For  Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, namely, telephones, punch clocks, time recording devices, namely, time clocks, weighing equipment, namely, scales and balances, graduated rulers, electronic pocket translators, neon signs, electronic notice boards, transparency projection apparatus, kilometer recorders in the nature of odometers for vehicles, telescopes, mechanisms for counter operated apparatus, namely, point-of-sale terminals, fire extinguishers, acoustic alarms, namely, smoke and fire alarms, eyeglasses, batteries, exposed files, namely, exposed camera film; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, namely, electric wires, electric switches, electrolysis apparatus for electroplating purposes, and electrified fences, namely electric fences; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, namely, computer game software, downloadable application software for database management in the business field, downloadable mobile software applications for database management in the business field, pre-recorded DVDs featuring musical performances, comedy performances and entertainment programs, pre-recorded CDs featuring music, pre-recorded video cassettes featuring musical performances, comedy performances and entertainment programs, pre-recorded digital video discs featuring musical performances, comedy performances and
entertainment programs, pre-recorded digital versatile discs featuring music, downloadable audio and video recordings of musical performances, USB drives featuring music, and downloadable audio and video files featuring music, musical performances, comedy performances and entertainment programs; blank digital storage media; digital analogue recording and storage media, namely, blank CDs, blank DVDs, external computer hard drives, blank recordable video discs, blank recordable audio and video discs and diskettes, blank digital audio tapes, blank discs for computers, blank magnetic tapes for tape recorders, blank USB flash drives, blank recording discs, blank compact discs; blank magnetic data carriers and recording discs; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; downloadable computer programs for use in database management, for use as a spreadsheet, for word process, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for financial management, financial planning, business management, customer relationship management (CRM), inventory management, sales force management, planning and management of personal and business finances and marketing information management, all in the field of e-commerce and business; downloadable software for processing electronic payments to and from others; downloadable authentication software, namely, software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for authenticating the identity of a payer; computer software downloadable via the Internet, namely, software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for mobile devices and computers for software for financial analysis, planning and management, computer software downloadable via the Internet, namely, software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for authenticating user identification, computer software downloadable via the Internet, namely, software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for controlling access to and communications with mobile devices and computers, computer software downloadable via the Internet, namely, software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for posting information, creating electronic product catalogs, responding to requests and placing and fulfilling orders for products, services and business opportunities via local and global computer networks, for use in document management, for searching, browsing and receiving transmissions of text, electronic documents, graphics and audiovisual information on local and remote area networks and global computer networks, on intranets, or on directories of information available on computer networks, for use in software development and web authoring, for use in exchanging information via global computer networks and online from a computer database and the internet, for business use for financial management, financial planning, business management, customer relationship management (CRM), inventory management, sales force management, planning and management of personal and business
finances, and marketing information management, for data mining, for high-speed massive e-commerce data processing, and for data customization, all of the foregoing for use by third parties in connection with an interactive website in the field of e-commerce, computer software downloadable via the Internet, namely, software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for processing images, graphics, audio, video and text, computer software downloadable via the Internet, namely, software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning; computer software downloadable via the Internet, namely, software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the search and retrieval of computerized information from global information networks and network systems about hobbies, collectibles, auctions and products; computer software downloadable via the Internet, namely, software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software downloadable via the Internet, namely, software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use with global positioning system (GPS) navigation systems for navigation, route guidance and electronic mapping; computer software downloadable via the Internet, namely, software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use with route planners, electronic maps and digital dictionaries for navigation and translation purposes; downloadable computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; downloadable instant messaging software; downloadable file sharing software; downloadable communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; downloadable computer software in the form of an application for mobile devices and computers, namely, software for financial analysis planning and management, software for securing and protecting data on mobile devices and computers, software for authenticating user identification, software for controlling access to mobile devices and computers, and software for controlling communications between mobile devices and computers; downloadable software applications for use with mobile devices, namely, software for use in database management, for use as a spreadsheet, for word processing, for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data in the field of shopping, purchasing, communication, product and service reviews, entertainment, health and fitness, lifestyle, media and video, music and audio, photography and social network; downloadable computer software from a global computer network for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for posting information, creating electronic product catalogs, responding to requests and placing and fulfilling orders for products, services and business opportunities via local and global computer networks, for use in document management, for searching, browsing and receiving transmissions of text, electronic documents, graphics and audiovisual information on local and remote area networks and global computer networks, on intranets, or on directories of information available on computer networks, for use in
software development and web authoring, for use in exchanging information via global computer networks and online from a computer database and the internet, for business use for financial management, financial planning, business management, customer relationship management (CRM), inventory management, sales force management, planning and management of personal and business finances, and marketing information management, for data mining, for high-speed massive e-commerce data processing, and for data customization, all of the foregoing for use by third parties in connection with an interactive website in the field of e-commerce; downloadable computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice, and images over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable cloud-computing software for deploying virtual machines to a cloud computing platform, managing virtual machines on a cloud computing platform; downloadable cloud-based software for storing and managing electronic data, accessing databases and internet security; computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for mobile devices and computers for software for financial analysis, planning and management, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for securing and protecting data on mobile devices and computers, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for authenticating user identification, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for controlling access to and communications with mobile devices and computers, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for posting information, creating electronic product catalogs, responding to requests and placing and fulfilling orders for products, services and business opportunities via local and global computer networks, for use in document management, for searching, browsing and receiving transmissions of text, electronic documents, graphics and audiovisual information on local and remote area networks and global computer networks, on intranets, or on directories of information available on computer networks, for use in software development and web authoring, for use in exchanging information via global computer networks and online from a computer database and the internet, for business use for financial management, financial planning, business management, customer relationship management (CRM), inventory management, sales force management, planning and management of personal and business finances, and marketing information management, for data mining, for high-speed massive e-commerce data processing, and for data customization, all of the foregoing for use by third parties in connection with an interactive website in the field of e-commerce, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for processing images, graphics, audio, video and text, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting,
organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning; computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying digital data for use in the field of business for financial management and financial planning, computer software, namely, software downloadable from the Internet, for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, repro
computer hardware and recorded firmware for use in the field of business for financial management and financial planning; fire-extinguishing apparatus; satellite-aided navigation systems in the nature of an automobile navigation system featuring interactive digital map displays, interactive instructions and user generated information; compact discs featuring music; security cameras; mobile radio and television broadcasting units, namely, transmitting and receiving apparatus for radio and television broadcasting and for long-distance transmission; television broadcasting equipment, namely, video cameras, film cameras, monitors, flat panel display screens, audio monitors, audio recorders, video recorders, electronic switchers, cables for the transmission of sounds and images, lights for use with video cameras and film cameras, camera lenses, camera tripods, camera cases, blank videotape, audio mixing boards and video editing computer hardware; cameras; video cameras; headphones; telephone ear pieces; speakers; Global Positioning System (GPS) apparatus and equipment, namely, GPS systems; liquid crystal displays for telecommunications and electronic equipment; set top box; remote control for radios, television, stereos, computers, video recorders, audio systems comprised of audio recorders and speakers and sound and video recording playback machines; data storage programs, namely, recorded software for use in database management, for use as a spreadsheet, for word processing, all for recording, collecting, organizing, storing, archiving, reproducing, searching, retrieving and displaying electronic data and documents and data on a blank hard discs, blank compact discs, blank tapes and blank optical discs; electronic digital signboards; magnetically encoded bank credit, debit, cash withdrawal and identification cards; automatic teller machines, cash dispensers; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; encoded key cards; 3D spectacles; spectacles and sunglasses

