**For** Advertising, marketing and promotional services in the fields of medical respiration and laboratory automation; business management; business administration; business management consulting in the fields of medical respiration and laboratory automation; advice relating to the organization and management of business in the fields of medical respiration and laboratory automation; business consultancy services relating to manufacturing in the fields of medical respiration and laboratory automation; business analysis, namely, business management analysis and statistical analysis and reporting services for business purposes in the fields of medical respiration and laboratory automation, business research and providing business information in the fields of medical respiration and laboratory automation; organization of exhibitions and trade fairs for business and promotional purposes in the fields of medical respiration and laboratory automation; product demonstrations and presentations, including via the internet; commercial services and consumer information, namely, organizing business contacts in the nature of negotiation of business contacts for others in the fields of medical respiration and laboratory automation, procuring of contracts for the purchase and sale of goods, negotiation and conclusion of commercial transactions for third parties; compilation and systemization of data and information into electronic databases, all of the foregoing in the fields of medical respiration and laboratory automation; business project management; customer relationship management in the fields of medical respiration and laboratory automation; business planning for organization in the field of operating times and locations for goods in the field of laboratory automation, cryopreservation services, process analytics and computerized warehouse management; retail and wholesale store services, on-line retail and wholesale store services and mail order services featuring chemicals used in industry and science, active ingredients for chemical analyses, laboratory chemicals for scientific purposes, chemical solutions for process analytics, electrolyte solutions, not for medical purposes, buffers being chemicals, acids, bases, proteins for scientific purposes, genetic identity tests, consisting of reagents, media for cell cultures for non-medical research laboratories, media for cell cultures for the biotechnological industry, culture media for microbiology, diagnostic reagents for in-vitro applications in biochemistry, clinical chemistry and microbiology, biochemicals for scientific in-vitro and in-vivo applications, biochemical substances, namely, base materials for in-vitro gene technology, chemicals for use in the purification of proteins for in-vitro applications, reagents for use in an in-vitro laboratory, not for medical or veterinary purposes, chemical solutions for conducting nucleic acid tests, chemical solutions for purification of nucleic acids, not for medical purposes, reagents for reproduction of nucleic acids, not for medical purposes, chemicals for use in performing nucleic acid polymerase chain reactions, not for medical purposes, nucleic acids for scientific purposes, chemical solutions for conducting of ELISA tests, not for medical purposes, chemical solutions for conducting analyses of blood and urine of human or animal origin, not for medical purposes, chemical solutions for DNA and RNA preparation and isolation, not for medical purposes, chemical solutions for isolation of nucleic acids, not for medical purposes, chemical solutions for cell screening, not for medical purposes, chemical solutions for biomarker analysis and protein analysis, the analysis of protein sequences and glycan structures, not for medical purposes, chemical solutions for immunoassays, not for medical purposes, chemical compounds for
production of synthetic resins, eluents, not for medical purposes, unprocessed resins, unprocessed polymer resins, chemical
digestion solutions used in industry and science, chemical water treatment preparations, chemical water purification
preparations, chemicals for waste water treatment, ion exchangers, ion exchange resins, laboratory gases, chemically treated
test strips, other than for medical purposes, filter materials of chemicals and non-chemical substances, pharmaceutical grade
water, ultra-pure water, distilled water, diagnostics, pharmaceutical preparations, chemical preparations for medical or
pharmaceutical purposes, reagents for providing diagnosis in medicine or veterinary medicine, medical diagnostic test strips,
genetic identity tests, consisting of reagents, for medical purposes, medical diagnostic reagents and tests for examining bodily
fluids, active ingredients for in-vitro diagnosis in biochemistry, clinical chemistry and microbiology, reagents for in-vitro
laboratory tests for medical and veterinary purposes, in-vitro diagnostic preparations for medical purposes, in-vitro gender
prediction test kits, electrolyte solutions for medical purposes, sterile solutions for medical purposes, goods of metal, fasteners
of metal, pipes and tubes of metal, connectors of metal for pipes, containers of metal, closures of metal for containers,
containers of metal for storage, transport and management of biological, clinical, chemical, forensic and biopharmaceutical
substances, fittings of metal for measuring devices and sensors, valves of metal, hand-operated valves of metal, valves of metal
for regulating fluid flow, dispensers of metal, machines and machine tools, motors and engines, other than for land vehicles
and excluding marine engines, boat motors and jet propulsion engines, machine coupling and transmission components except
for land vehicles, machines for punching, compressors, robotic apparatus, robotic filling machines, vacuum controllers, pumps,
pumps being machine parts, pumps being engine parts, machines, namely, automatic distribution machines, valves operated by
changes in pressure, hydraulically controlled automatic valves, power-operated valves, mechanical valves for regulating fluid
flow, motorized valves, pneumatically controlled automatic valves, valves for pumps, valve positioners, valve position
adjusters, valve manifolds, parts of machines, namely, flange connectors for pipes, compression fittings for pipes of metal,
blowing machines for the compression, exhaustion and transport of gases, self-regulating pumps, other than for dispensing of
fuel at petrol stations, CIP and SIP cleaning installations for in-situ and automated cleaning and sterilization of process
engineering installations and production installations, apparatus, instruments and cables for electricity, analysis and diagnosis
apparatus, not for medical purposes, measuring, detection and surveillance instruments, devices and regulators, electrical
controllers, electrical controllers for robots, electronic controllers, control units and control systems, apparatus for scientific
research and laboratories, valve positioners for laboratory use, valve position adjusters for laboratory use, valve manifolds for
scientific research and laboratories, scientific, optical, analysis apparatus, measuring apparatus, dosage dispensing apparatus,
diagnostic apparatus and checking apparatus and analysis instruments, measuring instruments, dosage dispensing instruments,
diagnostic instruments and checking instruments, scientific, optical, analysis apparatus, measuring apparatus, dosage
dispensing apparatus, diagnostic apparatus and checking apparatus and analysis instruments, measuring instruments, dosage
dispensing instruments, diagnostic instruments and checking instruments for use in laboratories, cables, pipe, tubes, fittings,
bushings, flanges, connectors, fittings and adapters for laboratory apparatus and laboratory instruments, fans for laboratory
apparatus and laboratory instruments, spouts for air supply for laboratory apparatus and laboratory instruments, automatic
pipetting work stations, liquid handling workstations for scientific research and laboratories, laboratory equipment systems
consisting of automatic pipetting workstations connected to one another and scientific laboratory apparatus for storage and
management of biological, clinical, chemical, forensic and biopharmaceutical substances and samples, laboratory apparatus
