Mark Information
Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark The mark consists of the word "AKSO", with an arc of five multi-colored hexagons that decrease in size each successive hexagon. These four letters are in bold, upper case and green. The first and largest hexagon is light blue and placed at the bottom left of the mark, with the four letters placed to the right of the hexagon matching its height. This hexagon is oriented in such a way that the top and bottom faces are parallel to the horizontal axis of the mark, while the subsequently smaller hexagons are shifted 45 degrees, such that their right and left faces are perpendicular to the mark's horizontal axis. Similar to the large blue hexagon, the top and bottom faces of the four letters are parallel to the mark's horizontal axis, such that the top and bottoms of the "S" and "O" letters, which would otherwise be rounded, are cut off so that they are flat. The top right limb of the "K" is colored the same light blue as the largest hexagon, and styled such that the stroke continues through the middle of the "K" and out of the letter's leftmost boundary into the bottom right of the letter "A". Inside the "O" is a stylized green design consisting of five downwards lines that hug the curves of the "O", and three similarly curved sideways lines. Specifically, of the downwards lines the leftmost two curve right into the middle of the "O", the middle line is perpendicular to the horizontal axis of the mark, while the rightmost two curve left into the middle of the "O". This effect is the same in the three sideways lines, with the line in the middle being parallel to the mark's horizontal axis. The first hexagon branching out of the largest light blue hexagon is orange and positioned to the light blue hexagon's top right, directly above the left two-thirds of the "A". The next hexagon is bright red and placed above the left half of the "K", and to the top right of the orange hexagon, although at a flatter angle compared to that of the line between the light blue and orange hexagons. The next hexagon is maroon and centered horizontally to the bright red hexagon, placed right above the left half of the "S". The last and smallest hexagon is dark blue, and is placed towards the lower right of the maroon hexagon, right above the leftmost portion of the "O". Color Drawing Yes Color Claimed The color(s) green, light blue, orange, bright red, maroon, and dark blue is/are claimed as a feature of the mark.