International Classes 9 - Primary Classes US Classes 21, 23, 26, 36, 38 International Class Title Electrical and Scientific Apparatus

For Scientific and technological services, namely, research and design in the field of telecommunication software and hardware design, Internet technology, the design of websites for advertising, software design, and e-commerce software and hardware design, and industrial research and analysis services in the field of e-commerce computer software networking systems; industrial analysis and research services in the field of business and e-commerce; design and development of computer hardware and software; cloud computing featuring software for database management, data analysis, document management, document analysis, project management, project planning, budget management; computer services, namely, cloud hosting provider services; providing temporary use of non-downloadable cloud-based software and cloud computing software for database management, data analysis, document management, document analysis, project management, project planning, project planning, budget management and electronic storage of data; providing virtual computer systems and virtual computer environments through cloud computing; software as a service (SaaS) featuring software for database management, data analysis, document management, document analysis, project management, project planning, budget management and electronic storage of data; computer services, namely, design and development of computer systems for transmitting information, data, documents, and images over the Internet; computer services, namely, providing temporary use of online non-downloadable computer software for use in connection with providing an online access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services featuring software for use in web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; providing a website featuring
technology that enables users to share information and advice on business and e-commerce; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; computer service, namely, providing temporary use of online non-downloadable computer software for use in creating indexes of information, sites and resources on computer networks; providing internet search engines; providing temporary use of online non-downloadable computer software for searching and retrieving information from databases and computer networks; computer services, namely, providing temporary use of online non-downloadable computer software for us in providing direct connection services between computer users for exchanging data; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V computer chips and central processing units, computer chips and central processing units with instruction set architecture; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services, namely, computer system administration for others; computer services, namely, providing temporary use of online non-downloadable computer software for use in customized searching of computer databases and websites; computer programming; computer systems integration services; computer systems analysis services; computer programming in relation to the defense against computer viruses; computer system software services, namely, design and development of online computer software systems; computer software design; design, development, updating and upgrading of computer and video games software; computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for others for use in searching and retrieving information from databases and computer networks; consultancy services in relation to computer software; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; computer services, namely, providing temporary use of online non-downloadable computer software for use in certification of business transactions and preparation of reports therefor; computer and computer network information services, namely, providing technological information about computers and computer networks in the field of business and e-commerce; provision of computer security risk management programs, namely, updating of computer software relating to computer security and prevention of computer risks; computer security information, knowledge, and testing services, namely, computer security consultancy in the field of scanning and penetration testing of computers and networks to assess information security vulnerability; quality assurance services; computer security services, namely, restricting access to computers, electronic networks and databases; security of data transmission and of transactions via computer networks, namely, computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities; consultancy in the field of data security; computer technology consultancy concerning securing telecommunications; computerized communication network security services, namely, providing temporary use of non-downloadable computer software for conducting private and secure electronic communication over a private or public computer network; providing technological information in the fields of Internet, world wide web and computerized communication network security; computer security consultancy, namely, consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication in the field of computer security, namely, authentication of user identity for computer security; computer services in relation to
online authentication of electronic signatures, namely, design, development, and implementation of software for authenticating
digital signatures; off-site data backup; electronic storage of data, namely, archiving business documents, personal documents
and corporate documents; providing information on computer technology and programming via a web site; rental of computer
entertainment software not including rental of computer and video game software; cartography services; technical support
services, namely, troubleshooting of computer software problems provided online, by email and by telephone; computer
technology advice provided to Internet users by means of a support hotline; providing computer technology information at the
specific request of end-users by means of telephone or global computer network; technical project studies in the field of
business and e-commerce; product quality testing and evaluation services; architectural and interior design services; interior
designs of buildings, offices and apartments; consultancy, information and advisory services relating to the aforesaid services

EXAMINING ATTORNEY
Examining Attorney HUSSAIN, TASNEEM
**MARK INFORMATION**

**Standard Character Claim**: No  
**Mark Drawing Type**: 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S)  
**Description of the Mark**: The mark consists of a stylized design of a mobius twist in green. The color white appears for background purposes only and is not claimed as a feature of the mark.  
**Color Drawing**: Yes  
**Color Claimed**: The color(s) green is/are claimed as a feature of the mark.

**GOODS AND SERVICES INFORMATION**

**For**: House mark for machines, machine tools and machine parts for use in the oil and gas, geothermal, and subterranean drilling fields, namely, drilling and completions systems comprising directional drilling tools, frac balls, frac sleeves, frac plugs, frac darts, liner hangers, and casing packers; flow control valves for controlling the flow of oil in pipelines being machines parts, flow regulators being machine parts, mandrels being machine parts, valves being machine parts, wellhead machines; hydraulic fracturing equipment, namely, fracturing pumps; cutting elements for drill bits being parts for drill bits for subsurface drilling, drill bits for subsurface rock and earth formation drilling spear; subsurface assemblies for use in geothermal, water, oil and gas wells used for the extraction of oil, gas or water, namely, oilfield completion tools and machines comprising sliding sleeves, jetting assemblies, packers, equipment activation devices, latching mechanisms, and coiled tubing driven machine tools; house mark for overshot machines, grapple buckets and blades for making earth milling and drilling machines, and whipstocks; house mark for oilfield cementing and floating machines and machine tools, namely, float collars, float shoes, and guide shoes, casing scrapers and brushes being machine parts, setting tools for setting and operating downhole tools, perforating guns for perforating casing, liners and geological formations, each of the foregoing comprised of or primarily comprised of metallic parts used in oil and gas and geothermal well completion; house mark for downhole tools for wellbore completion and production, namely, electrical, acoustic and optical monitoring devices for monitoring downhole properties and conditions of wellbore equipment, fluids, geological formations and reservoirs sold as integral components of oil, gas, and geothermal subterranean completion machines; house mark for artificial lift systems comprising power operated lifts and pumps for use in oil and gas wells and components therefor, namely, gas, mechanical and hydraulic lift systems with pumps including for use in wells and at wellsites; house mark for metallic and non-metallic rotatable drill bits, namely, polycrystalline diamond (PCD) compact drill bits, tricone roller cone bits, hybrid bits, coring bits and reamers as well as cutters therefor;
house mark for turbines not being for land vehicles, machine compressors, valves being parts of machines, centrifugal pumps, and integral structural parts therefor

