GOODS AND SERVICES INFORMATION
For  Land vehicles; apparatus for locomotion by land, air or water namely, automobiles, airplanes and ships; remote-controlled land vehicles other than toys; driving motors for land vehicles; motors and engines for land vehicles; gear boxes for land vehicles; transmission components for land vehicles; torque converters for land vehicles; universal joints for land vehicles; couplings for land vehicles
International Classes  12 - Primary Classes  US Classes  19, 21, 23, 31, 35, 44  International Class Title  Vehicles
For  Machines, namely industrial mobile robots; motors and engines, other than for land vehicles; machine coupling and transmission components, other than for land vehicles; driving motors other than for land vehicles; electric motors for machines; hydraulic and pneumatic controls for machines and engines; industrial robots as well as their parts and fittings; robotic arms for industrial purposes being structural parts of industrial mobile robots; industrial mobile robots; springs, being parts of robotic actuator machines; gears for machines; torque converters other than for land vehicles; couplings other than for land vehicles
International Classes  7 - Primary Classes  US Classes  13, 19, 21, 23, 31, 34, 35  International Class Title  Machinery
For  Apparatus for recording, transmission or reproduction of sound or images; blank compact disks, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, and computers; downloadable software for the control and autonomy of mobile robots; fire extinguishers; humanoid robots with artificial intelligence; surveillance robots for security; magnetic encoders; downloadable computer programs for connecting remotely to computers or computer networks; downloadable operating system programs for computers; downloadable computer operating systems; downloadable computer graphics software for the operation of industrial mobile
robots; downloadable computer software, firmware and hardware for the operation of industrial mobile robots; downloadable software for robots for the control and autonomy of the robot; downloadable software for synchronizing data between handheld or portable computers and host computers; downloadable two or three-dimensional simulation software for the design and the development of industrial products; downloadable software and software applications relating to artificial intelligence and robotics for industrial applications, namely for the inspection and maintenance of industrial facilities; electronic display interfaces for the operation of mobile robots; computer peripheral equipment and equipment for data processing, namely computer hardware and computer peripherals for the control and monitoring of industrial mobile robots; computer hardware, namely, memory cards; mobile computers; personal computers; electric sensors other than for medical use; optical sensors; gas detectors for detecting the presence of gas; laser sensors for detecting objects and object positions; distance sensors; microphones; computer chips; pattern recognition systems composed of computer chips, computer hardware and downloadable computer software for robot operation and information detection; computer hardware and downloadable software for wireless connection of electronic apparatus, systems and installations with intelligent devices for remote monitoring and control; digital photographic cameras; infrared cameras; thermal imaging cameras; cameras with linear image sensors; integrated circuits; cables for electrical or optical signal transmission; optical scanners; lasers not for medical use; electronic imaging devices, namely, cameras and optical sensors for use in creating multi-dimensional images; global positioning systems; electrical navigational instruments; electronic navigational, tracking and positioning apparatus and instruments; local networks, namely, LAN hardware for communication with and localization of industrial mobile robots; downloadable software platforms for communication with and localization of industrial mobile robots; electric actuators; electric control, testing and monitoring apparatus, namely electrical controllers; electric and electronic control apparatus intended for use with robots; remote control apparatus and instruments for robots; downloadable electronic publications in the nature of user manuals or technical documentation in the field of industrial mobile robots provided on-line from databases or the Internet

GOODS AND SERVICES INFORMATION
For Databases, namely, downloadable databases in the field of data privacy, data security, data governance, data protection compliance, cybersecurity and information security; data recorded electronically, namely, downloadable electronic data files featuring information about data protection compliance, cybersecurity, data privacy, information security and data governance; downloadable computer software for use in the management of information and data, computer security, data and information protection and security, data governance, data protection compliance and cybersecurity and the provision of information in relation to data protection, security and compliance; downloadable software applications for mobile devices in the nature of mobile phones, smartphones, tablets, laptop computers, smartwatches, namely, software for use in the management of information and data, data and information protection and security, data governance, data protection compliance and cybersecurity and the provision of information in relation to data protection, security and compliance; downloadable data processing software for use in database management and electronic storage of data in the field of data privacy, data security, data governance, data protection compliance, cybersecurity and information security; data storage programs in the nature of downloadable computer software for data storage; downloadable database management software; downloadable computer programs and software for document management; downloadable computer security software for use in electronic storage of data in the field of data privacy, data security, data governance, data protection compliance, cybersecurity and information security; downloadable software to track compliance and monitor regulations and laws in the field of data privacy, data security, and data governance; downloadable software to implement controls, assessments, and policies, and to monitor, report, and communicate privacy practices to others, all in the field of data privacy, data and information security and data governance; downloadable computer software for creating searchable databases of information and data; downloadable computer software for automating data warehousing; downloadable computer software for searching of data; downloadable
software for retrieval of data; downloadable computer software for the collection, compilation, searching, amendment, dissemination and transmission of data; downloadable mobile applications for the management and verification of data; downloadable cloud computing software for deploying virtual machines to a cloud computing platform, managing virtual machines on a cloud computing platform, delivering training and education in the field of data privacy, data security, data governance, data protection compliance, cybersecurity and information security, for ensuring compliance with data privacy, data security and data protection laws and regulations, and for protecting data and information; downloadable computer software for use as an application programming interface delivering training and education in the field of data privacy, data security, data governance, data protection compliance, cybersecurity and information security, for ensuring compliance with data privacy, data security and data protection laws and regulations, and for protecting data and information; downloadable software for downloading, uploading, accessing, posting, displaying, tagging, streaming, linking, sharing and providing electronic media or information via computer and communications networks; downloadable computer software applications for the development of digital virtual agents, predictive systems, cognitive process automation, knowledge virtualisation; downloadable software applications for enabling machine learning, natural language processing and deep learning algorithms, semantic ontologies, pattern recognition and knowledge modelling technologies; artificial intelligence systems comprised of computer hardware and recorded software for database management, electronic storage of data, delivering training and education in the field of data privacy, data security, data governance, data protection compliance, cybersecurity and information security, data reporting, for ensuring compliance with data privacy, data security and data protection laws and regulations, and for protecting data and information; downloadable software for use in reception, storage and transmission of data; downloadable software for operation of databases; downloadable software for interrogating databases; downloadable software for presenting results of interrogating databases; downloadable electronic publications in the nature of newsletters, journals and blogs, company reports, catalogues, books, magazines, databases in the field of data privacy, data security, data governance, data protection compliance, cybersecurity and information security, data reporting, for ensuring compliance with data privacy, data security and data protection laws and regulations, and for protecting data and information; downloadable computer software for reviewing standards and practices to assure compliance with laws and regulations; downloadable computer software platforms for the protection of personal data, information security, cybersecurity, and legal and regulatory compliance; downloadable data capture software for use in database management and electronic storage of data; downloadable computer software for reviewing, amending and updating databases; downloadable computer software for assisting businesses in the protection of data; downloadable computer software for assisting businesses in compliance with data protection laws, rules and regulations

