crystal displays; BEF (Brightness Enhancement Film) with light condensing function for liquid crystal displays; electromagnetic wave shielding plastic films for plasma displays; display screen protector films for providing shade and privacy adapted to laptops, cell phones, smartphones and personal digital assistants; laminate films of plastic forming flexible flat cables for use in internal wiring of office automation and audiovisual equipment; insulating protective sheaths for flexible flat electric cables; anti-peeping films for display devices, namely, display screen protector films for providing shade and privacy specially adapted to laptops, cell phones, smartphones, touch panels, liquid crystal displays (LCDs) and organic light-emitting diode (OLED) displays, and personal digital assistant; louver array films for display devices; protective films adapted for screens for computers, mobile phones, smartphones, LCD monitors; light control films in the nature of optical filters for in-vehicle LCD devices; viewing-angle control films in the nature of optical filters for in-vehicle LCD devices; test charts for testing and adjusting the image and video quality of display devices; digital signage monitors; color-tone correcting devices for digital signage monitors; video camera circuit boards; digital movie projectors; projection screens; projection screens for rear-projection televisions; Fresnel lenses and lenticular lenses for rear-projection televisions; wireless electronic data transmitters and receivers; mobile phones; smartphones; digital photo frames; digital cameras; audio and video receiver; headphones; audio speakers; computer peripherals; computers; electronic machines, apparatus and their parts, namely, smartphones, coin-operated digital image printers, coin-operated digital photo booths; electric batteries and electrical cells for use in digital photo printers, sublimation printers, computer hardware, digital cameras, photographic cameras, and photo-printing machines; expanded function boards in the nature of computer expansion boards for video cameras, photographic cameras and digital cameras; cameras for use in photography; camera lenses; parts of a camera, namely, suspensions in the nature of spring for adjusting focus by raising and lowering the lens used in auto focusing components; camera tripods; flashlights for use in photography; camera cases; exposure meters for photographic devices; optical lenses; photo-developing machines, namely, processing machines in photography; photo-enlarging machines, namely, enlargement machines in photography; digital photo printing machines; user-operated photographing machines for taking photographs; photo booths with automatic photographing function; digital image printers; photo print making machines; photo book making machines, namely, photography machines that are used to assemble photo albums from downloaded and uploaded images; photo print making machines with automatic photographing function and the capability of providing downloadable photo image; photo booths with automatic photographing function and the capability of providing downloadable photo image; photo print making machines with automatic photographing function and the capability of enabling one to apply for the issuance of identification cards pasting the photographed image; photo booths with automatic photographing function and the capability of enabling one to apply for the issuance of identification cards pasting the photographed image; photo print making machines with automatic photographing function and the capability of providing downloadable photo image; photo print making machines with automatic photographing function and the capability of enabling one to apply for the issuance of identification cards pasting the photographed image; photo booths with automatic photographing function and the capability of enabling one to apply for the issuance of identification cards pasting the photographed image; photo print making machines with automatic photographing function and the capability of storing photographed image on network servers for preparing employee identity cards and identification cards; photo booth with automatic photographing function and the capability of storing photographed image on network servers for preparing employee identity cards and identification cards; automatic digital photographing machines being cameras; photographic machines and apparatus, namely, cameras; cinematographic machines and apparatus; photocopiers; anti-static devices for photocopiers and printers; electrodes; plates for batteries; neutralizing electrodes; static charge eliminators for printers; electric cables and wires; electric batteries and cells; battery chargers; battery packs; lithium-ion batteries; battery pouches for lithium-ion batteries, namely, pouches made in multiple layers consisting of aluminium and plastic for lithium-ion batteries; fuel cells; battery separators, namely, fuel cell separators being battery parts; solar batteries; film type solar cells; photovoltaic solar modules for production of electricity;
photovoltaic solar module parts made of materials with glued backsheet and encapsulant, namely, solar panels for production of electricity; parts for solar batteries, namely, battery cases; signs, luminous; downloadable music files; downloadable sound and image data files featuring marketing information, entertainment, concerts and sporting events; electronic hologram images recorded on computer media; electronic hologram images being downloadable laser photographs; electronic embossed hologram image recorded on computer media; electronic embossed hologram images being downloadable laser photographs; electronic hologram image with superior qualities of solidity and security recorded on computer media; electronic hologram images being downloadable laser photographs with superior qualities of solidity and security; electronic publications, downloadable, namely, books and magazines featuring information in the field of marketing

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark The mark consists of three solid curved lines in the three different colors - green at the top, red to the right and blue to the left, that together form a shape which resembles an upside-down triangle. There is a verbal element "I" inside the shape, written in black color, standard font using capital letters. The color(s) white represents background, outlining, shading, and/or transparent area and is/are not part of the mark. Color Drawing Yes Color Claimed The color(s) blue, green, red, and black is/are claimed as a feature of the mark.

MARK INFORMATION
Standard Character Claim  No Mark Drawing Type  3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark  The mark consists of a rectangle that is divided in half by a wavy line, with the top half being dark grey and the bottom half being light grey. The bottom half features a dark grey coffee mug that is decorated in green and light green leaves with black stems. Rising from the coffee mug is dark grey steam that contains green and light green leaves with black stems. The steam then transitions into the upper torso, head, face, arms, and hands of a woman facing the right with her eye closed and wearing a gold sweater. The woman has pink skin, dark red lips and nails, and a black eyebrow and eyelashes. In her left hand, the woman is holding a white flower with a black stem. To the right of the hand on the wavy line dividing the rectangle are green and light green leaves joined by a single black stem. Inside the woman's hair is the stylized wording "LAVAZZA" in white above the stylized wording "TORINO, ITALIA, 1895" in white. Inside and around the woman's hair are four white flowers with black stems. Superimposed in the middle of the rectangle and slightly on top of the image of the woman is a gold circle. Inside the gold circle at the top is the curved stylized wording "TIERRA" in black with two exclamation marks in black on either side of the wording and with the exclamation mark on the left being upside down. Inside the bottom of the circle is the curved stylized wording "WELLNESS" in black. Inside the circle on the left is the stylized wording "PREMIUM" in black with two horizontal black lines above and below the wording. Inside the circle on the right is the stylized wording "BLEND" in black with two horizontal black lines above and below the wording. In the middle of the circle is an image of hands in black, showing the bottom hand catching black coffee beans falling from the hand above. **Description of the Mark**
The mark consists of the wording "DOLCE & GABBANA" in red font above the word "ROSA" in white font. All of this wording appears on a stylized rectangle. The outermost rectangle is comprised of a light blue, white, and red border of ornamental flowers forming triangles. In the empty space between the triangles are pink and white boxes with a gold outline along the flower border. Inside of that design is a black and gold stylized picture frame. Within that frame are red, green, white and blue flowers in each corner. Within the black and gold frame is a background of pink, and white squares with blue dots in the white squares. On top of that pattern is a pink circle with a gold, yellow, and orange decorative border. The wording in the mark appears on the pink circle. The additional white in the mark is background only and is not claimed as a feature of the mark. **Color Drawing** Yes **Color Claimed**

The color(s) light blue, blue, white, pink, red, orange, gold, yellow, black and green is/are claimed as a feature of the mark. **Disclaimer** "ROSA"
