these materials, by application of coatings in the nature of chemicals, colorings, metals, plastics, synthetic materials, powder
coatings, synthetic resins, by lamination and by application of plastic foils, stamping foils mainly of plastics, laminating foils
and transfer foils mainly of plastics by means of hot stamping, cold stamping and foil transfer; marking of materials of plastics,
synthetic materials, metal, metal alloys, glass, ceramics or combinations of these materials and of semi-finished products and
of goods of these materials by means of printing-on, coating by means of electrophoretic coating, evaporation deposition,
flame spraying, plasma spraying, gas injection and spraying, laser spraying, immersing and dipping, spraying, enamelling,
galvanizing, anodizing, nitrifying, chromating, tinning, zinc coating, phosphating, nickel plating, powder coating, glazing,
ultrasonic application, laser and heat treatment, and by means of engraving; surface treatment and surface coating in the nature
of finishing the surfaces of materials, workpieces, semi-finished products and goods of plastics, synthetic materials, metal,
metal alloys, glass, ceramics or combinations of these materials by means of chemical processes, mechanical processes,
thermal processes and thermo-mechanical processes, particularly by means of spraying, evaporation deposition, injecting and
extruding, flame spraying, plasma spraying, gas injection and spraying, laser spraying, immersing and dipping, enamelling,
galvanizing, anodizing, nitrifying, chromating, tinning, zinc coating, phosphating, nickel plating, powder coating, glazing;
plastics and foil processing and treatment in the nature of manufacture of plastic parts to order and/or specification of others,
decoration in the nature of applying decorative coatings by means of electrophoretic coating, evaporation deposition, flame
spraying, plasma spraying, gas injection and spraying, laser spraying, immersing and dipping, spraying, enamelling,
galvanizing, anodizing, nitrifying, chromating, tinning, zinc coating, phosphating, nickel plating, powder coating, glazing,
ultrasonic application, laser and heat treatment, surface treatment in the nature of heat and flame treatment, and finishing of
plastic products, all for third parties, foil decoration of products and packaging, surface foil application for third parties; glass
processing and treatment in the nature of manufacture of glass products, not for building purposes, and semi-finished glass
goods, not for building purposes, to order and/or specification of others, decoration in the nature of applying decorative
coatings by means of electrophoretic coating, evaporation deposition, flame spraying, plasma spraying, gas injection and
spraying, laser spraying, immersing and dipping, spraying, enamelling, galvanizing, anodizing, nitrifying, chromating, tinning,
zinc coating, phosphating, nickel plating, powder coating, glazing, ultrasonic application, laser and heat treatment, foil application, lacquer application, printing-on and etching and engraving, surface treatment by means of chemical processes, mechanical processes, thermal processes and thermo-mechanical processes and finishing of glass products for third parties; metal processing and treatment in the nature of manufacture of metal products, not for building purposes, and semi-finished metal goods, not for building purposes, to order and/or specification of others, decoration in the nature of applying decorative coatings by means of electrophoretic coating, evaporation deposition, flame spraying, plasma spraying, gas injection and spraying, laser spraying, immersing and dipping, spraying, enamelling, galvanizing, anodizing, nitrifying, chromating, tinning, zinc coating, phosphating, nickel plating, powder coating, glazing, ultrasonic application, laser and heat treatment, foil application, lacquer application, printing-on and etching and engraving, surface treatment by means of chemical processes, mechanical processes, thermal processes and thermo-mechanical processes and finishing of metal products for third parties; contract manufacturing services for customer-specific machines in the fields of machines for drying, cooling, heating, hardening, curing, firing, flaming, cleaning, injection, forming, casting, spraying, cutting, pressing, rolling, coating, binding, sorting, gluing, bonding, sealing, polishing, roughening, etching, embossing, printing, stamping or irradiating

