### Glossary of terms

*In this place, the following terms or expressions are used with the meaning indicated:*

<table>
<thead>
<tr>
<th>Term</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Alkaloid</td>
<td>The stimulant xanthine drugs caffeine, theobromine and theophylline contained in coffee beans and/or tea leaves.</td>
</tr>
<tr>
<td>Coffee</td>
<td>Stimulant product or beverage made from roasted seeds, commonly called coffee beans, which come from a plant of the genus Coffea, e.g. Coffea arabica or Coffea canephora.</td>
</tr>
<tr>
<td>Coffee substitutes</td>
<td>Coffee substitutes (solid or liquid) are non-coffee products normally without caffeine, used to substitute coffee while preserving its taste. Grain coffee and other substitutes can be made by roasting or decocting various organic substances. Common ingredients include acorn, barley and malt, beech nut, chicory root, corn, fig and rye.</td>
</tr>
<tr>
<td>Decaffeination</td>
<td>Process of removing the alkaloid caffeine from coffee beans or tea leaves.</td>
</tr>
<tr>
<td>Herbal tea, tisane, ptisan</td>
<td>Any Camellia sinensis-free product or beverage prepared by hot water infusion of plant material, usually leaves but also including fruits, flowers and possibly even bark or other parts. Herbal teas are belonging to the group of tea substitutes.</td>
</tr>
<tr>
<td>Tea</td>
<td>Stimulant product or beverage made from the leaves of the traditional tea plant (Camellia sinensis).</td>
</tr>
<tr>
<td>Tea substitutes</td>
<td>Tea substitutes (solid or liquid) are non-tea products, i.e. not coming from the traditional tea plant (Camellia sinensis), e.g. mate (Ilex paraguariensis), lemon balm (Melissa officinalis), rose hips (Rosa canina), etc.; cf. herbal tea.</td>
</tr>
</tbody>
</table>

### Synonyms and Keywords

*In patent documents, the following words/expressions are often used as synonyms:*

- “Lyophilisation” and “freeze-drying”

**A23F 3/00**

**Tea; Tea substitutes; Preparations thereof**

### Glossary of terms

*In this place, the following terms or expressions are used with the meaning indicated:*

<table>
<thead>
<tr>
<th>Term</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tea</td>
<td>Camellia sinensis</td>
</tr>
</tbody>
</table>
Tea substitute | Non-camellia sinensis composition intended for producing a beverage by steeping in hot water

A23F 3/06

Treating tea before extraction (reducing or removing alkaloid content A23F 3/36); Preparations produced thereby (tea extract preparations A23F 3/16)

Definition statement

This place covers:
Tea harvesting methods, e.g. for producing morning tea; Withering or wilting; Bruising; Deactivation of enzymes in leaves (fixation or kill-green); Sweltering or yellowing; Drying; Aging or curing

A23F 3/10

Fermentation with addition of microorganisms or enzymes

Definition statement

This place covers:
Post-fermentation of dried, rolled leaves (Puer tea)

A23F 3/12

Rolling or shredding tea leaves

Synonyms and Keywords

In patent documents, the following abbreviations are often used:

| CTC | Crush, Tear, Curl; Cut, Twist, Curl |

A23F 3/14

Tea preparations, e.g. using additives (flavouring A23F 3/40)

Definition statement

This place covers:
Leaf tea compositions per se, may contain non-flavoring additives

References

Limiting references

**A23F 3/163**

{Liquid or semi-liquid tea extract preparations, e.g. gels, liquid extracts in solid capsules}

**Glossary of terms**

*In this place, the following terms or expressions are used with the meaning indicated:*

| Tea juice | Juice obtained by pressing fresh or partly processed tea leaves |

**Synonyms and Keywords**

*In patent documents, the following abbreviations are often used:*

| RTD | Ready to Drink |

**A23F 3/18**

Extraction of water soluble tea constituents ({A23F 3/166 takes precedence}; isolation of tea flavour or tea oil A23F 3/42)

**Definition statement**

*This place covers:*
Brewing, steeping, infusing or extracting leaf tea material with hot or cold water, or with a polar solvent

**A23F 3/20**

Removing unwanted substances ({A23F 3/166 takes precedence}; reducing or removing alkaloid content A23F 3/38)

**Definition statement**

*This place covers:*
Removing unwanted substances other than caffeine from tea extracts or infusions
A23F 3/24
by freezing out the water

Definition statement
This place covers:
Freeze concentration

References
Limiting references
This place does not cover:

| Freeze-drying | A23F 3/26 |

Glossary of terms
In this place, the following terms or expressions are used with the meaning indicated:

| Freeze concentration | Tea extract is cooled down to form ice crystals, which are then separated |

A23F 3/26
by lyophilisation

Synonyms and Keywords
In patent documents, the following words/expressions are often used as synonyms:
• "Lyophilisation" and "freeze-drying"

A23F 3/28
by spraying into a gas stream

Definition statement
This place covers:
Spray drying

A23F 3/30
Further treatment of dried tea extract; Preparations produced thereby, e.g. instant tea (A23F 3/166 takes precedence); flavouring A23F 3/40)

A23F 5/20
Reducing or removing alkaloid content; Preparations produced thereby; Extracts or infusions thereof

Definition statement
This place covers:
Removal of caffeine and decaffeinated coffee.

A23F 5/22
Reducing or removing alkaloid content from coffee extract

Definition statement
This place covers:
Removal of caffeine from liquid or dried coffee extract.

A23F 5/24
Extraction of coffee; Coffee extracts (with reduced alkaloid content A23F 5/20); Making instant coffee (methods of roasting extracted coffee A23F 5/06)

Definition statement
This place covers:
Infusions and extracts of roasted coffee.
