journals or diaries in the field of location-based data, business and organisational information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement and public engagement; arranging and conducting of educational conferences in the field of location-based data, business and organisational information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement and public engagement; providing on-line non-downloadable electronic publications, in the field of location-based data, business and organisational information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement and public engagement; providing on-line non-downloadable videos, in the field of location-based data, business and organisational information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement and public engagement; publication of texts, other than publicity texts; writing of texts; provision of information, advisory and consultancy services in relation to the field of location-based data, business and organisational information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement and public engagement; all of the foregoing services including but not limited to the provision of such services electronically, by means of computers, software, computer networks or the Internet (including via online) in the field of location-based data, business and organisational information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement and public engagement; all of the foregoing services including but not limited to the provision of such services electronically, by means of computers, software, computer networks or the Internet (including via online) in the field of location-based data, business and organisational information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement and public engagement; all of the foregoing services including but not limited to the provision of such services electronically, by means of computers, software, computer networks or the Internet (including via online) in the field of location-based data, business and organisational information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement and public engagement; all of the foregoing services including but not limited to the provision of such services electronically, by means of computers, software, computer networks or the Internet (including via online) in the field of location-based data, business and organisational information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement and public engagement; all of the foregoing services including but not limited to the provision of such services electronically, by means of computers, software, computer networks or the Internet (including via online) in the field of location-based data, business and organisational information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement and public engagement; all of the foregoing services including but not limited to the provision of such services electronically, by means of computers, software, computer networks or the Internet (including via online) in the field of location-based data, business and organisational information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement and public engagement.
geography services, products and solutions, including those that use spatial data, satellite and aerial data, business information,
data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing,
Internet of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and
end user engagement and public engagement; systemisation of information into databases; updating and maintaining data in
databases; collection of data namely location-based data, business and organisational information and digital geography
services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data
visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet
of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user
engagement and public engagement; collation of data namely location-based data, business and organisational information and
digital geography services, products and solutions, including those that use spatial data, satellite and aerial data, business
information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence,
remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset management data,
environmental data, and end user engagement and public engagement data; collation of data in the field of location-based data,
business and organisational information and digital geography services, products and solutions, including those that use spatial
data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial
information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware,
analytics, asset management data, environmental data, and end user engagement and public engagement data for others;
compilation of business data in the field of location-based data, business and organisational information and digital geography
services, products and solutions, including those that use spatial data, satellite and aerial data, business information, data
visualisation, logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet
of Things, field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user
engagement and public engagement; compilation of business data for others in the field of location-based data, business and
organisational information and digital geography services, products and solutions, including those that use spatial data, satellite
and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems,
artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware, analytics, asset
management data, environmental data, and end user engagement and public engagement; compilation and exploitation of
statistical data in the field of location-based data, business and organisational information and digital geography services,
products and solutions, including those that use spatial data, satellite and aerial data, business information, data visualisation,
logistics, geographical, geospatial and spatial information systems, artificial intelligence, remote sensing, Internet of Things,
field collection data, hardware and firmware, analytics, asset management data, environmental data, and end user engagement
and public engagement; computerised database management namely the collation and processing of location-based data,
business and organisational information and digital geography services, products and solutions, including those that use spatial
data, satellite and aerial data, business information, data visualisation, logistics, geographical, geospatial and spatial
information systems, artificial intelligence, remote sensing, Internet of Things, field collection data, hardware and firmware,
analytics, asset management data, environmental data, and end user engagement and public engagement; business data
analysis; provision of business data; online data processing services namely location-based data, business and organisational
information and digital geography services, products and solutions, including those that use spatial data, satellite and aerial
data, business information, data visualisation, logistics, geographical, geospatial and spatial information systems, artificial

For Absorbent sheets of paper or plastic for foodstuff packaging; addressing machines; address plates for addressing machines; address stamps; adhesive bands for stationery or household purposes; adhesives, namely, gums for stationery or household purposes; adhesive tape dispensers; adhesive tapes for stationery or household purposes; printed advertisement boards of paper or cardboard; scrapbooks; almanacs; animation cels; announcement cards; apparatus for mounting photographs; aquarelles; watercolour paintings; artists' watercolour saucers; atlases; baggage claim check tags of paper; bags for microwave cooking; bags in the nature of envelopes and pouches of paper or plastics, for packaging; balls for ball-point pens; blank forms in the nature of banknotes; banners of paper; barcode ribbons; bibs, sleeved, of paper; bibs of paper; binding strips for bookbinding; teaching materials in the nature of biological samples for use in microscopy; blackboards; blotters; blueprints; plans, namely, printed plans, architectural plans, plans for building construction, and plans for business development; bookbinding apparatus and machines for office use; bookbinding cloth; cloth for bookbinding; bookbinding material; bookends; booklets in the field of refining, transporting and mining of oil and fuel; bookmarks; bottle envelopes of paper or cardboard; bottle wrappers of paper or cardboard; boxes of paper or cardboard; bunting of paper; desktop cabinets for stationery being office requisites; calendars; canvas for painting; carbon paper; cardboard; cardboard tubes; cards, namely, note cards, flash cards and greeting cards; charts, namely, printed charts for displaying data, score charts for displaying data, printed flip charts; stamp cases; catalogues in the field of refining, transporting and mining of oil and fuel; chalk for lithography; chalk holders; charcoal pencils; chart pointers, non-electronic; chromolithographs; chromos; cigar bands; clipboards; clips for name badge holders; coasters of paper; comic books; compasses for drawing; composing frames for movable type; composing sticks for typesetting; conical paper bags; copying paper; cords for bookbinding; bookbinding cords; correcting fluids for type; correcting ink for heliography; correcting tapes; covers of paper for flower pots; flower-pot covers of paper; covers, namely, notebook covers, book covers, document covers; wrappers, namely, wrappers for coins; paper containers for cream; credit card imprinters, non-electronic; dental tray covers of paper; desk mats; diagrams for building.
