

E04H

BUILDINGS OR LIKE STRUCTURES FOR PARTICULAR PURPOSES; SWIMMING OR SPLASH BATHS OR POOLS; MASTS; FENCING; TENTS OR CANOPIES, IN GENERAL (foundations [E02D](#))

Definition statement

This place covers:

Structures specially adapted for buildings for special purposes; general layout of buildings as a whole, e.g. modular co-ordination; details which are peculiar to different types of the buildings for special purposes specified in the groups

References

Limiting references

This place does not cover:

Canopies having special application, which are covered by the relevant place, e.g. protecting chairs against the weather	A47C 7/66
Bed canopies	A47C 29/00
Sanitary equipment	A47K
Bridges	E01D
Additional construction work	E01F
Foundations	E02D
General building constructions	E04B
Structural elements for building constructions	E04C
Roofs	E04D
Finishing work on buildings	E04F
Scaffolding; Shuttering	E04G

E04H 1/00

Buildings or groups of buildings for dwelling or office purposes; General layout, e.g. modular co-ordination, staggered storeys {small buildings} ([E04H 3/00](#) takes precedence; buildings for two or more purposes, e.g. drive-in buildings [E04H 14/00](#); building construction in general [E04B 1/00](#))

Definition statement

This place covers:

Buildings made of building modules;

Dwelling houses in generally, i.e. apartment houses arranged in two or more levels;

Office buildings

Small buildings for limited occupation

References

Limiting references

This place does not cover:

Buildings or groups of buildings for public or similar purposes	E04H 3/00
Drive-in buildings	E04H 14/00
Furniture or fittings for shops, storehouses or the like	A47F
General building constructions	E04B
Collapsible, erectable or rotatable buildings	E04B 1/343

Informative references

Attention is drawn to the following places, which may be of interest for search:

Domestic public installations	E03C
Extraordinary structures	E04B 1/34
Heat, sound or noise insulation, absorption, or reflection for buildings	E04B 1/74
Canalisation per se	F16L
Conducts for ventilation, heating, systems or air-conditioning	F24F

Special rules of classification

Use also [E04B 2001/0053](#) - [E04B 2001/0092](#) to classify buildings characterised by their shape or layout grid

E04H 1/12

Small buildings or other erections for limited occupation, erected in the open air or arranged in buildings, e.g. kiosks, waiting shelters for bus stops or for filling stations, roofs for railway platforms, watchmens' huts, dressing cubicles (movable screens as household equipment [A47G 5/00](#))

References

Limiting references

This place does not cover:

Movable screens as household equipment	A47G 5/00
Cabins for artificial hot-air or cold-air baths	A61H 33/00
Fume cabinets,	B08B 15/00
Lavatories, urinals	E03D
Collapsible, erectable or rotatable buildings	E04B 1/343
Air-conditioning	F24F

Informative references

Attention is drawn to the following places, which may be of interest for search:

Transformer houses	E04H 5/04
--------------------	---------------------------

Structures against air-raid or other war like actions, arranged in or forming part of buildings, independent shelters	E04H 9/04
Bathing or beach cabins	E04H 15/003

Special rules of classification

Use [E04H 2001/1288](#) to classify sauna cabins, [E04H 2001/1283](#) to classify small buildings of the ISO-containers type, [E04H 2001/1294](#) to classify the booths for smoking

E04H 3/00

Buildings or groups of buildings for public or similar purposes; Institutions, e.g. infirmaries, prisons (portions of buildings for individual occupation, e.g. cubicles [E04H 1/00](#); structures covering a large free area [E04B 1/342](#))

Definition statement

This place covers:

Buildings for hotels, restaurants, shops, department stores, museums, hospitals, mobile medical centres;

Public institutions like schools, prisons;

Buildings like e.g. stadiums, arenas or halls for meetings, entertainment and sport; Tribunes, grandstands and terraces for spectators, i.e. telescopic grandstands as well as foldable retractable or tiltable tribunes;

Other sporting buildings, like e.g. buildings housing swimming pools;

Buildings for theatres, concert halls, studios;

Stages, i.e. revolving stages or stages with shiftable or portable platforms;

Constructional features of auditoriums

References

Limiting references

This place does not cover:

Chairs, stools, benches	A47C
Furnishing or fitting in generally, like e.g. paying counters, furniture or installations specially adapted for supermarkets	A47F , e.g. A47F 9/02 , A47F 10/00
Equipment for theatres or concert halls	A63J
Vehicles specially adapted to carry a theatre or stage	B60P/025
Transport aspects	B65G
Structures covering a large free area	E04B 1/342
Building details providing acoustical effects	E04B 1/99
Coin-freed apparatus	G07F

