**Mark Information**

Standard Character Claim: No
Mark Drawing Type: 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S) / LETTER(S)
Description of the Mark: The mark consists of the wording "MYSTICLEAN" in stylized font with the dot above the letter "I" replaced by a heart, all inside of the design of a water drop. To the left of the letter "M" is a curved line running from top to bottom, and on the bottom of the leftmost side of the letter "M" are two curved lines, stacked on top of each other. On the right of the letter "M" is a small curved line running from left to right. There is a curved line on the top left curves of the letters "C" and "E" in "CLEAN". Behind the design of a water drop, there appears to be a larger water drop, which is shaded, of which only the top and bottom parts are visible. The colors gray, black, and white are for shading only and are not claimed as a feature of the mark. Color Claimed: Color is not claimed as a feature of the mark.

GOODS AND SERVICES INFORMATION
For Concrete building elements, namely, precast concrete wall forms, concrete poles for use as building materials; shuttering, not of metal, for concrete for building and construction; bitumen; bituminous products for building, namely, bituminous roof coatings; bituminous coatings for roofing; tile floorings, not of metal; floor tiles, not of metal; letter boxes of masonry; rubble, namely, natural stone; busts of stone, concrete or marble; non-metal roof coverings; non-metal roofing; roofing, not of metal, incorporating solar cells; non-metal pantiles; roof gutters, not of metal; wood scantlings for building purposes; roofing slates; synthetic roofing shingles with or without an extra layer of roofing adhesive; non-metal roofing tiles; mooring bollards, not of metal; wood staves for use as building materials; safety glass for building purposes; drain pipes, not of metal; turnstiles, not of metal; penstock pipes, not of metal; brackets, not of metal, for building; railway sleepers, not of metal; enamelled glass, for building; flagpoles being structures, not of metal; folding doors, not of metal; paint spraying booths, not of metal; lintels, not of metal; non-metal windows; window glass, for building; window glass for building, except glass for vehicle windows; figured and wired plate glass for building; shutters, not of metal; non-metal window frames; prefabricated non-metal houses; refractory construction materials, not of metal; fireproof cement coatings; figurines of stone, concrete or marble; agglomerated bagasses of cane for use as a building material; veneer wood; floors, not of metal; plaster; memorial plaques of stone; timber architectural mouldings in the nature of building materials; geotextiles; armored doors, not of metal; scaffolding, not of metal; framework for building, not of metal; non-metal cornices; wood frames for horticultural greenhouses; gypsum for use as building materials; latticework, not of metal; glass granules for road marking; tombs not of metal; concrete; grave or tomb

8963
enclosures, not of metal; burial vaults, not of metal; grave slabs, not of metal; gravestones; coal tar; works of art of stone; street
gutters, not of metal; bitumen-based asphalt sealants for use in road repair; materials for making and coating roads, namely,
road asphalt, polymeric bitumen emulsions for road surfaces; signs, non-luminous and non-mechanical, not of metal, for roads;
road coating materials, namely, road asphalt, polymeric bitumen emulsions for road surfaces; road marking sheets and strips of
synthetic material; poles, not of metal, for power lines; non-metal wainscoting; storage tanks of masonry; tar; tarred roofing
paper strips for building; wood, semi-worked; telephone booths, not of metal; telegraph posts, not of metal; terra cotta for use
as building materials; clay pipes and conduits; slate; potters' clay; non-metal gates; non-metal beams; greenhouses,
transportable, not of metal; partitions, not of metal for building; staircases, not of metal; stair-treads, not of metal; stringers
being parts of staircases, not of metal; tufa; non-metal doors; door panels, not of metal; door casings, not of metal; refractory
furnace linings, not of metal, for building; lengthening pieces, not of metal, for chimneys; vinyl siding; non-metal bird baths
being structures; aviaries being structures, not of metal; aviaries, not of metal; platforms, prefabricated, not of metal; chimneys,
not of metal; wall tiles, not of metal; wall linings, not of metal, for building; water-pipes, not of metal; fences, not of metal;
cement; earth in the nature of sand for making bricks; bricks; ceilings, not of metal; pitch, tar, bitumen and asphalt; materials,
ot of metal, for building and construction, namely, pipes, valves, hoses, fittings, drainage, water storage, water tanks, window
profiles, doors, windows; non-metallic rigid pipes for building; non-metallic transportable buildings; monuments, not of metal;
gutter pipes, not of metal; bicycle parking installations, not of metal; branching pipes, not of metal; alabaster; alabaster glass;
mooring bollards, not of metal; aquarium gravel; aquarium sand; reinforcing materials, not of metal, for building; asbestos
mortar; asbestos cement; asphalt paving compositions; outdoor blinds, not of metal and not of textile; cladding, not of metal,
for building; cabanas, not of metal; beacons, not of metal, non-luminous; girders, not of metal; balustrades, not of metal; huts
in the nature of non-metal shelter structures; asphalt felt for building; building glass; planks of wood for building; non-metallic
building materials, namely, pipes, valves, hoses, fittings, drainage, water storages, water tanks, window profiles, doors,
windows; building panels, not of metal; building stone; transportable buildings, not of metal; plastic landscape edgings; rock
crystal; accordion doors, not of metal

