

B42D

BOOKS; BOOK COVERS; LOOSE LEAVES; PRINTED MATTER OF SPECIAL FORMAT OR STYLE NOT OTHERWISE PROVIDED FOR; DEVICES FOR USE THEREWITH; MOVABLE-STRIP WRITING OR READING APPARATUS (book stands A47B19/00; book-rests A47B23/00)

Definition statement

This subclass/group covers:

Particular final and input products of bookbinding processes, including

- bound products, especially books, obtained by connecting fillings to covers,
- book covers or bookbinding cases suitable for obtaining bound products,
- loose leaves modified for bookbinding,
- separately printed inserts to be permanently placed into, a main bound product;

Particular final and input products of other processes for associating printed sheets, signatures or webs, e.g. processes for interposing inserts, including

- sheets united without bookbinding to form pads or blocks,
- newspapers or the like,
- separately printed inserts, to be removably or permanently placed into, a main united or printed product;

Printed matter of special format, i.e. selection, arrangement, size or shape of the substrate, or style, i.e. selection or arrangement of indicia, comprising:

- book-keeping books, forms or arrangements, including arrangements for carrying forward or transferring entries from one page to another,
- postcards and greeting, menu, business or like cards,
- letter cards or letter-sheets,
- identity, credit, cheque or like information-bearing cards,
- other printed matter of special format or style not otherwise provided for;

Particular devices for use with the above products or printed matter, comprising

- bookmarkers, spot indicators, devices for holding books open, leaf turners,
- devices for carrying forward or transferring entries from one page to another,
- hanging or securing devices for books, newspapers, or the like,
- other devices for use with particular printed products or printed matter covered by this subclass and not otherwise provided for;

Movable-strip writing or reading apparatus.

Special rules of classification within this subclass

In this subclass, it is desirable to add the Indexing Codes of groups [B42P 2201/00](#) - [B42P 2261/00](#).

Glossary of terms

In this subclass/group, the following terms (or expressions) are used with the meaning indicated:

Binding	Used in the sense of book-binding for permanently connecting a filling to a cover to provide a bound product. Usually, the filling is a book block consisting of a set of printed sheets,
---------	---

	quires, or signatures, which are loose or already permanently attached together, or insets which are individually mounted to become a permanent part of the book. Usually, the cover is a bookbinding case comprising a spine and the bound product is a book.
--	--

Synonyms and Keywords

In patent documents the expression/word "casing-in" is often used instead of "binding" which is used in the classification scheme of this subclass.

B42D 1/00

Books or other bound products (match books A24F27/12; picture books with additional toy effects A63H33/38; indexing features B42F21/00; educational or demonstration appliances G09B, e.g. textbooks for teaching foreign languages G09B19/08)

Definition statement

This subclass/group covers:

Books as an association of fillings with covers;

Albums as bound products comprising a cover associated with fillings, e.g.

- relatively stiff album pages and thin separator pages connected to the cover,
- stiff album pages united by photo prints and connected to the cover of a photo book, usually without an additional filing option;

Files with adhesive strips for mounting papers, the files providing a cover with adhesive strips allowing for permanently mounting papers thereto, e.g. insets or loose leaves, individual sheets or sheets already united to subunits, being subsequently mounted in one go or collected in the course of time and optionally modified for being mounted thereto.

Relationship between large subject matter areas

Some special adaptations of book or other bound products for particular purposes are covered by other places, e.g.

- toy purposes by [A63H](#), especially picture books with additional toy effects like pop-up or slide displays,
- teaching purposes by [G09B](#), especially textbooks for teaching foreign languages, books combined with devices for teaching reading or with devices working with questions and answers,
- display purposes by [G09F](#), especially books adapted for samples or modified for advertising.
- If books are provided with replaceable fillings or units of fillings, this aspect is covered by [B42D](#), e.g. [B42D 1/06](#) and [B42E](#), e.g. by [B42F 11/00](#).

B42D 15/00

Printed matter of special format or style not otherwise provided for (sheets temporarily attached together or with objects so attached thereto B42F; maps, diagrams G09B29/00; labels G09F3/00)

Definition statement

This subclass/group covers:

Printed matter of special format or style comprises:

Particular features selected for the substrate, usually paper or plastic sheets or cards, e.g. the selected material, the size or shape of the article, the article being foldable or made up of multiple parts;

Particular selection, presentation or arrangement of the indicia, e.g. of guiding marks, as combination of markings, as a form or in a table, to obtain a particular technical effect related the intellectual impression provided by the indicia;

Particular association with devices for use therewith, e.g. with stamps, photographs or security elements.

Particular substrate and indicia features can contribute in combination to provide a printed matter specially adapted for a particular purpose, e.g. a bank-note, a postcard, a letter-sheet or an identity card.

Relationship between large subject matter areas

Special adaptations of printed matter for particular purposes are often covered by other places, e.g.

- binding, bookbinding, filing and indexing aspects of printed matter are covered by other places in [B42B](#), [B42C](#), [B42D](#) and [B42F](#);
- display or advertising purposes by [G09F](#), e.g. labels, tag tickets or similar identification or indication means, security seals and postage or like stamps by [G09F 3/00](#), especially attachment aspects thereof, or show-cards, signs, name or number plates, panels or boards with letters, numerals, or symbols;
- teaching purposes by [G09B](#), especially maps, plans, charts or diagrams for teaching in general, guide sheets or tracing charts for teaching writing, textbooks for teaching languages or printed appliances for teaching book-keeping.