computer circuits; document files; document holders; document laminators for office use; drawer liners of paper, perfumed or not; drawing boards; drawing instruments; drawing materials, namely, drawing ink, drawing tablets, drawing pens, drawing T-squares; drawing pads; drawing pens; drawing pins; thumbtacks; drawing rulers; drawing sets comprising drawing pens and drawing pads; duplicators, namely, rotary duplicators, duplicating machines; elastic bands for offices; electrocardiograph paper; electrotypes; embroidery design patterns; engraving plates; engravings, namely, print engravings, photo-engravings; envelope sealing machines for offices; envelopes; erasing products, namely, chalk erasers, ink erasers, blackboard erasers; erasing shields; etching needles; etchings; fabrics for bookbinding; face towels of paper; figurines of papier mâché; statuettes of papier mâché; document files; filter paper; fingerstalls being office requisites; flags of paper; flyers; folders for papers; jackets for papers; forms, printed; fountain pens; franking machines for office use; postage meters for office use; french curves; printers' galley racks; garbage bags of paper or of plastics; geographical maps; glitter for stationery purposes; glue for stationery or household purposes; pastes for stationery or household purposes; gluten-based glue for stationery or household purposes; graining combs; graphic prints; graphic representations; graphic art reproductions; greeting cards; gummed cloth for stationery purposes; gummed tape for stationery; gums for stationery or household purposes, namely, gum Arabic glue; hand rests for painters; handkerchiefs of paper; hand-held labelling devices; printed handwriting specimen worksheets for copying; hat boxes of cardboard; hectographs; histological sections for teaching purposes; holders for cheque books; holders for checkbooks; holders for stamps, namely, sleeves for holding and protecting stamps; house painters' rollers; humidity control sheets of paper or plastic for foodstuff packaging; index cards; indexes, namely, telephone indexes, index dividers; Indian inks; ink, namely, writing ink, duplicating ink, stamp ink; inking pads; inking ribbons; inking sheets for document reproducing machines; inking sheets for duplicating machines; inkingstands; ink sticks; ink stones being ink reservoirs; inkwells; isinglass adhesives for stationery or household purposes; labels of paper or cardboard; ledgers; letter trays; lithographic stones; lithographic works of art; lithographs; loose-leaf binders; ring binders; luminous paper; magazines in the field of refining, transporting and mining of oil and fuel; manifold paper; manuals in the field of refining, transporting and mining of oil and fuel; handbooks in the field of refining, transporting and mining of oil and fuel; handbooks in the field of refining, transporting and mining of oil and fuel; handbook in the field of refining, transporting and mining of oil and fuel; marking chalk; marking pens; paper place mats for beer glasses; mimeograph apparatus and machines; modelling clay; modelling materials, namely, modelling clay, modelling compounds; modelling paste; modelling wax, not for dental purposes; moisteners in the nature of hand-held devices for wetting gummed; finger moisteners; molds for modelling clays; moulds for modelling clays; money clips; musical greeting cards; name badge holders; name badges; newsletters about refining, transporting and mining of oil and fuel; newspapers; pen nibs; pen nibs of gold; note books; numbering apparatus; numbers in the nature of printers' type; obliterating stamps; office perforators; office requisites, except furniture, namely, electric paper hole punches being office requisites and parts therefor, namely, boring bits, protection plates, and grinders; pencil sharpeners; oleographs; packaging material made of starch-based materials in the nature of a paper substitute for food, beverages and consumer products; packing materials of paper or cardboard for cushioning and stuffing; pads, namely, note pads, memo ads, legal pads; page holders; paint boxes for use in schools; paintbrushes; painters' brushes; painters' easels; paintings, framed or unframed; paint trays; palettes for painters; pamphlets in the field of refining, transporting and mining of oil and fuel; pantographs being drawing instruments; paper; paper-clips; paper bags for use in the sterilization of medical instruments; paper bags for use in the sterilisation of medical instruments; paper bows, other than haberdashery or hair decorations; paper clasps in the nature of paper clips, binder clips; paper coffee filters; paper creasers in the nature of paper creasing machines for office work; paper cutters for office use; paper for medical examination tables; paper for radiograms; paper for recording machines; hand-held paper knives in the nature of letter openers; paper ribbons, other than haberdashery or hair decorations; papers for painting and calligraphy; paper sheets
being stationery; paper shredders for office use; paper tapes and cards for the recordal of computer programmes; paperweights; paper wipes for cleaning; papier mâché; parchment paper; passport holders; pastels; pen cases; boxes for pens; pencil holders; pencil lead holders; pencil leads; pencils; pencil sharpeners, electric or non-electric; pencil sharpening machines, electric or non-electric; pen clips; penholders; pens; pen wipers; perforated cards for jacquard looms; printed periodicals in the field of refining, transporting and mining of oil and fuel; photo-engravings; photograph stands; photographs; pictures; placards of paper or cardboard; place mats of paper; plastic bags for pet waste disposal; plastic bubble packs for wrapping or packaging; plastic cling film, extensible, for palletization; plastic film for wrapping; modelling compounds of plastic; polymer modelling clay; portraits; postage stamps; postcards; posters; printed coupons; printed matter, namely, newsletters in the field of marine fueling; printed publications, namely, brochures, booklets, and teaching materials in the field of refining, transporting and mining of oil and fuel; paper hole punches; retractable reels for name badge holders; rice paper; rollers for typewriters; rubber erasers; school supplies, namely, pencils, pencils, notebooks; scrapers in the nature of erasers for offices; sealing compounds for stationery purposes; sealing machines for offices; sealing stamps; sealing wafers of wax; sealing wax; self-adhesive tapes for stationery or household purposes; printed sewing patterns; sheets of reclaimed cellulose for wrapping; shields, namely, paper closures for sealing containers, paper seals for offices; signboards of paper