and laboratory instruments, namely, sensors for measuring pH, dissolved oxygen, oxidation reduction potential, ozone, organic
carbon and conductivity, at the same time being provided with an integrated device for enhancing and wired and wireless
transmission of sensor signals, for monitoring sensor functions and for controlling and setting sensor calibration, laboratory
apparatus and instruments for removal of biological, clinical, chemical, forensic and biopharmaceutical substances and samples using excess pressure, decappers, cappers and cap removers for sample containers, automated decappers, cappers and cap removers for sample containers, cappers and decappers for capping and uncapping of sample receptacles with push-in stoppers and screwing and unscrewing of screw caps for sample receptacles for scientific research and laboratories, cappers and decappers for automated capping and uncapping of sample receptacles with push-in stoppers and automated screwing and unscrewing of screw caps for sample receptacles for scientific research and laboratories, laboratory apparatus and laboratory instruments for process analytics, not for medical purposes, laboratory apparatus and laboratory instruments for biopharmaceutical process applications, not for medical purposes, laboratory apparatus and laboratory instruments for biopharmaceutical process installations, not for medical purposes, storage installations and distribution installations for pharmaceutical grade water, in particular with purity degrees WFI, PW, HPW and UPW, not for medical purposes, laboratory apparatus and laboratory instruments for media preparation and buffer preparation, not for medical purposes, laboratory apparatus, namely, apparatus for fermentation, fermentation tanks for scientific research and laboratories, collection tanks for scientific research and laboratories, laboratory apparatus and instruments for analysis of feed water for steam generators, condensers, laboratory apparatus and instruments for clinical chemistry, not for medical purposes, laboratory apparatus and laboratory instruments for sample preparation and processing in analytical laboratories, laboratory apparatus and laboratory instruments, namely, sample cutters for processing of biological, clinical, chemical, forensic and biopharmaceutical substances and samples for scientific research, diluters for sample preparation and sample processing in analytical laboratories, dispensers for sample preparation and sample processing in analytical laboratories, diluter and dispenser systems for sample preparation in analytical laboratories, laboratory apparatus and laboratory instruments for blood separation, not for medical purposes, apparatus for scientific research and laboratories for the storage, transport and management of biological, clinical, chemical, forensic and biopharmaceutical substances and samples, chromatographic apparatus for scientific or laboratory purposes, automated ion-exchange chromatography apparatus for laboratory use, automated ion-exclusion chromatography apparatus for laboratory use, automated reversed-phase chromatography apparatus for laboratory use, separation cartridges for chromatography for scientific or laboratory use, separation columns for ion exclusion, ion exchange and reversed phase chromatography for scientific or laboratory purposes, bioreactors for cell cultures, cell culture apparatus for laboratory use, incubators for laboratory use, cell banks, laboratory apparatus and instruments for processing, reproduction, purification and isolation of nucleic acids, not for medical purposes, laboratory apparatus and laboratory instruments for conducting of nucleic acid polymerase chain reactions, not for medical purposes, laboratory apparatus for analysis of genetic material, laboratory apparatus and laboratory instruments for DNA preparation, RNA preparation, DNA isolation and RNA isolation, not for medical purposes, laboratory apparatus and laboratory instruments for genome sequencing, not for medical purposes, laboratory apparatus and laboratory instruments for transfection, not for medical purposes, laboratory apparatus and laboratory instruments for transformation, namely, for non-viral transmission of free DNA into competent bacterial cells, fungi, algae, yeast and plants, not for medical purposes, laboratory apparatus and laboratory instruments for cell screening, not for medical purposes, equilibrium dialyzers for determining the binding effect of molecules and ions on proteins, not for medical purposes, laboratory apparatus and instruments for examining and determining of ADMET parameters, not for medical purposes, laboratory apparatus and laboratory instruments for examining the absorption, reabsorption and distribution of pharmaceutical active ingredients in an organism, not for medical purposes, laboratory apparatus and instruments for protein crystallography, not for medical purposes, laboratory apparatus and laboratory instruments for examining and analyzing the crystallization
process of chemical substances and pharmaceutical active ingredients, not for medical purposes, laboratory apparatus and instruments for X-ray structural analysis, not for medical purposes, laboratory apparatus and instruments for X-ray diffraction analysis, not for medical purposes, differential scanning calorimeters for scientific research and laboratories, laboratory apparatus and laboratory instruments for conducting of polymorphism screenings of chemical substances and pharmaceutical active ingredients, not for medical purposes, laboratory apparatus and instruments for verifying the storage stability of chemical substances and pharmaceutical active ingredients, not for medical purposes, laboratory apparatus and laboratory instruments for verification and analysis of the susceptibility of solid or lyophilized chemical substances and pharmaceutical active ingredients, not for medical purposes, laboratory apparatus and instruments for magnetic separation of cells, not for medical purposes, laboratory apparatus and laboratory instruments for fluorescent-activated cell sorting, not for medical purposes, laboratory apparatus and laboratory instruments for cryopreservation services, not for medical purposes, laboratory apparatus and laboratory instruments for fluorescence-activated cell sorting, not for medical purposes, laboratory apparatus and laboratory instruments for cloning of cells, not for medical purposes, laboratory apparatus and laboratory instruments for cultivation and fermentation of microorganisms, not for medical purposes, laboratory apparatus and laboratory instruments for generating of cell lines, not for medical purposes, laboratory apparatus and laboratory instruments for cryopreservation services, not for medical purposes, laboratory apparatus and laboratory instruments for determining and analyzing the alcohol, drug, heavy metal and toxin content in human and animal blood or urine, not for medical purposes, laboratory apparatus and laboratory instruments for determining and analyzing of the arsenic content and arsenic speciation in water and in human and animal foodstuffs, not for medical purposes, laboratory apparatus and laboratory instruments for determining and analyzing of the chromium content and chromium speciation in water and in human and animal foodstuffs, not for medical purposes, laboratory apparatus and laboratory instruments for determining and analyzing of the proportion of fat, sugar, glucose, fructose, sucrose and water-soluble vitamins in human and animal foodstuffs, not for medical purposes, laboratory apparatus and laboratory instruments for determining and analyzing of the precious metal content in soil and stone samples, not for medical purposes, laboratory apparatus and laboratory instruments for determining and analyzing of anions and inorganic ions in groundwater and drinking water, not for medical purposes, laboratory apparatus and instruments for extraction and analysis of oil samples, not for medical purposes, scientific apparatus for determining the water content in oil products, laboratory apparatus and instruments for purification of oligonucleotides, not for medical purposes, laboratory apparatus and instruments for proteomics, not for