Informative references

Attention is drawn to the following places, which may be of interest for search:

Portions of buildings for individual occupation, e.g. cubicles	E04H 1/00
Swimming pool coverings consisting of rigid elements	E04H 4/08
Buildings against air-raid or other war-like actions or against adverse climate conditions	E04H 9/04 , E04H 9/16
Buildings of drive-in type	E04H 14/00
Collapsible, erectable or rotatable buildings	E04B 1/343
Roof structures with movable roof parts	E04B 7/16

Special rules of classification

Use [E04H 2003/142](#) to classify sporting buildings with vertically movable or tillable playing fields or sections, [E04H 2003/145](#) for those with reconfigurable seating arrangement and [E04H 2003/147](#) for those using horizontally movable sections of tribunes.

E04H 4/00

Swimming or splash baths or pools (wave-producers for baths [A47K 3/10](#); separation [B01D](#); treatment of water [C02F](#); wave-producing pumps [F04D 35/00](#))

Definition statement

This place covers:

Devices for producing waves in swimming pools;

Floating swimming pools;

Easy movable and transportable swimming pools, i.e. with inflatable parts or made of shell type elements or of panes;

Safety devices for swimming pools, i.e. floors adjustable in height;

Swimming pool coverings made of rigid elements or of flexible materials; Devices or arrangements for circulating water, i.e. devices for removal of polluted water, cleaning baths or for water treatment;

Devices and accessories peculiar to swimming pools, i.e. coping elements, liner fixing means, step units, lighting means;

Devices and apparatuses specially adapted for cleaning, i.e. hand-held strainers, powered cleaners, suction cleaners, self-propelled cleaners

References

Limiting references

This place does not cover:

Sanitary equipment in general	A47K
Wave producers for baths	A47K 3/10
Bathing devices for special therapeutic or hygienic purposes	A61H
Wave producing pumps	F04D 35/00

Informative references

Attention is drawn to the following places, which may be of interest for search:

Devices for generating a current of water in swimming pools, e.g. for teaching swimming	A63B 69/125
Walls made by casting, pouring, or tamping in situ , e.g. in permanent forms	E04B 2/86

Special rules of classification

Use [E04H 2004/0068](#) to classify pools made of plastic shells or plastic elements including at least parts of walls and floors

E04H 4/12

Devices or arrangements for circulating water {, i.e. devices for removal of polluted water, cleaning baths or for water treatment}

Definition statement

This place covers:

Treatment of water for swimming pools;

Devices for removal of polluted water, i.e. circumferential gutters;

Bottom drains;

Recirculating pumps for swimming pool water, arm-mounted debris traps; floating skimmers and skimmers integrated in the pool wall;

Devices for distributing chemical products in the water of swimming pools and systems for heating the water content of swimming pools

References**Limiting references**

This place does not cover:

Water separation aspects, i.e. filters	B01D
Treatment of water	C02F

Informative references

Attention is drawn to the following places, which may be of interest for search:

Solar collectors using pools	F24S 10/10 , F24S 10/17
Solar heat systems for swimming pools	F24S 20/02

E04H 4/14**Parts, details or accessories not otherwise provided for****Definition statement***This place covers:*

Devices and accessories peculiar to swimming pools, i.e. coping elements; Liner fixing means;

Means for facilitating access, e.g. step units or slides;

Dividing means for swimming pool, e.g. panels, bulkheads;

Lighting means

References**Limiting references***This place does not cover:*

Sanitary equipment	A47K
Invalid-lifting devices for swimming pools	A61G 7/1005

Special rules of classificationUse [E04H 2004/146](#) and [E04H 2004/147](#) to classify the fixing aspects of the liners**E04H 4/16****specially adapted for cleaning (cleaning devices peculiar to vessels
[B63B 59/00](#))****Definition statement***This place covers:*

Devices and apparatuses specially adapted for cleaning the swimming pool, e.g. hand-held strainers, powered cleaners, suction cleaners, self-propelled cleaners, cleaners wherein the propulsion results from an intermittent interruption of the waterflow through the cleaner;

Connection between the cleaners and the water circulation system;

Cleaning whips;

Pool nozzles

References**Limiting references***This place does not cover:*

Brushes and bristles	A46B
Cleaning devices peculiar to vessels	B63B 59/00
Cleaning or keeping clear the surface of open water	E02B 15/00