or cardboard; silver paper; slate pencils; song books; spools for inking ribbons; spray chalk; square rulers for drawing; drawing squares; stamp pads; stamp stands; sealing stamps; stands for pens and pencils; staples for offices; paper, binder clips for offices; stapling presses; starch for stationery or household purposes; stationery; steatite tailor's chalk; printer's type in the nature of steel letters; steel pens; stencil cases; stencil plates; stencils; stencils for decorating food and beverages; stickers; stuffing of paper or cardboard; padding materials of paper or cardboard; drawing T-squares; tablecloths of paper; table linen of paper; tablemats of paper; table napkins of paper; table runners of paper; tags for index cards; tailors' chalk; printed teaching materials in the field of fueling, refining, transporting and mining of oil and fuel; terrestrial globes; tickets, namely, printed tickets, price tickets, entry tickets; tissues of paper for removing make-up; toilet paper; hygienic paper; towels of paper; tracing cloth; tracing needles for drawing purposes; tracing paper; tracing patterns in the nature of printed sewing patterns; trading cards, other than for games; transfers in the nature of decalcomanias; decalcomanias; transparencies, namely, paper transparencies, plastic transparencies; trays for sorting and counting money; typewriter keys; typewriter ribbons; typewriters, electric or non-electric; printers' type in the nature of numerals and letters; printers' type in the nature of letters; vignetting apparatus, namely, photographic croppers; viscose sheets for wrapping; washi; waxed paper; wood pulp board for stationery purposes; wood pulp paper; wrapping paper; packaging paper; wristbands for the retention of writing instruments; writing board erasers; writing brushes; writing sets in the nature of stationery cases for pencils, pens, stationery; writing cases in the nature of stationery cases for pencils, pens, stationery; writing chalk; writing instruments; writing materials, namely, pens, pencils, writing pads; writing or drawing books; writing paper; writing slates

Electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors, in particular plug-in connectors, including round connectors and right-angle connectors; pin and socket connectors, including connectors in modular form, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; multiple connectors, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; devices for electric, electronic, electromagnetic or optical connection and networking, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; safety contact plugs; sockets adapted for electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; electric conductors; electrical controllers; connectors for electronic circuits; connection systems comprised of electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors, electric contacts and electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic cable assemblies; electric panel connectors; couplings, namely, electric couplings, fiber optic couplings and electropneumática couplings; connections and joints, electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic jacks, electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connecting cords and connecting panels; electric splice connectors; connection units comprising electrical, electronic, electromagnetic, optical, fiber-optic, optoelectronic, coaxial, triaxial, electropneumática, electrohydraulic and electrofluidic connectors, also combined with fluid conduits, including in modular form; hybrid connectors and connector systems, including in modular form, namely electric, electrical, electromagnetic, optical, fiber-optic and optoelectronic connectors; customized electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connection solutions, namely electric, electrical, electromagnetic, optical, fiber-optic and optoelectronic connectors; connector solutions for factory automation, namely connection systems comprising electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connector solutions for vision systems, namely connection systems comprising electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; electronic connectors and interface equipment for connecting test and testing equipment; modular and scalable connector solutions as parts of testing and quality control devices, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; adapters for electric, electronic, electromagnetic, optical, fiber-optic and/or opto-electronic connection and networking, including adapters for fluid conduits, including in modular form; electric, electronic, electromagnetic, optical, fiber-optic and opto-electronic, coaxial, triaxial, signal, high-voltage or low-voltage transmissions, also in combination with fluid conduits, including in modular form, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; housings for electrical, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors for measuring, counting, alignment and calibrating instruments; serial and parallel computer ports, electrical, electronic, electromagnetic, optical, fiber-optic and optoelectronic ports, connection units and cable connectors for measuring, counting, alignment and calibrating apparatuses, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic
connectors; connections specially adapted for scientific, nautical, surveying, research and educational apparatus, instruments and simulators, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connections specially adapted for laboratory apparatus and instruments, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connections specially adapted for laboratory robots, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connections specially adapted for scientific and laboratory devices for treatment using electricity; cable connectors; components of wiring systems, in particular bars for multiple connections, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors and electrical terminal blocks; threaded cable connectors of metal; electrochemical systems, included in this class, namely, high power electrical connectors and cables, high power contactors for battery switching and control, circuit protection devices, power distribution units and replacement parts; connectors and connection systems comprised of electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors and cables; multiple connectors for circuit board assemblies; multiple plug-in connectors, including in modular form; computer interfaces for data processing and data processing apparatus and machines; attachment plugs; electrical plug device enabling connection and disconnection of power and/or control cables; electrical processing