**International Classes** 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

**For** House mark for educational services, namely, conducting classes, seminars, conferences, and workshops in the fields of oil and gas exploration; house mark for educational services, namely, training in the use and operation of turbines, compressors and centrifugal pumps; house mark for educational services, namely, training in the use and operation of monitoring, inspection, testing and control equipment

**International Classes** 41 - Primary Classes **US Classes** 100, 101, 107 **International Class Title** Education and Entertainment

**For** House mark for chemicals and chemical compositions for use in the oil and gas field; house mark for chemicals and chemical compositions for use in petrochemical and industrial applications

**International Classes** 1 - Primary Classes **US Classes** 1, 5, 6, 10, 26, 46 **International Class Title** Chemicals

**For** House mark for consulting services in the field of oil and gas, namely, consultation in the field of offshore oil and gas facility construction; house mark for consulting services in the field of installation of carbon capture and reduction equipment, control systems, and machinery for use in carbon capture and sequestration; house mark for technical consulting services relating to the installation of equipment, control systems, machinery, and facility construction, all in the oil and gas field; house mark for consulting services related to the design, installation and maintenance of turbines and compressors and related equipment in the oil, gas and industrial industries; house mark for the acquisition, deployment and maintenance of measurement and inspection equipment for use in the oil and gas, aerospace, automotive, chemical, power and energy industries; house mark for consulting in the acquisition, deployment and maintenance of industrial control systems; house mark for oil and gas drilling, construction and completion; house mark for consulting services in the field of oil and gas, namely, consulting in the field of well drilling and completion; house mark for consulting services in the field of well drilling and completion; house mark for drilling, steering, logging, and coring oil and gas wells

**International Classes** 37 - Primary Classes **US Classes** 100, 103, 106 **International Class Title** Construction and Repair

**For** House mark for measurement and control apparatus for use in the oil and gas field, namely, control valves for regulating the flow of gases and oils, flowmeters, sensors, detectors, indicators, analyzers, switches, calibrators, pressure controllers, temperature measuring instruments, temperature controlling instruments; house mark for measuring, detecting and monitoring instruments for industrial applications, namely, control valves for regulating the flow of gases and oils, flow meters, sensors, detectors, indicators, analyzers, switches, calibrators, pressure controllers, temperature measuring instruments, temperature controlling instruments; house mark for fluid analysis instruments, namely, instruments for the analysis of oil in situ and for industrial applications, instruments for the analysis of oil, instruments for the analysis of moisture in gas fluids, instruments for measuring the pressure of fluids, instruments for measuring the phases of fluids in a pipeline; house mark for nondestructive testing equipment used in industrial applications, namely, electrical eddy current test equipment, electronic ultrasound flaw detectors and radiography for remote visual and predictive corrosion management applications; house mark for downloadable computer software for use in data collection, transmission, integration, visualization, analysis and storage in the field of oil and
gas; house mark for downloadable computer software for use in connection with a network of physical objects, devices, vehicles, and buildings which are embedded with electronics, software, sensors and network connectivity all of which enable these objects, devices, vehicles, and buildings to collect and exchange and report data in the field of oil and gas; house mark for downloadable software for use in measuring and analyzing data retrieved from oil and gas wells; house mark for electronic and telemetry instruments for use in the oil and gas industry, namely, pulsed and pulse decoding technology, wired pipe technology, sensors, detectors, fluid analyzers, calibrators; house mark for measurement and control equipment for oil and gas, aerospace, automotive, power and energy industries, namely, gas sensors for measuring gas concentration, gasometers

**International Classes**: 9 - Primary Classes US Classes 21, 23, 26, 36, 38 **International Class Title**: Electrical and Scientific Apparatus

**For** House mark for well treatment services in the oil and gas field; house mark for equipment treatment services in the oil and gas field; house mark for treatment services of chemicals and petrochemicals; house mark for compressor, turbine, and centrifugal pump treatment services; house mark for consulting services in the field of oil and gas, namely, technical consulting in the field of oil and gas production and processing; house mark for the production of oil and gas

**International Classes**: 40 - Primary Classes US Classes 100, 103, 106 **International Class Title**: Material Treatment

**For** House mark for non-metal flexible pipes and tubing; house mark for non-metal junctions not for metal pipes; all for use in the oil and gas industry

**International Classes**: 17 - Primary Classes US Classes 1, 5, 12, 13, 35, 50 **International Class Title**: Rubber Goods

**For** House mark for testing the functionality of apparatus and instruments in the nature of oil and gas equipment; house mark for the exploration and searching of oil and gas; house mark for providing industrial measurement and control services; house mark for technical assessment, evaluation and optimization for turbine, compressor, centrifugal pump use in oil and gas and industrial applications; house mark for software as a service (SAAS) services featuring software that combines autonomic computing and cognitive artificial intelligence engineering technology for use in the oil and gas industry; house mark for software as a service (SAAS) services featuring software for use in collecting, analyzing, and delivering data and information to optimize performance in the industrial process, equipment and production systems across the upstream, midstream and downstream segments of the oil and gas industry; house mark for engineering consultation services in the field of carbon capture and sequestration; house mark for consulting services related to the design of turbines and compressors and related equipment in the oil, gas and industrial industries; house mark for measurement and inspection services for quality control purposes in the oil and gas, aerospace, automotive, chemical, power and energy industries; house mark for design and IT integration services for industrial control systems; house mark for well measurement and monitoring services for quality control in the oil and gas field; house mark for measurement and monitoring services for quality control of chemicals and petrochemicals; house mark for well monitoring for optimization of production; house mark for consulting services relating to technical and scientific monitoring of oil and gas wells

**International Classes**: 42 - Primary Classes US Classes 100, 101 **International Class Title**: Scientific and computer services
For House mark for subsea wellheads and related equipment, namely, subsea manifolds of metal for pipelines, subsea jumpers of metal, subsea metal pipe connectors, flowline connectors and tubes of metal for subsea pipelines; house mark for expandable metal tubular products, namely, sand screens, casing patches, and expandable liners and liner hangers; house mark for metal pipes, tubing and seals; house mark for junctions for metal pipes

| International Classes | 6 - Primary Classes | US Classes | 2, 12, 13, 14, 23, 25, 50 | International Class Title | Metal Goods |

