Mark Literal(s)  LIVING SOUL

Mark consisted of a display trophy image traced in gold with black coloring with two gold fish inside along with a Pisces symbol, Libra symbol, and five point star on the trophy; a white ribbon with gold outline has the words "LIVING SOUL" in gold with two blue swans traced in gold with water coming out to the middle dividing the swans above in black outline. Above the swans there are two crescent moons in white and silver and in the middle there is a new full moon as a ying-yang symbol. One of the crescent moons is silver with white squiggles in the middle; in the full moon there’s half of the moon with white and a black dot and in the other half there black silver and white inside. Above this image there are four ribbons outlined with gold and with white inside.

The color(s) gold, black, blue, silver and white is/are claimed as a feature of the mark.

CASE IDENTIFIERS
Serial Number  79262840 Application Filing Date  Jan. 04, 2019 Registration Number  6268727 Registration Date  Feb. 16, 2021 Register  Principal Mark Type  Service Mark Trademark Publication Date  Dec. 01, 2020

MARK INFORMATION
Standard Character Claim  No Mark Drawing Type  3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark  The mark consists of a stylized black letter "R" with the upper portion of the vertical left stem missing within a red square with curved angles. Color Drawing  Yes Color Claimed  The color(s) black and red is/are claimed as a feature of the mark.

RELATED PROPERTIES INFORMATION
International Registration  1476802 International Registration Date  Jan. 04, 2019

GOODS AND SERVICES INFORMATION
For  Boxing gloves; sporting articles and equipment, namely, boxing bags, punching balls and punching bags; gloves for games, namely, boxing gloves; exercise equipment, namely, body training apparatus; sports training apparatus, namely, boxing bags and punching bags, all of the aforesaid goods not for or in connection with electronic entertainment software being computer, internet or video games
International Classes  28 - Primary Classes US Classes  22, 23, 38, 50 International Class Title  Toys and Sporting Goods
For  Computer education training; education and instruction, namely, conducting seminars in the field of boxing and martial arts; educational instruction, namely, conducting seminars in the field of boxing and martial arts; instruction in martial arts; educational services relating to sports, namely, instruction in the nature of boxing and martial arts; training of sports players, namely, instruction in the nature of boxing and martial arts; training of sports teachers, namely, conducting seminars in the field of boxing and martial arts; personal coaching in the field of boxing and martial arts; provision of online training courses in the field of boxing and martial arts; organization of seminars relating to computer education training; conducting of instructional seminars in the fields of fitness, exercise, boxing, kick-boxing and mixed martial arts; educational seminars in the field of boxing and martial arts; dissemination of educational material of others in the field of boxing and martial arts; instructional and training services in the field of computer education training; educational services, namely, providing classes in the field of physical fitness; provision of online training in the field of computers; provision of instruction , namely, conducting classes in the field of computer programming; vocational education in the field of self-defense instruction; planning
of educational seminars in the field of boxing and martial arts; arrangement of training courses in teaching institutes; educational and training services relating to sport, namely, instruction in the nature of boxing and martial arts; training in the use of optical sensors; training in the operation of software systems; providing online non-downloadable Internet game software; conducting fitness classes; physical fitness advisory services in the field of exercise improvement in daily lives; consultancy relating to physical fitness training and equipment training, namely, training in the use of exercise bands and training bars; rental of sports equipment for use in sporting events, except vehicles; provision of facilities for group exercise; organizing of sporting events, competitions and sporting tournaments, namely, boxing and martial arts competitions and tournaments; sports training services, all of the aforesaid services not for or in connection with electronic entertainment software being computer, internet or video games