For  Containers, not of metal, for storage or transport for commercial use; unworked or semi-worked shells; raw or partly
worked meerschaum; raw or partly worked yellow amber; shelves for storage; shoe dowels, not of metal; filing cabinets;
ambroid plates; ambroid bars; mooring buoys, non-metallic; tea carts; anti-roll cushions for babies; medicine cabinets;
inflatable furniture; inflatable publicity objects; trestle tables in the nature of furniture; stuffed animals in the nature of
taxidermy; stuffed birds in the nature of taxidermy; oyster shells; baby bath seats; bamboo poles and furniture; bamboo
curtains; benches in the nature of furniture; clips, not of metal, for cables and pipes; closures for containers, non-metallic;
funerary urns; bed fittings, not of metal; cots for babies; beds; beds for household pets; wood bedsteads; bed casters, not of
metal; beehives; picture frames; flower-stands being furniture; flower stands in the nature of stands for flower pots; bolts, not
of metal; vats, not of metal; boxes of wood or plastic; letter boxes, not of metal or masonry; book rests being furniture;
bookcases; library shelves; sideboards; dinner wagons; office furniture; busts of wood, wax, plaster or plastic; camping
mattresses; armchairs; decorations of plastic for foodstuffs; pegs, not of metal; fixing plugs, not of metal in the nature of non-
metal fastening anchors; shower seats; shelves for filing-cabinets in the nature of furniture; labels of plastic; furniture shelves;
locks, not of metal, for vehicles; staves of wood; barrels, not of metal; casks, not of metal; taps, not of metal, for casks; barrel

MARK INFORMATION
Standard Character Claim No
Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark The mark consists of a three-dimensional configuration of a green beer bottle with a silver cap. A silver and white label appears on the neck of the bottle with a white circle design containing green styled wording "SPEZIALBIER-BRAUEREI" in a downward arch with a green design of three evergreen trees on a green hill with white patches of grass; appearing below the design is green styled wording "SEIT 1857" in an upward arch. Below the white circle design appears blue styled wording "0,0%" with the "%" creating part of the second "0". A blue oval label appears on the middle of the body of the bottle. The blue oval label has a silver border with blue styled wording "DAS ALKOHOLFREIE BIER AUS SUDTIROL" and "LA BIRRA ANALCOLICA DELL'ALTO ADIGE" appearing within the border. Within the oval label at the top appears a white circle design of three evergreen trees on a green hill with white patches of grass. Below the white circular design within the blue oval appears the stacked white styled wording "SPEXIALBIER-BRAUERI" above a white ribbon banner containing the green styled wording "FORST", whit a design of three evergreen trees on a green hill with white patches of grass appearing with in the letter "O". Below the white ribbon banner appears the styled white lettering "0,0" with the "%" symbol creating a portion of the second "0". The broken lines depicting the shape of the beer bottle, the bottle cap, and the horizontal ridging at the top of the neck of the bottle directly below the bottle cap indicate placement of the mark on the goods and are not part of the mark.

Color Drawing Yes Color Claimed The color(s) white, green, silver, and blue is/are claimed as a feature of the mark.