GOODS AND SERVICES INFORMATION
For  Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training for the domestic and international shipping and transportation of dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches how to understand the requirements for training as required by the appropriate national authorities to ship and transport dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training for the compliant shipping and transportation of dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Compliance training, via online, webinar, on-site, classroom, and in person, for the safe and compliant shipping and transport of dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training teaching how to use the 49 code of federal regulations (CFR) dangerous goods regulations, International Air Transport Association (IATA) dangerous goods regulations, International Civil Aviation Organization (ICAO) dangerous goods regulations, Transport of Dangerous Goods (TDG) regulations, and International Maritime Dangerous Goods (IMDG) regulations for shipping and transporting dangerous goods, hazardous materials, and hazmat via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training teaching how to classify dangerous goods for shipping and transportation via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training teaching how to choose UN specification packaging for shipping and transporting dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches how to choose correct packing requirements per the dangerous goods regulations for shipping and
transporting dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches the marking and labeling requirements for shipping dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches how to prepare and complete documentation, declarations, and shipping papers for shipping and transporting dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches placarding requirements for shipping and transporting dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches how to accept dangerous goods, hazmat, and hazardous materials for shipping and transportation via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training teaching how to store and handle dangerous goods, hazmat, and hazardous materials; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches emergency response information for dangerous goods, hazmat, and hazardous materials in transportation via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches how to ship lithium batteries and/or how to ship dangerous goods, hazmat, and hazardous materials as limited quantities in transportation via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches how to ship automotive industry parts as dangerous goods, hazmat, and hazardous materials; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that provides general awareness training, and hazmat security awareness training as applicable for the shipping and transportation of dangerous goods, hazmat, and hazardous materials; Competency based training, also known as CBT, conducted as online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches the domestic and international shipping and transportation of dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Competency based training, also known as CBT, conducted as online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches the domestic and international shipping and transportation of dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches how to understand the requirements for training as required by the appropriate national authorities to ship and transport dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches how to understand the requirements for training as required by the appropriate national authorities to ship and transport dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Regulatory compliance training services for the shipping and transportation of dangerous goods, hazmat, and hazardous materials; Training services conducted as online training, webinar training, on-site training, classroom training, seminar training, in person training, live training, and instructor-led training that teaches the domestic and international shipping and transportation of dangerous goods, hazmat, and hazardous materials; Regulatory compliance training services for the shipping and transportation of dangerous goods, hazmat, and hazardous materials; Training services conducted as online training, webinar training, on-site training, classroom training, seminar training, in person training, live training, and instructor-led training that teaches the domestic and international shipping and transportation of dangerous goods, hazmat, and
hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Competency based training, also known as CBT, conducted as online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training that teaches how to understand the requirements for training as required by the appropriate national authorities to ship and transport dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Online training, webinar training, on-site training, classroom training, in person training, live training, and instructor-led training for the domestic and international shipping and transportation of dangerous goods, hazmat, and hazardous materials via ground, air, ocean, rail, truck, aircraft, plane, ship, and vessel; Training that pertains to the transportation of dangerous goods, hazmat, and hazardous materials.

CASE IDENTIFIERS
Serial Number 88713347 Application Filing Date Dec. 03, 2019 Register Principal Mark Type Trademark
Publication Date Feb. 16, 2021

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark The mark consists of a design of a yellow half circle fading into a gradient orange background to the right and a solid orange outline to the left and with a orange rectangle fading to white on the right. Superimposed on this design is a pink oval outlined in a band of light green on the left and yellow on the right. Above and below the pink oval design and superimposed on the pink oval design are the words "THREE IN ONE BUTTER SOAP". The words "THREE" is in red, "IN" is in maroon, "ONE" and "BUTTER" are in dark blue and "SOAP" is in magenta, and all the wording is outlined in white. Beneath the words, against the yellow/orange background is a fanciful illustration of brown and green cocoa beans, green leaves from a shea tree, and a green/orange mango, with the leaves superimposed on the mango and the cocoa beans in the rear. Across the bottom is a red tile-like square pattern of yellow and black cross-shaped figures and turquoise and white diamond shape figures set against a red band through which two horizontal brown lines placed closely together run on the top and bottom and the shapes are outlined in brown.
Color Drawing Yes Color Claimed The color(s) red, light green, green, turquoise blue, pink, yellow, magenta, dark blue, maroon, orange, brown, white and black is/are claimed as a feature of the mark. Disclaimer "THREE IN ONE BUTTER SOAP"

Standard Character Claim  Yes. The mark consists of standard characters without claim to any particular font style, size, or color.  Mark Drawing Type  4 - STANDARD CHARACTER MARK

FOREIGN INFORMATION
Priority Claimed  Yes  Foreign Application Number  20192162  Foreign Application Filing Date  Sep. 18, 2019  Foreign Registration Number  67732  Foreign Registration Date  May 13, 2020  Foreign Application/Registration County  BELARUS  Foreign Expiration Date  Apr. 30, 2029

Priority Claimed  Yes  Foreign Application Number  20192162  Foreign Application Filing Date  Sep. 18, 2019  Foreign Registration Number  68659  Foreign Registration Date  Sep. 03, 2020  Foreign Application/Registration County  BELARUS  Foreign Expiration Date  Sep. 18, 2029

GOODS AND SERVICES INFORMATION
For  Updating and maintenance of data in computer databases; Data processing services; Advisory services relating to data processing; Management and compilation of computerized databases; Information and data compiling and analyzing relating to business management; Collection, systematization, compilation and analysis of business data and information stored in computer databases

International Classes  35 - Primary Classes  US Classes  100, 101, 102  International Class Title  Advertising and Business

For  Downloadable computer software for automated migration and conversion of databases and applications; downloadable computer software for automation of migration and conversion of databases and applications; downloadable computer software for comparison of databases; downloadable computer software for data replication; downloadable computer software for compilation of information about the characteristics of databases and applications; downloadable computer software for automatic migration and conversion of schemas, structured query language (SQL) objects and data between database management systems; downloadable computer software for automatic migration and conversion of code between programming languages; Downloadable computer software for application and database integration
International Classes  9 - Primary Classes US Classes  21, 23, 26, 36, 38 International Class Title  Electrical and Scientific Apparatus