**International Classes** 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

**For** Sensory software, namely, recorded software for measuring, calculating and/or displaying data relating to the impact force, force distribution, motion and/or speed of boxing gloves; interactive software, namely, recorded software for transmitting, measuring, calculating and/or displaying data relating to the impact force, force distribution, motion and/or speed of boxing gloves; assistive software, namely, recorded software for calculating and/or displaying data relating to the impact force, force distribution, motion and/or speed of boxing gloves; software, namely, downloadable software for use in database management; application simulation software, namely, downloadable virtual reality training simulation software in the field of boxing and martial arts; virtual reality software, namely, downloadable virtual reality software for boxing and martial arts; computer programs for data processing, namely, downloadable software for use in database management; mobile software, namely, downloadable software in the nature of a mobile application for use in database management; downloadable software for smartphones, namely, software in the nature of a mobile application for displaying data relating to the impact force, force distribution, motion and/or speed of boxing gloves; software and applications for mobile devices, namely, downloadable software in the nature of a mobile application for use in database management; downloadable gesture recognition software; software related to handheld digital electronic devices, namely, downloadable electronic software for handheld electronic devices for calculating and/or displaying data relating to the impact force, force distribution, motion and/or speed of boxing gloves; downloadable software for use in database management; computer hardware and recorded software-based teaching apparatus, namely, electronic sports training simulators; downloadable augmented reality software for use in mobile devices for boxing simulations; downloadable augmented reality software for use in mobile devices for integrating electronic data with real world environments for boxing simulations; electronic monitoring instruments, other than for medical use, namely, sensors for determining the speed and/or motion direction of boxing gloves; monitoring instruments, namely, portable electronic devices for monitoring and analyzing boxing and martial arts movement in sports; motion sensors; speed measuring instruments, namely, apparatus for measuring the speed of boxing gloves; optical speed sensors, namely, apparatus for measuring the speed of boxing gloves; speed indicators; sensors for measuring speed, namely, acceleration sensors; sensors for measuring the speed and power of boxing gloves; electronic pressure sensors; wireless transmitting and receiving equipment for portable media players, namely, wireless transmitters and receivers for wireless transmitting and receiving of data from sensors to mobile devices; wireless network adaptions, namely, USB dongles; downloadable computer software for database management for data storage and analysis; electronic databases in the field of data storage and analysis recorded on computer media; electronic sports training simulators; wearable video display monitors;
computer monitors; optical instruments for use in the inspection and measurement of industrial components; wireless transmitters and receivers; antenna parameter measuring apparatus; electronic metering apparatus, namely, for measuring motions, speed, power or pressure; educational mobile applications, namely, downloadable software for instruction in boxing and martial arts; downloadable mobile applications for the management of data, namely, software for use in database management; downloadable mobile applications for the transmission of data, namely, software for use in database management; downloadable mobile applications for the management of information, namely, software for use in database management; downloadable mobile applications for the transmission of information, namely, downloadable software in the nature of a mobile application for use in database management; application software, namely, recorded software for measuring, calculating and/or displaying data relating to the impact force, force distribution, motion and/or speed of boxing gloves; application software for wireless devices, namely, downloadable electronic software for wireless devices; downloadable interactive multimedia computer game video software for boxing and martial arts; interactive computer software, namely, downloadable boxing analysis software, all of the aforementioned goods not for or in connection with protective work garments, protective work shoes, protective work gloves and electronic entertainment software being computer, internet or video games

**International Classes** 9 - Primary Classes **US Classes** 21, 23, 26, 36, 38 **International Class Title** Electrical and Scientific Apparatus

*For* Clothing, namely, pants, t-shirts, shirts, jackets, hoodies, pullovers, underwear and socks for training purposes; footwear for training purposes; headwear, namely, caps, for training purposes, all of the aforesaid goods not for or in connection with electronic entertainment software being computer, internet or video games

**International Classes** 25 - Primary Classes **US Classes** 22, 39 **International Class Title** Clothing

*For* Software as a service [SaaS] featuring software for database management for measuring, calculating and/or displaying data relating to the impact force, force distribution, motion and/or speed of boxing gloves; maintenance of websites and hosting on-line web facilities for others; computer website design; Internet web site design services; managing the web sites of others, namely, maintaining the website of others in the field of boxing and martial arts; creating, designing and maintaining web sites; creating and maintaining web sites for others; design of computer hardware; design of hardware for digital signal processing; maintenance of computer software; maintenance and updating of computer software; maintenance and repair of software; rental of software for data processing; rental of computer hardware and computer software; rental of computer software, data processing equipment and computer peripheral devices; computer software technical support services, namely, troubleshooting of computer software problems; software creation, namely, software design and development; computer software design; programming of EDP computer software for others; programming of computer game software for others; providing on-line non-downloadable software for database management, namely, for sports data in the field of boxing and martial arts; design of virtual reality software; computer software research; writing of programs for data processing; design and development of computer game software and virtual reality software; design and development of virtual reality software; providing temporary use of on-line non-downloadable software for database management for sports data in the field of boxing and martial arts; updating of software databases; updating of software for data processing; design and development of software in the field of mobile applications; developing customized software for others; computer software development; development of virtual reality software, all of the aforesaid services not for or in connection with electronic entertainment software being computer, internet or video games

