

1	BUOY	40	.Inflatable
2	..With means to call buoy to surface	41	..Having inflation valve means
3	..For mooring a vessel	42	..Having storage container for raft
4	..Having liquid cargo transfer means	43	..Having centrally located suspended basket
5	...Having swivel coupling for cargo conduit	44	.Columnar flotation member
6	..Marker buoy	45	..Hollow
7	..Having means to release buoy upon submergence	46	...Barrel or drum
8	...Water soluble or water weakened member	47	..Formed from log or other product
9	...Gas assisted	48	..Booming
10	...Responsive to hydrostatic pressure	49	..Cribbing
11	..With signalling device	50	..Coupling means
12	...Audible	51	...Dog
13	...Illuminating	52	...Clamp
14By combustion of fluid	53	...Transverse rigid member
15Fluid produced by chemical reaction with water	54	...Encircling flexible member
16Electric light	55	SWIMMING AID TO INCREASE STROKE EFFICIENCY
17Having water activated switch	56	.Hand attached, held, or worn
18Having water activated battery	57	..Having finger stalls (e.g., gloves)
19	...Smoke producing	58	..Secured to hand by strap
20	...Reflecting means	59	.Arm attached
21	..Having means to control attitude or position	60	.Leg attached
22	..Fluid reaction surface	61	.Foot attached
23	..Tether	62	..Repositioned by biasing means
24	...Having payout means	63	..With lock or latch
25Having means to control payout	64	..Flipper
26Reel for tether	65	WATER SKIMMING OR WALKING DEVICE
27Having seat for buoy	66	.Inflatable
28	..Having ballast means	67	.Circular
29	...Variable ballast	68	.Water ski
30	.Inflatable	69	..Ski tow handle
31	..Having chemical reactor to produce gas	70	..Ski binding
32	.Container type	71	..With rooster tail producing means
33	..With means to release transponder, sensor, etc.	72	..With seat
34	..Storm oil distributor	73	..Having connecting means
35	RAFTS	74	.Surfboard
36	..With signal device	75	..With lashing
37	..Having water reactant stabilizing means	76	..Water walking device (e.g., water shoes)
38	..With shelter	77	..Having pivoted traction flap
39	..Having boarding aid	78	..Spheroid or wheel-like device encircling walker
		79	..Having stabilizing surface
		80	WATER RESCUE OR LIFE PROTECTING APPARATUS
		81	..Tossable apertured member (e.g., ring)
		82	..For use over ice
		83	..Air-sea rescue device

84	.Lifeline	123	..Neck encircling means
85	..Having line propelling means	124	..Head gear
86	.Buoyant shark screen encircling user	125	.Convertible use article
87	.Passenger enclosing bouyancy device	126	..Seating means
88	.Personal flotation device	127	...Cushion
89	..With signal means	128	..Berth
90	..With mechanical inflation means	129	BODY SUPPORTING BUOYANT DEVICE
91	...By pump	130	.With seat
92	...By compressed gas means	131	..Annular buoyant member
93With puncturing means	132	..U-shaped buoyant member
94Lever actuated	133	BUOYANCY PROVIDING ATTACHMENT FOR PIPE, LOG, OR LINE
95Actuated by water softened or soluble member	134	.Float for log
96	...With control valve	135	BUOYANCY UNDERWATER VIEWING DEVICE
97Actuated by water softened or soluble member	136	MISCELLANEOUS
98	...By gas generation from chemical reaction		
99	...With manually operated valve		<u>FOREIGN ART COLLECTIONS</u>
100	...With soluble or deformable element	FOR	CLASS-RELATED FOREIGN DOCUMENTS
101With cutting, punching, or striking means		
102	..Body suit		
103	...Full length		
104	...With hood		
105With mask		
106	..For torso		
107	..With sleeve		
108	..With buoyancy means substantially encircling the torso		
109And attached hip boot		
110And leg or foot strap		
111And support passing over the shoulder		
112Having buoyancy means		
113Buoyancy means is a continuous member		
114	..With buoyancy means on the back		
115And front		
116And shoulder		
117	..With buoyancy means on the front		
118And shoulder		
119	..With buoyancy means on the side		
120	..Trunks or shorts		
121	..Suspender		
122	..Arm encircling means