For  Computer programming; computer system design; computer software design; Computer software development in the field of mobile applications; conversion of computer programs and data, other than physical conversion; information technology consultancy; outsource service provider in the field of information technology consulting; maintenance of computer software; Software as a service (SAAS) services featuring software for conversion of computer programs, databases and data; updating of computer software; computer software consultancy; rental of computer software; design and development of computer hardware and software; data migration services; data migration services, namely, automatic migration and conversion of schemas, structured query language (SQL) and data between database management systems; data migration services, namely, automatic migration and conversion of code between programming languages; database development services; customizing computer software; creating, maintaining, and modernizing computer software; data conversion of electronic information; development and creation of computer programs for data processing; technical support services, namely, troubleshooting of computer software problems; technical support services, namely, migration of database applications; computer system analysis

International Classes  42 - Primary Classes US Classes  100, 101 International Class Title  Scientific and computer services

GOODS AND SERVICES INFORMATION
For  Research and development of computer software; providing automated design and development of computer software in a highly secure environment; design and development of computer software in a highly secure environment featuring automation technology; design, development and implementation of software; providing automated design and development of on-line computer software systems; design and development of on-line computer software systems featuring automation technology; computer software development in the field of mobile applications; design, development, installation and maintenance of computer software; design and development of computer hardware and software; design, maintenance, development and updating of computer software; Development, updating and maintenance of software and databases systems; Software development for others in the field of software configuration management; Product development; Product research and development; Product development consultation; Product development for others; Design and testing for new product development; Innovation consulting services, namely, advising others in the areas of product development; Research and development of new products; Research and development of new products for others; Non- downloadable cloud-based computer software for monitoring and managing transportation networks and smart cities mobility, namely, for active traffic management, automatic traffic incident detection, management of traffic events, decision support and response plans for traffic incidents, traffic patterns and traffic disruptions, vehicle location, corridor management, connected vehicle mobility, namely, remote control of smart vehicles and communication with smart vehicles, toll systems integration, adaptive traffic signal control and ramp metering, traffic prediction, vehicle tracking and dispatch, viewing and controlling video cameras, and traffic monitoring and management functions to ensure traffic flow and safety; Providing cloud computing services, providing software as a services (SAAS) and providing platform as a service (PAAS) featuring software for ingesting, storing, indexing, archiving, tagging, searching, retrieving, visualizing, annotating, transmitting and digitizing video and imagery data types and metadata, namely, electro-optical and infrared video data, still image data, wide area imagery data, commercial satellite data,
multi-spectral and hyperspectral data, geospatial data, track location data, text data, and cyber network data; Providing cloud computing services, providing software as a services (SAAS) and providing platform as a service (PAAS) featuring software for automated analysis of video and imagery data types, namely, person, vehicle, ship, object, face, and group, activity detection, recognition, and tracking, pattern recognition, deep learning, classification, artificial intelligence, and the association and fusion of information across data types; Internet security consultancy; data security consultancy; computer security threat analysis for protecting data; design and development of electronic data security systems; development of security systems and contingency planning for information systems; Computer service, namely, acting as an application service provider for developing and hosting application software for collecting, organizing, modifying, transmitting, storing and sharing of data and information in the field of knowledge management, featuring the design of customized database software for others, all of the aforementioned services distributed to governmental, business, and other institutional customers; Computer service, namely, acting as an application service provider for hosting, managing, developing, analyzing, and maintaining the computer networks of others in the fields of cyber management and comprehensive cyber solutions featuring exploitation of cyber capabilities; Computer service, namely, acting as an application service and systems integration provider by hosting, managing, developing, and maintaining applications and software for others in the field of mission planning and situational awareness in all United States government identified domains, namely, land, air, sea, space, and cyber agencies; Engineering; Consulting in the field of engineering and architecture; Consulting in the field of architecture; Design of engineering products; Computer security consultancy; design services in the fields of construction and renovation of manufacturing facilities, data centers, utility facilities, energy generation and transmission facilities, chemical process plants, oil and gas facilities, pipelines, pipeline terminals, petrochemical facilities, manufacturing plants, biomass generation facilities, alternative energy production facilities, transportation infrastructure, dams, landfills, housing, educational facilities, hotels, theme parks, buildings, facilities for disposal of weapons, healthcare facilities, vehicle inspection and compliance facilities, and military installations; Testing of security systems; Drafting of plans and engineering drawings for others; Computer modeling services; Computer simulation based on computer programs for others; Computer monitoring service which tracks application software performance, performs periodic maintenance and provides reports and alerts concerning such performance; Computer technology support services, namely, help desk services; Computer services, namely, acting as an application service provider in the field of knowledge management to host computer application software for the purpose of contract documentation, team collaboration and communication, and reporting; Computer aided design for others; Graphic design; Graphic illustration services for others; Providing an Internet website portal offering information in the field of computer aided design; Providing a website featuring non-downloadable software tools for engineering design, project estimating, construction project management, facility operations, asset management, and building information modeling; Providing information in the field of construction engineering via the Internet; Providing an on-line interactive database in the field of engineering and architectural design accessible via the Internet; Providing temporary use of non-downloadable software for database management in the fields of construction, engineering, and consulting; Integration of computer systems, software, and networks for others in the fields of construction and engineering; Computer services, namely, acting as an application service provider in the field of knowledge management to host computer application software of others for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information in the fields of construction management, repair and reliability management, planning, and inspection; Planning, design, architecture, and consulting related thereto, of facilities for environmental activities, transportation, oil refinery, power generation, oil and gas production, industrial activities, space