GOODS AND SERVICES INFORMATION
For Electronic agendas; bar code readers; encoded magnetic charge cards; encoded magnetic credit cards; encoded magnetic debit cards; central processing units; chips, namely, integrated circuits; downloadable computer game software; computer keyboards; computer memory devices; computer operating programs, recorded; computer peripheral devices; downloadable computer software and software programs for remote operation of telecommunications switches and for voice mail and messaging, to process voice, video, facsimile and data, for computer data delivery, for encrypting and decrypting an electronic data system to interface with cable and broadcast television networks; downloadable computer software for use in database management, for use as a spreadsheet, for word processing, and for drawing pictures for children; downloadable computer software and software programs for use in the fields of electronic payments, providing databases of demographic information and encryption/decryption of information, for processing credit card transactions in the field of electronic commerce; downloadable computer software and software programs for facilitating computer aided design (CAD) and large scale integrated circuit design, for automatic order cycle processes between retailers and manufactures; recorded computer software for data management and downloadable software for accessing a global computer network or interactive computer communications network which provides information on a wide variety of topics of public interest in the fields of business, computers, culture, and electronic commerce; downloadable software for downloading data from a computer network; downloadable computer programs for managing data centers; downloadable computer programs for database integration downloadable computer programs for database management in connection with cloud computing services; downloadable computer programs for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes; downloadable computer programs for managing telecommunication networks in connection with cloud computing services; downloadable computer programs for managing...
the electronic storage of data; downloadable computer programs for integration of private and public cloud computing environments; downloadable computer programs for providing cloud hosting services; downloadable computer programs for efficient utilization of cloud computing services through creation, deployment and management of ICT resources from devices and networks to the cloud computing platform; downloadable computer anti-virus software; downloadable computer software for use in computer security for ensuring data security, internet security through preventing computer viruses, preventing computer risks through ensuring the security of downloadable data, computer system threat analysis, computer virus scanning, identity management, penetration testing of computers and networks to assess information security vulnerability; downloadable computer software for deep learning, natural language generation, statistical learning, supervised learning, unsupervised learning, data mining, predictive analytics and business intelligence, computer hardware and embedded systems consisting of computer software and hardware for artificial intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, unsupervised learning, data mining, predictive analytics and business intelligence; recorded computer software and downloadable computer software for voice recognition, image recognition, video recognition and user interface, dialog management, artificial intelligence, machine learning, natural language processing, text-to-speech conversion, speech synthesis, emotional detection and synthesis, and voice and data communications; downloadable computer software for computer vision to optimize workflows and analysis of big data sets; downloadable computer software for indexing and making searchable data from any application, server or network device; downloadable computer programs and computer software for data integration, data manipulation, data analysis, development of predictive systems and privacy management; downloadable computer software and programs for tasks, namely, combinatorial optimization, machine learning, and network analysis; downloadable computer software and programs for use in optical computing and Coherent Network Computing; downloadable computer software programs to design, operate and manage information communication technology (ICT) systems of others; downloadable computer software for user authentication; downloadable computer software that enables users to administer, manage and optimize cloud resources and ICT resources; downloadable computer software for setting up and configuring local and wide area networks; downloadable LAN (local area network) operating software; downloadable VPN (virtual private network) operating software; downloadable WAN (wide area network) operating software; downloadable computer software for administration of computer networks; downloadable network access server operating software; downloadable software for remotely monitoring environmental conditions and controlling devices within a building, facility, grounds, or designated spatial area; downloadable computer software to monitor and control factory manufacturing processes; downloadable software for monitoring and controlling communication between computers and automated machine systems; computers; data processing apparatus; blank optical discs; blank disks, magnetic; disk drives for computers; electronic notice boards; electronic pens; electronic pocket translators; electronic tags for goods; encoded identification bracelets, magnetic; magnetic encoders; blank floppy computer disks; identity cards, magnetic; integrated circuit cards; integrated circuits; interfaces for computers; juke boxes for computers; laptop computers; light-emitting diodes; magnetic tape units for computers; blank magnetic computer tapes; microprocessors; modems; computer monitors; computer mouse; mouse pads; pocket calculators; printers for use with computers; optical character readers; optical readers; electronic card readers; chip card readers; smart card readers; scanners; semi-conductors; amplifiers; answering machines; antennas; electrical anti-interference devices, namely, filters for radio interference suppression; camcorders; cassette players; cell phone straps; compact disc players; digital photo frames; DVD players; electric installations for the remote control of industrial operations; facsimile machines; global positioning system (GPS) apparatus; hands free kits for phones; head cleaning tapes for video recorders and audio recorders; headphones; juke boxes, musical; phototelegraphy apparatus; portable media players; portable
