The Commissioner for Trademarks shall be a citizen of the United States with demonstrated management ability and professional background and experience in trademark law and serve for a term of 5 years. The Commissioner for Patents and the Commissioner for Trademarks shall serve as the chief operating officers for the operations of the Office relating to patents and trademarks, respectively, and shall be responsible for the management and direction of all aspects of the activities of the Office that affect the administration of patent and trademark operations, respectively. The Secretary may reappoint a Commissioner to subsequent terms of 5 years as long as the performance of the Commissioner as set forth in the performance agreement in subparagraph (B) is satisfactory.

(B) SALARY AND PERFORMANCE AGREEMENT.— The Commissioners shall be paid an annual rate of basic pay not to exceed the maximum rate of basic pay for the Senior Executive Service established under section 5382 of title 5, including any applicable locality-based comparability payment that may be authorized under section 5304(b)(2)(C) of title 5. The compensation of the Commissioners shall be considered, for purposes of section 207(c)(2)(A) of title 18, to be the equivalent of that described under clause (ii) of section 207(c)(2)(A) of title 18. In addition, the Commissioners may receive a bonus in an amount of up to, but not in excess of, 50 percent of the Commissioners’ annual rate of basic pay, based upon an evaluation by the Secretary of Commerce, acting through the Director, of the Commissioners’ performance as defined in an annual performance agreement between the Commissioners and the Secretary. The annual performance agreements shall incorporate measurable organization and individual goals in key operational areas as delineated in an annual performance plan agreed to by the Commissioners and the Secretary. Payment of a bonus under this subparagraph may be made to the Commissioners only to the extent that such payment does not cause the Commissioners’ total aggregate compensation in a calendar year to equal or exceed the amount of the salary of the Vice President under section 104 of title 3.

The payment of a rate of basic pay under this paragraph shall not be subject to the pay limitation under section 5306(e) or 5373 of title 5.

37 CFR 1.181(g) states, “The Director may delegate to appropriate Patent and Trademark Office officials the determination of petitions.”

The various delegations to various Office officials are set forth in this Chapter.

The delegations set forth in this Chapter do not confer a right to have a matter decided by a specific Office official, rather, such delegations aid in the efficient treatment of petitions by the Office. A delegation of supervisory or higher level review authority over a matter carries with it the authority to decide the matter ab initio.

1002 Petitions to the Director of the USPTO
[R-07.2015]

37 CFR 1.4 Nature of correspondence and signature requirements.

(c) Since different matters may be considered by different branches or sections of the Office, each distinct subject, inquiry or order must be contained in a separate paper to avoid confusion and delay in answering papers dealing with different subjects. Subjects provided for on a single Office or World Intellectual Property Organization form may be contained in a single paper.

1001.01 Modes of Exercising Authority
[R-07.2015]

The authority of the Director of the USPTO to review and supervise the work of the Office is exercised by the promulgation of the Rules of Practice; issuance of orders, notices and memoranda stating Office policies and modes for effectuating these policies; decisions on petitions by applicants; and by the designation of particular cases which must be submitted to the Director of the USPTO or other officials authorized by the Director of the USPTO. The present Chapter deals with the latter two items. The line of demarcation between appealable matters for the Patent Trial and Appeal Board (Board) and petitionable matters for the Director of the U.S. Patent and Trademark Office (Director) should be carefully observed. The Board will not ordinarily hear a question that should be decided by the Director on petition, and the Director will not ordinarily entertain a petition where the question presented is a matter appealable to the Board. See MPEP Chapter 1200 for more information on appealable matters.
(b) Any such petition must contain a statement of the facts involved and the point or points to be reviewed and the action requested. Briefs or memoranda, if any, in support thereof should accompany or be embodied in the petition; and where facts are to be proven, the proof in the form of affidavits or declarations (and exhibits, if any) must accompany the petition.

(c) When a petition is taken from an action or requirement of an examiner in the ex parte prosecution of an application, or in the ex parte or inter partes prosecution of a reexamination proceeding, it may be required that there have been a proper request for reconsideration (§1.111) and a repeated action by the examiner. The examiner may be directed by the Director to furnish a written statement, within a specified time, setting forth the reasons for his or her decision upon the matters averred in the petition, supplying a copy to the petitioner.

(d) Where a fee is required for a petition to the Director the appropriate section of this part will so indicate. If any required fee does not accompany the petition, the petition will be dismissed.

(e) Oral hearing will not be granted except when considered necessary by the Director.

(f) The mere filing of a petition will not stay any period for reply that may be running against the application, nor act as a stay of other proceedings. Any petition under this part not filed within two months of the mailing date of the action or notice from which relief is requested may be dismissed as untimely, except as otherwise provided. This two-month period is not extendable.

(g) The Director may delegate to appropriate Patent and Trademark Office officials the determination of petitions.

37 CFR 1.182 Questions not specifically provided for.

All situations not specifically provided for in the regulations of this part will be decided in accordance with the merits of each situation by or under the authority of the Director, subject to such other requirements as may be imposed, and such decision will be communicated to the interested parties in writing. Any petition seeking a decision under this section must be accompanied by the petition fee set forth in §1.183.

37 CFR 1.183 Suspension of rules.

In an extraordinary situation, when justice requires, any requirement of the regulations in this part which is not a requirement of the statutes may be suspended or waived by the Director or the Director’s designee, sua sponte, or on petition of the interested party, subject to such other requirements as may be imposed. Any petition under this section must be accompanied by the petition fee set forth in §1.183.

Petitions on appealable matters ordinarily are not entertained. See MPEP § 1201.