E04H 5/00

Buildings or groups of buildings for industrial or agricultural purposes (building construction in general [E04B 1/00](#))

Definition statement

This place covers:

Buildings for industrial purposes, e.g. for power-plants, factories, data processing centers;

Buildings forming parts of cooling plants;

Transformer houses;

Substations or switchgear houses;

Pits for inspection or services and coverings therefore;

Buildings for agricultural purposes;

Cooling towers

Spray booths	B05B 16/00
Servicing, maintaining, repairing or refitting vehicles	B60S 5/00
Building constructions in general	E04B 1/00

Special rules of classification

Use [E04H 2005/005](#) to classify the buildings for data processing centers

E04H 6/00

Buildings for parking cars, rolling stock, aircraft, vessels or like vehicles, e.g. garages (tents for use as garages [E04H 15/00](#); bicycle stands [B62H](#); storing of vessels on land [B63C 15/00](#); construction of ground-supported surfaces [E01C](#); marking of parking areas on the ground [E01F 9/50](#); building construction in general [E04B 1/00](#))

Definition statement

This place covers:

Garages for vehicles on two wheels;

Small garages, for one or two cars, like e.g. carports, small garages of the wheeled, hinged, foldable, telescopic, swinging or otherwise movable type, small garages using tiltable floors or ramps;

Garages for many vehicles with mechanical means for shifting or lifting vehicles or without mechanical means for shifting or lifting vehicles, like e.g. with means for transport in vertical direction only or independently in vertical and horizontal directions, either the cars rolling freely from the transfer means or using different transfer means or by the use of movable platforms for horizontal transport or characterised by the use of turntables, rotary elevators or the like on which the cars are not permanently parked;

Devices or arrangements peculiar to garages, not covered elsewhere, e.g. securing devices, safety devices, automatically operated car-parks, devices for collecting oil or further fluids under parked cars.

This place does not cover:

Tents for use as garages	E04H 15/00
Bicycle stands	B62H
Storing of vessels on land	B63C 15/00
Construction of ground-supported surfaces	E01C
Marking of parking areas on the ground	E01F 9/50
Structures covering a large free area	E04B 1/342
Collapsible, erectable or rotatable buildings; prefabricated and with undivided interior	E04B 1/343

Informative references

Attention is drawn to the following places, which may be of interest for search:

Servicing, maintaining, repairing or refitting vehicles	B60S 5/00
Turntables	B60S 13/02
Storage devices	B65G 1/02
Lifting frames	B66F
Building constructions in general	E04B 1/00
Solar heat collectors	F24S

E04H 7/00

Construction or assembling of bulk storage containers employing civil engineering techniques in situ or off the site (tower aspects [E04H 12/00](#); storage aspects, e.g. floating roofs, sealing means, filling or discharging means [B65D](#), [B65G](#), [F17B](#), [F17C](#); foundations [E02D 27/38](#))

Definition statement

This place covers:

Containers for fluids or gases mainly made of metal, with vertical axis, roof constructions therefore, with horizontal axis or ball shaped or mainly made of reinforced or prestressed concrete;

Containers for fluent solids, e.g. silos, bunkers, supports therefore, e.g. with or without perforated walls mainly made of reinforced concrete, of metal or of wood

References

E04H 9/02

withstanding earthquake or sinking of ground (foundations [E02D 27/34](#) {; making use of active or passive dynamic mass damping systems [E04B 1/985](#)})

Definition statement

This place covers:

Earthquake withstanding structures, having e.g. steel columns and beams or concrete columns;

Earthquake withstanding shelters and protection cells arranged inside of buildings;

Preventing constructional measures against earthquake damage in existing buildings;

Bearing, supporting or connecting construction for withstanding earthquake, damping devices having e.g. laminated structures of alternating elastomeric and rigid layers or structures comprising rolling elements like balls, pins.