**International Classes**  9 - Primary Classes **US Classes**  21, 23, 26, 36, 38  **International Class Title**  Electrical and Scientific Apparatus  

**For** Reviewing standards and practices to assure compliance with data privacy, data protection, cybersecurity, privacy, information security, and data governance laws and regulations; legal advice; provision of legal services; legal services relating to the drafting of contracts; legal services relating to the drafting of contracts relating to data protection and privacy; legal support services; legal document preparation services; consulting services in the field of privacy and security laws, regulations, and requirements; legal services relating to business; security services, namely, providing information on privacy, cybersecurity, security and data governance laws; electronic monitoring services for security purposes, namely, monitoring regulatory requirements in the field of data privacy, data protection, cybersecurity, privacy and information security, and data governance for compliance purposes; legal consultancy, namely, consulting services in the field of privacy, information security and laws, regulations, and requirements; provision of legal and regulatory information in relation to privacy, security
International Classes: 45 - Primary Classes  US Classes: 100, 101

International Class Title: Personal and legal services

For: Design and development of computer software; software programming and implementation; data protection research, namely, technological research in the field of data protection; technological consultancy in the fields of privacy, data security, protection of personal data, information security, cybersecurity; computer security consultancy in respect of the protection of personal data; information security research, namely, research in the field of information security technology; cybersecurity research, namely, research in the field of cybersecurity technology; software as a service services featuring software for managing data privacy, data security, data governance, data protection compliance, cybersecurity and information security, for ensuring and tracking compliance with data privacy, cybersecurity, data security and data protection laws and regulations, and for protecting data and information; software as a service (SAAS) services featuring software to monitor regulations and laws in the field of data privacy, data security, and data governance; software as a service (SAAS) services featuring software to implement controls, assessments, and policies, and to monitor, report, and communicate privacy practices to others, all in the field of data privacy, data security and data governance; platform as a service featuring computer software platforms for managing data privacy, data security, data governance, data protection compliance, cybersecurity and information security, for ensuring compliance with data privacy, data security, cybersecurity and data protection laws and regulations, and for protecting data and information; software as a service (SAAS) services featuring software for automatically reviewing, analysing and/or updating business records and databases; provision of a database as a service, namely, providing an online searchable database in the field of data protection compliance, cybersecurity, privacy, information security and data governance for research purposes; hosting of digital content online; website development for others, namely, creation and operation of online databases and internet portals; hosting of software, platforms and databases of others on the internet; development and implementation of software for digital virtual agents, predictive systems, cognitive process automation and knowledge virtualisation; development and implementation of software for machine learning, pattern recognition and knowledge modelling technologies; authentication services of data transmitted via telecommunications, namely, verification services using technology to authenticate compliance with regulations and laws in the field of data privacy, data security, cybersecurity and data governance; certification, namely, quality control for others; testing services for the certification of quality or standards, namely, testing of the goods and services of others to determine conformity with certification standards; design and development of electronic database software; design of computer software for commercial analysis and reporting; development of systems in the nature of computer programs for the processing of data; internet security consultancy; IT consulting services, namely, IT security, protection and restoration; maintenance of computer software; maintenance of data processing software; outsource service providers in the field of information technology, data protection and security; rental of computer software; data security services, namely, data security consultancy, design and development of electronic data security systems and computer security threat analysis for protecting data; design and development of computer software for e-business portals; monitoring of computer systems for detecting unauthorised access or data breach; quality control of goods and services, namely, inspection, control, supervision, auditing and certification of the quality of goods and services and of their conformity with national and international norms, laws, regulations, practices and standards; quality control for others, namely, certification of the conformity of work operations with norms and standards; installation and repair of computer software; providing temporary use of online non-downloadable software applications for use in data privacy, data security,
data governance, data protection compliance, cybersecurity and information security accessible via a web site; installation and customization of computer applications software; computer programming, namely, programming of data processing equipment; project studies relating to software, namely, computer project management services and technological feasibility studies in the field of data protection compliance, cybersecurity, privacy, information security and data governance; computer programming services for electronic data security; design and development of electronic data security systems; computer programming of internet security programs; computer software rental, namely, rental of internet security programs; design and development of software, namely, internet security programs; quality control for others, namely, consultancy services relating to quality control; testing of computing equipment, namely, evaluation of performance of data-processing against benchmark references; online electronic data storage; quality control for others relating to computer systems; computer security threat analysis for protecting data; consulting services in the field of computer technology, namely, maintaining the security and integrity of databases; cybersecurity services, namely, restricting unauthorized access to computer networks; technical inspection services, namely, technology inspection in the field of data protection compliance, cybersecurity, privacy, information security and data governance; quality control for others, namely, testing, inspection, evaluation and accreditation of business systems, management systems, quality management systems, environmental management systems, manufacturing systems, methods and processes, all for compliance with data security, data privacy, quality, quantity, performance or safety standards; data mining; maintenance of database software; information, advisory and consultancy services relating to all the aforesaid services

**International Classes**  42 - Primary Classes  **US Classes**  100, 101  **International Class Title**  Scientific and computer services