For Machinery for the production of electrical and electronic circuits; machines for metal processing, machines for plastic processing, machines for rubber processing, machines for the preparation of surfaces for electrical and electronic components; machines for the conditioning of surfaces for electrical and electronic circuitry; machine tools for treatment of materials and for manufacturing, metalworking, sawing, parting, drilling, grinding, cutting; electric motors and internal combustion engines electric motors and internal combustion engines, except for land vehicles, electric drives for machines electric drives for motors, except for land vehicles; compressors compressors for machines, condensers; cranking, tilting, folding, turning, lifting, and lowering mechanisms being parts of machines; machine parts, namely lids, covers, roof, roof lining and cover frames, housings, claddings hoods, manifolds flaps, machine parts, for machinery for the production of electrical and electronic circuits, machines for metal processing, machines for plastic processing, machines for rubber processing, machines for the preparation of surfaces for electrical and electronic components, machines for the conditioning of surfaces for electrical and electronic circuitry, namely lids, covers, roof, roof lining and cover frames, claddings, hoods, exhaust manifolds for engines,
flaps, tank collectors; nozzles as parts of machines; engine parts, namely, filters for engine; glow plugs for diesel engines; machine parts, namely valves; machine parts, namely, tank collectors being storage containers; impulse dampers being parts for machine pumps; silencers for motors and engines; rotary blowers; fans for motors; impulse dampers being parts for machine pumps; hydraulic pumps, compressed air pumps, gear pumps for vehicles, electric pumps, high pressure pumps for vehicles, pumps for machines, water pumps for land vehicles, pumps as parts of machines, oil drain pumps; Power-operated atomizers for industrial of commercial use; reformers, namely mechanical apparatus for generating hydrogen by means of electrolysis or electro-chemical conversion of fossil and biogene energy sources machines for removing, replacing and installing of catalysts in reformers being a mechanical apparatus for generating hydrogen by means of electrolysis or electro-chemical conversion of fossil and biogene energy sources; power generation devices for vehicles; oil pans for automobiles; engine parts, namely ignition coils

**International Classes** 7 - Primary Classes **US Classes** 13, 19, 21, 23, 24, 31, 34, 35 **International Class Title** Machinery

**For** Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply, namely, heaters for vehicles, defrosters for vehicles, air conditioners for vehicles; air-conditioning, cooling, ventilating and heating equipment for vehicles, namely, HVAC units for land vehicles; water and air-heating equipment for vehicles; electronic windscreen defrosters, heating installations in the nature of electric water heaters and engine pre-heating equipment; stationary air-conditioning systems for vehicles, supplementary heaters for vehicles; roof-top air conditioning systems, HVAC (heating-ventilation-air-conditioning) units for land vehicles; lights, namely lights and lamps for vehicles, spot lights, warning lights, mounting spot lights; filters for heating, cooling, drying, ventilation and water supply systems; air filters for air-conditioning units; refrigerating agent collectors, distributors and driers as parts of air conditioning units and cooling instruments; heat exchangers heat exchangers not being parts of machines; hot-water boilers; condensate removal apparatus as part of ventilation instruments, namely ventilating apparatus for vehicles, ventilators for heat exchangers; evaporators cooling evaporators

**International Classes** 11 - Primary Classes **US Classes** 13, 21, 23, 24, 31, 34 **International Class Title** Environmental Control Apparatus