Working measures for endangered or damaged existing buildings or parts thereof	E04G 23/00

Special rules of classification

Use [E04H 2009/026](#) to classify anti-seismic devices with hydraulic or pneumatic damper and [E04H 9/028](#) to classify structural braces with damping devices

E04H 12/00

Towers; Masts or poles; Chimney stacks; Water-towers; Methods of erecting such structures (cooling-towers [E04H 5/12](#); supports for road signs [E01F 9/60](#); foundation piles [E02D 5/22](#); foundations for masts, poles or chimneys [E02D 27/42](#); structural elongated members in general [E04C 3/00](#); fixed climbing irons [E06C 9/04](#); derricks for oil drilling [E21B 15/00](#))

Definition statement

This place covers:

Access covers or locks for openings in masts or poles;

Structures made of specified materials, like e.g. plastic or composite layer of resin and longitudinally arranged glass fibres;

Structures made of wood and truss-like structures made of wood;

Structures made of metal, truss-like structures made of metal, structures with truss-like sections combined with tubular-like sections, details of flanges for tubular masts;

Structures made of concrete, with or without internal or external reinforcements, pre-stressed structures;

Movable structures or having movable sections, e.g. rotatable, telescopic, with identical elements or with hinged sections;

Side support means for towers, masts or poles, e.g. using guy ropes, struts;

Sockets or holders for poles or posts;

Cross arms;

Winding-towers for mines;

Chimney stacks, e.g. free-standing or similar ducts;

Water-towers;

Flag poles;

Arrangements for erecting and lowering towers, masts, poles, chimney stacks or the like

-----------------------------------------------------------------	---------------------------

E04H 12/22

Sockets or holders for poles or posts {(for sports articles, e.g. floor sockets [A63B 71/023](#); for road signs [E01F 9/673](#); foundations for poles, masts or chimneys [E02D 27/42](#))}

Definition statement

This place covers:

Sockets or holders for poles or posts driven or screwed into the ground;

Sockets or holders for poles or posts to be placed on the ground, e.g. filled with, water, sand or the like;

Mounting poles or posts to a holder, e.g. on a flat base, in a socket;

Clamping poles or posts on a stub;

Means for adjusting the orientation of the post or pole;

Holders used for protection, repair or reinforcement of the post or pole

References

E04H 15/00

Tents or canopies, in general

Definition statement

This place covers:

Hunting, fishing huts or the like;

Bathing or beach cabins;

Tents used as toys;

Tents or tent-like constructions composed partially of rigid panels;

Tents combined or specially associated with other devices, like e.g. of suspended type, partially supported by vehicles;

Heating, lighting aspects for tents. Ventilating of tents and of tent roofs;

Tents having plural sectional covers, e.g. pavilions, vaulted tents, marquees, circus tents, plural tents, e.g. modular;

Inflatable tents;

Cone shaped tents

Centre-pole supported tents, e.g. umbrella type tents;

Convertible tents, e.g. from one type to another type tent, from tent to canopy, from tent cover into diverse articles

Parts, components, construction details, accessories, interior equipment, specially adapted for tents, e.g. guy-line equipment, skirts, thresholds

Supporting means for tents, e.g. frames;

Covers, floors, closures, awnings sunshades;

Poles;

Pegs, stakes or the like;

Tent or canopy cover fastenings, e.g. the fixing members being a beading, the fixing members being locked by an additional locking member or the longitudinal recesses being made from two clamping members

References

Limiting references

This place does not cover:

Umbrellas and umbrella details	A45B 23/00 , A45B 25/00
Travelling or camp articles	A45F 3/00 , A45F 4/00
Amusement arrangements	A63G 31/00
Sunshades, awnings, screens in general	E04F 10/00
Lighting	F21
Heating or ventilating	F24

Special rules of classification

Use [E04H 2015/201](#) - [E04H 2015/205](#) to classify different constructional aspects of the inflatable tents;

Use [E04H 2015/326](#) to classify the frame members connected by elastic cords and [E04H 2015/328](#) to classify the frames erected solely by guy lines

E04H 15/34

Supporting means, e.g. frames

Definition statement

This place covers:

Tent frames of arch-shaped type, expansible, e.g. extensible in a fan type manner, flexible and foldable;

External type frames, i.e. outside cover, also with flexible supporting means;

Collapsible, e.g. breakdown type, having connecting nodes, telescoping and foldable, foldable, i.e. having pivoted or hinged means, of lazy-tong type or characterised by connecting arches with lazy-tongues, of parallelogram type

Fencing, e.g. fences, enclosures, corrals (features peculiar to electrified fences [A01K 3/00](#), [H05C](#); means for allowing passage through fences, barriers, or the like [E06B 11/00](#))

Definition statement

This place covers:

Anti-climbing devices, e.g. fixed or rotary spikes;

Wire fencing;

Fences constructed of rigid elements;

Fences using prefabricated panel-like elements;

Posts for fences and anchoring means therefore;

Devices for erecting and removing fences

References
