

## B43K

**IMPLEMENTS FOR WRITING OR DRAWING (containers, casings or accessories for cosmetic substances, e.g. shaving soap, lipstick, make-up A45D34/00, A45D40/00)**

### Definition statement

*This subclass/group covers:*

- nibs and writing-points of ink pens;
- nib holders (penholders);
- ink fountain-pens, ink ball-point pens, ink pens with writing-points other than nibs or balls;
- ink filling devices;
- devices for removing or cleaning nibs of ink pens;
- assembling, finishing, or repairing ink pens;
- continuously-adjustable nibs of ink pens;
- non-propelling pencils, styles, crayons, chalks;
- propelling pencils;
- holders or connectors for writing implements (pencils and ink pens) and means for protecting the writing-points of said writing implements;
- mechanisms for selecting, projecting, retracting or locking writing units;
- attaching writing implements to wearing apparel or objects;
- multiple-point writing implements (pencils and ink pens);
- combination of writing implements with other articles;
- writing implement receptacles functioning as, or combined with, writing implements.

## **B43K 3/00**

### **Nib holders (holders for continuously adjustable nibs B43K17/00)**

#### **Definition statement**

*This subclass/group covers:*

- penholders, namely rods of e.g. wood, metal, plastic into which a nib is fixed or pinched;
- penholders with retractable nibs.

## B43K 8/00

### Pens with writing-points other than nibs or balls (brushes with reservoir for supplying substances A46B11/00)

#### Definition statement

*This subclass/group covers:*

- ink pens with writing-points other than nibs or balls;
- components of ink pens with writing-points other than nibs or balls, i.e. barrels, spraying systems, writing points (comprising fibres, felt or capillary material; with roller or coreless tube; electrically or magnetically activated), ink reservoirs, retractable writing points, closing means and arrangements for feeding ink to the writing points.

## **B43K 11/00**

### **Filling devices (ink receptacles B43L25/00)**

#### **Definition statement**

*This subclass/group covers:*

- ink refilling arrangements for writing implements with ink reservoirs.

#### **Informative references**

*Attention is drawn to the following places, which may be of interest for search:*

## B43K 15/00

### Assembling, finishing, or repairing pens

#### Definition statement

*This subclass/group covers:*

- assembling whole ink writing implements or only parts (e.g. clips or writing points) thereof;
- providing the finished appearance to ink writing implements;
- repairing deteriorated ink writing implements.

Assembling, repairing, or finishing erasers	<a href="#">B43L 19/00</a>
Fittings for pipes	<a href="#">F16L</a>

## **B43K 17/00**

**Continuously-adjustable nibs, e.g. for drawing-pens; Holders therefor (features common to fountain pens B43K5/00)**

### **Definition statement**

*This subclass/group covers:*

- drawing-pens adapted to draw lines of any predetermined width;
- ink writing implements with e.g. cushioned or diameter expandable writing tips;
- holders with arrangements for drawing dotted lines.

## B43K 19/00

**Non-propelling pencils; Styles; Crayons; Chalks (batik pencils, cord-line chalkers B44D3/00; writing-core compositions for pencils, crayon compositions, chalk compositions C09D13/00)**

### Definition statement

*This subclass/group covers:*

- non-propelling pencils (e.g. with graphite, coloured or with short leads), styles, crayons (e.g. pastel or with wax) and chalks;
- non-propelling pencils with metallic writing-core (e.g. of metal alloy or aluminium) for writing on surfaces;
- slate pencils having a rod of slate and adapted for drawing, writing on slate surfaces;
- non-propelling pencil sheathings;
- making non-propelling pencils.

## B43K 21/00

### Propelling pencils (projecting mechanisms for writing units B43K24/00; multiple-point writing implements B43K27/00)

#### Definition statement

*This subclass/group covers:*

- propelling pencils, in which the writing core (lead) is projected by a feeding mechanism;
- different components of propelling pencils, namely barrels and writing core feeding mechanisms (with sliding tubelike writing-core guides, by gravity, by means sliding in longitudinally-slotted casings, by screws, by stepwise feed, or with gripping means);
- assembling, finishing, or repairing propelling pencils.

## B43K 23/00

## Holders or connectors for writing implements; Means for protecting the writing-points [N: (B43K27/003 takes precedence)]

### Definition statement

*This subclass/group covers:*

- tubular pencil holders e.g. for the holding of short pencils;
- tubular shaped, open-ended writing implement holders;
- tubular pencil couplings which hold two pencils together;
- writing implements supporting means;
- holders or barrels with finger grips or adapted for handicapped persons;
- holders for attachment to finger tips;
- holders for crayons or chalks;
- means for connecting two or more writing implements;
- writing-points protecting means, e.g. caps.

## **B43K 24/00**

### **Mechanisms for selecting, projecting, retracting or locking writing units**

#### **Definition statement**

*This subclass/group covers:*

- mechanisms (deformable barrels, sliding sleeves or means, flicking or tilting means, turning means or push-buttons) for locking a single writing unit in only fully projected or retracted positions;
- mechanisms (sliding means, turning means or push-buttons) for selecting, projecting and locking several writing units.

## B43K 29/00

### Combinations of writing implements with other articles

#### Definition statement

*This subclass/group covers:*

- writing implements comprising one or more non-writing articles on or in them.
- besides the examples of articles listed explicitly in this group, other non-writing articles are also possible, namely e.g. magnetically means, toys, ornaments or decorations, letter openers, pocket knives, nail files, cap openers, screwdrivers, perfuming means, bookmarks, key holders, massage devices, golf tees, cigarette holders, first-aid kits or spray devices.