A petition should include:

1. A statement of the type of relief requested and the authorizing provision of statute or rules, if applicable;

2. A statement of the relevant facts;

3. An identification of the points that are to be reviewed; and

4. The fee, where required.

37 CFR 1.181(f) requires a separate petition for each distinct subject, inquiry or order to avoid confusion and delay in answering the petition. Therefore, each petition should ordinarily only be filed under a single authorizing provision (e.g., 37 CFR 1.181). Although concurrent petitions seeking relief from the same action may be filed, many prior petitioners have benefitted by delaying the filing of petitions under 37 CFR 1.182 or 1.183 until after they receive a decision on a petition seeking supervisory review under 37 CFR 1.181.

The mere filing of a petition will not stay the period for replying to an examiner’s action which may be running against an application, nor act as a stay of other proceedings (37 CFR 1.181(f)). For example, if a petition to vacate a final rejection as premature is filed within 2 months from the date of the final rejection, the period for reply to the final rejection is not extended even if the petition is not reached for decision within that period. However, if the petition is granted and the applicant has filed an otherwise full reply to the rejection within the period for reply, the case is not abandoned.

37 CFR 1.181(f) provides that any petition under that rule which is not filed “within two months of the mailing date of the action or notice from which relief is requested may be dismissed as untimely.” Often, the “action or notice from which relief is requested,” for example, a requirement for a new drawing, is included in the same letter as an action on the merits of the claims, the latter having a 3-month period for reply. Under such circumstances, if applicant requests reconsideration, under 37 CFR 1.111(b), of the requirement for a new drawing, the examiner’s action on this request, if adverse, establishes the beginning of the 2-month period for filing the petition. The petition must be filed within this period even though the period for reply to the rejection of the claims may extend beyond the 2-month period. The 2-month period for filing timely petitions set forth in 37 CFR 1.181(f) applies to any petition under 37 CFR part 1, except as otherwise provided. A number of sections (e.g., 37 CFR 1.377, 1.381, 1.503, 1.509, and 1.511) provide circumstances in which a separate petition to the Director is not required.
1.378, and 1.740) specify the time period within which a petition must be filed (or may be dismissed as untimely). The 2-month time period in 37 CFR 1.181(f) applies to a petition under any section (e.g., 37 CFR 1.182 and 37 CFR 1.183) that does not specify the time period within which a petition must be filed. The 2-month period is not extendible under 37 CFR 1.136(a) since the time is within the discretion of the Director of the USPTO.

Form paragraph 10.20 may be used where an insufficient fee was filed with a petition or a request.

¶ 10.20 Petition or Request Dismissed, Proper Fee Not Submitted

Applicant’s petition or request under 37 CFR [1] filed [2] is DISMISSED because the proper petition or processing fee of [3] required under 37 CFR 1.17 has not been submitted.

Examiner Note:

1. Requests under 37 CFR 1.48 for correcting inventorship require a fee as set forth in 37 CFR 1.17(a).
2. Petitions to suspend action under 37 CFR 1.103(a) require a fee as set forth in 37 CFR 1.17(g).
3. Petitions to withdraw an application from issue under 37 CFR 1.313 require a fee as set forth in 37 CFR 1.17(h).
4. Petitions for an extension of time under 37 CFR 1.136(a) require varying fees. See 37 CFR 1.17(a)(1)-(5).
5. Requests to suspend action under 37 CFR 1.103(b) or (c) require a fee set forth in 37 CFR 1.17(i).
6. Requests to defer examination under 37 CFR 1.103(d) require a fee set forth in 37 CFR 1.17(i) and publication fee set forth in 37 CFR 1.18(d).

Form paragraph 10.30 may be used to generate the header information for a petition decision.

¶ 10.30 Petition Header Information

1002.01 Procedure [R-07.2015]

Petitions, together with the respective application files, are sent to the official having the delegated authority to decide the petition. The petition may be referred to the examiner for a formal statement under 37 CFR 1.181(c) or for an informal memorandum. See MPEP § 711.03(d).

Where a formal statement under 37 CFR 1.181(c) is made, a copy thereof is mailed to the petitioner by the examiner unless the examiner is otherwise directed, and the application file and petition, accompanied by the original copy of his or her statement, are returned to the official handling the petition. If an informal memorandum is requested, no copy thereof is mailed to the petitioner by the examiner.

1002.02 Delegation of Authority To Decide Petitions [R-07.2015]

Petitions to the Director of the USPTO are decided in accordance with the following delegation of authority.

In any case in which the authority to decide the petition has been delegated as indicated in MPEP §§ 1002.02(b), 1002.02(f), 1002.02(g), 1002.02(j), 1002.02(o), and 1002.02(p), a denial of a petition is a final agency decision. A dismissal of a petition, a denial of a petition without prejudice, and other interlocutory orders are not final agency decisions.

In accordance with 37 CFR 1.181(g), the authority to decide petitions to the Director of the USPTO not otherwise delegated, has been delegated to various Office officials. Generally, these officials will decide petitions as specified in the following sections for the effective operation of the Office. Also listed are certain petitions which are not, strictly speaking, to the Director of the USPTO but have been committed by statute or rule to the designated officials.

The delegation of specific petitions and/or matters to the Technology Center (TC) Directors is identified in the sections below. Unless specifically provided for in the letter of delegation of authority, further delegations are not permitted. Any petitions and/or matters so delegated by the TC Directors may be decided by the TC Directors.

Authority not herein delegated has been reserved to the Director of the USPTO and may be delegated to appropriate officials on an ad hoc basis.