**For** Wholesale and retail store services featuring vehicles, agricultural, air or water transportation in the nature of land vehicles, electric vehicles, vehicle roofs and tops, in particular sliding tilting sliding/tilting spoiler, finned, sun, flapping and folding roofs, all-glass roofs, fixed element convertible tops, convertible tops, sun blinds for vehicles, ventilation flaps for vehicles, adjustable vehicle windows, in particular side and rear windows, folding tilting and finned windows, vehicle window-winders, vehicle roof linings and body components, spoilers, wind and water deflectors specifically designed for vehicles, air guides, ski holders and luggage carriers for vehicles, modular roofs, roof modules for vehicles, movable areas for vehicles, namely, sliding floors, pull-out loading floors, dimmable glass surfaces, doors for vehicles, solar roofs for vehicles, roof lights for vehicles, metal goods, mounting stands, guide tubes and guide rails, hose and pipe clamps, hinges, couplings, drive cables, racking rods, guide pipes and rails, grids, tanks, pipes, hoses, pipes and pipes including those for land vehicles, electro motors and gearboxes for the transport of power excluding those for land vehicles, electric motors and gearboxes, combustion engines, electric drives, compressors, condensers, crankshafts, tilting, folding, rotating, lifting and lowering mechanisms, machine parts, namely, covers, roofs, sky sliders and cover frames, housings, claddings, hoods, flaps, nozzles, filters, glow plugs, valves, impulse dampers, silencers, blowers, fans, pumps, ignition coils being parts of engines, reformers, apparatus and instruments for conducting switching converting storing regulating and controlling electricity, charging devices, charging stations, charging
modules, loading shelf walls, charging devices for rechargeable devices, batteries and battery chargers for electric vehicles, electric charging columns, power generation apparatus for vehicles, software, remote controls, transmitters and receivers for the remote control of vehicle components, measuring test and control devices, cable harnesses, electrical plug connections, fuses, relays, switches, pressure monitors, contactor switches, thermostats, temperature limiters, sensors, voltage regulators and interference suppression sets for air conditioning systems, devices for generating electrical energy by means of solar cells, in particular for land vehicles and their components, electrical and mechanical control devices, heating batteries, fuel cells, lighting, heating, steam generating, cooking, cooling, drying ventilation, water heaters and engine heaters, floor-mounted air conditioners for vehicles, electric heaters, auxiliary heaters for vehicles, water heaters, air-conditioning units for HVAC systems, lights, filters, refrigerants collectors, distributors and dryers, heat exchangers, instantaneous heaters, tank collectors, condensation extractors, evaporators, vehicles, apparatus for locomotion by land, air or water, roofs and hoods for vehicles, in particular sliding, lifting, sliding spoiler, slat, sun, folding and folding roofs, all-glass roofs, fixed-element convertible roofs, convertible roofs, sun-blinds and ventilation flaps for vehicles, adjustable vehicle windows, in particular side and rear windows, folding, tilting, and lamellar windows, vehicle window lifters, vehicle coils and body parts, vehicle spoilers, wind and water deflectors, air guiding devices, ski racks and luggage carriers for vehicles, modulus beds, roof modules for vehicles, mobile surfaces for vehicles, gliding floors and equipment therefor, manuals, printed publications, books, magazines, periodicals, newspapers, printed matter, rubber goods, gutta-percha, rubber, asbestos, and mica, goods in the nature of semi-finished products made of plastic, in particular lids, covers, roof, sky and cover frames, housings, claddings, hoods, flaps, grids, guide tubes and guide rails as well as sliding elements, gaskets, plastic packing and insulating material, plastic pipes, hoses and pipes, plastic washers, hose and pipe clamps, gaskets, sealing packing and insulating material; online services of an e-commerce provider, namely, presentation of goods and services being the promotion of goods of others, order acceptance and administrative order processing invoicing mediation and conclusion of commercial transactions for others via online shops

**International Classes** 35 - Primary Classes **US Classes** 100, 101, 102  **International Class Title** Advertising and Business

**For** Repair of ships, repair of motor vehicles, repair and maintenance of motor vehicles and their parts, repair of vehicles, repair of watercraft, repair and maintenance of electric vehicles, repair and maintenance of cooling systems of vehicles, repair of heaters, repair of air-conditioning systems, repair of electronic devices, repair or maintenance of machinery and equipment for the distribution and control of electrical energy, installation of electric heaters, installation of heaters, installation of electric generators, installation of air-conditioning systems; installation of electrical equipment, installation of electrical and electronic equipment, installation of electrical and electronic equipment in automobiles, installation of electrical equipment, maintenance services; care and cleaning of vehicles and their parts and accessories; maintenance, repair and servicing of electricity generating equipment; installation and maintenance of computer hardware; recharging of batteries and accumulators recharging services for electric vehicles; vehicle battery charging installation of hardware for computer networks

**International Classes** 37 - Primary Classes **US Classes** 100, 103, 106  **International Class Title** Construction and Repair