exploration, defense, municipal services, recreation, oil and gas facilities, pipelines, pipeline terminals, electricity generation and transmission and distribution facilities, petrochemical facilities, manufacturing plants, biomass generation facilities, and alternative energy production facilities; energy auditing; updating of computer software relating to computer security and prevention of computer risks; Consulting services in the field of design and development of engineering processes; Graphic design for others of audiovisual presentations, video presentations, and audio presentations for graphic facilitation of organizational consulting for government agencies; Consulting services in the field of cyber security being computer security consultancy; Mapping services; Providing a website featuring non-downloadable software for engineering project management and graphic user interface; Computer and operational systems integration services; Consulting in the field of configuration management for computer hardware and software; Consulting in the field of software, embedded software; Custom design and development of computer software, computer network security, computer network optimization and network systems; Customizing computer software; Engineering services in the field of software development, embedded computer system developments, computer security and network system administration; Software design and development; Software development in the field of computer security, business management information systems, custom network architecture; Application service provider, namely, hosting, managing, customizing, deploying, and maintaining applications, software and web sites in the fields of search, discovery, enrichment, visualization, integration and analysis of disparate data and information; computer technology research and development services; computer technology support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer programming services; Consulting, namely, consulting services in the field of development, implementation and application of computer software, mobile apps and computer programs for search, discovery, enrichment, visualization, integration and analysis of disparate data; Technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and computer software problems; Computer technology support services, namely, help desk services; Research and development of computer hardware systems; computer technical support services, namely, 24/7 service desk and help desk services for IT infrastructure, operating systems, database systems, and web applications; Consulting services, namely, consulting services in the field of development, implementation and application of computer technology, namely, mobile applications, systems integration, computer software and hardware, in a desired field of study; on-line non-downloadable computer software for determining the cause of an application crash; Providing a website featuring online non-downloadable software that enables users to use the software in a dynamically created working environment based on users selections and connects network drives, runs commands, and set parameters according to geographic, contractual and customer goals and objectives; providing temporary use of a web-based software application for delivery of commercial software in an on-demand manner and dynamically configure that software to meet the business requirements and the technical requirements of the software; online non-downloadable computer software for managing transportation networks; Software as a Service (SAAS) services featuring software for collecting, correlating, aggregating, and exposing information for use in the intelligence and operation disciplines that allows structured operation and intelligence information to be shared vertically and horizontally as part of a flexible, user-defined workflow process; Online non-downloadable and cloud-based software for assessing safety conditions and the physical condition of assets at utility facilities; Online non-downloadable and cloud-based software for energy assessment planning for collection, recording and analysis of data regarding current energy conditions, adequacy, inventory and usage in a building for the purpose of justifying funding, developing energy-specific construction plans, executing construction projects, and for determining energy utilization index, carbon footprint, and compliance with energy and environmental design standards; Software as a service (SAAS) services featuring software for contract and task order management; on-line non-downloadable
computer software for integrating data from a plurality of disparate data sources for use in managing and analyzing intelligence information; online non-downloadable computer application software for mobile phones, hand held computers, laptop computers, desktop computers, servers and mainframe computers, namely, software for visualizing data from a plurality of disparate data sources for use in managing and analyzing intelligence information; Online non-downloadable computer software for data processing; online non-downloadable computer software for creating searchable databases of information and data; Online non-downloadable computer software for creating searchable databases; Online non-downloadable computer software for complex event processing in the field of information management; non-downloadable computer software for data processing provided via a website; non-downloadable computer software for processing incomplete data sets in the field of information management and data fusion, namely, content acquisition, multilingual semantic analysis, and mining the most relevant information from disparate data sources; providing online non-downloadable software for real-time geospatial collaboration providing map data and imagery; Software as a service (SAAS) services featuring software for end-to-end command and control, strategy development and operational assessment within the defense and intelligence industry; Hydraulic and hydrologic engineering services, namely, water quality monitoring and assessment, watershed-based storm water planning and design, combined sewer overflow (CSO) analysis, flood control, sedimentation and river engineering, hydraulic modeling and design, ecosystem restoration and geomorphic assessment, dam safety analysis, groundwater aquifer storage and recovery (ASR), water rights and water availability modeling; Environmentally friendly engineering; environmental services, namely, design for others in the field of environmental engineering of transportation infrastructure; Software development and systems engineering in the fields of data security and enterprise security; software development and systems engineering in the fields of defense, national security, and intelligence; design, development and implementation of signals analysis and cryptanalytic processing software systems; design, development and implementation of sensor development software, namely, software for developing sensors for monitoring electronic communications and signals for threats; design, development and implementation of data analytics, data mining and database management software, all in the fields of data security and enterprise security; and human language technology solutions, namely, design and development of computer software and hardware to translate and analyze languages; providing online non-downloadable software for use in managing and analyzing intelligence information; planning, design, and architecture of facilities for environmental activities, namely, control, storage, disposal, remediation, and treatment of wastes; planning, project management, project monitoring, design, architecture, consulting, inspection, architectural and engineering design, construction and project management, in the field of transportation, namely, of highways, rail transit systems, bridges and airports; planning, project management, project monitoring, design, architecture, consulting, inspection, architectural and engineering design, construction and project management, in the field power generation, cogeneration, hydroelectric power, coal combustion, gas combustion, and power delivery; oil and gas production; industrial activities, including newspaper printing, and pulp and paper processing; consulting in the field of space exploration, namely, software development, small satellite and launch integration, and satellite command and control for space exploration; defense, namely, Internet security consultancy; Computer security consultancy in the field of scanning and penetration testing of computers and networks to assess information security vulnerability; engineering design services for resorts, arenas, stadiums, amusement parks, and theme parks