patents, clinical trials and funding data; data exchange units, namely, handheld electronic devices for exchanging data between computer networks, computer platforms and downloadable software applications; data collection apparatus, namely, mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for collection of data; downloadable and recorded data mining software; apparatus for recording, transmission, processing and reproduction of sound, images or data; backup drives for computers; blank flash memory cards; CD-ROM drives; blank USB cards; blank USB flash drives; cases for data storage devices, namely, cases for computer hard disks, optical discs, and mobile computers; downloadable and recorded communications software for connecting global computer networks; downloadable and recorded computer graphics software; computer hardware; computer hardware downloadable and recorded software for providing secure remote access to computer and communication networks; downloadable computer networking software; downloadable and recorded computer programs for database management; downloadable computer programs for data processing; downloadable and recorded computer programs for document management; downloadable and recorded computer software for application and database integration; downloadable and recorded computer software for creating searchable databases; downloadable and recorded computer software for data and document capture, transmission, storage and indexing; downloadable and recorded computer software for database management; downloadable and recorded computer software for data processing; downloadable and recorded computer utility programs for data compression; downloadable and recorded computer utility programs for computer maintenance; data communication apparatus and instruments, namely, wireless communication devices for voice, data or image transmission, electronic communications systems comprised of computer hardware and recorded software for the transmission of data between two points, optical data links; data loggers, namely, web-based data logging systems comprised of electric data loggers, computer hardware, and recorded software for collecting and logging digital information; data processing equipment; data storage devices, namely, computer storage devices in the nature of high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunications network, blank hard drives for computers, blank USB flash drives; data synchronization cables; data transmission cables; downloadable digital books in relation to business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; digital video players; downloadable electronic data files featuring information regarding business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; downloadable multimedia files featuring information regarding business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; electronic apparatus for wireless reception, storage and transmission of data and messages; encoders; e-readers, namely, electronic card readers, electronic book readers, electronic memory card readers; downloadable instant messaging software; downloadable interactive computer software in relation to business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; mobile data receivers; multimedia projectors; downloadable and recorded software for processing images, graphics and text; downloadable and recorded software for the analysis of business data; downloadable and recorded software for the analysis of research data; wireless adapters for computers; wireless receivers; wireless transmitters; downloadable database server software; downloadable and recorded
database synchronization software; downloadable and recorded computer software for accessing, browsing and searching databases; intelligent gateways in the nature of routers for the purpose of real-time data analysis; downloadable software applications for the management and transmission of data; downloadable augmented reality software for use in mobile devices for integrating electronic data with real world environments; analytics and intelligent research management downloadable and recorded software tools; downloadable and recorded analysis software in relation to identifying research performance; downloadable, electronic databases, namely, in relation to financial, scientific and technological research and business development; downloadable, electronic databases and downloadable computer software algorithms for analysing, monitoring and interconnecting data across grants, researchers, patents, and publications; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection from worldwide published academic materials, publication citations, research materials and the Internet; computer hardware and downloadable and recorded software for database management, namely, in relation to publication metrics, research analytics and development, and global research forecasting; computer hardware and downloadable and recorded software for analysing, monitoring and interconnecting data across grants, researchers, patents, and publications; downloadable electronic publications, namely, data based reports, graphs, charts and infographics in relation to business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; downloadable and recorded computer software for accessing, browsing and searching databases, namely, in relation to academic publishing material, research and business development; downloadable, electronic databases in relation to academic publishing material and academic research; downloadable, electronic databases for business development purposes; downloadable, electronic databases in relation to patents, clinical trials and funding data; downloadable, electronic databases in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; downloadable, electronic databases for business development purposes in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; databases in relation to patents, clinical trials and funding data in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; downloadable, electronic databases containing research data from multiple data points for researchers, institutions, publishers, industry, funders, and governments; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection in relation to academic publishing material and academic research; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection for business development purposes; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics;
development purposes in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection in relation to patents, clinical trials and funding data in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; mobile computing and operating platforms consisting of data transceivers, wireless networks and gateways for data collection of research data from multiple data points for researchers, institutions, publishers, industry, funders, and governments; computer hardware and downloadable and recorded software for database management in relation to academic publishing material and academic research; computer hardware and downloadable and recorded software for database management for business development purposes; computer hardware and downloadable and recorded software for database management in relation to patents, clinical trials and funding data; computer hardware and downloadable and recorded software for database management in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; computer hardware and downloadable and recorded software for database management for business development purposes in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; computer hardware and downloadable and recorded software for database management in relation to academic publishing material and academic research; computer hardware and downloadable and recorded software for database management in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; computer hardware and downloadable and recorded software for database management in relation to patents, clinical trials and funding data; computer hardware and downloadable and recorded software for database management in relation to academic publishing material and academic research; downloadable, electronic publications, namely, journals, prospectuses, leaflets, brochures, catalogues, newsletters and magazines in the field of academic publishing material and academic research; downloadable, electronic publications, namely, journals, prospectuses, leaflets, brochures, catalogues, newsletters and magazines in the field of business development; downloadable, electronic publications, namely, journals, prospectuses, leaflets, brochures, catalogues, newsletters and magazines in the field of patents, clinical trials and funding data; downloadable, electronic publications, namely, journals, prospectuses, leaflets, brochures, catalogues, newsletters and magazines in the field of academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; downloadable, electronic publications, namely, journals, prospectuses, leaflets, brochures, catalogues, newsletters and magazines for business development purposes in the field of commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; downloadable, electronic publications, namely, journals, prospectuses, leaflets, brochures, catalogues, newsletters and magazines in the field of patents, clinical trials and funding data in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance,
financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; downloadable electronic publications, namely, journals, prospectuses, leaflets, brochures, catalogues, newsletters and magazines containing research data from multiple data points for researchers, institutions, publishers, industry, funders, and governments in relation to business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; instructional and teaching materials, namely, downloadable digital and electronic books, journals, training manuals, diaries, multimedia content and downloadable educational computer programs in the field of academic publishing, academic research, patents, and clinical trials; decoration and art materials and media, namely, digital image projectors; none of the aforesaid being in respect of software or systems, including document and record management software or systems, in relation to the purpose of billing