equipment, namely, connectors between wires and boards, boards and boards, cables and boards and cables and cables; headers for the connection of printed circuit boards to other printed circuit boards; connectors for printed circuit boards; connectors to printed circuit boards; printed circuit board terminations; connections specially adapted for weighing, measuring and teaching apparatus and instruments, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connections specially adapted for apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely electric and electronic connectors; connections specially adapted for use in information technology and audio-visual, multimedia and photographic devices, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; signal cables for it, av and telecommunication; coaxial cable connectors, data cables, apparatus for transmission of data; connections specially adapted for magnets, magnetizers and demagnetizers, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors and electric and magnetic contacts; connections specially adapted for optical devices, enhancers and correctors, namely, electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connections specially adapted for safety, security, checking supervision, life-saving and signalling devices, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connections specially adapted for diving equipment, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connections specially adapted for navigation, tracking, targeting and map making devices, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connections specially adapted for surveying apparatus and instruments, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connectors, plugs and sockets specially adapted for use in access control devices, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors, plugs and sockets; access interfaces being power access ports for use with electrical control panels for connecting multiple data and electrical devices and data access ports for use with electrical control panels for connecting multiple data and electrical devices; connectors, plugs and sockets specially adapted for use in alarms and warning equipment, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors, plugs and sockets; connections specially adapted for digital recording media, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connections specially adapted for cash registers and calculating machines, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connections specially adapted for fire-extinguishing apparatus, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors;
connections specially adapted for robots, including humanoid robots with artificial intelligence, laboratory robots, industrial robots, monitoring robots, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors; connectors, plugs and sockets, specially adapted for use in networking devices, namely electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors, plugs and sockets; replacement parts for the foregoing

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

*For* Insulating connection elements, primarily of plastic, for use in couplings, contacts, connections, interfaces, connector sockets, sockets, plugs and other contacts, bushings, electrical connectors and other devices for connection and networking; couplings and joints, not of metal, for use with industrial hoses; couplings and joints, not of metal for use with hoses for connecting pipes, hydraulic and pneumatic systems; couplings and joints, not of metal, for use with hoses for transmission of cooling fluids, protective gases, fuels, lubricants, sterilizing agents and for generating vacuums; insulating coverings for connections; insulating coverings for test and measuring equipment; replacement parts for the aforesaid goods

**International Classes** 17 - Primary Classes **US Classes** 1, 5, 12, 13, 35, 50 **International Class Title** Rubber Goods

*For* Replacement parts for electric and non-electric hand implements for personal grooming and body art, for example, razors, implements for hair curling, tattooing, and for manicure and pedicure in the nature of connectors, plugs and sockets; replacement parts in the nature of connectors, plugs and sockets specially adapted for electric and non-electric lifting tools, namely manual hoists, manually-operated winches and hand operated lifting jacks; electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connections specially adapted for use in hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance; electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connectors, plugs and sockets especially adapted for hygienic and cosmetic apparatuses; electric connectors, plugs and sockets specially adapted for electric hand implements for personal grooming and body art, for example, razors, implements for hair curling, tattooing, and for manicure and pedicure; electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connections specially adapted for electric and non-electric food preparation implements, kitchen knives and cutting implements; electric, electronic, electromagnetic, optical, fiber-optic and optoelectronic connections especially adapted for electric and non-electric lifting tools, namely manual hoists, manually-operated winches and hand operated lifting jacks

**International Classes** 8 - Primary Classes **US Classes** 23, 28, 44 **International Class Title** Hand Tools

*For* Spring connectors of metal, non-electric, namely, structural joint connectors; plugs, mainly made of metal; metal couplings for use with industrial metal hoses; metal couplings for use with hoses for connecting pipes, hydraulic and pneumatic systems; metal couplings for use with hoses for transmission of cooling fluids, protective gases, fuels, lubricants, sterilizing agents and for generating vacuums; connector components of metal being contact metal connectors, latching connectors, locking connectors and threaded metal connectors for couplings, connectors, interfaces, plugs, sockets, connector jacks, plug-in connectors and other devices for connecting and networking; contact sleeves of metal being cable junction sleeves of metal; replacement parts and replacement fittings for the foregoing