telephones; radio pagers; radios; vehicle radios; radiotelegraphy sets; radiotelephony sets; audio and video receivers; telephone
receivers; record players; telegraphs; television apparatus for projection purposes; navigation apparatus for vehicles; video
recorders; video telephones; coaxial cables; fiber optic cables; junction sleeves for electric cables; cables, electric; electric
wires and cables; optical fibers; telegraph wires; telephone wires; wire connectors; video disks and video tapes with recorded
animated cartoons; blank compact discs; downloadable image files; downloadable music files; downloadable ring tones for
mobile phones; blueprinting machines; cash registers; coin counting machines, coin sorting machines; electronic indicator
boards; digital signs; photo-copying machines; mathematical instruments, namely, T-square for measuring, compasses for
measuring, protractors (measuring instruments), angle dividing protractors, calculating scales, square ruler for measuring and
measuring rulers; time and date stamping machines; time clocks; punched card office machines; voting machines; postage
stamp checking apparatus, namely, an apparatus used to confirm attachment of postage stamps; mechanisms for coin-operated
car parking gates; fire alarms; gas alarms; anti-theft warning apparatus, namely, burglar alarms, warning bells and electric
warning light systems for homes and offices; railway signal apparatus, luminous or mechanical; simulators for the steering and
control of vehicles; electronic sports training simulators; currency recognition machines; laboratory apparatus and instruments,
namely, constant temperature incubators for laboratory use, constant humidity incubators for laboratory use, laboratory
glassware, laboratory centrifuges, laboratory burners, laboratory chemical reactors and laboratory photochemical reactors;
measuring or testing machines and instruments; electrostatic copying machines; electronic desk calculators; downloadable
electronic dictionaries; word processors; electron tubes; semi-conductor elements, namely, thermistors, diodes, transistors;
electronic circuits not including those recorded with computer programs; photographic machines and apparatus, namely, tilting
heads for cameras, cameras, range finders for cameras, tripods for cameras, shutters for cameras, bellows for cameras, spools
for cameras, slide projectors, self-timers for cameras, photographic flash units for cameras, flash lamps for cameras,
viewfinders for cameras, lens filters for cameras, lens hoods for cameras, flash guns for cameras, film magazines for cameras,
shutter releases for cameras, lenses for photographic apparatus and photographic exposure meters; cinematographic machines
and apparatus, namely, movie projectors, cinematographic cameras, projection screens for movie films, editing machines for
movie films, sound recording apparatus and instruments, cinematographic apparatus; optical machines and apparatus, namely,
body-tubes for telescopes, tripods for telescopes, periscopes, binoculars, reflectors for telescopes, prisms for telescopes,
telescopes, lenses for telescopes, microscopes, magnifying glasses, body-tubes for microscopes, metallurgical microscopes,
biological microscopes, reflectors for microscopes, prisms for microscopes, polarizing microscopes, stereoscopes and lenses
for microscopes; power distribution or control machines and apparatus, namely, electric switches, electric relays, circuit
breakers, power controllers, current rectifiers, electric connectors, electric circuit closers, electric capacitors, electric resistors,
local switches, power distributing boxes, plugboards, fuses for electric current, lightning arresters, electric transformers,
induction voltage regulators and electric reactors; rotary converters; phase modifiers; electric or magnetic meters and testers;
telecommunication machines and apparatus, namely, telephone apparatus, intercoms, automatic switching apparatus for
telecommunication, telephone sets; wire communication machines and apparatus, namely, apparatus for transmission of
communications, teletypewriters; power-line transmission machines and apparatus, open-wire transmission machines and
apparatus, cable broadcast transmission machines and apparatus, apparatus for broadcasting, recording, transmission or
reproduction of sound or images, television receivers in the nature of tv sets, telecommunications transmitters, television
transmitters, radio receivers, radio transmitters, aeronautical radio communication machines and apparatus, single-channel
radio communication machines and apparatus for fixed stations, marine radio communication machines and apparatus, radio
beacon machines and apparatus, radar apparatus, loran navigation machines and apparatus, remote control telemetering machines and apparatus, digital voice recorder, sound recording apparatus, public-address systems and instruments, digital audio players, tape recorders, electric phonographs, sound and video recording and playback machines; video frequency devices and apparatus, namely, video communications apparatus, DVD recorders, digital cameras, videodisc players, videotape recorders; parts and accessories for telecommunication machines and apparatus, namely, magnetic tape erasers, magnetic tape cleaners, magnetic head cleaners, loudspeakers, fuses for telecommunication apparatus, change-over switches for telecommunication apparatus, telephone connectors, electric capacitors for telecommunication apparatus, electric resistors for telecommunication apparatus, pickups for telecommunication apparatus, indicator lights for telecommunication apparatus, electrical phonomotors, electrical transformers for telecommunication apparatus, surge protectors, microphones for telecommunication apparatus, blank record disks; spectacles; downloadable game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; electronic publications in the nature of books, magazines and manuals in the fields of computers, computer networks, computer hardware, computer software, cloud computing, IT security and information risk management