**RELATED PROPERTIES INFORMATION**

**International Registration** 1473792 **International Registration Date** Dec. 04, 2018

**GOODS AND SERVICES INFORMATION**

**For** Flashings, non-metallic, for waterproofing buildings; non-metallic access covers, namely, manhole covers, needle felt covers; coverings, not of metal, for building, namely, non-metal floor tiles, roof coverings, coverings for ceilings; non-metallic expansion joint covers; manhole covers of non-metallic materials; non-metal vent covers for HVAC ducts, roof deck protrusions, drains and pitch pans; inspection chamber covers of non-metallic materials; non-metallic suspended ceiling structures; non-metal suspended ceiling systems consisting of panels; non-metal lining boards; cladding, not of metal, for building; non-metallic structural-reinforcements for construction purposes; roofing fabrics; fireproof bitumen-based sealants for roofing, being building materials; building materials made of mineral fibers namely, needled roofing felts, molded composites; building panels, not of metal; slabs, not of metal, for building; floor tiles, not of metal; fire-resistant floor boards and wall panels, not of metal, for building; felt roof coverings; non-metallic roofing boards having insulating properties; construction materials forming insulating layers, namely, insulating glass for building, insulating glass for construction purposes; fiberboard being building materials; fiberboard for building; fiberboard for use in building; non-metallic damp proofing building materials; refractory construction materials, not of metal; refractory blocks, non-metallic, for use as furnace linings; refractory blocks for use as furnace linings; non-metallic fireproof panels for use in building; non-metallic fire retardant panels for use in construction; fireproof doors, not of metal; non-metallic window casings and door casings for use in building or construction; non-metallic woven materials of mineral and other fibers for use in the building industry; fabrics for use in civil engineering in the nature of geotextiles; geotextile materials, namely, non-metallic, woven fabric mats for building purposes; heat reflecting glass for building; heat protective glass for building; non-metallic interlocking panels for building; mantelpieces for chimneys in the nature of overmantles and parts of overmantles of plastic; drain gullies, being non-metallic construction materials, in the nature of drain bases and grates; sewer liners of plastics material being nonmetal tubular liners for the lining of sewer systems; non-metallic ceiling panels in the nature of ceiling coffers; building boards of plastics
materials; ceiling composite coverings, roof composite coverings and floor composite tiles of plastic for use in building; non-
woven textiles made of synthetic fibers for use in the building industry; non-metal floor panels; non-metallic cladding panels
for building; rigid pipes, not of metal, for building; fiber-based stack linings in the nature of refractory furnace stack linings;
non-metallic sidewalls in the nature of roof coverings; door panels, not of metal; door frames, not of metal; structures in the
nature of porches, not of metal, for building; sheathing boards, not of metal; flooring underlays; non-metal cladding for
construction and building; non-metallic cladding for ceilings; non-metallic cladding materials for building; non-metallic
cladding boards for building; cladding panels made of glass for building; non-metallic cladding sheets for building; reinforcing
mesh made of textile fibers for construction purposes; non-metallic reinforcing fabrics in the nature of geotextiles for building;
non-woven fabrics in the nature of geotextiles for soil protection; non-woven fabrics in the nature of geotextiles for surface
protection; non-woven fabrics in the nature of geotextiles for soil drainage; non-woven fabrics in the nature of geotextiles for
soil stabilization; non-woven fabrics in the nature of geotextiles for surface stabilization; non-woven fabrics in the nature of
geotextiles for land drainage; plastic wallboards; wall boards, not of metal; wall linings, not of metal, for building; waterproof
bituminous membranes reinforced with glass fiber for building purposes; partitions being non-metallic building materials;
building and construction materials and elements, not of metal, namely, glass fiber articles in the nature of glass panes, glass
bricks, glass tiles; parts of all above-mentioned goods

International Classes: 19 - Primary Classes
For Textile wall coverings; wall-coverings of paper; carpet underlays; underlays for floor mats; rug underlays; door mats of
textile; textiles in the nature of carpeting; carpet tiles made of textiles; carpet inlays; fur rugs; carpets; floor mats; carpet tiles
for covering floors; carpeting; matting, namely, polyster floor mats; floor mats for vehicles, unfitted; matting for covering
existing floors; non-slip mats for vehicles; padded linings for existing walls, namely, textile lined wallpaper; padded coverings
for existing ceilings, namely, textile lines wallpaper for use on ceilings; door mats; rugs for covering existing floors; carpets
for automobiles; floor coverings; artificial ground coverings, namely, artificial turf; floor coverings having insulating
properties; floor mats for automobiles; parts of all above-mentioned goods

International Classes: 27 - Primary Classes
For Protective covers for vehicle seats, being fitted; fitted vehicle covers in the nature of protective linings for upholstered
recesses within vehicles; monocoque structures for vehicles; backrests adapted for vehicle seats; backrests adapted for use in
vehicles; covers for spare tires; land vehicle parts, namely, mud guards; tonneau covers; fitted truck bed-liners; tailboards lifts
being parts of land vehicles; seat cushions for the seats of vehicles; car boot tidies, namely, car interior organizer bags specially
adapted for fitting in vehicles; fitted body coverings for vehicles; insulated vehicle body panels; interior panels for vehicles;
roof linings for vehicles; protective interiors for vehicles; interior pouches for vehicles; upholstery for vehicles; shaped vehicle
mats, namely, fitted traction mats for vehicle tires; underbodies of vehicle; vehicle partitions, namely, sliding, stationary and
fold down partitions especially adapted for vehicles; interior trim parts of automobiles; plastic parts for vehicles, namely,
automotive interior plastic extruded decorative and protective trim for storage spaces; fitted vehicle seat covers; roof panels for
land vehicles; transmission components for automobiles; components for the outer bodies of vehicles, namely, undershields
and wheel arch liners; transmission components for buses; linings for vehicles, namely, clutch linings for land vehicles, brake
linings for land vehicles; fitted liners for the cargo area of vehicles; car tidies, namely, car interior organizer bags specially
adapted for fitting in vehicles; parts of all above-mentioned goods