For Custom wall mounts for television screens; antenna electronic cables for heavy current; adapter cables for headphones; connection cables; electronic display interfaces, namely, display devices relating to augmented reality for attachment to the head; acoustic camera surface wave filters; custom phone covers; apparatus and instruments for the conversion of electric current; battery chargers for use with cellular phones in vehicles; connecting electric cables; apparatus for sound synchronization, namely, digital music system that synchronizes digital music files stored on a home unit and a car unit; apparatus for image processing; apparatus and instruments for regulating the use of electricity, namely, voltage regulators for electric power; downloadable application software for processing images, graphics and text; apparatus and instruments for conducting energy, namely, fibers for conducting electrical charges and static electrical charges; hardware, namely, adapters for wireless local area network (WLAN) accesses; proximity sensors; stands specifically adapted for housing video equipment; apparatus and instruments for controlling the use of electricity, namely, electric control panels; customized bags for computers; apparatus and instruments for the regulation of energy, namely, voltage regulators for electric power; analog-to-digital converters; apparatus and instruments for storing electricity current; adapted storage containers for CDs; consoles for controlling the distribution of electricity; apparatus and instruments for transforming the use of electricity; junction boxes for electricity; connection boxes for telephone wires; apparatus and instruments for regulating electricity; electronic apparatus, namely, plasma display panels, television receivers for film and video; electronic filters for antennas; antennas; customized stands for housing audio equipment, namely, for audio recorders; anti-reflection filters for computer monitors; apparatus and instruments for accumulating and storing electricity; power converters, inverters, and chargers for audio equipment for use in motor vehicles; indicator lights for telecommunications equipment; apparatus and instruments for converting the distribution of electricity; custom loudspeaker mounts; temperature indicators; apparatus and instruments for storing electric current; storage...
boxes specifically adapted for audio cassettes; apparatus for data transmission; apparatus and instruments for regulating the distribution of electricity; adapter plugs; customized laptop holders; electronic phone adapters for connecting telephones to hearing aids; acoustic couplers; acoustic membranes for use in sound recording or reproducing apparatus; apparatus for the distribution of electricity; analog electrical circuits; anticathodes; computers being artificial intelligence apparatus; converters for electric plugs; holders specifically adapted for cellular phones; apparatus and instruments for converting and inverting energy; downloadable and recorded software for designing adaptive solutions that improve usability of technology for disabled persons; antenna sockets; AC/DC power supplies; analog to digital converters; downloadable software for creating digital animations; indicator lights for switchboards; analog sound electroacoustic transducers; stands specifically adapted for housing amplifiers; portable audio players for sound and image carriers; apparatus and instruments for conducting electricity; apparatus and instruments for playing records, namely, record players; covers for portable audio players; junction boxes for electrical engineering; electronic connecting parts for electric cables; acoustic meters; connections for telecommunications apparatus, namely, electrical cables and fuses; antenna cables; application-specific integrated circuits; apparatus and instruments for storing the distribution of electricity; digital audio tape players; analog signal processors; adapted bags for carrying video equipment; car stereos; equalizers being audio apparatus; electrical capacitors; document printers for computers; cases for digital audio MP3 players; blank computer discs; double-layer capacitors; DVDs featuring recorded films; digital recordings of movies on DVDs; audio equipment for the car, namely, loud speakers for automotive audio systems; downloadable computer software for composing music; choking coils for use in electrical apparatus; electro-acoustic transducers; downloadable digital music from the internet; electrical circuits and circuit boards; car telephone systems; apparatus for recording images, namely, cameras; blank audio cassettes; ethernet transceivers; digital audio media servers; blank audio CDs; blank digital audio tapes; computer hardware for telecommunications, namely, base station controllers (BSC) for telecommunications; computer hardware for telecommunications, namely, electric apparatus for commutation; audio receivers; image display apparatus, namely, computer screens; docking stations for cellular phones; audiovisual equipment, namely, cameras, video recorders, and microphones; blank recordable video discs; CD burners; screen displays for smartphones; accelerometers; downloadable computer applications for audio and video navigation of cars; battery leads; autotransformers; biochip sensors; digital audio recorders; audio noise suppressors; audio processing equipment, namely, compressors; audio signal transmission range expanders; downloadable computer programs for image processing; electrical circuits; image analysis equipment, namely, scanner for capturing images for analysis and downloadable software for image analysis; structural components for use in electrical circuits; audio tapes featuring sound recordings; cases for cellular phones; cases for music storage devices; LAN hardware, namely, base stations for local area networks; demodulators; downloadable software for hosting file servers; blank compact disks; screen displays for cellular phones; batteries; wireless transmitters and receivers; CD players for use with computers; downloadable computer programs for editing images, sound and videos; wireless electric switches; apparatus for the transmission of data; electronic device for monitoring network availability and strength; ethernet adapters; programmed video games software recorded on cartridges; audiovisual instructional equipment, namely, audiovisual receivers; cases for headphones; downloadable data processing software; blank floppy disk drives; DVD recording apparatus; recorded CD-ROMs featuring music; audio cable adapters; ethernet switches; image reproducing devices; DVDs featuring recorded music videos; pre-recorded media, namely, CDs and DVDs featuring music and music videos; electronic amplifiers; electrical integrated control systems for use in the field of data transmission; receivers for electronic signals; downloadable fiction audio books; electric power transformers; electrical terminal blocks, namely, PE terminals; audio amplifiers; docking stations for MP3 players; blank compact discs; electronic device for testing the functionality of audio cables; car radios; car phones; wire...
