

B62B

HAND-PROPELLED VEHICLES, e.g. HAND CARTS, PERAMBULATORS; SLEDGES

Definition statement

This subclass/group covers:

"Hand carts" also embraces hand-propelled wheeled devices in so far as the features thereof are generic to hand carts and also embraces pedestrian controlled power-driven vehicles in so far as the features thereof are generic to hand carts.

References relevant to classification in this subclass

This subclass/group does not cover:

Chairs or personal conveyances specially adapted for disabled persons	A61G 5/00
Carriages for welding	B23K 37/02
Vehicles drawn by animals	B62C

Informative references

Attention is drawn to the following places, which may be of interest for search:

Vehicles with the driver not being seated	B62D 51/00
Devices for moving or tilting heavy loads	B65G 7/00

Special rules of classification within this subclass

Although wheels or skis can be mounted to almost every mechanical item, not every such item should be classified in [B62B](#); e.g. items characterised by their functions for special applications are classified in the appropriate subclasses, e.g. office furniture on wheels in [A47B](#), lawn-mowers in [A01D 34/00](#), wheeled vacuum cleaners in [A47L](#), etc.

Synonyms and Keywords

In patent documents the following expressions/words "rollers" and "wheels" are often used as synonyms.

B62B 1/00

Hand carts having only one axis carrying one or more transport wheels; Equipment therefor

Definition statement

This subclass/group covers:

Hand carts with only a single wheel axis and hand carts with a single wheel axis that can be converted to a two-axis hand cart

B62B 1/04

involving parts being adjustable, collapsible, attachable, detachable, or convertible

Informative references

Attention is drawn to the following places, which may be of interest for search:

Adjustable or convertible hand-propelled vehicles or sledges	B62B 2206/00
--	------------------------------

B62B 1/10

in which the load is intended to be transferred totally to the wheels

Special rules of classification within this group

Sack barrows should normally be classified here, irrespective of their loading condition that may influence the weight distribution

B62B 1/12

involving parts being adjustable, collapsible, attachable, detachable, or convertible

Informative references

Attention is drawn to the following places, which may be of interest for search:

Adjustable or convertible hand-propelled vehicles or sledges	B62B 2206/00
--	------------------------------

B62B 1/20

involving parts being collapsible, attachable, detachable or convertible

Informative references

Attention is drawn to the following places, which may be of interest for search:

Adjustable or convertible hand-propelled vehicles or sledges	B62B 2206/00
--	------------------------------

B62B 3/00

Hand carts having more than one axis carrying transport wheels; Steering devices therefor; Equipment therefor [N: (convertible from one-axled to two-axled vehicle B62B1/002)]

Definition statement

This subclass/group covers:

Hand carts with at least two wheel axes, one behind the other

References relevant to classification in this group

This subclass/group does not cover:

Hand carts having more than one wheel axis that can be converted into single-axis hand carts	B62B 1/002 , B62B 1/186
--	---

Informative references

Attention is drawn to the following places, which may be of interest for search:

Vehicles with the driver not being seated	B62D 51/00
---	----------------------------

B62B 3/002

[N: characterised by a rectangular shape, involving sidewalls or racks]

References relevant to classification in this group

This subclass/group does not cover:

Wheeled stands or shelves	A47F 5/137
Wheeled pallets	B65D 19/42
Collapsible large containers	B65D 88/52

B62B 3/007

[N: Coaster wagons]

Definition statement

This subclass/group covers:

Hand carts with side walls and drawbar, commonly used for transporting children, beer crates, etc.

Synonyms and Keywords

In patent documents the following expressions/words "wagon", "kid's wagon" and "Bollerwagen" are often used as synonyms.

B62B 3/02

involving parts being adjustable, collapsible, attachable, detachable or convertible

Informative references

Attention is drawn to the following places, which may be of interest for search:

Hand-propelled vehicles or sledges being foldable or dismountable when not in use	B62B 2205/00
Adjustable or convertible hand-propelled vehicles or sledges	B62B 2206/00

B62B 3/025

[N: Foldable roll containers]

Special rules of classification within this group

Also used for collapsible or detachable roll containers

B62B 3/027

[N: collapsible shopping trolleys]

Special rules of classification within this group

Used also for foldable or detachable shopping trolleys

B62B 3/06

for simply clearing the load from the ground (masted lift trucks B66F)

Definition statement

This subclass/group covers:

Low-lift hand trucks for transporting goods

References relevant to classification in this group

This subclass/group does not cover:

Pallets on wheels	B65D 19/42
Supporting frames or bases for conveyers	B65G 41/00
Hoisting, lifting, hauling or pushing	B66F
Fork-lift trucks	B66F 9/06

B62B 3/106

[N: the objects being bags]

References relevant to classification in this group

This subclass/group does not cover:

Bags or containers specially adapted to the basket	B62B 3/1464
--	-----------------------------

B62B 3/14

characterised by provisions for nesting or stacking, e.g. shopping trolleys [N: (collapsible shopping trolleys B62B3/027)]

References relevant to classification in this group

This subclass/group does not cover:

Collapsible shopping trolleys	B62B 3/027
-------------------------------	----------------------------

Informative references

Attention is drawn to the following places, which may be of interest for search:

Commerce, e.g. marketing, shopping, billing	G06Q 30/00
Coin locks	G07F 5/00
Displaying, advertising	G09F

B62B 3/1404

[N: Means for facilitating stowing or transporting of the trolleys; Antitheft arrangements (B62B5/04S takes precedence)]

References relevant to classification in this group

This subclass/group does not cover:

Braking or blocking when leaving a particular area	B62B 5/04S
Coin-freed or like apparatus	G07F

Informative references

Attention is drawn to the following places, which may be of interest for search:

Storing or handling self-service hand-carts or baskets	A47F 10/04

B62B 3/1408

[N: Display devices mounted on it, e.g. advertising displays]

Informative references

Attention is drawn to the following places, which may be of interest for search:

Displaying, advertising	G09F
Mobile visual advertising by land vehicles	G09F 21/04
Advertising on or in articles for restaurants, shops or offices	G09F 23/06

B62B 3/1456

[N: Mounting of toys]

References relevant to classification in this group

This subclass/group does not cover:

Toys	A63H
------	----------------------

B62B 3/1472

[N: Supports for specific articles (B62B3/1468 takes precedence)]

References relevant to classification in this group

This subclass/group does not cover:

Display devices	B62B 3/1408
-----------------	-----------------------------

Adaptations for calculators, memory aids, reading aids	B62B 3/1428
Lockers, hooks	B62B 3/146
Bags or containers specially adapted to the basket	B62B 3/1464
Additional trays	B62B 3/1468

B62B 3/148

[N: Adaptations facilitating the transport to the counter]

References relevant to classification in this group

This subclass/group does not cover:

Handling at checkout counters	A47F 9/045
Checkout procedure	G07G 1/0036

B62B 3/1492

[N: Wheel arrangements]

Special rules of classification within this group

Details of wheel arrangements should additionally be classified in [B62B 2301/00](#)

B62B 3/18

nestable by means of pivoted supports or support parts, e.g. baskets [N: (B62B3/1476 takes precedence)]

References relevant to classification in this group

This subclass/group does not cover:

Nestable hand carts having a platform as main support	B62B 3/1476
---	-----------------------------

B62B 5/00

Accessories or details specially adapted for hand carts ([N: B62B3/1404], B62B9/00 take precedence; wheels, axles, or axle bearing for vehicles B60B; castors for vehicles, castors in general B60B33/00)

Definition statement

This subclass/group covers:

Accessories or details for all hand carts irrespective of their number of wheel axes

References relevant to classification in this group

This subclass/group does not cover:

Wheels, castors, axles	B60B
Runners for carrying hand carts to facilitate travel on ice or snow	B62B 19/00

Informative references

Attention is drawn to the following places, which may be of interest for search:

Details of wheel arrangements	B62B 2301/00

Attention is drawn to the following places, which may be of interest for search:

Safety devices in general	F16P
---------------------------	----------------------

B62B 5/0013

[N: Protection covers, e.g. against rain]

Definition statement

This subclass/group covers:

Protection covers against rain, sun or germs; attachment of umbrellas or parasols

References relevant to classification in this group

This subclass/group does not cover:

Details of umbrellas	A45B 25/00
Covers for nestable or stackable hand carts	B62B 3/1436
Removable sleeves on handle bars	B62B 5/069
Covers or hoods for perambulators	B62B 9/14

Informative references

Attention is drawn to the following places, which may be of interest for search:

Non-fixed roofs; roofs with movable panels for vehicles	B60J 7/00
---	---------------------------

B62B 5/0026

[N: Propulsion aids]

References relevant to classification in this group

This subclass/group does not cover:

Propulsion aids for prams and strollers	B62B 9/00
---	---------------------------

Informative references

Attention is drawn to the following places, which may be of interest for search:

Motor vehicles characterized by the driver walking	B62D 51/04
--	----------------------------

Special rules of classification within this group

Details of propulsion aids for prams and strollers are classified in [B62B 5/0026](#).