**International Classes**  
12 - Primary Classes  
US Classes  
19, 21, 23, 31, 35, 44  
**International Class Title**  
Vehicles  
For Interlinings made of non-woven fabrics; non-woven fabrics in the form of blanks for use in manufacture; textiles, namely, non-woven textile fabrics, curtains of textiles, banners of textiles and substitutes for textiles made from synthetic materials; elastic woven fabrics made from natural fibers, polyester fibers and/or polypropylene fibers for textile use; woven felt; microfiber textile fabrics impervious to water but permeable to moisture for use in the manufacture of curtains, covers; waterproofed textile piece goods, namely, felt, glass cloth linings, décor piece goods in the nature of mineral fiber composite fabrics; waterproof textile fabrics for use in the manufacture of curtains, covers; waterproof fabrics for textile use; waterproof fabrics for use in the manufacture of gloves; waterproof textile fabrics; wall hangings of textile; non-woven textile fabrics in the form of sheeting for use in manufacture; non-woven fabrics of synthetic fibers; non-woven fabrics of natural fibers; non-woven textile fabrics for use as interlinings; non-woven textile fabrics; non-woven textile fabrics for use as linings; non-woven fabrics; textile fabrics for use in the manufacture of industrial filters; household textile articles, namely, curtains and acoustic textile packages for domestic appliances in the nature of nonwoven fabrics; non-woven textiles fabrics; textiles substitute materials made of synthetic materials; textile piece-goods, namely, felt piece-goods and fleece piece-goods in the nature of felt pennants, fleece blankets; textile fabrics for use in the manufacture of wall coverings; fabrics for manufacturing sun protectors; fabrics for manufacturing tarpaulins; fabrics made of mixed synthetic and natural fibers, other than for insulation; piece goods of textile fabrics, namely, flat needle felts, decor felts; textile fabrics in the piece, namely, fabrics for textile use; filtering materials of textile, namely, gauze fabric; textile fabrics treated with a flame resistant finish for use in the manufacture of covers, coverings, ovens; textile linings in the piece, namely, mineral fiber composite fabrics for use in the manufacture of door linings, roof linings and room linings; tapestries of textile; composite textile materials, namely, mineral fiber-based composite fabrics with binding agents in the nature of bonded fiber materials; woven fabrics; non-woven fabrics for industrial use; synthetic textile piece-goods, namely, flat needle felts made of polyester and polypropylene fibers; fabrics for manufacturing tarpaulins; synthetic fiber fabrics; fiberglass fabrics for textile use; waste cotton fabrics; roll felt; polymer-coated fabrics; polyester textiles fabrics; polyester fabric; textiles fabrics for use in making household furnishings; furnishing fabrics; non-woven textile articles, namely, felts made of fleeces, synthetic fiber-based fleece blankets, synthetic fiber-based lining fabric for footwear, textile used as lining for clothing, and synthetic fiber-based pillow, cushion, mattress covers; non-woven textile fabrics; non-woven felts; resin-impregnated textile fabrics; inorganic fiber mixed fabrics; chemical fiber based mixed fabrics; mixed fiber fabrics; laminated textile piece-goods having insulating properties, namely, film laminated textile piece-goods and fiber layers laminated textile piece-goods in the nature of synthetic fiber- and mineral fiber-fabrics; vapor-permeable plastic textiles in the nature of flags; textile, mixed-fiber fabrics made from artificial fibers, other than for insulation; soft furnishing fabrics; heat resistant fabrics, other than for insulation, namely, acrylic fabrics; fiberglass fabrics for textile use; woven textiles having protective properties against electromagnetic rays; fabrics for the manufacture of wall coverings; chemical fiber fabrics; polypropylene spunbonded non-woven textile fabrics; textile used as lining materials for clothing; lining materials of non-woven textile fabrics; flame retardant fabrics, other than asbestos; felt; flame-resistant fabrics for textile use; removable covers of textile for electronic apparatus, not being fitted or shaped; elastic woven fabrics; interlinings made of non-woven fabrics; heat-formable non-woven textile fabrics; vapor-permeable fabrics for textile use; chemical fiber fabrics being textile piece goods; wide woven fabrics for industrial use; coated woven fabric for textile use; coated fabrics for use in the manufacture of luggage; coated textiles in the nature of plastic material coated natural fiber-based
fabrics for textile use; fabrics coated with thermoplastic coatings for use in manufacturing in a wide variety of industries; textiles made of cotton, namely, cotton fleece pads and thermoset bonded cotton sheets; cotton fabrics; non-woven fabrics in the form of rolls for use in manufacture; breathable waterproof fabrics for manufacturing clothing, furniture, automobile upholstery, luggage; textile goods and substitutes for textile goods, namely, molded mattress pads, bed pads, table pads; fabric, namely, cotton fabric, natural fiber fabric, polyester fabric, polypropylene fabric; parts of all above-mentioned goods

**International Classes**

US Classes  42, 50

**International Class Title**  Fabrics

For  Insulating fabrics; fabrics for electrical insulation; thermally insulated flexible pipes made of plastic; non-conducting materials for retaining heat, namely, high temperature resistant insulation felt made of glass fibers for use in engine bays; thermal building insulation material used in the conversion of lofts; thermal building insulation material for the construction of lofts; thermal building insulating material of plastics; thermal building insulating materials; thermal insulation jackets for hot water cylinders; pre-formed insulation components made of foam, plastic, or fiberglass; fleeces of crude fibers of rock for insulation; fleeces of crude fibers of carbon for insulation; fleeces of crude fibers of glass for insulation; rock wool for insulation; boards for insulating purposes, namely, insulated structural construction panels; insulation sheets, namely, foam sheeting for use as a building insulation; flexible, non-metallic insulated jacket pipes; compositions to prevent the radiation of heat, namely, high temperature resistant multi-layer insulation in the nature of tape, shield, sheet of mineral-based material; tapes of epoxy-impregnated fiberglass for insulating; mineral wool for insulating purposes; mineral wool for use as a building insulator; thermal insulating mats; insulating matting; thermal insulating materials; synthetic plastic as semi-finished products in the form of strips; synthetic plastic as semi-finished products in the form of plates; synthetic plastic as semi-finished products in the form of tapes; insulating materials produced from plastics; insulating materials in the nature of plastics for insulating; insulating materials in the nature of plastics for insulating purposes; insulating materials made of plastics; insulation materials with sealing functions for heat protection; insulation materials for building purposes; insulation jackets for industrial pipes; anti-cold insulating compositions; insulating materials; insulating materials for underground pipes and tanks; insulation materials for pipe bearings; insulating materials for pipes; insulating materials for electrical purposes; insulating materials for electric mains; insulating materials for insulation against heat; insulation material for roofing; insulating materials for building; glass fiber insulation materials for use in construction; insulating fabrics; insulating fillers; insulating felt for use in building insulation or for use in domestic appliances; insulation covers for industrial machinery; insulating blankets for hot water heaters; insulation materials and barrier articles and materials, namely, floor insulation made of glass fiber and/or foam materials, barrier packages made of fiber materials for use in ovens, dishwashers and washing machines; insulation in the form of floor coverings; insulating bands; insulating linings for hoses; insulators, namely, electrical insulators, insulators for cables; barriers for protection against heat, namely, high temperature resistant aluminum foil membrane absorbers; heat resistant fabrics for insulation; glass wool for insulation; glass wool for use as insulating material; glass wool for building insulation; glass wool for insulation purposes; hoses of textile material, namely, glass-fibre reinforced hoses for lining structures having the form of conduits; hoses of textile material, namely, glass-fiber reinforced hoses; glass fiber strips for insulation purposes; fiberglass webs for insulating purposes; glass fiber insulation for hot water heaters; fiberglass insulation for buildings; glass fiber insulation materials for use in construction; fiberglass for insulation; fiberglass fabrics for insulation; fiberglass fabrics for building insulation; fiberglass fabrics for insulation purposes; fabrics made from synthetic fibers for insulation; fabrics of chemically produced fibers for use as insulation; fabrics of inorganic fibers for use as insulation; acrylic fabrics for use as insulation; flexible elastomeric thermal insulation material; insulating refractory materials; fire resistant
insulated panels; glass fiber fireproof textiles; fireproof seals in the nature of chemical sealants used for buildings which penetrate through walls, floors and ceilings for fire prevention; fiber glass board for use as insulation; fiberglass board for high temperature insulation; glass-fibre electrical insulating tape; ceilings made of mineral fibres for insulating buildings; barriers for protection against sound, namely, acoustic insulation barrier panels; laminated textile insulating fabrics; duct tape; non-metallic pipe linings, namely, pipe insulation; thermal insulation articles and materials, namely, laminated or not laminated mineral-fiber felts used in the home appliances industry, in the shipbuilding, in industrial facilities, in furnaces or in protective clothing; fabrics of inorganic fibers for use as insulation; fabrics made from acrylic fibers for use as insulation; polyester fibers, mineral fibers, elastomer polymers, synthetic and composite materials, namely, carbon fibres other than for textile use, semi-processed cellulose acetate, synthetic fibres, other than for textile use, viscose sheets as semi-finished products, yarns of ceramic fibers other than for use in textiles for insulation purposes; gaskets, namely, pipe gaskets, honeycomb gaskets for industrial use; caulking materials; laminated plastic films for use on windows; parts of all above-mentioned goods