**For** Apparatus and instruments for conducting, switching, transforming, accumulation, regulation or controlling electricity, namely electrical conductors, electrical switches, electrical transformers, electrical conductors, electrical switches, electrical transformers, electrical accumulators; energy control devices energy control devices, namely controllers and regulators; drive cables for electrical controls; Downloadable computer software for use in automotive sector Downloadable computer software
for use with battery chargers and charging stations for electric vehicles for use in automotive sector; remote controls for motors, remote controls for air-conditioning apparatus, remote controls for controlling electronic products as parts of vehicles, vehicle accessories and charging stations for vehicles, excluding gaming apparatus; components for devices, namely transmitters and receivers for use in the connection with the remote control of vehicles; measuring, testing and checking instruments and apparatus, namely electric measuring apparatus an apparatus for measuring electricity, speed measuring instruments, distance and dimension measuring instruments, battery testing apparatus, material testing apparatus, testing and quality control devices Machines for testing and quality control [not for medical purposes];, namely machines for testing automotive motors, charging stations for electric vehicles, batteries and battery chargers for electric columns, electrical power supplies, batteries for electric vehicles; electric batteries for the power supply of electric vehicles; wiring harness being an electrical cable assembly; electrical connections; fuses; electronic relays; electric switches; Pressure switches and sensors for monitoring, controlling and switching hydraulic or pneumatic systems; protective electrical switches; thermostats; electric temperature limiters; sensors for engines as vehicle components; voltage regulators and interference suppression units for air-conditioning units; devices for generating electrical energy by means of solar cells, namely solar cells and solar collectors for electricity generation, in particular for land and water vehicles and for their components; Electrical controlling devices in the nature of electrical control systems for energy management in vehicles; batteries for the use in connection with automobile heating systems; fuel cells; Adapter plugs in the nature of mains chargers; electronic charging modules in the nature of electrical power supplies; charging stations for electric vehicles; chargers for rechargeable devices; batteries and battery chargers for electric columns; electrical power supplies, namely power supply units; current regulators; devices and accessories for charging electric vehicles, namely, charging stations for electric vehicles; batteries for electric vehicles; electric batteries for the power supply of electric vehicles

International Classes    9 - Primary Classes US Classes    21, 23, 26, 36, 38 International Class Title Electrical and Scientific Apparatus

For Providing access to computer programs in data networks, namely, transmission of data and software into digital networks; services of a network operator, information broker and provider, namely, leasing of access time to data networks and computer databases, in particular on the internet

International Classes    38 - Primary Classes US Classes    100, 101, 104 International Class Title Communication

For Goods made of rubber, gutta-percha, rubber, asbestos and mica, namely, rubber hoses, semi-finished products, namely, electrically conductive rubber in extruded form for use in further manufacture, gutta-percha in raw or partially worked condition, rubber bands for commercial and industrial use, rubber hoses for vehicle heaters, rubber hoses for air conditioners, rubber seals for jars, rubber stoppers for industrial packaging containers, rubber hoses for vehicle radiators, insulating covers of rubber for switches, insulating rubber covers for electrical components, rubber for electrical insulation, rubber for heat insulation, asbestos seals, asbestos coverings in the nature of asbestos fabrics, asbestos fibers, asbestos fabrics for use as cable insulation, mica electrical insulators; plastics in extruded form for use in further manufacturing, in particular lids, covers, roof, sky and cover frames, housings, claddings, hoods, flaps, grilles, guide tubes and guide rails and sliding elements plastics in extruded form for use in further manufacturing, namely semi-processed substances for use in manufacture of lids, covers, roof, sky and cover frames, housings, claddings, hoods, flaps, grilles, guide tubes and guide rails and sliding elements; Non-metal seals, namely, seals for cables, seals for conduits, seals for automotive applications not for machinery or land vehicle engines; packing and insulating material; plastic plumbing hoses, flexible plumbing pipes; sealing material
**International Classes**  17 - Primary Classes  **US Classes**   1, 5, 12, 13, 35, 50  **International Class Title**   Rubber Goods

**For**  Scientific and technological services and research and related design services, namely, scientific research and development, scientific consultancy, engineering services in the nature of technological studies, technological research, and technological consultancy; product research, product development in the nature of development of vehicles, design of vehicles and vehicle parts and components; industrial analysis and research services, namely, analysis of product design, chemical analysis, scientific research in the nature of scientific analysis, engineering services in the nature of technical data analysis, mechanical research, and engineering research; research in the field of energy, design, development, updating and installation of computer software for use with battery chargers and charging stations for electric vehicles, engineering services; technical consulting for product planning and development, technological consultancy relating to production, industrial process development for product commercialization; technical consultancy and development in the field of automotive engineering; creating programs for data processing in the field of battery chargers and charging stations for electric vehicles, development, creation and design of software and its implementation for battery chargers and charging stations for electric vehicles in the field of electronic data processing services relating to the security of information, namely, selection, and configuration management of firewall systems and firewall software, maintenance of firewall software in the field of battery chargers and charging stations for electric vehicles; feasibility studies, namely, technical project studies in the fields of computer hardware and computer software; IT consulting services, namely, providing technical advice on the use of the internet; industrial research, design and development of plants, equipment and apparatus in the field of electrical energy transmission and distribution systems; development of electric accumulators and electric batteries; consultancy related to technical research in the field of energy transmission and distribution; development and rental of data processing and process engineering computer programs, namely, for the construction, equipment, installation and operation of energy transmission and distribution facilities; technical project management for engineering of energy transmission and distribution installations

