

1       **PROCESSES AND PRODUCTS**  
5        .For mushrooms  
6        .Bacterial  
7        ..Nitrogen fixing or nitrifying  
8        ..Fermentation  
9        ...Aerobic  
10       ...Anaerobic  
11       .Organic material-containing  
12       ..From sewage or night soil  
13       ..With other organic material  
14       ..From garbage  
15       ..From animal matter  
16       ..Marine animals  
17       ...Blood  
18       ...Horn, hair, feathers, wool,  
          leather, etc.  
19       ...Bone  
20       ....With other organic matter  
21       ...Guano, stable manure, etc.  
22       ..With other organic material  
23       ..From vegetation  
24       ...Peat, humus material, coal,  
          etc.  
25       ..From industrial wastes  
26       ...Sugar or distillery  
27       ..From synthetic material  
28       ...Urea and its derivatives  
29       ....With phosphorus-containing  
          substances  
30       ....With nitrogen-containing  
          substances  
31       .Inorganic material  
32       ..Phosphorus-containing  
33       ...Phosphates  
34       ....Alkali metal and ammonium  
          only  
35       .....Nitrogen-containing  
36       .....Alkali metal- and ammonium-  
          containing  
37       ....Acid treatment  
38       .....Gaseous  
39       .....Nitric and hydrochloric  
40       .....Sulfuric acid  
41       .....Acids of phosphorus  
42       ....Alkaline treatment  
43       ....Neutralization  
44       ....Heat-treatment  
45       .....Alkali metal and silicon  
          values  
46       .....Alkali metal values  
47       .....Carbonates, oxides,  
          sulfates, silicon, and halides  
48       ....Products

49       .....Nitrogen-containing  
50       .....Nitrates  
51       .....Alkali metal- and ammonium-  
          containing  
52       .....Silicon-containing  
53       .....Containing carbonates,  
          oxides, sulfates, or halides  
54       ..Nitrogen-containing (except  
          ammonium)  
55       ...Cyanamide  
56       ...Nitrogen-containing (except  
          ammonium)  
57       ...Alkali metal or ammonium-  
          containing  
58       ...Nitrates  
59       ...With alkali metal or ammonium  
          compound  
60       ...With carbonates, oxides,  
          sulfates, or halides  
61       ..Alkali metal or ammonium  
62       ..Silicon-containing  
63       ..Carbonates, oxides, sulfates,  
          halides, etc.  
64.01    .Forms or conditioning  
64.02    ..Coating and granulating  
64.03    ..Granulating  
64.04    ...By comminuting  
64.05    ...By agglomerating  
64.06    ...By fluid contact  
64.07    ..Coating  
64.08    ..Slurry or suspension  
64.09    ..Gel  
64.1     ..Liquid  
64.11    ..Controlled release  
64.12    ..Anticaking  
64.13    ..Forms having structure, e.g.,  
          particle size, dimensions,  
          etc.