medical purposes, laboratory apparatus and instruments for atomic absorption spectrometry, not for medical purposes, laboratory apparatus and instruments for inductively coupled plasma spectroscopy, not for medical purposes, laboratory apparatus and instruments for electrophoresis, not for medical purposes, laboratory apparatus and instruments for conducting of water solubility tests, not for medical purposes, laboratory apparatus and instruments for quantitative analysis of xenobiotic and biotic substances in biological systems, not for medical purposes, laboratory apparatus and instruments for determination of the undissolved proportion of pharmaceutical active ingredients in chemical solutions, not for medical purposes, laboratory apparatus and instruments for wet and dry grinding of particles of pharmaceutical substances, not for medical purposes, laboratory apparatus and instruments for measuring of particle size, pharmaceutical substances, not for medical purposes, apparatus for taking oil samples for scientific research and laboratories, apparatus and installations for disposal and removal of biomedical and biohazardous waste by means of conversion into non-infectious solid waste, for scientific and laboratory purposes, receiving tanks for scientific and laboratory purposes, collection containers for scientific and laboratory purposes, degassers for scientific and laboratory purposes, instruments for regulating and monitoring temperature, temperature display apparatus, temperature regulating apparatus, temperature recording apparatus, temperature measuring apparatus for scientific purposes, temperature feedback units, digital cameras, electrical interface cables, interfaces for sensors for measuring pH, dissolved oxygen, oxidation reduction potential, ozone, organic carbon and conductivity, laboratory apparatus and instruments for clinical, analytical and biopharmaceutical applications, mass spectrometers, cytometers, laboratory shakers, heated laboratory shakers, incubators for laboratory purposes, incubation plates for scientific or laboratory purposes, incubator shakers for laboratory use, heated incubator shakers for laboratory use, laboratory stirrers, laboratory mixers, apparatus for heating and refrigerating for laboratory use, evaporators for laboratory use, heat exchange crucibles for scientific purposes, sampling devices for laboratory use and scientific purposes, automated sampling devices for laboratory use and scientific purposes, manual probe heads for laboratory use and scientific purposes, tactile switches for laboratory use and scientific purposes, foot switches for laboratory use and scientific purposes, HPLC columns for laboratory use and scientific purposes, septa for laboratory use and scientific purposes, high-temperature resistant septa for laboratory use and scientific purposes, petri dishes, petri dishes for use in laboratory research, life-saving apparatus, life-saving devices, calculating machines, data recording and data processing equipment, printers, computers, tablet computers, mobile computers, automated pipettes, pipettes, pipette tips, pipetting devices, pipetting channels, pipetting heads, pipetting arms, pipette modules, pipette end cutters, feeders for pipettes, thermal cyclers, vacuum apparatus for laboratory use, vacuum pumps for laboratory use, vacuum probes for laboratory use, vacuum stations for laboratory use, laboratory apparatus and instruments for automated refilling of reagents, reagent containers, centrifuges for laboratory purposes, filter systems for laboratory purposes, filters for pipettes and for pipette tips, probes and pipettes for scientific purposes, micropumps, analysis apparatus for liquids, scientific dispensing apparatus, scientific apparatus and instruments, namely, dispensing apparatus attached to bottles, scientific syringes and syringes for laboratory use, syringes with threaded plungers for laboratory use, multi-channel syringes with interchangeable needles for gel loading for laboratory purposes, syringe needles for laboratory use, syringe needles of glass for laboratory use, syringe guides for laboratory use, wire for cleaning syringe needles for laboratory use, tungsten wire for cleaning syringe needles for laboratory use, syringe racks for laboratory use, pipette accessories, namely, pipette holders, pipette carriers and pipette stands, pipette racks for laboratory use, holders for pipette carriers for laboratory use, reusable dispensing syringes for laboratory use, disposable dispensing syringes for laboratory use, syringe pumps for laboratory use, sample carrier plates for laboratory use, bar code readers, liquid containers for use in laboratories, holders for filling pipettes, containers for active ingredients,
microplates fitted with microstrips, laboratory installations, equipment and holders for storage of biological, clinical, chemical, forensic and biopharmaceutical substances and samples, electrodes, electrodes for sensors, cathodes, sensors and detectors, sensors for measuring instruments, sensors for touchscreens, optical sensors, electro-optical sensors, fibre optic sensors, optical sensors for water level detection, water level detectors, devices for measuring water level, water level indicators, electronic sensors, sensors for monitoring of CIP and SIP purification installations and processes, sensors for analysis of feed water for steam generators, sensors for monitoring of ion exchangers, controllers for sensors, housings for measuring devices and sensors, holders for measuring devices and sensors, protective sleeves and protective films for measuring devices and sensors, protective sleeves and protective films for electric wires, protective sleeves and protective films for electric touchpads, electronic touchpads, computer touchpads, touchscreens for computers, visual display screens, displays, computer monitors, touchscreen monitors, diaphragms for scientific apparatus, glassware for laboratory purposes, hollow glass containers for measuring, specially adapted glassware for scientific use, sealing machines for laboratory purposes, washing apparatus for needles of precious metals for laboratory use, programs, computer software for medical purposes, data processing hardware for medical purposes, electronic controls for automatic valves, laboratory apparatus for collecting, distributing, transporting, positioning of objects and of solid, liquid and gaseous substances, checking apparatus and instruments for breathing apparatus for artificial respiration, analysis robots, not for medical purposes, digital electronic pocket devices for data processing, information processing, storage and displaying of data, transmission and receiving of data, transmission of data between computers and related software, blank computer storage media, USB sticks, USB cables, USB card readers, readers for memory cards, adapters for memory cards, memory card readers, optical memory cards, flash memory cards, secure digital memory cards, recorded data, IT and audiovisual apparatus, electronic devices for data processing, information processing, for storage and displaying of data, for transmission and receiving of data and transmission of data between computers, electronic interactive apparatus for monitoring sensor functions and for controlling and adjusting sensor calibration of sensors used for measuring pH, dissolved oxygen, oxidation reduction potential, ozone, organic carbon and conductivity, electric control panels, power supply units, electricity mains equipment, cables for data synchronization, cables for data transmission, cables for electrical signal transmission, threaded cable connectors of metal, connecting parts for electric cables, medical technology apparatus for electronic recording, electronic conversion, electronic representation, electronic storage, electronic processing and for electronic printing of data, in particular customer data, computer software, software for monitoring and controlling respiratory apparatus and respiratory support apparatus, computer software for determination of the undissolved proportion of pharmaceutical active ingredients in chemical solutions, computer software for conducting, analysis and representation of X-ray structural and X-ray diffraction examinations, computer software for conducting, analysis and representation of differential scanning calorimetry, computer software for conducting, analysis and representation of polymorphism screenings of chemical substances and pharmaceutical active ingredients, computer software for analysis and representation of the storage stability of chemical substances and pharmaceutical active ingredients, computer software for analysis and representation of the compatibility of mixtures and combinations of different chemical substances and pharmaceutical active ingredients, computer software for development and determination of the composition of active ingredients in pharmaceuticals, not for medical purposes, computer software for analysis and representation of suspensibility of solid or lyophilized chemical substances and pharmaceutical active ingredients, computer software for mass spectrometry, computer software for atomic absorption spectrometry, computer software for inductively coupled plasma spectrometry, computer software and computer firmware, namely, operating system programs and data synchronization programs, computer software for synchronization of databases, computer software for the synchronization of data between a remote station and a remote unit and a fixed or remote data