**For** Telecommunications, namely, telecommunications access services and transfer of data by telecommunications; broadcasting of audio-visual and multimedia content via the Internet; computer aided transmission of information; computer aided transmission of data; datacasting; electronic data interchange services; interactive transmission of multi-media material via digital networks; netcasting, namely, Web casting services; network conferencing services; podcasting; providing access to a global computer network; providing access to computer programs on data networks; providing access to information via data networks; providing access to databases; providing on-line access to databases; providing chatrooms on-line; providing online forums; providing access to a global computer network and on-line sites containing information on a wide range of topics; satellite transmission of data; streaming of data; transfer and dissemination of information and data via computer networks and the Internet; transmission of data by satellite via wireless communication channels and electronically via computer terminals; transmission of digital audio and video broadcasts over a global computer network; transmission of podcasts; transmission of webcasts; data communication services, namely, electronic transmission of data and documents among users of computers, wireless broadband communications services for the transmission of voice and data, transmission of voice, audio, visual images and data by telecommunications networks, wireless communication networks, the Internet, information services networks and data networks; wireless transfer of data via the Internet; leasing of access time to a computer database; providing access to databases in relation to academic publishing material and academic research; providing access to databases for business development purposes; providing access to databases in relation to patents, clinical trials and funding data; providing access to databases in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; providing access to databases for business development purposes in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; providing access to databases in relation to patents, clinical trials and funding data in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; providing access to databases containing research data from multiple data points for researchers, institutions, publishers, industry, funders, and governments; providing access to online databases in relation to
academic publishing material and academic research; providing access to online databases for business development purposes; providing access to online databases in relation to patents, clinical trials and funding data; providing access to online databases in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; providing access to online databases for business development purposes in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; streaming of data in relation to academic publishing material and academic research; streaming of data for business development purposes; streaming of data in relation to patents, clinical trials and funding data; streaming of data in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; streaming of data for business development purposes in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; streaming of data in relation to patents, clinical trials and funding data in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; streaming of data from multiple data points for researchers, institutions, publishers, industry, funders, and governments; wireless electronic, encrypted electronic and computer aided transmission of data in relation to academic publishing material and academic research; wireless electronic, encrypted electronic and computer aided transmission of data for business development purposes; wireless electronic, encrypted electronic and computer aided transmission of data in relation to patents, clinical trials and funding data; wireless electronic transmission of data in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; wireless electronic, encrypted electronic and computer aided transmission of data for business development purposes in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; wireless electronic, encrypted electronic and computer aided transmission of data concerning research data from multiple data points for researchers, institutions, publishers, industry, funders, and governments; wireless electronic, encrypted electronic and computer aided transmission of data in relation to academic publishing material and academic research; wireless electronic, encrypted electronic and computer aided transmission of data for business development purposes; wireless electronic, encrypted electronic and computer aided transmission of data in relation to patents, clinical trials and funding data; wireless electronic transmission of data in relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; wireless electronic, encrypted electronic and computer aided transmission of data for business development purposes in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics; wireless electronic, encrypted electronic and computer aided transmission of data concerning research data from multiple data points for researchers, institutions, publishers, industry,
funders, and governments; information, advisory, and consultancy services relating to the aforesaid services; none of the aforesaid being in respect of software or systems, including document and record management software or systems, in relation to the purpose of billing