CASE IDENTIFIERS
Serial Number: 88729011 Application Filing Date: Dec. 16, 2019 Register: Principal Mark Type: Service Mark Publication Date: Feb. 16, 2021

MARK INFORMATION
Standard Character Claim: No Mark Drawing Type: 5 - AN ILLUSTRATION DRAWING WITH WORD(S) /LETTER(S)/ NUMBER(S) IN Description of the Mark: The mark consists of the letter "P" in a stylized format with shades of blue starting at the top and then transitioning into green towards the bottom of the letter "P". Color Drawing: Yes Color Claimed: The color(s) blue and green is/are claimed as a feature of the mark.

GOODS AND SERVICES INFORMATION
For Research and development of computer software; providing automated design and development of computer software in a highly secure environment; design and development of computer software in a highly secure environment featuring automation technology; design, development and implementation of software; providing automated design and development of on-line computer software systems; design and development of on-line computer software systems featuring automation technology; computer software development in the field of mobile applications; design, development, installation and maintenance of computer software; design and development of computer hardware and software; design, maintenance, development and updating of computer software; Development, updating and maintenance of software and databases systems; Software development for others in the field of software configuration management; Product development; Product research and development; Product development consultation; Product development for others; Design and testing for new product development; Innovation consulting services, namely, advising others in the areas of product development; Research and development of new products; Research and development of new products for others; Non-downloadable cloud-based computer software for monitoring and managing transportation networks and smart cities mobility, namely, for active traffic management, automatic traffic incident detection, management of traffic events, decision support and response plans for traffic incidents, traffic patterns and traffic disruptions, vehicle location, corridor management, connected vehicle mobility, namely, remote control of smart vehicles and communication with smart vehicles, toll systems integration, adaptive traffic signal control and ramp metering, traffic prediction, vehicle tracking and dispatch, viewing and controlling video cameras, and traffic monitoring and management functions to ensure traffic flow and safety; Providing cloud computing services, providing software as a services (SAAS) and providing platform as a service (PAAS) featuring software for ingesting, storing, indexing, archiving, tagging, searching, retrieving, visualizing, annotating, transmitting and digitizing video and imagery data types and
metadata, namely, electro-optical and infrared video data, still image data, wide area imagery data, commercial satellite data, multi-spectral and hyperspectral data, geospatial data, track location data, text data, and cyber network data; Providing cloud computing services, providing software as a service (SAAS) and providing platform as a service (PAAS) featuring software for automated analysis of video and imagery data types, namely, person, vehicle, ship, object, face, and group, activity detection, recognition, and tracking, pattern recognition, deep learning, classification, artificial intelligence, and the association and fusion of information across data types; Internet security consultancy; data security consultancy; computer security threat analysis for protecting data; design and development of electronic data security systems; development of security systems and contingency planning for information systems; Computer service, namely, acting as an application service provider for developing and hosting application software for collecting, organizing, modifying, transmitting, storing and sharing of data and information in the field of knowledge management, featuring the design of customized database software for others, all of the aforementioned services distributed to governmental, business, and other institutional customers; Computer service, namely, acting as an application service provider for hosting, managing, developing, analyzing, and maintaining the computer networks of others in the fields of cyber management and comprehensive cyber solutions featuring exploitation of cyber capabilities; Computer service, namely, acting as an application service and systems integration provider by hosting, managing, developing, and maintaining applications and software for others in the field of mission planning and situational awareness in all United States government identified domains, namely, land, air, sea, space, and cyber agencies; Engineering; Consulting in the field of engineering and architecture; Consulting in the field of architecture; Design of engineering products; Computer security consultancy; design services in the fields of construction and renovation of manufacturing facilities, data centers, utility facilities, energy generation and transmission facilities, chemical process plants, oil and gas facilities, pipelines, pipeline terminals, petrochemical facilities, manufacturing plants, biomass generation facilities, alternative energy production facilities, transportation infrastructure, dams, landfills, housing, educational facilities, hotels, theme parks, buildings, facilities for disposal of weapons, healthcare facilities, vehicle inspection and compliance facilities, and military installations; Testing of security systems; Drafting of plans and engineering drawings for others; Computer modeling services; Computer simulation based on computer programs for others; Computer monitoring service which tracks application software performance, performs periodic maintenance and provides reports and alerts concerning such performance; Computer technology support services, namely, help desk services; Computer services, namely, acting as an application service provider in the field of knowledge management to host computer application software for the purpose of contract documentation, team collaboration and communication, and reporting; Computer aided design for others; Graphic design; Graphic illustration services for others; Providing an Internet website portal offering information in the field of computer aided design; Providing a website featuring non-downloadable software tools for engineering design, project estimating, construction project management, facility operations, asset management, and building information modeling; Providing information in the field of construction engineering via the Internet; Providing an on-line interactive database in the field of engineering and architectural design accessible via the Internet; Providing temporary use of non-downloadable software for database management in the fields of construction, engineering, and consulting; Integration of computer systems, software, and networks for others in the fields of construction and engineering; Computer services, namely, acting as an application service provider in the field of knowledge management to host computer application software of others for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information in the fields of construction management, repair and reliability management, planning, and inspection; Planning, design, architecture, and consulting related thereto, of facilities for
environmental activities, transportation, oil refinery, power generation, oil and gas production, industrial activities, space exploration, defense, municipal services, recreation, oil and gas facilities, pipelines, pipeline terminals, electricity generation and transmission and distribution facilities, petrochemical facilities, manufacturing plants, biomass generation facilities, and alternative energy production facilities; energy auditing; updating of computer software relating to computer security and prevention of computer risks; Consulting services in the field of design and development of engineering processes; Graphic design for others of audiovisual presentations, video presentations, and audio presentations for graphic facilitation of organizational consulting for government agencies; Consulting services in the field of cyber security being computer security consultancy; Mapping services; Providing a website featuring non-downloadable software for engineering project management and graphic user interface; Computer and operational systems integration services; Consulting in the field of configuration management for computer hardware and software; Consulting in the field of software, embedded software; Custom design and development of computer software, computer network security, computer network optimization and network systems; Customizing computer software; Engineering services in the field of software development, embedded computer system developments, computer security and network system administration; Software design and development; Software development in the field of computer security, business management information systems, custom network architecture; Application service provider, namely, hosting, managing, customizing, deploying, and maintaining applications, software and web sites in the fields of search, discovery, enrichment, visualization, integration and analysis of disparate data and information; computer technology research and development services; computer technology support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; computer programming services; Consulting, namely, consulting services in the field of development, implementation and application of computer software, mobile apps and computer programs for search, discovery, enrichment, visualization, integration and analysis of disparate data; Technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and computer software problems; Computer technology support services, namely, help desk services; Research and development of computer hardware systems; computer technical support services, namely, 24/7 service desk and help desk services for IT infrastructure, operating systems, database systems, and web applications; Consulting services, namely, consulting services in the field of development, implementation and application of computer technology, namely, mobile applications, systems integration, computer software and hardware, in a desired field of study; on-line non-downloadable computer software for determining the cause of an application crash; Providing a website featuring online non-downloadable software that enables users to use the software in a dynamically created working environment based on users selections and connects network drives, runs commands, and set parameters according to geographic, contractual and customer goals and objectives; providing temporary use of a web-based software application for delivery of commercial software in an on-demand manner and dynamically configure that software to meet the business requirements and the technical requirements of the software; online non-downloadable computer software for managing transportation networks; Software as a Service (SAAS) services featuring software for collecting, correlating, aggregating, and exposing information for use in the intelligence and operation disciplines that allows structured operation and intelligence information to be shared vertically and horizontally as part of a flexible, user-defined workflow process; Online non-downloadable and cloud-based software for assessing safety conditions and the physical condition of assets at utility facilities; Online non-downloadable and cloud-based software for energy assessment planning for collection, recording and analysis of data regarding current energy conditions, adequacy, inventory and usage in a building for the purpose of justifying funding, developing energy-specific construction plans, executing construction projects, and for determining energy utilization index, carbon footprint, and compliance with energy and environmental design standards;
Software as a service (SAAS) services featuring software for contract and task order management; on-line non-downloadable computer software for integrating data from a plurality of disparate data sources for use in managing and analyzing intelligence information; online non-downloadable computer application software for mobile phones, hand held computers, laptop computers, desktop computers, servers and mainframe computers, namely, software for visualizing data from a plurality of disparate data sources for use in managing and analyzing intelligence information; Online non-downloadable computer software for data processing; online non-downloadable computer software for creating searchable databases of information and data; Online non-downloadable computer software for creating searchable databases; Online non-downloadable computer software for application and database integration; providing online non-downloadable database management software; Online non-downloadable computer software for conducting a persistent query; providing online non-downloadable computer software for complex event processing in the field of information management; non-downloadable computer software for data processing provided via a website; non-downloadable computer software for processing incomplete data sets in the field of information management and data fusion, namely, content acquisition, multilingual semantic analysis, and mining the most relevant information from disparate data sources; providing online non-downloadable software for real-time geospatial collaboration providing map data and imagery; Software as a service (SAAS) services featuring software for end-to-end command and control, strategy development and operational assessment within the defense and intelligence industry; Hydraulic and hydrologic engineering services, namely, water quality monitoring and assessment, watershed-based storm water planning and design, combined sewer overflow (CSO) analysis, flood control, sedimentation and river engineering, hydraulic modeling and design, ecosystem restoration and geomorphic assessment, dam safety analysis, groundwater aquifer storage and recovery (ASR), water rights and water availability modeling; Environmentally friendly engineering; environmental services, namely, design for others in the field of environmental engineering of transportation infrastructure; Software development and systems engineering in the fields of data security and enterprise security; software development and systems engineering in the fields of defense, national security, and intelligence; design, development and implementation of signals analysis and cryptanalytic processing software systems; design, development and implementation of sensor development software, namely, software for developing sensors for monitoring electronic communications and signals for threats; design, development and implementation of data analytics, data mining and database management software, all in the fields of data security and enterprise security; and human language technology solutions, namely, design and development of computer software and hardware to translate and analyze languages; providing online non-downloadable software for use in managing and analyzing intelligence information; planning, design, and architecture of facilities for environmental activities, namely, control, storage, disposal, remediation, and treatment of wastes; planning, project management, project monitoring, design, architecture, consulting, inspection, architectural and engineering design, construction and project management, in the field of transportation, namely, of highways, rail transit systems, bridges and airports; planning, project management, project monitoring, design, architecture, consulting, inspection, architectural and engineering design, construction and project management, in the field of power generation, cogeneration, hydroelectric power, coal combustion, gas combustion, and power delivery; oil and gas production; industrial activities, including newspaper printing, and pulp and paper processing; consulting in the field of space exploration, namely, software development, small satellite and launch integration, and satellite command and control for space exploration; defense, namely, Internet security consultancy; Computer security consultancy in the field of scanning and penetration testing of computers and networks to assess information security vulnerability; engineering design services for resorts, arenas, stadiums, amusement parks, and theme parks