station or such a device, universal serial bus operating software, computer software and hardware for telephone-based information queries, application software, application software for mobile telephones, application software for wired and wireless apparatus, downloadable software applications for use with mobile and wired apparatus, data processing equipment, computer peripherals, wired and wireless computer peripherals, touchpads (electric), electronic touchpads, computer touchpads, touchscreens for computers, visual display screens, displays, computer monitors, touchscreen monitors, medical, dental, veterinary, electromedical and surgical apparatus and instruments, medical respiratory apparatus, anaesthetic apparatus, respirators for artificial respiration, respiratory apparatus for patients, respiratory apparatus for intensive care units, respiratory apparatus for newborns for prevention of asphyxiation, humidifiers for respiration, humidification chambers for respiratory apparatus, connectors for humidifiers, humidification chambers and nebulizers, being parts of medical apparatus, fasteners for humidifiers and nebulizers being part of medical apparatus, humidifiers for medical purposes and medical treatments, humidifiers for use with respiratory apparatus, humidifiers for medical treatments, humidifiers for use with respiratory treatment apparatus, water refill tubes for humidification chambers for medical purposes and medical treatments, water refill tubes for humidifiers for use with respiratory treatment apparatus, artificial noses for medical purposes, protective nose masks for medical purposes, nose masks for artificial respiration for medical purposes, respiratory masks for artificial respiration, respiratory masks for respiratory assistance for medical purposes, masks for non-invasive respiration, anaesthesia face masks, nasal prongs for newborns and adults, face masks for medical purposes, sets of respiratory tubes for respiratory apparatus, single-use sets of respiratory tubes for respiratory apparatus, autoclavable sets of respiratory tubes, breathing tubes, in particular tubes being accessories for respiration and anaesthesia, respiratory tubes, surface-heated respiratory tubes, endotracheal tube cuffs for medical purposes, inflatable endotracheal tube cuffs for artificial respiration for medical purposes, cuff pressure monitors, apparatus and equipment for measuring, monitoring and adjustment of pressure in endotracheal tube cuffs for medical purposes, soda lime cartridges, heat and moisture filters for respiratory apparatus, valves for respiratory apparatus, expiration valves being parts of medical apparatus, expiration valves for maintaining lung pressure, PEEP activators, being parts for respiratory apparatus for maintaining pressure, pressure reducers for medical purposes, pressure reducers for medical respirators, measuring cuvettes for medical purposes for determining the carbon dioxide content of the air exhaled by a human, and for analysis of the air flow, sensors for medical purposes, sensors for measuring respiratory flow and breath pressure, sensors for measuring oxygen saturation in the blood, CO2 sensors for medical purposes, FiO2 sensors, SpO2 sensors for medical purposes, flow sensors for medical purposes, NMT sensors for medical purposes, chromatographic apparatus for medical purposes, separation cartridges for chromatography for clinical laboratory purposes, sensors for respiratory mechanisms, sensors for measuring the pressure in inflatable endotracheal tube cuffs for artificial respiration for medical purposes, temperature display apparatus for medical purposes, temperature measuring apparatus for medical purposes, temperature scanners for medical purposes, temperature monitors for medical purposes, electronic temperature monitors for medical purposes, electronic temperature recorders for medical purposes, temperature regulation instruments for medical purposes, temperature sensors for medical purposes, medical skin sensors and disposable sensors for temperature measurement, sensors for measuring the temperature of breathing air for use in medical respiratory apparatus, temperature probes for medical purposes, sensors for measuring the humidity of breathing air for use in medical respiratory apparatus, optical temperature measuring instruments for medical inspection purposes, fibre optic temperature probes for medical-diagnostic use, temperature-sensitive test instruments and test apparatus for medical purposes, optical scanners for medical inspection purposes, optical sensors for water level detection in humidification chambers for medical respiratory apparatus,
electrodes for medical apparatus, electrodes for medical purposes, electrodes for recording biological parameters, non-selective electrodes in the form of chemically sensitive probes for medical purposes, ECG electrodes, disposable and reusable ECG cables, NMT adapters for medical purposes, NMT electrode cables for medical purposes, nasal cannulae, nebulizers for medical purposes, portable nebulizers for medical purposes, pumps for medical purposes, compressors for medical purposes, filters for medical purposes for purifying breathing air, medical membranes for filtration, bacteria strains, water traps being parts and/or fittings for medical apparatus, mechanical filters for respiratory apparatus, airway adapters, filters for respiration systems, connectors for filters for respiration systems, tube extensions for breathing tubes, breathing bags, test lungs, manual respiration bags, humidification chambers for breathing tube systems, tube heaters being part of medical apparatus, adapters for tube heaters being parts of medical apparatus, tube clips being parts of medical apparatus, tube connectors being parts of medical apparatus, compressed air installations and systems for medical purposes, consisting of apparatus and fixed devices for preparing, checking and providing medical compressed air, gas supply installations and systems for medical purposes, consisting of apparatus and fixed devices for preparing, checking and providing of gases for medical purposes, vacuum regulators for medical purposes, medical apparatus, namely, spirometers, spirometry apparatus, tubes for medical purposes, medical compressed air tubes, tube systems, consisting of tubes for medical purposes, in particular tubes for anaesthesia, respiratory tubes and tubes for medical suction, tube adapters, valves, connections and accessories, surface-heated respiratory tube systems, filters for medical purposes, pipettes for medical purposes, syringes for medical purposes, medical syringe needles, syringe pumps for medical purposes, septa for medical purposes, high-temperature resistant septa for medical purposes, apparatus for use in medical analysis, apparatus for use in medical or veterinary analysis for conducting analyses of blood and urine of human or animal origin, analysis apparatus for conducting of immunoassays for medical purposes, spirometers, measuring devices for medical purposes, measuring instruments for medical purposes, devices for measuring heart, circulation, respiration and lung function, testing instruments for medical purposes, manual probe heads for medical purposes, automated apparatus and instruments for blood separation, medical apparatus