**For** Computer programming; duplication of computer programs; installation of computer software; maintenance of computer software; updating of computer software; computer software consultancy; computer software design; computer system analysis; computer system design, development and consultancy services relating to the same; computer virus protection services; conversion of data or documents from physical to electronic media; creating and maintaining web sites for others; data conversion of computer programs and data, not in the nature of physical conversion; digitization of documents; information technology consulting services; monitoring of computer systems by remote access; providing search engines for obtaining data on a global computer network; providing search engines for obtaining data via communications networks; providing search engines for the internet; recovery of computer data; web site design consultancy; computer rental; hosting computer sites; rental of computer software; rental of web servers; rental of computers; server hosting; software as a service (SaaS) featuring software for use in database management, for use as a spreadsheet and computer search engine, for word processing and non-downloadable software for accessing a global computer network or interactive computer communications
network which provides information on a wide variety of topics of public interest in the field of business, computer, culture, electronic commerce and a wide range of fields on global computer network; software as a service (SaaS) featuring software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; software as a service (SaaS) featuring software for managing data centers; software as a service (SaaS) featuring software for database integration; software as a service (SaaS) featuring software for database management in connection with cloud computing services; software as a service (SaaS) featuring software for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes; software as a service (SaaS) featuring software for artificial intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, unsupervised learning, data mining, predictive analytics and business intelligence; software as a service (SaaS) featuring software for voice recognition, image recognition, video recognition and user interface, dialog management, artificial intelligence, machine learning, natural language processing, text-to-speech conversion, speech synthesis, emotional detection and synthesis, and voice and data communications; software as a service (SaaS) featuring software for computer vision to optimize workflows and analysis of big data sets; software as a service (SaaS) featuring software for indexing and making searchable data from any application, server or network device; software as a service (SaaS) featuring software for data integration, data manipulation, data analysis, development of predictive systems and privacy management; software as a service (SaaS) featuring software for managing telecommunication networks in connection with cloud computing services; software as a service (SaaS) featuring software for managing the electronic storage of data; software as a service (SaaS) featuring software for integration of private and public cloud computing environments; software as a service (SaaS) featuring software for providing cloud hosting services; software as a service (SaaS) featuring software for efficient utilization of cloud computing services; software as a service (SaaS) featuring anti-virus software; software as a service (SaaS) featuring software for use in computer security, internet security, preventing computer risks, computer system threat analysis, computer virus scanning, identity management, penetration testing of computers and networks to assess information security vulnerability; software as a service (SaaS) featuring software for tasks, namely, combinatorial optimization, machine learning, and network analysis; software as a service (SaaS) featuring software for use in optical computing and Coherent Network Computing; software as a service (SaaS) featuring software that enable users to design, operate and manage information communication technology (ICT) systems of others; software as a service (SaaS) featuring software for user authentication; software as a service (SaaS) featuring software that enables users to administer, manage and optimize cloud resources and ICT resources; software as a service (SaaS) featuring software for setting up and configuring local and wide area networks; software as a service (SaaS) featuring LAN (local area network) operating software; software as a service (SaaS) featuring VPN (virtual private network) operating software; software as a service (SaaS) featuring WAN (wide area network) operating software; software as a service (SaaS) featuring software for administration of computer networks; software as a service (SaaS) featuring network access server operating software; software as a service (SaaS) featuring software for remotely monitoring environmental conditions and controlling devices within a building, facility, grounds, or designated spatial area; software as a service (SaaS) featuring software that enable users to monitor and control factory manufacturing processes; software as a service (SaaS) featuring software for monitoring and controlling communication between computers and automated machine systems; graphic arts design; industrial design; styling in the nature of industrial design; consultancy in the field of energy-saving, namely, consulting services in the fields of energy measurement to improve energy efficiency; scientific laboratory services; physics research; conducting technical project studies; quality control for others; scientific research; designing, other than for advertising purposes, namely, dress designing.
architectural design, interior design, packaging design and tool design; technological advice relating to computers, automobiles and industrial machines, namely, technical advice relating to the operation of computers and automobile; providing virtual computer systems and virtual computer environments through cloud computing; computer services, namely, cloud hosting provider services; computer services, namely, integration of private and public cloud computing environments; providing temporary use of online non-downloadable software for use in database management, for use as a spreadsheet and computer search engine, for word processing and non-downloadable software for accessing a global computer network or interactive computer communications network which provides information on a wide variety of topics of public interest in the field of business, computer, culture, electronic commerce and a wide range of fields on global computer network; providing temporary use of online non-downloadable computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; providing temporary use of online non-downloadable software for managing data centers; providing temporary use of online non-downloadable software for database integration; providing temporary use of online non-downloadable software for database management in connection with cloud computing services; providing temporary use of online non-downloadable software for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes; providing temporary use of online non-downloadable software for artificial intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, unsupervised learning, data mining, predictive analytics and business intelligence; providing temporary use of online non-downloadable software for voice recognition, image recognition, video recognition and user interface, dialog management, artificial intelligence, machine learning, natural language processing, text-to-speech conversion, speech synthesis, emotional detection and synthesis, and voice and data communications; providing temporary use of online non-downloadable software for computer vision to optimize workflows and analysis of big data sets; providing temporary use of online non-downloadable software for indexing and making searchable data from any application, server or network device; providing temporary use of online non-downloadable software for data integration, data manipulation, data analysis, development of predictive systems and privacy management; providing temporary use of online non-downloadable software for managing telecommunication networks in connection with cloud computing services; providing temporary use of online non-downloadable software for managing the electronic storage of data; providing temporary use of online non-downloadable software for integration of private and public cloud computing environments; providing temporary use of online non-downloadable software for providing cloud hosting services; providing temporary use of online non-downloadable software for efficient utilization of cloud computing services; providing temporary use of online non-downloadable anti-virus software; providing temporary use of online non-downloadable software for use in computer security, internet security, preventing computer risks, computer system threat analysis, computer virus scanning, identity management, penetration testing of computers and networks to assess information security vulnerability; providing temporary use of online non-downloadable software for tasks, namely, combinatorial optimization, machine learning, and network analysis; providing temporary use of online non-downloadable software for use in optical computing and Coherent Network Computing; providing temporary use of online non-downloadable software that enable users to design, operate and manage information communication technology (ICT) systems of others; providing temporary use of online non-downloadable software user authentication; providing temporary use of online non-downloadable software that enables users to administer, manage and optimize cloud resources and ICT resources; providing temporary use of online non-downloadable software for setting up and configuring local and wide area networks; providing temporary use of