**For** Scientific and technological data compilation for others for research purposes in relation to business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; providing discussion services on-line, namely, hosting on-line web facilities for others for organizing and conducting interactive discussions, creating an on-line community for registered users to participate in discussions; scientific and technological services namely, scientific research, industrial research and industrial design in relation to business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; industrial analysis and research services in relation to business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; design and development of computer hardware and software; scientific and technological analysis of technical data in relation to business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; computer-aided design; computer-aided graphic design; database design and development; computer-aided industrial analysis in relation to business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; computer-aided scientific research, testing and analysis services in relation to business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; computer and technology services for the detection of unauthorized access to data and information; computer code conversion for others; computer disaster recovery planning; computerized data storage; computer programming for data processing and communication systems; computer programming services for the protection of software; computer project management in the field of electronic data processing; computer software design; configuration of computer networks; configuration of computer software; consultancy and information services relating to information technology; consultancy and information services relating to the design, programming and maintenance of computer software; consultancy relating to web page design; creation and development of computer programs for data processing; creation, design, development, and maintenance of web sites; data encryption and decoding services; data migration services; design and development of computer software for evaluation and calculation of data; design and development of data retrieval software; design and development of systems for data input, output, processing, display and storage; design and development of testing of analysis methods; design and development of wireless data transmission apparatus; design services relating to infographics and presentation of data; design services relating to printed matter; development and testing of computing methods, algorithms and software; digital compression of computer data; graphic design services; graphic illustration design; hosting computer application software in the field of knowledge management for creating searchable databases of information and data; hosting an online website featuring weblogs; hosting web sites; information technology consultancy; on-line data storage; preparation of technical reports in relation to business development analysis, academic publishing material, academic research, patents, clinical trials and funding data; providing information and data relating to scientific and technological research and development; providing scientific research information and results from an on-line searchable database; providing online non-downloadable software for analyzing financial data and generating reports; providing online non-downloadable software development tools; providing online non-downloadable software for generating data reports for use in publishing and printing; providing temporary use of web-based non-downloadable applications for data processing, searching database and academic material; recovery of computer data;
reconstruction of database systems for others; remote computer backup services; research in the field of data processing
technology; scientific and technological research, testing and analysis services in relation to business development analysis,
academic publishing material, academic research, patents, clinical trials and funding data; testing of computer software;
installation of database software; leasing of data processing systems; technical services for the downloading of digital data,
namely, providing an interactive website featuring technology that allows users to download digital data and computer
software for troubleshooting of problems regarding downloading of digital data; programming of computer software for
reading, transmitting and organising data; providing search engines for obtaining data on a global computer network; software
interface development in relation to collating, organising and analysing of data; database design and development in relation to
academic publishing material and academic research; database design and development for business development purposes;
database design and development in relation to patents, clinical trials and funding data; database design and development in
relation to academic publishing material and academic research in relation to commodities, energy, utilities, construction,
infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general
management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics;
database design and development for business development purposes in relation to commodities, energy, utilities, construction,
infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial services, general
management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting, transport, logistics;
database design and development in relation to patents, clinical trials and funding data in relation to commodities, energy,
utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the public sector, finance, financial
services, general management, healthcare, life sciences, IT, media, legal matters and services, tax matters, accounting,
transport, logistics; database design and development for research data from multiple data points for researchers, institutions,
publishers, industry, funders, and governments; computer software design in relation to academic publishing material and
academic research; computer software design for business development purposes; computer software design in relation to
patents, clinical trials and funding data; computer software design in relation to academic publishing material and academic
research in relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure,
education, the public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters
and services, tax matters, accounting, transport, logistics; computer software design for business development purposes in
relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the
public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services,
tax matters, accounting, transport, logistics; computer software design in relation to patents, clinical trials and funding data in
relation to commodities, energy, utilities, construction, infrastructure, real estate, retail consumers, leisure, education, the
public sector, finance, financial services, general management, healthcare, life sciences, IT, media, legal matters and services,
tax matters, accounting, transport, logistics; computer software design for research data from multiple data points for
researchers, institutions, publishers, industry, funders, and governments; design and development of systems for data input,
output, processing, display and storage in relation to academic publishing material and academic research; design and
development of systems for data input, output, processing, display and storage for business development purposes; design and
development of systems for data input, output, processing, display and storage in relation to patents, clinical trials and funding
data; design and development of systems for data input, output, processing, display and storage in relation to academic
publishing material and academic research in relation to commodities, energy, utilities, construction, infrastructure, real estate,