Examining Attorney  MCCLELLAN, MATTHEW D.
Mark Literal(s)

The mark consists of a three-dimensional configuration of a mechanics' creeper having the overall appearance of a bone, consisting of two pairs of frustoconical wheel housings longitudinally spaced by a substantially rectangular planar middle portion that curves into the center. Each wheel housing is located at one of four corners of the rectangular planar portion. There are five grooves extending from each wheel housing, one connecting a pair of wheel housings, and four extending into the center of the creeper. The broken lines depicting two handle grabs on either side of the creeper and sixteen screw holes, four on each wheel housing, indicate placement of the mark on the goods and are not part of the mark. Color Claimed: Color is not claimed as a feature of the mark. Acquired Distinctiveness: In whole

<td>Description of the Mark</td>
<td>The mark consists of the stylized word &quot;BALLOONEE&quot;. The letter &quot;B&quot; in &quot;BALLOONEE&quot; consists of two balloons with a blue string extending outward from the bottom balloon and curling into the first letter &quot;L&quot; in the word &quot;BALLOONEE&quot;. The top balloon is green. The bottom balloon, and all the remaining letters in &quot;BALLOONEE&quot;, are blue. The first letter &quot;O&quot; in &quot;BALLOONEE&quot; is filled in the colored pink and contains yellow polka dots. The second letter &quot;O&quot; in &quot;BALLOONEE&quot; is filled in the color yellow and contains pink polka dots. The phrase &quot;MAKE YOUR OWN BALLOONS&quot; appears in all capital gray letters below &quot;BALLOONEE&quot;. Additionally, three dots appear next to the letter &quot;L&quot; in a triangular pattern in the word &quot;BALLOONEE&quot;, with the top dot being above the bottom of the letter &quot;L&quot;, and the two bottom dots being below the letter &quot;L&quot;. But as described above, the color white, and gray represent background, outlining, shading, and/or transparent areas and are not part of the mark.</td>

CASE IDENTIFIERS
Serial Number: 88864306 Application Filing Date: Apr. 08, 2020 Register: Principal Mark Type: Trademark
Publication Date: Feb. 16, 2021

MARK INFORMATION
Standard Character Claim: No Mark Drawing Type: 2 - AN ILLUSTRATION DRAWING WITHOUT ANY WORDS(S)/ LETTER(S)
Description of the Mark: The mark consists of Non-Latin Hebrew characters in the mark that transliterate to "HAMAFTEACH L'TALMUD BAVLI H'CHADASH" meaning "The New Key to the Babylonian Talmud" in English, together with the design of a key depicted vertically to the right of the text with the key portion pointing up and the key design features a central shank with a handle at the bottom in the shape of intertwined scrollwork with two key bits extending horizontally and out to the right from the top end of the shank with a space between the bits, and two arched spaces running vertically near the base of the bits giving the impression of an open book, with the shank capped with a small pin at the top. Color Claimed: Color is not claimed as a feature of the mark. Transliteration: The non-Latin characters in the mark transliterate to "HAMAFTEACH L'TALMUD BAVLI H'CHADASH" and this means "The New Key to the Babylonian Talmud" in English.

GOODS AND SERVICES INFORMATION
For: Reference books in the field of the Babylonian Talmud
International Classes: 16 - Primary Classes US Classes: 2, 5, 22, 23, 29, 37, 38, 50 International Class Title: Paper Goods and Printed Matter

Case Identifiers

Serial Number 88864392  Application Filing Date Apr. 08, 2020  Register Principal  Mark Type Service Mark
Publication Date Feb. 16, 2021

Mark Information

Standard Character Claim No  Mark Drawing Type 3 - An Illustration Drawing Which Includes Word(S)/ Letter(S) Description of the Mark

The mark consists of a motion mark featuring a short scene which pans and travels through a room towards a television set with the words "JUNIPER PRODUCTIONS" appearing on the television screen. The scene begins with a shot of the left wall of the room. A director's chair appears to the left of the shot and a vintage film camera appears to the right of the shot, with a framed picture hanging on the wall in the center. The scene immediately pans diagonally downward and to the right, revealing two wooden crates containing film reels stacked on top of each other and a film reel in front of the boxes leaning against them, with a sitting Labrador looking in the direction of the film reels. The scene then travels forward towards and over top of the Labrador, revealing a vintage television set on a cart in front of the back wall in the room. As the scene travels forward, static appears on the television screen with the words "JUNIPER PRODUCTIONS" appearing within the static, over a reflected image of the back of the Labrador. As the scene continues to travel closer to the television, the static lessens over time and the words "JUNIPER PRODUCTIONS" become sharper. The scene ends with the words "JUNIPER PRODUCTIONS" appearing in the center as the background fades to black. Color Claimed Color is not claimed as a feature of the mark. Disclaimer "PRODUCTIONS"