GOODS AND SERVICES INFORMATION
For Collection, compilation and processing of quality metric business data, in databases, on a database platform, and on a virtual database for monitoring and supervision, including real time, in the field of performance installations, water consumption, energy and carbon emissions, and environmental pollution, temperature, and sound indicators in any location and for installation of all kinds; business management and business planning of administrative procedures related to the maintenance, maintenance and repair of networks, facilities and infrastructures water supply, gas and electricity systems, devices, installations and production, management, processing and recycling of water, devices, systems and installations for the collection, sorting, processing and recycling of waste of all kinds, cooling and heating networks and energy installations
International Classes 35 - Primary Classes US Classes 100, 101, 102  International Class Title Advertising and Business

For Maintenance and repair of water, gas and electricity distribution networks, installations and infrastructures; maintenance and repair of water production, water management, water treatment, water recovery and water recycling systems, apparatus and installations; maintenance and repair of systems, devices and installations for the collection, sorting, treatment, recovery and recycling of waste of all kinds; maintenance and repair of cooling and heating network systems and energy installations
International Classes 37 - Primary Classes US Classes 100, 103, 106  International Class Title Construction and Repair

For Downloadable software for remotely controlling and monitoring of water, gas and electricity distribution installations; apparatus for monitoring, measuring, regulating and checking, including real-time, energy and water consumption, CO2, and all environmental indicators including pollution, temperature, sound, namely, temperature sensors, temperature indicators, pollutant sensors, pollutant indicators, CO2 sensors, CO2 indicators, pressure sensors, air quality sensors, liquid level sensors;
downloadable computer software enabling real time tracking of the performance of water, waste and energy plants, energy and water consumption, CO2 levels, and of environmental pollution indicators of temperature and sound, of apparatus for use in any location and for installations of all kinds; downloadable computerized databases in the field of environmental facilities and installation featuring restricted access data and information related to water, waste and energy plants, and more particularly to energy and water consumption and CO2 emissions in such plants, and for analyzing the performance and detecting incidents at facilities and for installations, including real time; downloadable software for monitoring and regulating the performance of environmental installations, water distribution installations, gas distribution installations, electricity distribution installations, energy and water consumption and data measured by remote meter reading devices; remote control apparatus for installations, namely, water and gas meters, water level indicators, gas testing instruments, temperature indicators, speed indicators, electric loss indicators being electronic and electric power loss indicators, pressure indicators, water and gas quantity indicators for valves, electronic and electric sensors and electronic and electric meter apparatus for the remote meter reading information collected by thereof; data banks and applications for mobile telephones, namely, downloadable software in the nature of a database and a software application for users to access environmental data and information relayed from a shelf apparatus with multimedia and interactive functions, for consumers to conveniently view data on the performance of environmental installations, energy and water consumption, CO2 emissions and environmental pollution, temperature, and sound indicators, make incidents via alarm messages and for consumers to access analysis of such data through the receipt of alarm messages; all for use in connection with monitoring and control, via information technology and communication networks, facilities and installations for the collection, sorting, processing and recycling of waste of all kinds, those for production, management, distribution, processing and recycling of water and of those for use in construction, operation and maintenance of cooling and heating networks and energy installations

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

**For** Providing access to databases, and providing access to database platforms with virtual capabilities that contain computer software to enable real-time monitoring, and performance of installations for energy and water consumption, all CO2 emissions and environmental pollution, temperature, sound indicators in any location and for installations of all kinds; remote electronic data transmission services via computer terminals and mobile terminals being mobile telephones, and tablet apparatus with multimedia and interactive functions of data statistics and data on the monitoring of performance indicators through messages, alerts and data featuring disorders of the networks performance and installations in the field of distribution of water and energy devices, installations and systems, production management, processing and recycling of water systems, devices and installations for the collection, sorting, processing and recycling of waste of all kinds, cooling and heating networks and energy installations

**International Classes** 38 - Primary Classes **US Classes** 100, 101, 104 **International Class Title** Communication

**For** Technical data analysis in the nature of technology specification, namely, analyzing technology requirements and developing recommendations for the computer software and systems and other technology needed to meet those requirements in the field of facilities and installations for the distribution of water, gas and electricity and related devices, in the field of systems and installations for generating, management, processing and recycling of water, and related devices, in the field of systems and installations for the collection, sorting, processing and recycling of waste of all kinds, in the field of cooling and heating networks and in the field of energy installations; technical analysis, namely, technical plant engineering of water
distribution networks, gas distribution networks, electricity distribution networks, cooling, heating and energy installations and environmental water, gas and electricity systems, monitoring indicators being remote monitoring indicator infrastructures of electricity and gas systems and environmental systems relating to water, gas and electricity; diagnostic and environmental advice, namely, technical consulting services in the field of environmental engineering assessment and planning for environmental and water distribution networks, electricity or gas systems, environmental systems, devices, installations and production management, processing and recycling of water, environmental systems, environmental devices or collection, sorting installations, processing and recycling of waste of all kinds, cooling and heating networks and energy installations