diameter measuring instruments; DVD recorders; docking stations for digital music players; ethernet hardware, namely, transceivers, repeaters, controllers, switches, cables, and adapters; audio expanders; CD-ROM burners; CD cases; electrical terminators; car cassette players; image recording apparatus; computer screens as image display apparatus; music series recorded on CDs; downloadable files featuring pre-recorded videos; sound amplifiers; recorded laser discs featuring music; touch-sensitive computer screens; wireless receivers for remote controls; LAN hardware, namely, local area network base stations for connecting users of a computer network; electrical resistances; video transmission apparatus; downloadable computer software for creating and editing music and sounds; static grounding systems and apparatus, namely, protective electrostatic discharge (ESD) grounding; wireless receivers; attached electronic cable connectors of metal; eyeglass parts, namely, temples; electric inductors for electric apparatus; structural components of antennas; receiving apparatus for electronic signals; audiovisual headphones for playing video games; blank pre-recorded data carriers for use with computers; audio mixing consoles; electrical wire gauges; fiction books stored on data tapes; structural components for electrical circuits; digital-to-analog converters; recorded CD-Is (compact disc interactive) featuring music; apparatus for the transmission of data; electroacoustic transducers; electrical switch assemblies; downloadable computer firmware for use in database management; automatic pressure control instruments; digital voice records; downloadable computer programs for processing digital music files; electrical resistance wire coils; blank data CDs; audio equipment; DVD micro systems; bare electrical wire; blank digital recording media, namely, USB flash drives and DVDs; audio cassette players; audio and visual and photographic apparatus, namely, camera; downloadable office and enterprise middleware for application software integration; downloadable computer software for creating and editing audio recordings; electronic audio equipment, namely, microphones; electrical contacts; ethernet amplifiers for use with musical instruments; blank audio cassette decks for cars; batteries for hearing aids; ethernet cables; audio-frequency transformers; DVD players; wired communication devices for voice, data or image transmission; pre-recorded DVDs featuring live musical performances; CD storage pockets; electronic audio and video signal distribution amplifiers; recorded compact discs featuring music; audio and video receivers for image and sound; electronic cable wire triangles for laboratory use; blank CDs; blank digital audio disks; recorded video tapes featuring movies; electricity limiters; audio circuit boards; magnetic tape drives; audio cables; biochips for research or scientific purposes; apparatus for recording sound and pictures; docking stations for tablet computers; recorded cassettes featuring music; cases for personal digital assistants (PDA); electrical power distribution blocks; downloadable computer application software for use in implementing the internet of things (IoT); electrical ground wires; audiovisual receivers; recording apparatus for telephone calls audio; blank electronic storage media; battery chargers for use with telephones; acceleration sensors; electronic discharge grounding device, namely, ground terminals; pre-recorded discs featuring images stored thereon; docking stations for smartphones; wireless audio and video signal distribution amplifiers; downloadable software for analyzing audio; computer hardware for the routing of audio, video and digital signals; baluns; audio timers; downloadable computer software for the acoustic control of computers and their operation; computer network bridges; recorded files, namely, recorded DVDs featuring movies; pre-recorded video CDs featuring music; downloadable or recorded software for audio editing; touch-sensitive electric control panels; downloadable or recorded software for operating biometric voice recognition systems; docking stations for laptops; audiovisual teaching apparatus, namely, projector lamps; tape players; digital-to-analog electric converters for sounds; electronic databases in the field of local resident phone numbers stored on computer media; audio speakers for automobiles; electroacoustic amplifiers; audio cassette recorders; blank audio discs; audio tapes with recorded music; CD recorders; recorded CDs featuring music; audio equipment, namely, radio signal receivers; displays for television receivers; audio
electronic signal amplifier; recorded data, namely, music files recorded on CDs; DVD burners; blank recordable tape cassettes; electric current control devices, namely, namely, electrical controllers for magnetic bearing control; CD players; blank pre-programmed discs; audiovisual entertainment systems, namely, televisions, for motor vehicles; battery packs; ethernet controllers; audio time delay devices; public address systems; blank floppy disks; electric inductors; audio-sensitive remote controls for lighting apparatus and instruments; receivers for digital sound and image; DVD players; electric control apparatus for controlling lights; computer-controlled apparatus for testing audio signals; wireless routers; ethernet hardware, namely, namely, computer cards; audio conferencing equipment, namely, namely, electrical controllers for magnetic bearing control; CD players; blank pre-programmed discs; audiovisual entertainment systems, namely, televisions, for motor vehicles; battery packs; ethernet controllers; audio time delay devices; public address systems; blank floppy disks; electric inductors; audio-sensitive remote controls for lighting apparatus and instruments; receivers for digital sound and image; DVD players; electric control apparatus for controlling lights; computer-controlled apparatus for testing audio signals; wireless routers; ethernet hardware, namely, namely, computer cards; audio conferencing equipment, namely, audio conferencing equipment; speakers for consumer use; speakers in the nature of audio equipment; mounts for helmet cameras; cleaning discs specifically designed for cleaning the lenses on lasers; music headphones; testing apparatus and instruments, namely, electronic apparatus and instruments for controlling, adjusting and testing of drives and motors; step-
