In response to your notice, I believe that it is a good idea to discontinue providing US Patent copies. We can get them on line. The e-patent reference feature works for us but we have other resources to get patent copies on-line.

If you have any comments about the e-Patent Reference Feature, such as "It doesn't work for us," the comment period ends on Thursday, January 15, 2004. Comments may be e-mailed to eReference@uspto.gov or faxed to (703) 308-2840. Comments are public. The USPTO currently plans to cease mailing of US patent references as early as February 2, 2004.