For Downloadable embedded operating system software; computer hardware and downloadable software for setting up and configuring wide area networks; computer hardware in the nature of buffer memory devices; computer hardware and downloadable software for database management; computer hardware and downloadable software for providing secure remote access to computer and communication networks; pattern recognition systems composed of computer chips; computer hardware and downloadable computer software; downloadable software, downloadable firmware and computer hardware for remote management, configuration, updating, automation, control and monitoring of devices connected to the Internet, and for the purpose of the collection, processing and management of data received from such devices; Computer hardware for network access servers; wide area network hardware; microchips being computer hardware; memory cards being computer hardware; USB (universal serial bus) hardware; local-area network (LAN) hardware; computer networking hardware; computer hardware; computer hardware and downloadable firmware for remote management, configuration, updating, automation, control and monitoring of devices connected to the Internet, and for the purpose of the collection, processing and management of data received from such devices; and computer hardware for telecommunication; computer platforms in the nature of recorded and downloadable software for remote management, configuration, updating, automation, control and monitoring of devices connected to the Internet, and for the purpose of the collection, processing and management of data received from such devices; downloadable digital image processing software; computer hardware and downloadable software for setting up and
configuring local area networks; downloadable computer operating software; downloadable software for creating searchable databases; downloadable software for remote management, configuration, updating, automation, control and monitoring of devices connected to the Internet, and for the purpose of the collection, processing and management of data received from such devices; downloadable computer software for global positioning systems (GPS); downloadable software for GPS navigation systems; downloadable navigational software for satellite navigation systems; downloadable software for use in the field of telecommunication for electronic transmission of documents and facsimile transmission; downloadable software for use in automating and managing business processes; downloadable privacy protection software for remote management, configuration, updating, automation, control and monitoring of devices connected to the Internet, and for the purpose of the collection, processing and management of data received from such devices; telecommunication apparatuses, namely, wired and wireless communication devices for voice, data or image transmission that ensure connection to databases and the Internet; downloadable software for synchronizing data between hand-held or portable computers and host computers; downloadable database management software; downloadable software for wireless network communication; downloadable software for diagnostics, troubleshooting, management, configuration, updating, automation, control and monitoring of devices connected to the Internet; and downloadable software for providing multiple-user access to a global computer information network; downloadable software and telecommunication apparatus, namely, modems to enable connection to databases, computer networks and the Internet; downloadable communication software used for connecting global computer networks, and for remote management, configuration, updating, automation, control and monitoring of devices connected to the Internet, and for the purpose of the collection, processing and management of data received from such devices; downloadable integrated software packages comprising of downloadable software for remote management, configuration, updating, automation, control and monitoring of devices connected to the Internet, and for the purpose of the collection, processing and management of data received from such devices; downloadable software for creating, facilitating and managing access to remote local and global networks, and communicate with such networks; software packages comprising of downloadable software for data processing; downloadable network operating software for network access servers; downloadable software for operating wide area networks (WAN); downloadable USB software drivers; downloadable communication software for providing access to the Internet; downloadable software for data storage automation; downloadable industrial process control software; downloadable software that assists computers in deploying parallel applications and performing parallel computations; downloadable software for administering local area networks; downloadable software for communicating with users of hand-held computers; downloadable database and application integration software; downloadable software and telecommunication apparatus, namely, modems to enable connection to databases, computer networks, global computer networks and the Internet; downloadable software and telecommunication apparatus, namely, modems to enable connection to databases and the Internet; downloadable application software for remote management, configuration, updating, automation, control and monitoring of devices connected to the Internet and including the collection, processing and management of data received from such devices; and downloadable software for remote management, configuration, updating, automation, control and monitoring of devices connected to the Internet, and for the purpose of the collection, processing and management of data received from such devices by commercial user; and; downloadable data search software, namely, downloadable software for creating a searchable database of data; downloadable software for wireless content delivery; downloadable software for encryption; downloadable software for controlling and managing access server applications; electronic testing apparatus for telecommunications, namely, telecommunication line integrity testing apparatus; data communication apparatus and instruments, namely, wireless communication devices for voice, data or image transmission; antennas for telecommunication networks; electric
communication machines and instruments, namely, computer routers and network switches; electric telecommunication apparatus, namely, electric telecommunication receivers; antennas for wireless communication apparatus; downloadable computer software platforms for remote management, configuration, updating, automation, control and monitoring of devices connected to the Internet, and for the purpose of the collection, processing and management of data received from such devices.

