apply to the former fee amounts in place on October 1, 2004, to December 7, 2004 (prior to the enactment of the Consolidated Appropriations Act).

The final rule has been determined to 
be not significant for purposes of 
Executive Order 12866. This final rule 
does not contain policies with 
Federalism implications sufficient to 
warrant preparation of a Federalism 
Assessment under Executive Order

Regulatory Flexibility Act: For 
the reasons set forth herein, The Deputy 
General Counsel for General Law of the 
USPTO has certified to the Chief 
Counsel for Advocacy, Small Business 
Administration, that the final rule 
change will not have a significant 
economic impact on a substantial 
number of small entities (Regulatory 
Flexibility Act, 5 U.S.C. 605(b)). By 
statute, the USPTO’s Director is 
expressly authorized to adjust fee 
amounts annually to reflect fluctuations in 
the CPI. See 35 U.S.C. 41(f) (certain 
fees “may be adjusted by the Director on 
October 1, 1992, and every year 
thereafter, to reflect any fluctuations 
occurring during the previous 12 
months in the Consumer Price Index as 
determined by the Secretary of Labor”). 
This final rule increases fee amounts to 
reflect the change in the CPI as
authorized by 35 U.S.C. 41(f). Legislation has been introduced in the Congress that would extend the fee amount revisions in the Consolidated Appropriations Act and the revised Continuing Appropriations Resolution. If the legislation is enacted, then this final rule will apply. The fee amount increases will range from a minimum of $0 to a maximum of $110 under the final rule. Under 35 U.S.C. 41(h)(1) small entities are accorded a fifty-percent reduction in most patent fee amounts. Consequently, the small entity fee increases will range from a minimum of $0 to a maximum of $55 under the final rule. The sole exception under this final rule is the fee set forth under 37 CFR 1.17(t), which does not qualify for a small entity fee reduction. The fee rate increase for 37 CFR 1.17(t) is $40. Accordingly, the final rule does not have a significant economic impact on a substantial number of small entities.
