Ivan Bender
Lisa Livingston
Co-Chairs, Educational Multimedia
Fair Use Guideline Development Committee

Dear Mr. Bender and Ms. Livingston,

AIT has been pleased to have been a part of the group creating fair use guidelines for educational multimedia. We were pleased to publish the proceedings from the opening conference and we have been excited that guidelines might soon be available to deal with the confusion and uncertainty experienced by students and teachers.

There are no perfect guidelines or perfect negotiations, but we are confident that the product of these deliberations fairly represents the consensus of opinion from representatives of users, producers and legal representatives. We believe that the guidelines will make a valuable contribution and we are pleased to endorse them.

Please let me know if there is anything else we can do to facilitate the implementation of the guidelines.

Sincerely,

Michael F. Sullivan
Executive Director