**International Classes**

9 - Primary Classes

21, 23, 26, 36, 38

**International Class Title** Electrical and Scientific Apparatus

**For** Testing of computer hardware and software; technological research in the field of computer hardware; computer hardware testing, and scientific and technological services as well as research and design services relating thereto; industrial analysis and research services in the field of Internet connected devices the internet of things (IoT); design and development of computers and software; design and development of computer software and hardware for the production, recording and processing of digital and analog signals; design and development of computer software and hardware for processing and distribution of multimedia contents; design and development of computer software and hardware for processing digital signals; design and development of computer hardware and software for compression and decompression of multimedia contents; design and development of computer hardware and software for audio and video system operators; design and development of computer hardware for use in manufacture; design and development of computer hardware; design of computer hardware and software for commercial analysis and reporting; design and writing of computer software; design and development of computer software and hardware for signal amplification and transmission; software development in the context of software editing in the field of Internet connected devices the internet of things (IoT); software as a service (SaaS) services featuring software for remote management, configuration, updating, automation, control and monitoring of devices connected to the Internet and including the collection, processing and management of data received from such devices; creation, maintenance and updating of software; design and updating of software; writing and updating of software; advice and services provided by consultants relating to software for the development, design, maintenance, troubleshooting of software problems in the field of Internet connected devices the internet of things (IoT); technical support services, namely, troubleshooting of software problems; maintenance of software for Internet access; installation, maintenance and repair of software for computer systems; maintenance of software relating to computer security and computer risk prevention; development and maintenance of software; development and maintenance of computer database software; testing services for computer hardware and software used with alarm and surveillance systems; design and development of software computer architecture; services provided by consultants relating to software program design and development; services provided by consultants relating to computer hardware and software architecture design and development; maintenance and updating of software for communication systems; services provided by consultants relating to design, development and use of computer hardware and software; services provided by consultants relating to software design and development for communication systems; design and development of energy management software for others; programming of energy management computer software for others; design and development of data reading, transmission and organization software for others; design and development of software for evaluation and calculation of data for others; programming of software for others for Internet platforms; programming of telecommunication software for others; programming of data calculation and evaluation software for others; development and updating of computer software; design, installation, updating and maintenance of computer software; software engineering services for data processing programs; provision of information in the field of software design; provision of information in the field of software development; configuration, installation, fault diagnosis, repair, upgrading and...
maintenance of software; diagnosis of computer software problems; configuration of computer software; design, programming and maintenance of computer software; design, maintenance and updating of computer software; maintenance and repair of computer software; services provided by consultants relating to software design, programming and maintenance; consultancy and information services relating to the design, programming and maintenance of software; consultancy and information services relating to software maintenance; services provided by consultants and information services relating to software design; design and development of navigation systems and route planning software; design and development of route planning computer software; design and development of computer software for process control; computer hardware and software testing services; services provided by consultants in the field of design and development of security software; design, development, maintenance and updating of software; design, updating and rental of software; design, development, maintenance and updating of process control software; design, development, maintenance and updating of data processing software; services provided by consultants in the field of software design; design and development of software for importing and managing data; provision of temporary use of online non-downloadable software for importing and managing data; services provided by consultants relating to software design; design, development, maintenance and updating of software; design and development of software for supply chain management; design and development of software for logistics; development of software for logistics, e-commerce portal and supply chain management; programming of operating software for computer networks and servers; design and development of operating software for computer servers and networks; technical support services relating to software, namely, troubleshooting of computer software problems; design, development and programming of software for others; programming of software for database management; design and development of software for database management; design and development of electronic database software; services provided by technical consultants relating to software installation and maintenance; programming of operating software for accessing and using a cloud computing network; design and development of operating software used for accessing and using a cloud computing network; development of software for use with computer-controlled switching systems; development of software for use with programmable controllers; design and development of computer hardware and software for industrial applications; technical consultancy services relating to the application and use of software; installation, maintenance, updating and upgrading of software; upgrading and maintenance of software; provision of information concerning design and development of computer software, networks and systems; software customization services; customized design of computer hardware and software; hosting of software applications for others; installation, maintenance and repair of software; development of software application solutions; computer software consultancy; computer software installation; research relating to the development of computer programs and software; maintenance of computer software; design of computer hardware, software and computer peripherals; technical consultancy relating to the design of computer hardware, software and computer peripherals; computer programming and software design; development and testing of software, algorithms and computing methods for generating data relating to telecommunications and navigation; development and testing of computing methods, algorithms and software; technical research in the field of software; design of computer hardware and software; updating of computer software; writing of computer software; software development and design for others; software development services for others; programming of electronic data processing (EDP) software for others; configuration of computer networks using software; configuration of computer hardware by means of software; provision of advice and information services relating to software pertaining to the field of remote management, configuration, updating, automation, control and monitoring of devices in the field of Internet connected devices the internet of things (IoT); technical research, development, design and upgrading of software; technical research and development services
relating to computer hardware and software; technical research in the field of computer hardware and software; services provided by consultants and research relating to software design and development; software engineering services; software repair services; testing of software for others; installation and maintenance of software; hosting of software for library management; maintenance of database software; installation of database software; installation and maintenance of database software; upgrading of software; IT platform as a service (PaaS) featuring computer software platforms for remote management, configuration, updating, automation, control and monitoring of devices in the field of Internet connected devices the internet of things (IoT); programming of software for information platforms on the Internet for others; development of computer platforms; hosting of platforms on the for remote management, configuration, updating, automation, control and monitoring of devices in the field of Internet connected devices the internet of things (IoT); cloud computing featuring software for remote management, configuration, updating, automation, control and monitoring of devices in the field of Internet connected devices the internet of things (IoT); consultancy in the field of cloud computing networks and applications; provision of temporary use of on-line non-downloadable operating software for accessing and using a cloud computer network; data encryption services; conversion of computer programs and data, other than physical conversion; design and development of computer hardware and software for the conversion of data and multimedia content from and to different protocols; services provided by consultants relating to data security; design and development of electronic data security systems; provision of information and data relating to scientific and technological research and development for the remote management, configuration, updating, automation, control and monitoring of devices in the field of Internet connected devices the internet of things (IoT); off-site data backup; data migration services; data decoding and encryption services; writing of data processing programs; design and development of data extraction systems; creation and development of computer programs for data processing; development of data storage systems; development of data transmission systems; web hosting of computerized data, files, applications and for the remote management, configuration, updating, automation, control and monitoring of devices in the field of Internet connected devices the internet of things (IoT); electronic data back-up services; design, development, maintenance and updating of word processing, data processing and process control software; services provided by consultants relating to computer data recovery; programming of software for importing and managing data; design and development of wireless data transmission apparatus, instruments and equipment; design and development of wireless data transmission apparatus; design and development of data storage systems; design and development of data displaying systems; design and development of data processing systems; design and development of data entry systems; analysis of technical data; testing, analysis and monitoring of system algorithms for generating telecommunications and navigation data; creation of data processing programs; development of algorithms and computing methods for producing data relating to telecommunications and navigation; computer programming services for electronic data security; providing online non-downloadable software used in database management; computer programming services for data storage; installation, maintenance and updating of database software; design of telecommunication apparatus and equipment; telecommunication technology consultancy services; technical design and planning of telecommunication networks; technical design and planning of telecommunication equipment; technical research in the field of telecommunication technology; telecommunications engineering; consultancy in the field of telecommunication engineering; engineering services in the field of communication technology; design and planning services relating to telecommunication equipment; design and development of information and communication technology; testing, analysis and monitoring of system algorithms for generating telecommunications and navigation data; consultancy services relating to the design and development of communications and information technology; technical
research in the field of communication technology; testing, analysis and monitoring of telecommunication and navigation signals; monitoring of telecommunication signals; analysis of telecommunication signals; testing of telecommunication signals