8770
online non-downloadable LAN (local area network) operating software; providing temporary use of online non-downloadable VPN (virtual private network) operating software; providing temporary use of online non-downloadable WAN (wide area network) operating software; providing temporary use of online non-downloadable software for administration of computer networks; providing temporary use of online non-downloadable network access server operating software; providing temporary use of online non-downloadable software for remotely monitoring environmental conditions and controlling devices within a building, facility, grounds, or designated spatial area; providing temporary use of online non-downloadable software that enable users to monitor and control factory manufacturing processes; providing temporary use of online non-downloadable software for monitoring and controlling communication between computers and automated machine systems; testing or research on electricity; testing or research on telecommunication and mobile communications technology; research and consultancy in the field of computer software; testing or research on telecommunication machines and apparatus; testing or research on machines, apparatus and instruments; analysis of technical data; technical research; technical writing

GOODS AND SERVICES INFORMATION
For Paper; cardboard; packaging material made of corrugated board and cardboard; plastic film for use as wrapping and packaging material for general use
International Classes 16 - Primary Classes US Classes 2, 5, 22, 23, 29, 37, 38, 50 International Class Title Paper Goods and Printed Matter
For Vending machines; mechanical feed devices for positioning goods, namely, push feeders, compartment pushers, channel feeders, roller feeders, lifters, carton lifters, can lifters, separators and product advancers
International Classes 7 - Primary Classes US Classes 13, 19, 21, 23, 31, 34, 35 International Class Title Machinery
For Shop fittings, namely, sales racks in the nature of display racks and structural parts therefor, included in this class; sales stands in the nature of display racks, display stands for sales purposes, display devices in the nature of display racks being furniture parts for retail outlets, presentation stands in the nature of display racks, stands for displaying goods, display rack management furniture parts for rack management system, and structural parts and accessories for the aforesaid
International Classes 20 - Primary Classes US Classes 2, 13, 22, 25, 32, 50 International Class Title Furniture and Articles Not Otherwise Classified
For LED front edge shelf luminaires; LED luminaires for sales displays