up transformers; containers for contact lenses; graduation phase checkers; karaoke machines; LAN (local operating network) hardware; current transformers, namely, current shunts; electrical current circuit testers; downloadable computer software for creating and playing audio effects; microphones; FM frequency modulation apparatus; internet phones; electrical loudspeaker cables; optical apparatus and instruments, namely, optical ports for underwater photography; loudspeakers for cellular phones; tumbler electric switches; switchboxes for electricity; record players; computer chips containing musical recordings; flip covers for smartphones; frequency stabilization apparatus; sound reproduction apparatus; semiconductor memories; home automation systems; wireless headsets for tablet computers; audio speakers for homes; data synchronization cables; integrated electrical circuits; pre-recorded music compact discs; microphone buttons; wire connectors; circuit breakers; downloadable files featuring musical audio recordings; records featuring musical sound recordings; optical discs recorded with music; multi-outlet socket blocks; cable connections for electric cables; MPEG audio players; podcasts; laptop bags; frequency transformers; subwoofers; electronic transistors; downloadable electronic brochures; telephone headsets; speakers for record players; audio- and video- electronic receivers; microphone plugs; pre-recorded DVDs featuring music; cassette recorders; electronic controllers for audio and video for players that are used within cars; pick-up tone arms for record players; acoustic conduits for portable music players; printed circuits; blank audio cassettes; computer game cartridge device to ensure proper alignment within cartridge slot in computer; frequency meters; cable connectors; wireless headphones; carrying cases for digital music players; sound and image recording apparatus; voltage testers; semiconductor power elements; blank magnetic data carriers and recording discs; loudspeaker drive units; blank phonograph records; computer hardware for wireless transmitting and receiving; digital sound processors; downloadable application software for smartphones for use in listening to music; hands-free headsets for cellular phones; integrated circuit boards; magnetic data carriers bearing recorded software for use in database management; sound cards; sound recording apparatus in the form of strips; portable DAB (digital audible broadcasting) radios; power adapters; electronic products for the generation of audible safety signals, other than for vehicles; plug-in connectors; loudspeakers for automobiles; cathodes; ceramic capacitors; drives for computers; cordless telephones; electric audio sensors for locating sound; portable CD players; electronic sound pickups for guitars; telephone sets with screen and keyboard; frequency microphone modulators; electric current meters; instrument scales; home theater systems comprising DVD players, audio amplifiers, audio speakers; portable sound reproducing apparatus; integrated circuits; phase shifters for communication apparatus; sound projectors; blank tape cassettes; insulated electrical connectors; telecommunication cables; loudspeaker systems; wireless communication apparatus for the transmission of sound, data or images; portable DVD players; record turntables; smartphones in the form of spectacles; cassette players; disc memories; power transformers for amplifiers; record player needles; holography apparatus; signal splitters for electronic apparatus; radio signal tuners; cassette head cleaners specifically adapted for use with audio tapes; loudspeakers for portable media players; preamplifiers; semiconductor devices; radios for motor vehicles; printed electrical circuit boards; electronic cable sheaths; portable audio equipment, namely, microphones and audio recorders; loudspeakers for computers; electricity distribution consoles; speaker mounting brackets; portable sound recording apparatus; tone arms for record players; downloadable digital music files; portable handheld electronic digital video messengers for wireless communication for the transmission of multimedia content; ceramic resonators; in-ear headphones; blank tape cassettes; vibration meters; loudspeaker systems for vehicles; headphones for audio transmission equipment for personal use; guitar amplifiers; hands-free microphones for cellular phones; soundbars; electronic pickups for telecommunications apparatus; pre-recorded videotapes featuring music; large-scale integrated circuits; frequency converters; guitar cables; smart speakers; coaxial resonators; loudspeakers; downloadable digital music provided from MP3
internet websites; blank laser discs; smartphones; impedance distribution transformers; vibration meter gauges; USB dongles being wireless network adapters; electronic apparatus for testing drive and motors; printed electronic circuits; electric switches for routing of audio, video and digital signals; blank hard disk drives; headphone amplifiers; speaker electric switches; electric circuit distributors; radio frequency scanners; acoustic and optical signal couplers; portable telecommunications equipment, namely, cellphones; frequency meters; sound amplifiers for musical instruments; resistance wires; downloadable music-composition software; integrated sound amplifiers; signal generators for expanding electric signals; signal processors; inductive transmitters of electronic signals; hands-free kits for cellular phones; loudspeakers for vehicles; covers for telephone receivers; musical sound recordings on records; laptop computers; wireless chargers; covers for tablet computers; downloadable LAN (local area network) operating software; folding digital multimeters; crystal oscillators; audio tapes featuring music; internal modems; electrical