GOODS AND SERVICES INFORMATION
For  Machine tools and industrial robots for processing and shaping wood, metals, glass, plastics and minerals; lifting, loading and transmission machines and robotic machines for lifting, loading and transmission of spare parts of small domestic appliances; machines and robotic machines for use in agriculture and animal breeding; machines and robotic machines for processing cereals, fruits, vegetables and food; engines and motors other than for land vehicles, parts and fittings therefor; parts of land vehicle motors and engines, included in this class, namely, air filters; bearings as parts of machines; roller or ball bearings for small domestic appliances; machines for mounting and detaching tires; alternators; current generators; electric generators; current generators operated with solar energy; painting machines; automatic spray guns for paint; electric punching machines and guns; electric adhesive tape dispensers; electric guns for compressed gas or liquid spraying machines, namely, compressed air guns for extrusion of mastics, paint spray guns; electric hand drills, electric hand saws; electric jigsaw machines; compressed air machines; electric compressors for machines; vehicle washing installations; robotic machines for preparing food; electric welding machines; electric arc welding apparatus; electric soldering apparatus; electric arc cutting apparatus; electrodes for welding machines; industrial robots for preparing food; printing machines; packaging machines; filling, plugging and sealing machines; labelers, namely, automatic industrial labeling machines for applying labels to containers; sorting machines for rice grain; electric packing machines for plugging and sealing of plastics; machines for textile processing; sewing machines; electric pumps; fuel dispensing pumps for service stations; self-regulating fuel pumps for land vehicles; electric kitchen machines for chopping, grinding, crushing, mixing and mincing foodstuff; washing machines for clothes; laundry washing machines; dishwashers; spin driers, not heated; electric cleaning machines for cleaning floors, carpets or floorings; vacuum cleaners and parts thereof; automatic vending machines; galvanizing and electroplating machines; electrical or electronic door openers and closers

8188
**International Classes**  7 - Primary Classes **US Classes**  13, 19, 21, 23, 31, 34, 35 **International Class Title**  
Machinery  
*For*  Lighting installations; lights for vehicles and interior-exterior vehicle spaces; heating and steam generating installations;  
stoves for heating purposes using solid, liquid or gas fuels; electric stoves for heating purposes; kitchen stoves for cooking;  
installations for air-conditioning and ventilating; cooling installations, namely, refrigerators; freezers; electric and gas-powered  
devices, installations and apparatus for cooking, drying and boiling, namely, cooktops, ovens, hubs; electric laundry driers;  
hair driers; touchless hand drying apparatus; sanitary installations in the nature of food sanitizer steam rooms; taps being  
faucets; shower installations in the nature of shower enclosures, shower doors, shower heads; toilets; shower and bathing  
cubicles; bath tubs; sinks; wash-hand basins being parts of sanitary installations; valves being parts for sanitary installations;  
water softening apparatus; water purification apparatus; water purification installations; waste water purification installations;  
electric bed warmers and electric blankets, not for medical use; electric pillow warmers; electric or non-electric footwarmers in  
the nature of foot muff; hot water bottles; filters for aquariums and aquarium filtration apparatus; industrial type installations  
in the nature of electric cooking stoves and ovens, for cooking, drying and cooling purposes; pasteurizers and sterilizers for use  
in the food and beverage industry  

**International Classes**  11 - Primary Classes **US Classes**  13, 21, 23, 31, 34 **International Class Title**  
Environmental Control Apparatus  
*For*  Measurement apparatus, equipment and indicators including those for scientific and laboratory use, for measuring  
kitchen scales; laboratory equipment and apparatus, namely, thermometers; apparatus for recording, transmission or  
reproduction of sound or images; data processing apparatus; telecommunication apparatus in the nature of transmitting sets;  
sound or image reproducing apparatus; computer peripheral devices; recorded magnetic and optical data carriers; recorded  
computer software and programmes for database management in fields of e-books and e-magazines; downloadable and  
recordable electronic publications in the nature of e-magazines and e-books in the field of healthy living; encoded magnetic  
and optic cards, namely, magnetically encoded gift cards and debit cards; antennas; satellite antennas; amplifiers for antennas;  
parts of the aforementioned goods, namely, antennas, satellite antennas, amplifiers for antennas; electronic parking lot ticket  
dispensers; automatic teller machines (ATM); electronic components used in the electronic parts of machines and apparatus;  
measuring apparatus in the nature of counters and quantity indicators for measuring the quantity of consumption; automatic  
time switches; clothing for protection against accidents, irradiation and fire; reflective safety vests and life-saving apparatus  
and equipment in the nature of rafts and capsules for natural disasters; eyeglasses; sunglasses; optical lenses and cases,  
containers, parts and components thereof; apparatus and instruments for conducting, transforming, accumulating or controlling  
electricity; electric cables and electrical power supplies; batteries; electric accumulators; alarm sensors and anti-theft alarms,  
other than for vehicles; electric alarm bells; signalling apparatus and instruments in the nature of buoys and whistles; luminous  
or mechanical signs for traffic use; fire extinguishing apparatus; fire engines; fire hose and fire hose nozzles; radar apparatus,  
sonars, night vision apparatus and instruments in the nature of night vision goggles, night sensors, night cameras, and  
monzors; decorative magnets  

**International Classes**  9 - Primary Classes **US Classes**  21, 23, 26, 36, 38 **International Class Title**  
Electrical and Scientific Apparatus
For Forks being tableware; spoons being tableware; knives being tableware and non-electric cutters for vegetables and fruit; slicers for vegetables and fruit; peelers for kitchen use, namely, for vegetables and fruit, including those made of precious metals; side arms and blades, not including firearms, namely, hunting knives (weapons); tools and apparatus included in this class for personal beauty care use, namely, hand-operated hand tools and apparatus for shaving, epilation, manicure and pedicure, electric hand implements for straightening and curling hair, namely, hair straighteners and hair curling irons; scissors; hand-operated hand tools included in this class for the repair of machines, apparatus and vehicles and for use in construction, agriculture, horticultural and forestry, none of them being power tools, namely, compressors; electric or non-electric irons; steam irons

- **Mark Type**: Service Mark
- **Publication Date**: Sep. 29, 2020

**MARK INFORMATION**
- **Standard Character Claim**: No
- **Mark Drawing Type**: 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S)
- **Description of the Mark**: The mark consists of the design of a circle. Inside the circle is the design of a leaf. Also in the circle is the design of part of a cogwheel. In the middle of the circle is the word "BAR" next to a stylized line pointed toward the cogwheel. The numbers "0", "4", "8", and "12" are on the interior side of the cogwheel. To the right of the designs is the stylized wording "LEANcompacting Air-powered efficiency". The color black appears in the wording "LEANcompacting" and "efficiency". The wording "Air-powered" is blue. The circle has three borders with the outermost border of the circle being a mixture of blue and green. The middle border is white, and the innermost border is grey. The leaf design is green, except that the veins of the leaf are white. "BAR" and the line design next to it are black. The cogwheel and numbers in the mark are grey. The background of the circle design is white. The remainder of the white in the drawing represents background areas only and is not part of the mark. **Color Drawing**: Yes
- **Color Claimed**: The color(s) white, green, blue, grey and black is/are claimed as a feature of the mark.
- **Disclaimer**: "LEAN COMPACTING"