**International Classes** 11 - Primary Classes **US Classes** 13, 21, 23, 31, 34 **International Class Title** Environmental Control Apparatus

For Training in the field of logistics, sales and supply chain processes IoT technology, cloud services, software services; organization of seminars and education courses in the field of logistics, sales and supply chain processes IoT technology, cloud services, software services; correspondence courses in the field of logistics, sales and supply chain processes IoT technology, cloud services, software services; further education in the field of logistics, sales and supply chain processes IoT technology, cloud services, software services; videotaping; training services provided via simulators in the field of logistics, sales and supply chain processes IoT technology, cloud services, software services; providing on-line electronic publications, not downloadable, namely flyers, periodicals, product information sheets, manuals, electronic books, catalogs, instruction leaflets and product inserts in the field of logistics, sales and supply chain processes, IoT Technology, cloud services, software services; on-line publication of electronic books and journals in the field of logistics, sales and supply chain processes IoT technology, cloud services, software services; arranging and conducting of conferences in the field of logistics, sales and supply chain processes IoT technology, cloud services, software services; arranging and conducting of congresses in the field of logistics, sales and supply chain processes IoT technology, cloud services, software services; arranging and conducting of symposiums in the field of logistics, sales and supply chain processes IoT technology, cloud services, software services; arranging and conducting of seminars in the field of logistics, sales and supply chain processes IoT technology, cloud services, software services; arranging and conducting of workshops in the field of logistics, sales and supply chain processes IoT technology, cloud services, software services.