and instruments for primary care and stabilization of newborns, air temperature sensors for incubators, air inlet filters for incubators, O2 distributors for incubators, dispensing apparatus for recording and selecting active substance carriers for medical purposes, apparatus for measuring of body signals in connection with patient analytics, patient monitoring alarms, apparatus and instruments for monitoring patients, namely, medical alarm management systems for patient monitoring used in connection with medical ventilators, consisting of medical apparatus for monitoring vital signs of patients, patient monitoring alarms and operational software for patient monitoring apparatus and patient monitoring alarms, test systems, consisting of test equipment for testing the function of medical apparatus and analysis or diagnosis apparatus for medical apparatus, medical analysis apparatus for laboratories, apparatus for medical imaging, monitor holders being accessories for medical apparatus and medical furniture, precision instruments for medical purposes, medical instruments for testing for drug abuse, cell culture apparatus for medical purposes, analysis robots for medical purposes, containers for medical waste, specially adapted containers for disposal of medical instruments, syringes and other contaminated medical waste, heating plates for humidifiers for use with medical respiratory apparatus, probes for medical purposes, freezing installations for medical purposes, installations for refrigerating, freezing installations, freezing apparatus, installations for air conditioning, installations for cooling air, cryorefrigerators, apparatus for heating laboratory containers, water treatment installations, water treatment apparatus, water treatment filters, apparatus for water treatment, namely, ultraviolet sterilization apparatus, reverse osmosis water purification units, apparatus for wastewater purification, air filters, air filter installations, air filter apparatus, sterilizers for laboratory purposes, steam sterilizers for laboratory purposes, sterilizers for industrial purposes, sterilizers for medical purposes, printed matter, stationery, magazines,
books, calendars, pads being stationery, note books, writing paper, note pads, prospectuses, operating manuals and technical
documentation, garbage bags of paper or of plastics, flexible ducting, pipes, tubes and connectors, including valves, all not of
metal, gaskets, caulking materials and filling compounds, insulating, damping and barrier materials, o-rings, fittings for
measuring devices and sensors, not of metal, adhesive tapes, strips and films, semi-worked polymer resins, valves, not of
metal, storage racks, containers, specimen containers, storage containers for goods, containers and boxes for storage,
containers and boxes, not of metal, for preservation purposes, containers, not of metal, for storage, transport and management
of biological, clinical, chemical, forensic and biopharmaceutical substances and samples, plastic closures for containers, drains
of plastic, fasteners, connectors and holders for pipes, not of metal, glassware, porcelain and earthenware, parts, spare parts
and accessories for all of the aforesaid goods

**International Classes**  35 - Primary Classes  US Classes  100, 101, 102  **International Class Title**  Advertising and

**For**  Assembling of storage systems, namely, installation of automated storage systems for the storage of biological and
compound samples in the life science industry; installation, maintenance and repair of surgical, medical, dental and veterinary
and analytical apparatus and instruments excluding services related to computer software; installation, maintenance and repair
of respiratory apparatus; installation, maintenance and repair of apparatus for measuring body signals in connection with
patient analysis; installation, maintenance and repair of scientific, optical, analysis, measuring, dosage dispensing, diagnostic
and checking apparatus and instruments for use in laboratories; installation, maintenance and repair of scientific, optical,
analysis, measuring, dosage dispensing, diagnostic and checking apparatus and instruments for use in the field of laboratory
automation, cryopreservation services, process analytics and biopharmaceutical process installations; cleaning of storage tanks,
storage containers, and water supply ducts

**For**  Medical services; medical consultations; medical services for the diagnosis of conditions of the human body; medical
services relating to DNA, genetics and genetic tests; medical services relating to the removal, treatment and processing of
human cells; medical services relating to the removal, treatment and processing of stem cells; medical analysis services for the
diagnosis of cancer; medical analysis services for cancer diagnosis and prognosis; medical services relating to the removal,
treatment and processing of human blood; medical laboratory services for the analysis of blood samples taken from patients;
drug, alcohol and DNA screening for medical purposes; drug testing for substance abuse; drug screening for medical purposes;
medical testing services relating to the diagnosis and treatment of disease; medical diagnostic testing in the nature of
conducting of immunoassays for medical purposes; medical services in the field of treatment of chronic pain; provision of
pharmaceutical information, namely, providing information relating to diagnostic, prophylactic and therapeutic properties of
pharmaceuticals; pharmacy advice, namely, pharmaceutical consolidation; medical and pharmaceutical consultancy relating to
biopharmaceutical products and information relating to the diagnostic, prophylactic and therapeutic properties of
biopharmaceuticals; DNA screening for medical purposes; medical diagnostics, namely, conducting medical tests and medical
analysis for diagnostic or treatment purposes; rental of medical equipment, machines and apparatus

sensors, ultrasonic sensor, impact sensors, tactile sensors, piezoelectric sensor, proximity sensors, ultrasonic detectors, ultrasonic flaw detectors, electric sensors, alarm sensors, and projected capacitive touch sensors; measuring or testing machines and instruments, namely, insulated copper wire as a component part for electric sensors; measuring or testing machines and instruments, namely, lines that transmit an electric charge sold as a component part for piezoelectric sensors; measuring or testing machines and instruments, namely, sensors for measuring vibration, stress, displacement or load shift, other than for medical use; measuring or testing machines and instruments, namely, inspection apparatus for industrial use, namely, for inspection of textiles using vibration or tactile sensors; measuring or testing machines and instruments in the nature of material testing machines, computer testing equipment for automotives; measuring or testing machines and instruments, namely, security surveillance apparatus comprised of camera and motion sensors, security surveillance apparatus in the nature of electric and electronic video surveillance installations, crime prevention monitoring device that senses object contact; measuring or testing machines and instruments, namely, security surveillance apparatus comprised of camera and motion sensors; measuring or testing machines and instruments, namely, electric sensors for security surveillance apparatus in the nature of electric and electronic video surveillance installations; measuring or testing machines and instruments, namely, contact type displacement sensors for crime prevention monitoring device; measuring or testing machines and instruments, namely, ultrasonic level meters, ultrasonic underwater wireless receivers and ultrasonic underwater wireless transmitters; measuring apparatus, namely, timing sensors, touchscreen sensors, level sensors, sheet tactile sensors for measuring pressure distribution, position sensors, sensors for determining position, displacement sensors, security sensors for detecting intruder motion, vibration sensors, heat sensors for detecting the presence of humans, motion sensors, ultrasonic sensors, impact sensors, tactile sensors, piezoelectric sensor, proximity sensors, ultrasonic detectors, ultrasonic flaw detectors, electric sensors, alarm sensors, and projected capacitive touch sensors; measuring