B62B 5/0083

[N: Wheeled supports connected to the transported object]

Definition statement

This subclass/group covers:

Wheeled supports not forming a complete hand cart on their own, but only in combination with the load to be transported

References relevant to classification in this group

This subclass/group does not cover:

Equipment attachable to vessels for facilitating transport over land	B63C 13/00
Wheeled pallets	B65D 19/42
Wheeled devices for moving or tilting heavy loads	B65G 7/04

Informative references

Attention is drawn to the following places, which may be of interest for search:

Pallets, platforms	B65D 19/00
--------------------	----------------------------

B62B 5/0096

[N: Identification of the cart or merchandise, e.g. by barcodes or radio frequency identification (RFID)]

References relevant to classification in this group

This subclass/group does not cover:

Commerce, shopping, billing, invoicing	G06Q 30/00
--	----------------------------

Checkout procedures	G07G 1/0036
---------------------	-----------------------------

B62B 5/02

providing for travelling up or down a flight of stairs (chairs or multi-track cycles specially adapted for invalids A61G5/00)

References relevant to classification in this group

This subclass/group does not cover:

Wheelchairs with obstacle mounting facilities, e.g. for climbing stairs	A61G 5/06
Perambulators providing for travelling up or down a flight of stairs	B62B 9/02

B62B 5/04

Braking mechanisms; Locking devices against movement

References relevant to classification in this group

This subclass/group does not cover:

Brakes for wheelchairs	A61G 5/1005
Brakes for wheeled walking aids	A61H 3/04
Brakes for perambulators	B62B 9/08

Informative references

Attention is drawn to the following places, which may be of interest for search:

Vehicle braking elements	B60T
Brakes	F16D 49/00 - F16D 65/00

B62B 5/06

Hand moving equipment, e.g. handle bars (for cycles B62K11/14, B62K21/12)

References relevant to classification in this group

This subclass/group does not cover:

Handles for perambulators	B62B 9/20
Handles of rigid or semi-rigid containers	B65D 25/28

B62B 5/087

[N: Platforms to stand upon]

Special rules of classification within this group

[B62B 5/087](#) is used in addition to [B62B 9/28](#) for classifying platforms for children's carriages to stand upon

B62B 7/00

Carriages for children; Perambulators, e.g. dolls' perambulators

Informative references

Attention is drawn to the following places, which may be of interest for search:

Furniture specially adapted for children	A47D

B62B 7/044

[N: three wheeled]

Definition statement

This subclass/group covers:

Carriages for children having three wheels only, whereby a double wheel is considered as one wheel

B62B 7/062

[N: Coupling unit between front wheels, rear wheels and handle]

Definition statement

This subclass/group covers:

In side view, the frame part holding the front wheels, the frame part holding the rear wheels and the handles meeting at a common coupling unit

B62B 7/086

[N: becoming smaller in all three dimensions]

Definition statement

This subclass/group covers:

The wheel axes are moved towards each other, the right and left wheels or sides are moved towards each other, and the handle is retracted or folded

B62B 7/12

convertible, e.g. into children`s furniture or toy (children`s chairs convertible to pushchairs A47D1/06)

Informative references

Attention is drawn to the following places, which may be of interest for search:

Children's chairs convertible to a push chair	A47D 1/06
---	---------------------------

Special rules of classification within this group

Perambulators convertible into children's chairs should be classified in [B62B 7/12](#) as well as in [A47D 1/06](#)

B62B 7/123

[N: from seat to bed (B62B7/147 , B62B9/104 take precedence)]

References relevant to classification in this group

This subclass/group does not cover:

The seat being rotatable as a whole to transform from seating to lying	B62B 7/147
Seats with adjustable or reclining backrests	B62B 9/104

B62B 7/126

This subclass/group does not cover:

Handbags	A45C 3/00
Travelling equipment	A45F
Toys	A63H

B62B 9/28

Auxiliary dismountable seats; [N: Additional platforms for children in standing-up position]

Special rules of classification within this group

[B62B 5/087](#) is used to additionally classify standing platforms of childrens carriages

B62B 11/00

Hand-propelled vehicles not otherwise provided for (rider propulsion of vehicles B62M1/00)

Definition statement

This subclass/group covers:

Hand-propelled vehicles not otherwise provided for, such as comprising walking legs, etc.

B62B 13/00

Sledges with runners (ice boats or sailing sledges B62B15/00)

Definition statement

This subclass/group covers:

Sledges with runners or ski-like gliding elements

References relevant to classification in this group

This subclass/group does not cover:

Ice boats or sailing sledges	B62B 15/00
------------------------------	----------------------------

B62B 13/10

with swivelling portions of the runners; with a swivelling middle runner

Definition statement

This subclass/group covers:

Swivelling runners: pivoting about a vertically oriented axis

B62B 13/12

with tilting or bending runners

Definition statement

This subclass/group covers:

Tilting runners: pivoting about a horizontal-longitudinal oriented axis

bending runners: the runners themselves are deformed by bending around vertical axes

B62B 15/00

Other sledges; Ice boats or sailing sledges

Definition statement

This subclass/group covers:

Sledges not already provided for in [B62B 13/00](#), such as sledges without runners, ice boats or sailing sledges

B62B 15/001

[N: propelled by sails]