**International Classes** 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

For Advertising; business management; business administration; business consultancy and advisory services; professional business consultancy; compilation of logistics, procurement and sales statistics for business purposes; book-keeping; business investigations; marketing; conducting marketing studies; market analysis; retail store services and online retail store services featuring food, laundry preparations, cleaning and furbishing preparations, cleaning articles, disinfectants, cosmetics, body care preparations, hygienic preparations, hygienic articles, over the counter drugs, food supplements, pharmaceutical, veterinary and medical articles as well as hygienic preparations, firework bodies, electric appliances, accessories to electric appliances, electronic devices and their accessories, computers and computer accessories, compact disks, computer hardware and computer software, lighting apparatus, tools, gardening implements and accessories thereto, bikes and accessories thereto, car accessories, clocks, watches and jewelry, stationery, books and other printed matter, furniture and furnishings, lawn furniture, household and kitchen appliances and accessories thereto, household articles, namely, containers for household and kitchen use, pots, pans, skillets, table plates, cups, mugs, dishes, glass ware, cutlery as well as cooking utensils and kitchen tools, bed pads, including cushions, bed linen, textile goods for household purposes, clothing, headgear, shoes, sports equipment, toys, leisure articles, animal foodstuffs, plants, tobacco products; business administration for supermarkets; collection, updating and collating of data in computer databases; price comparison services; systemization of information into computer databases; negotiation of business contracts for others; sales promotion for others; rental of sales stands; rental of advertising space; publicity material rental; mediation and conclusion of commercial transactions for others; distribution of samples; direct mail advertising; administrative processing of purchase orders; competitive intelligence services
For Electronic controllers for wirelessly monitoring and controlling the function of motion sensors, information technology devices, multimedia devices and audiovisual apparatus, namely, for wirelessly monitoring and controlling the function of motion sensors; point-of-sale terminals; sensors and detectors, downloadable operating software, measuring, detection and monitoring instruments and devices all sold as a unit, namely, lasers for measuring purposes; light diodes

For Telecommunication services, namely, transfer of data by telecommunications; transmission of electronic mail; telecommunication gateway services via the Internet; providing user access to global computer networks, also via the Internet, for the purpose of obtaining sound, image and other data and information of all kind; electronic transmission of sound, images as well as other data and information of all kind, especially via the Internet; sending of data of all kinds via electronic transmission within computer networks; providing access to information on the Internet; providing access to data via the Internet for third parties in the fields of management consultancy, professional business consultancy, compensation consultancy, personnel consultancy and trade within computer networks; communications by fibre optic networks; radio communications; streaming of data; transmission of digital files; transmission of electronic mail; message sending; rental of modems; rental of telephones

For Scientific and technological services and research as well as design services related to logistics, sales and supply chain processes IoT technology, cloud services, software services; industrial analysis and research services; design and development of computer hardware and software; providing memory space on the Internet, namely, rental of server memory space; electronic data storage; computer security consultancy; computer technology consultancy; data security consultancy; information technology consultancy; Internet security consultancy; telecommunications technology consultancy; consultancy in the design and development of computer hardware; cloud computing featuring software for use in database management, namely, stock control and inventory management the field of logistics, sales and supply chain processes IoT technology, analytics, automation services; computer software consultancy; computer system analysis; computer software design for others; computer system design; data encryption services; calibration; electronic monitoring of credit card activity to detect fraud via the Internet; electronic monitoring of personally identifying information to detect identity theft via the Internet; off-site data backup; monitoring of computer systems by remote access; installation of computer software; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; duplication of computer programs; outsource service providers in the field of information technology; platform as a service [PaaS] featuring computer software platforms for use in database management, namely, stock control and inventory management in the field of logistics, sales and supply chain services, IoT technology, cloud services, software services; server hosting; software as a service [SaaS] featuring computer software platforms for use in database management, namely, stock control and inventory management in the field of logistics, sales and supply chain services, IoT technology, cloud services, software services; monitoring of computer systems to detect breakdowns; monitoring of computer systems for detecting unauthorized access or data breach; rental of computer software; computer rental; rental of web servers; maintenance
of computer software

**International Classes**: 42 - Primary Classes