apparatus, namely, lines that transmit an electric charge sold as a component part for piezoelectric sensors; measuring apparatus, namely, sensors for measuring vibration, stress, displacement or load shift, other than for medical use; measuring devices, electric, namely, timing sensors, touchscreen sensors, level sensors, sheet tactile sensors for measuring pressure distribution, position sensors, sensors for determining position, displacement sensors, security sensors for detecting intruder motion, vibration sensors, heat sensors for detecting the presence of humans, motion sensors, ultrasonic sensors, impact sensors, tactile sensors, piezoelectric sensor, proximity sensors, ultrasonic detectors, ultrasonic flaw detectors, electric sensors, alarm sensors, and projected capacitive touch sensors; measuring devices, electric, namely, feedback devices in the nature of tension sensors; measuring devices, electric, namely, sensors for measuring vibration, stress, displacement or load shift, other than for medical use; AC power adapters; USB battery chargers; adapter plugs; battery power adapters; battery chargers; electric plugs, sockets and other contacts; plug adapters; plug-in connectors; plug connectors; wireless chargers; electronic eyeglass chargers; electronic eyewear chargers; electronic spectacle chargers; power adapters for chargers; inductive battery chargers; rechargers for electric accumulators; electrical adapters; electrical connectors; electrical plugs and sockets; power adapters; power connectors; electrical power plugs; power plug adapters; electronic connectors; chargers for electric batteries; solar cells and parts and fittings thereof; electrical cells and batteries, and parts and fittings thereof; photovoltaic cells; rechargeable electric batteries; rechargeable batteries; telecommunication machines and apparatus, namely, electric capacitors, computer hardware for telecommunications, electrical transformers, telephones, microphones, electronic eyewear, smartwatches, smartglasses, smartrings and smart bracelets; earphones; digital cameras; digital audio and video recorders and players; digital audio and
video recorders and players; electronic navigational and positioning apparatus and instruments; satellite navigational apparatus, namely, a global positioning system; navigation apparatus for vehicles being on-board computers; audio- and video-receivers; sound reproduction apparatus; sound transmitting apparatus; telephones; cellular telephone apparatus; mobile telephone; wearable portable telephones; portable communication machines and apparatus, namely, electronic eyewear, smartwatches, smartglasses, smartrings and smart bracelets; global positioning systems; telecommunication transmitters; radio transceivers; smartphones; personal digital assistants; wearable personal digital assistants; smartglasses; smart rings; personal digital assistants in the shape of a watch; head-mounted video displays; computer peripherals; USB dongles being wireless network adaptors; computer operating programs; computer software, recorded for simulating visual correction; computer software, recorded, namely, image recognition software, voice recognition software, QR Code recognition software, software for internet communication, software for measuring vital signs particularly pulse, blood pressure, respiration and body temperature, for use with electronic eyewear, smartwatches, smartglasses, smartrings and smart bracelets; computer software for correcting shortsight, farsight, presbyopia or astigmatism for the purpose of using for eyeglasses embedded with electro-active lenses; computer software applications, downloadable for updating program of correcting eye-sight using for eyeglasses embedded with electro-active lenses; computer software applications, downloadable for simulating visual correction; computer software applications, downloadable, namely, downloadable image recognition software applications, downloadable voice recognition software applications, downloadable QR Code recognition software applications, downloadable software applications for internet communication, downloadable software applications, for measuring vital signs particularly pulse, blood pressure, respiration and body temperature, for use with electronic eyewear, smartwatches, smartglasses, smartrings and smart bracelets; computer software for updating program of correcting eye-sight using for eyeglasses embedded with electro-active lenses; computer programs, namely, image recognition computer programs, voice recognition computer programs, QR Code recognition computer programs, computer programs for internet communication, computer programs for simulating visual correction; computer programs, recorded for simulating visual correction; computer programs, recorded, namely, image recognition computer programs, voice recognition computer programs, QR Code recognition computer programs, software for internet communication, software for measuring vital signs particularly pulse, blood pressure, respiration and body temperature, for use with electronic eyewear, smartwatches, smartglasses, smartrings and smart bracelets; computer programs for updating program of correcting eye-sight using for eyeglasses embedded with electro-active lenses; recorded computer programs being downloadable software for updating program of correcting eye-sight using for eyeglasses embedded with electro-active lenses; recorded computer programs being downloadable software, namely, image recognition recorded computer programs being downloadable software, voice recognition recorded computer programs being downloadable software, QR Code recognition recorded computer programs being downloadable software, recorded computer programs being downloadable software for internet communication, recorded computer programs being downloadable software, for measuring vital signs particularly pulse, blood pressure, respiration and body temperature, for use with electronic eyewear, smartwatches, smartglasses, smartrings and smart bracelets; computer application software for accessing, browsing and searching online databases for mobile phones, portable media players, handheld computers, electronic eyeglasses, electronic eyewear, electronic spectacles for mobile phones, portable media players, handheld computers, electronic eyeglasses, electronic eyewear, electronic spectacles; computer application software for recording, organizing, transmitting, manipulating, and reviewing text, data, audio, image and video files for mobile phones, portable media players, handheld computers, electronic eyeglasses, electronic eyewear, electronic spectacles; computer application software for use in connection with configuring and controlling wearable computer hardware and wearable computer peripherals for mobile phones, portable media players, handheld computers, electronic eyeglasses, electronic eyewear, electronic spectacles; computer application software for monitoring, processing, displaying, storing and transmitting data related to a user's physical activity for mobile phones, portable media players, handheld computers, electronic eyeglasses, electronic eyewear, electronic spectacles; computer application software for