**International Classes**  42 - Primary Classes  **US Classes**   100, 101  **International Class Title**   Scientific and computer services

**For**  Goods of metal, not included in other classes, namely, metal pipes; connectors for metal pipes; Valves of metal, other than parts of machines; Cables of metal, non-electric; All-purpose metal straps; Construction elements made of metal, namely, supports; Wire of common metal; Metal mandrels, not being parts of machines; Locks of metal, other than electric; vehicle locks of metal, other than electric; metal door handles; skylights of metal; metal window frames; metal boxes; Metal storage containers for storage or transport; closure of metal for containers; metal supports in the nature of mounting stands in the field of automotive supply industry metal supports in the nature of mounting stands for assembling in the field of automotive supply industry; metal hose and metal pipe clamps; metal hinges; pot hooks of metal; metal tubes in the nature of guide tubes and guide rails; wall panels of metal pipe clamps; metal pipes for ventilation and air conditioning systems wall panels of metal for ventilation and air conditioning systems; sliding rails of metal

Goods and Services Information
For  Pitch; pitch for building; coal tar; tar; tars; bitumen; bitumen (not in the nature of paint); composite bitumen; mixtures of bitumen and plastics for building purposes; mixtures of bitumen and plastics for making roads
International Classes  19 - Primary Classes
US Classes  1, 12, 33, 50  International Class Title  Non-metallic Building Materials

For  Apparatus for chemical agitation, namely, agitators for chemical processing; apparatus for chemical mixing, namely, industrial mixer for mixing liquids in the chemical industry; chemical handling machines; extruding machines for chemical processing; devices for the separation of chemicals from fluids, namely, filtering machines for chemical processing; catalytic converter machines for use in chemical reactions; machines for recycling; machines for recycling plastics material; recycling machines; pulp converting machines; bitumen making machines
International Classes  7 - Primary Classes
US Classes  13, 19, 21, 23, 24, 31, 34, 35  International Class Title  Machinery

For  Installations for chemical processing; reactors being industrial chemical installations; chemical separation installations for biotechnological fractionation; chemical separation installations for biotechnological separation; installations for cooling in a continuous flow system for biotechnological purposes; installations for heating in a continuous flow system for biotechnological purposes
International Classes  11 - Primary Classes
US Classes  13, 21, 23, 24, 31, 34  International Class Title  Environmental Control Apparatus

Mark Literal(s)  CAT-HTR
For    Accelerators for speeding up chemical reactions; aqueous chemical compositions for use in the manufacture of plastics; chemicals, namely, cellulose derivatives; chemical additives for enhancing the decomposition and breakdown of organic matter, plastics and other carbon-based materials; chemical additives for compost; chemical additives for fuel; chemical additives for motor fuels; chemical additives for use in industry; chemical additives for use in the manufacture of biocrude, biooil, plasticrude and resultant hydrocarbon products, activated carbon, rigid and flexible polyurethane foam, bioadhesives, resins, BTX compounds containing benzene, toluene, or xylenes, and plastic bitumen; chemical additives for use in the manufacture of new plastic from recycled plastic; chemical additives, namely, additives to accelerate decomposition for use in plastics; chemical additives for use in the cleaning of water; chemical additives for use in the processing of plastics; chemical additives for use in the treatment of paper pulp; chemical additives to motor fuel; chemical compositions for use in the manufacture of plastics; chemical compound additives for fuel; chemical preparations for preventing the formation of scale; chemical preparations, namely, aqueous solvents for use as solvents; chemical preparations for use in engineering; chemical products derived from coal, namely, biocrude and biooil; chemical products derived from coal by-products, namely, biocrude and biooil and resultant hydrocarbon products; chemical products for separation of contaminants in water for the treatment of water; chemical products for use as additives to fuels; biocrude, biooil, and plasticrude chemical products for use in making resins, biocrude, biooil, and plasticrude; chemical products for use in making varnishes; biocrude, biooil, and plasticrude chemical products for use in the manufacture of oils; biocrude, biooil, and plasticrude chemical products for use in the manufacture of plastics; chemical products, namely, biocrude, biooil, and plasticrude and resultant hydrocarbon products for use in the oil industry; biocrude, biooil, and plasticrude chemical products for use in the processing of plastics; chemical products for use in the treatment of water; chemical products, namely, aqueous solvents for use in the wood pulp industry; chemical substances for use in the manufacture of biocrude, biooil, and plasticrude and resultant products; chemical substances, namely, aqueous solvents for use in the biochemical industry; chemical substances, namely, aqueous solvents for use in the biotechnological industry; chemical substances for use in the manufacture of products for household use; chemicals for off-set presses; chemicals for treating water; chemicals for use in clarifying water; chemicals for use in cleaning water; chemicals for use in clearing water; chemicals for use in purifying water; chemicals for use in the automotive industry; chemicals for use in the oil industry; chemicals for use in the oil refining industry; chemicals for use in the petrochemicals industry; chemicals for use in the purification of water; chemicals for use in the refining of liquid hydrocarbons; chemicals for use in the treatment of materials made of plastics; extraction chemicals; filtering materials of chemical substances for refining or distillation of biocrude, biooil, and plasticrude; fuel chemical additives; industrial chemicals; industrial organic chemicals; oil-purifying chemicals; oil-separating chemicals; chemical petrol additives; biological preparations, namely, slurries for use in biotechnology other than for medical purposes