pickups for electric musical instruments; downloadable digital music provided via the internet; wireless headsets for smartphones; sound transmitting apparatus; heat resistant electrical cables; multilayer printed wiring circuit boards; pre-recorded audio tapes featuring music; telephone terminals; inductance capacitance filters; loudspeakers with built-in amplifiers; speakers for video conferencing; sound amplifying receivers; audio tape recorders; wireless routers for routing audio, video and digital signals; power wires; frequency converters for actuators; signal converters, namely, a converter that superimposes an Ethernet signal on an existing cable; sound level meters; palmtop computers; record decks; ceramic fuses for use with any electronic equipment using A/C power; touch switches; electric voltage transformers; mixing consoles for microphones; quartz crystal oscillators; electric fuses; power strips with movable sockets; loudspeaker cabinets; covers for video cassettes; wireless audio speakers; digital audio tape players; electric signal limiters; sound mixers with built-in amplifiers; entertainment software, namely, downloadable video game software; audio cassettes featuring music; semiconductor chips; data processing apparatus; pre-recorded laser discs featuring music; resonant electric circuits; semiconductor wafers; hand-held communication devices, namely, wireless communication devices for voice, data or image transmission; helmet-mounted cameras; sheaths for electric cables; cathode-ray tubes; electric signal receiving and transmitting systems; downloadable music files; microphone cables; vehicle radios; computer drives; telephone wires; rate gyro; current limiters; transformers for electricity; power adapters; cable television transmitters; computer circuit boards; hands-free holders for cellular phones; audio electronic components, namely, surround sound systems; juke boxes for computers; personal speakers; magnetic tape recording device; portable computer monitors; semiconductor device; loudspeaker units; modular telephone socket outlets; audio switching apparatus; electric signal delay apparatus; apparatus for recording data onto computer drives; multichannel digital sound processors; studio computer monitors; radio frequency repeaters used in long range communication for tracking and monitoring energy usage; telephones incorporating intercommunication systems; laptops being computers; electronic device for electric current measuring; spectrum analyzers, other than for medical purposes, namely, electronic detectors for observing and measuring the infrared spectrum, namely, infrared detectors; semiconductor memory units; portable telecommunications apparatus, namely, cellphones; sound reverberation units, namely, amplifiers; horns for loudspeakers; tonometers for measuring purposes, not for medical purposes; blank optical data storage drives; DVDs featuring musical video recordings; electric inductive resistors; audio mixers; frequency stabilizers; downloadable media server hosting software; sensors for detecting microwaves; terminals for batteries; variable electric resistances; camera lens mounts; telephone adapters, namely, cables for connecting to and charging telephones; power amplifiers; radio frequency receiver and transmitters, namely, radio amplifiers; ear pads for headphones; speaker docks; compact discs featuring sound recordings; induction voltage regulators; fuse holders, namely, fuse clips and panel-mounted fuse holders for use with electronic glass and ceramic fuses; downloadable software for software functionality testing; microphone stands; signal.
antennas; smartphones in the shape of wristwatches; motherboards for computers; ohmmeters; downloadable computer software for speech processing; MP3 players; wireless headsets for smartphones; downloadable music files containing audio sound samples; apparatus for the laser projection of virtual keyboards; apparatus for image reproduction; electronic sound mixing apparatus; headphone consoles; karaoke equipment, namely, karaoke machines; amplifiers; electronic tags for identifying electrical conductors; sound recording device for sound carriers; desk or car mounted units incorporating a loudspeaker to allow a telephone handset to be used hands-free; frequency converters in the nature of diverters; musical instrument connectors; blank magnetic tapes for tape recorders; hologram apparatus; electronic device for electric current; power lines transmission machines and apparatus; acoustic transformers; circuit power testers, namely, continuity test apparatus for electrical circuits; downloadable electronic books in the field of music; media software; voltage divider; data transmission cables; cables for electrical signal transmission

### MARK INFORMATION
- **Standard Character Claim**: No
- **Mark Drawing Type**: 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S)
- **Description of the Mark**: The mark consists of the words "THIS GRANOLA IS NUTS" in the color white with hints of red throughout the white letters. It looks vintage. The letters are all capitalized. Above the letters "L" and "A" in the word "GRANOLA", in the top right corner, are two almonds drawn in red and white. The word "IS" is underlined with a short white line with hints of red in it. The words "THIS GRANOLA IS NUTS" are on a red background. That red background has hints of sporadic white on it, looking vintage as well. The shape of the red background behind "THIS GRANOLA IS NUTS" is rectangle broken up only in the top right corner by the drawings of the two almonds. There is a white rectangular border around the red background, with tiny hints of red to make it look faded. It is only broken in the top right corner by the drawings of the almonds. That white border is bordered by a red rectangular border, also made to look faded with sporadic hints of white, only broken in the top right corner by the drawings of the almonds. The word "THIS" is in a larger font than the words "GRANOLA IS NUTS". **Color Drawing**: Yes
- **Color Claimed**: The color(s) red and white is/are claimed as a feature of the mark.