managing information regarding tracking, compliance and motivation with a health and fitness program for mobile phones, portable media players, handheld computers, electronic eyeglasses, electronic eyewear, electronic spectacles; tablet computers; laptop computers; wearable computers; wearable computer peripherals; data processing equipment; electronic machines, apparatus and their parts, namely, piezoelectric sensor switch; electronic machine and apparatus for testing compression, strength, hardness and tensile characteristics of industrial materials and their replacement parts; electronic machines, apparatus and their parts, namely, security alarms, burglar alarms, personal security alarms, personal burglar alarms, inspection apparatus for inspection of textiles using vibration and tactile sensors; electronic machines, apparatus and their parts, namely, sensors for measuring vibration, stress, displacement or load shift, other than for medical use; electronic machines, apparatus and their parts, namely, inspection apparatus for industrial use, namely, for inspection of textiles using vibration and tactile sensors; electronic machines, apparatus and their parts, namely, inspection apparatus for industrial use, namely, for inspection of textiles using vibration and tactile sensors; electronic machines, apparatus and their parts, namely, timing sensors, touchscreen sensors, level sensors, sheet tactile sensors for measuring pressure distribution, position sensors, sensors for determining position, security sensors for detecting intruder motion, vibration sensors, sensors for measuring or testing machines and instruments, ultrasonic sensors, ultrasonic sensors, impact sensors, tactile sensors, piezoelectric sensor, pressure sensor, piezoelectric line, line for piezoelectric sensors, force sensors, stress sensors, load shift sensors, tension sensors, feedback devices in the nature of tension sensors, proximity sensors, measuring equipment in the nature of microsensors for measurement of pressure, acceleration, force and flow, namely, piezoresistive pressure sensors, ultrasonic detectors, ultrasonic flaw detectors; safety restraints, other than for vehicle seats and sports equipment in the nature of fall protection equipment for fall restraint and fall arrest, namely, lanyards; protection devices for personal use in the nature of helmets for protection against accidents; protection devices for personal use in the nature of headwear for protection against accidents; protection devices for personal use in the nature of gloves for protection against accidents; protection devices for personal use in the nature of kneepads for worker, for protection against accidents; protection devices for personal use in the nature of face shields for protective helmets, for protection against accidents; protection devices for personal use in the nature of reflective articles for wear, for protection against accidents; protection devices for personal use in the nature of reflective safety vests for protection against accidents; protection devices in the nature of clothing for protection against accidents; protection devices in the nature of shoes for protection against accidents; diagnostic apparatus, not for medical purposes, namely, offset detector for detecting the positional relationship of objects, generic vibration detector, leakage detector for detecting water, gas, oil and chemical leaks, automatic optical detector, diode detector, security surveillance apparatus in the nature of electronic sensors, security surveillance apparatus in the nature of electronic and electronic video surveillance installations, object contact sensing security surveillance apparatus; electric sensors for security surveillance apparatus in the nature of electric and electronic video surveillance installations, contact type displacement sensors for crime prevention monitoring device, ultrasonic level meters, ultrasonic underwater wireless receivers, ultrasonic underwater wireless transmitters; electronic machines, apparatus and their parts, namely, insulated copper wire; electronic machines, apparatus and their parts, namely, protective shields, visors, masks, screens and guards for protecting face, teeth and body; electronic spectacles; electronic eyewear; electronic eyeglasses; ophthalmic eyeglasses for vision correction; lenses for vision correction; eyeglasses for amblyopia; electronic eyewear incorporating functional enhancements and features; fashion eyeglasses; dust goggles; goggles for night vision and diving; goggles, namely, protective goggles in the form of shields, visors, masks, screens and guards for protecting face, teeth and body; contact lenses; containers for contact lenses; sunglasses; sunglass lenses, semi-finished; electronic goggles; electronic contact lenses; electronic sunglasses; electronic sunglass lenses; fitover eyeglasses; fitover sunglasses; electronic fitover
eyeglasses; electronic fitover sunglasses; clip-on eyeglasses; electronic fitover sunglasses; parts and fittings for spectacles; spectacle cases; spectacle temples for spectacles; nose pads for eyewear; spectacle wipes as accessories of spectacles; bridges for spectacle frames; ear pads for spectacle frames; hinges for spectacle frames; pince-nez mountings; eyeglass cords; spectacle frames; eyeglass chains; parts and fittings for electronic spectacles; electronic spectacle frames; electronic spectacle lenses; electronic spectacle lenses, semi-finished; electronic eyewear lenses, semi-finished; electronic eyeglass lenses, semi-finished; pince-nez; pince-nez cords; pince-nez chains; pince-nez cases; optical frames; wearable computer peripherals for mobile devices; wearable computer peripherals for mobile information terminal devices; wearable peripherals for mobile computer, namely, electronic eyewear, smartwatches, smartglasses, smartrings and smart bracelets; computer software for accessing, browsing and searching online databases; computer software for recording, organizing, transmitting, manipulating, and reviewing text, data, audio, image and video files; computer application software for use in connection with configuring and controlling wearable computer hardware and wearable computer peripherals; computer software for monitoring, processing, displaying, storing and transmitting data relating to a user's physical activity; computer software for managing information regarding tracking, compliance and motivation with a health and fitness program; computer software for electronic eyewear, smartwatches, smartglasses, smartrings and smart bracelets; computer software, namely, database management software and data synchronization software; laboratory apparatus and instruments, namely, laboratory experimental machines and apparatus, test tube, flasks, dish and plate for cell, tissue or bacteria culture, and, surgery and treatment training model as a part of simulators for laparoscope-assisted surgery for education and training and surgical simulators for education and training; simulators for laparoscope-assisted surgery for education and training; surgical simulators for education and training; laboratory apparatus and instruments, namely, protective shields, visors, masks, screens and guards for protecting face, teeth and body; filters for ultraviolet rays, for photography; goggles for sports; swim goggles; power distribution or control machines and apparatus, namely, power controllers; rotary converters; phase modifiers; electric or magnetic voltage meters and testers; electric wires and cables; buzzers, electric; magnetic cores; resistance wires; electrodes; piezoelectric switches; static electric sensors; dust masks; gas masks; welding or protective masks and parts or filters thereof; welding masks; welding masks and parts thereof; filters for welding masks; protective masks; nasal plugs for filtering air, not for medical purposes; nasal respirators for filtering air, not for medical purposes; fire hose; optical sensors; pressure sensors; angle sensors for detection of various mechanical defects, monitoring human's, patient's and animal's condition, monitoring changes in the room as a crime prevention; thermal sensors for human detection, namely, for measuring heat emitted from humans; displacement sensors for measuring distance between substances for use in manufacturing field, construction field, medical field and security field; displacement sensors for measuring distance; sensors for determining position; motion sensors in the nature of a vehicle mounted sensor for determining the rate of motion for a vehicle; motion sensors that detect pinching in doors, elevators, and escalators; motion sensors that detect contact with robot arms; motion sensors that detect contact with objects; Motion sensitive sensors in sheet form for measuring pressure distribution; alarm sensors; fire boats; fire trucks; safety goggles; protective goggles; lenses for goggles for sports, swim goggles, safety goggles, protective goggles, electronic goggles, dust goggles and goggles for night vision and diving; electric current sensors; electrical conductive tape for sensors; electrical conductive tape for industrial robots; electrical conductive tape; security surveillance robots; robotic electronic control apparatus for security guarding for facilities and theft protection; robots for entertainment purpose, namely, robots with artificial intelligence for use in reception services for visitors in building, acting as master of ceremonies and communicating with humans; eyeglasses for medical purposes; medical eyeglasses for ambyopia; chromatographic columns for laboratory use