*International Classes*    1 - Primary Classes US Classes 1, 5, 6, 10, 26, 46 International Class Title Chemicals

**For** Catalytic converters for chemical reactions in hydrothermal liquefaction for scientific use; apparatus and instruments for chemistry, namely, hydrothermal liquefaction reactor apparatus or instrument for scientific use; scientific apparatus, namely, catalytic converters used with hydrothermal liquefaction apparatus; scientific apparatus, namely, distillation and refining apparatus other than for medical use for refining and separation of chemical compounds from activated carbon, rigid and flexible polyurethane foam, bioadhesives, resins, BTX compounds containing benzene, toluene, or xylenes, plastic bitumen, and new and recycled plastic; filter reactors
International Classes 9 - Primary Classes US Classes 21, 23, 26, 38 International Class Title Electrical and Scientific Apparatus
For Catalytic conversion of chemical compounds; chemical processing of liquids; chemical recycling of waste products; chemical treatment of waste products; recycling of chemicals; treatment of chemicals; treatment of chemical waste; recycling; recycling of materials; recycling of paper; recycling of plastics; recycling of trash; recycling of waste; recycling of waste and trash; recycling plants; waste recycling services; recycling, namely, carbon offsetting services

International Classes 40 - Primary Classes US Classes 100, 103, 106 International Class Title Material Treatment
For Automobile fuels; biodiesel fuel; biomass fuels; bitumen emulsions for fuel; coal based fuels; combustible fuels; fossil fuels; fuel for motor vehicles; fuel gas; gaseous fuels; hydrocarbon fuels; biofuel; coal tar oil

International Classes 4 - Primary Classes US Classes 1, 6, 15 International Class Title Lubricants and Fuels
For Advisory services relating to energy efficiency; advisory services relating to the use of energy; chemistry consultation services; information technology consultancy services for computer hardware, software and peripherals design; measurement evaluations in the field of chemistry; monitoring biocrude, biooil, and plasticrude for quality control purposes; providing information, including online, about industrial analysis and research services, in the field of hydrothermal liquefaction; scientific and technological services, namely, research and design in the field of hydrothermal liquefaction plants; Consultation services for assessing the efficiency of chemicals; services for monitoring industrial processes, in the field of biotechnology; technical data analysis services in the field of biotechnology; technical diagnostic testing services in the field of biotechnology; technological analysis services, in the field of biotechnology; technological consultation services, in the field of biotechnology; chemical analysis; providing a web site featuring information on chemical engineering methods for recycling of biomass and plastics into transportation fuels chemical information; chemical technological research; preparation of reports relating to chemical research; research relating to chemicals; research relating to chemistry; scientific research relating to chemical products; scientific research relating to chemistry; testing of chemicals; biotechnological research; biotechnology research; biotechnology testing; research relating to biotechnology