GOODS AND SERVICES INFORMATION
For Structural parts for land vehicles, locomotives, railway carriages and trams, namely, metal beams and metal columns; metal profiles for use in vehicle construction in the form of vehicle chassis and structural parts of superstructures for vans and trailers, locomotives, railway carriages and trams, and for hydraulic platforms, mobile maintenance platforms and washing installations and shipbuilding, in particular being deck fittings for superstructures for ship decks
International Classes 12 - Primary Classes US Classes 19, 21, 23, 31, 35, 44 International Class Title Vehicles

For Metalworking machine tools being parts of machines and machine tools for forming, riveting, swaging and flaring of metal, all for treatment of materials and production and for use with mechanical equipment for agriculture, earthworks, construction, oil and gas extraction, and mining, and transport apparatus; metal profiles being part of machines for use in mechanical engineering, namely, metal profiles being parts of booms for cranes and parts of guides and booms for excavators and other construction machines, crane runways, and conveyor belts
International Classes 7 - Primary Classes US Classes 13, 19, 21, 23, 31, 34, 35 International Class Title Machinery

For Round, square and rectangular hollow profiles of metal, including with corrosion protection; building and construction profiles of metal; hollow profiles of metal for use in steel construction and structural steel engineering, industrial and bridge construction, sporting facility construction, mechanical engineering, fairground rides, conveying technology, textile machines, land working and harvesting machines, the offshore wind industry, offshore structures in the oil and gas sector, road and rail vehicles, and shipbuilding; closed hollow profiles of metal in the form of semi-finished, namely, hot-rolled profiles, welded profiles, rectangular profiles, square profiles; building and construction profiles of metal for use in steel construction in the form of props, beams, frames, roof trusses and lattice girders in industrial and hall construction, in bridges, boiler supporting structures, pallet warehouses, grandstands, sports venues and exhibition structures, and for kiosks, greenhouses, mining
equipment; building and construction profiles of metal for use in architecture in the form of frames for wall elements and wall skeletons, stringers as parts of staircases and platforms, for railings, latticework, gates and gate posts; building and construction profiles of metal for use for scaffolding, containers, racks and frames, not for furniture, stackable and transport containers and pallets, frames for formwork panels, pylons and booms; all of the aforesaid goods consisting of steel; building and construction profiles of metal for containers, crossbeams, framework for moving staircases and escalators and frame structures for lifts

GOODS AND SERVICES INFORMATION
For Household or kitchen utensils in the nature of sieves, skimmers, graters, spatulas, strainers, turners, splatter screens, kitchen tongs, and containers; cooking utensils in the nature of grills, wire baskets, basting spoons, non-electric griddles and crockery namely pots, dishes, drinking cups and saucers, bowls, serving bowls and trays, except for forks, knives and spoons; combs and sponges in the nature of toiletry combs and sponges; brushes, except paint brushes in the nature of tooth and hair brushes; brush-making materials; cleaning material in the nature of cleaning cloth; beverage glassware of porcelain and earthenware; glass boxes and beverage glassware, included in this class; heat-insulating receptacles for beverages and liquids; drinking vessels; drinking glasses; tankards; planters for flowers and plants made of earthenware, glass, porcelain and plastic; modular terrariums for plant cultivation; parts for the aforementioned goods, included in this class and accessories in the nature of neoprene zippered glass bottle holders for the aforementioned goods, included in this class
International Classes 21 - Primary Classes US Classes 2, 13, 23, 29, 30, 33, 40, 50 International Class Title Housewares and Glass

For Apparatus for lighting in the nature of lighting apparatus, namely, lighting installations, flat panel lighting apparatus, organic light emitting diodes (OLED) lighting devices, heating in the nature of radiators, heating boilers, heating installations, steam generating, cooking in the nature of steam generating apparatus, cooking ovens, cooking ranges, apparatus for cooking, namely, cooktops, electromagnetic induction cookers, microwave ovens, refrigerating, drying in the nature of laundry drying machines, electric air dryers, drying machines for air conditioners in the nature of electric air dryers specially adapted for air conditioners, ventilating in the nature of ventilating fans for household use, water supply in the nature of regulating apparatus for water supply apparatus in the nature of metered valves, irrigation installations for plants in the nature of irrigation sprinklers, agricultural irrigation units, apparatus for controlling water supply in the nature of water control valves for faucets,
filter apparatus for water supply installations, regulating instruments for water supply apparatus in the nature of metered
valves, filters for use with apparatus for water supply, faucets, valves for water supply in the nature of water control valves for
faucets, pressure relief apparatus forming part of water supply systems in the nature of pressure regulators for water
installations and sanitary purposes in the nature of wash basins; apparatus and installations for separating and filtering liquid
and gaseous substances in the nature of ionization apparatus for the treatment of air or water; filtrations and separator elements
for liquid and gaseous substances in the nature of waste water filtering processors, water filtering apparatus, filters for air
conditioning; parts for the aforementioned goods, included in this class and accessories in the nature of thermostatic valves
being parts of heating installations for the aforementioned goods, included in this class

**International Classes** 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

**For** Bleaching preparations and other substances in the nature of detergents for laundry use; cleaning, polishing, degreasing
and abrasive preparations; soaps in the nature of body cream soap, non-medicated hair and laundry soaps; perfumery products
in the nature of perfumery and deodorants for personal use; essential oils, cosmetics, hair lotions; dentifrices

**For** Providing information of repair or maintenance of apparatus and installations for separating and filtering of liquid and
gaseous substances; installation, maintenance and repair services of apparatus and installations for separating and filtering of
liquid and gaseous substances; repair or maintenance of machines and apparatus for processing of beverages; providing
information relating to the repair or maintenance of machines and apparatus for processing of beverages

**International Classes** 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

**For** Scientific research services and scientific services in the nature of scientific research; industrial analysis in the nature of
analysis of industrial fluids and research in the field of water purification services; engineering works expertise in the nature of
technical engineering in the field of apparatus and installations for separating and filtering of liquid and gaseous substances
and scientific study services in the field of apparatus and installations for separating and filtering of liquid and gaseous
substances, technical planning in the nature of engineering services particularly technical project planning in the field of
custom design and development of apparatus and installations for separating and filtering of liquid and gaseous substances and
project development in the nature of engineering services, particularly technical project planning in the field of custom design
and development of apparatus and installations for separating and filtering of liquid and gaseous substances; advice relating to
the aforementioned services
