Publication Date  Sep. 14, 2021

MARK INFORMATION
Standard Character Claim  No Mark Drawing Type  3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark  The mark consists of the word "CAT" with a triangle below the letter "A"; a partial hexagon design outlined on the right side of the word "CAT" and the hexagon has a black honeycomb pattern as its interior. Color Claimed  Color is not claimed as a feature of the mark.

GOODS AND SERVICES INFORMATION
For Paints, varnishes, lacquers; colorants; raw natural resins; primers, and paint thinners; metal preservatives in the nature of a coating; coatings in the form of paints for use in the manufacture of vehicles and on parts of vehicles; fireproof cement coatings

International Classes  2 - Primary Classes  US Classes  6, 11, 16
International Class Title  Paints

For Scale model vehicles

International Classes  28 - Primary Classes  US Classes  22, 23, 38, 50
International Class Title  Toys and Sporting Goods

For Turn signal, headlight, tail light, backup, and rear light lenses, all for vehicles and off-road industrial machinery; headlamps for vehicles and off-road industrial machinery; interior lights for vehicles, off-road industrial vehicles, and operating cabs of machines; LED flood lights and LED work lights for vehicles and for construction settings; light bulbs; head light bulbs; tail light bulbs; vehicle turn signal light bulbs; dashboard light bulbs; electric torches for lighting; lights for vehicles and lamps; reflectors for vehicles; air conditioning apparatus; air conditioning filters; defrosting apparatus for vehicles; parts and fittings for all the aforesaid goods sold as a unit with the goods; parts and fittings for land vehicles, agricultural machinery, and earth moving machinery, namely, backup lights for land vehicles; coolant recovery systems comprising reservoirs, pumps, filters, and cleaners; electric light bulbs; LED light bulbs; rear lights for vehicles; valves as part of radiators

International Classes  11 - Primary Classes  US Classes  13, 21, 23, 24, 31, 34
International Class Title  Environmental Control Apparatus
For Chemicals for use in industry, agriculture, horticulture, and forestry except fungicides, herbicides, insecticides and parasiticides; adhesives used in industry; cement for repairs, namely, adhesive cement for bonding industrial materials; anti-freeze; coolants; chemical preparations, namely, coolant additives for vehicle engines for enhancing engine performance; chemical preparations in the nature of cleaners for enhancing the performance of engine cooling systems; chemical preparations for locking screw threads; battery fluid, namely, acidulated water for recharging batteries; chemical preparations in the nature of filtering materials for industrial use; hydraulic fluids; fuel additives, namely, chemical additives for fuel treatment; compositions for repairing vehicle tires, namely, rubber cement for repairing pneumatic tires; artificial and synthetic resins and diesel exhaust fluid

International Classes 1 - Primary Classes

US Classes 1, 5, 6, 10, 26, 46

International Class Title Chemicals

For Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, namely, electric conductors, electric switches, electric transformers, electric accumulators, voltage regulators, and electrical controllers; apparatus and instruments for recording, transmitting, reproducing or processing sound or images, and electronic data processing apparatus; computers and computer peripheral devices; fire-extinguishing apparatus; downloadable computer software for testing, condition monitoring, and operating vehicles, engines, equipment, machines, and machine tools for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lawn care, lifting, marine propulsion, mining, oil and gas production, paving, pipelaying, power generation, and road building and repair; computer software for statistical analysis, data analysis, predictive analysis; computer software for selecting delivery location and tracking delivery status of packages, freight, and job site materials; electric wire harnesses for machines and land vehicles; air fuel/ratio gauges, water temperature gauges, exhaust gas temperature gauges, fuel gauges, pressure gauges, and level gauges; electric switches; electronic displays, namely, electric luminescent display panels; electronic connectors, electrical terminals, and electrical controllers; circuit breakers; fuses; leveling rods; reflective mirrors to prevent accidents; power inverters; batteries; electrical parts and fittings for land vehicles, machinery, and equipment, namely, amplifiers for wireless communications, antennas, and batteries; electric relays; control mechanisms, namely, electronic controls for machines, engines, and motors and electronic controllers for machines, engines, and motors; air-fuel ratio controls for internal combustion engines; speed governors for machines, engines, and motors; radios; antennas; electric cables; electrical current converters; speakers; eyeglasses; sunglasses; Solar panels for the production of electricity

International Classes 9 - Primary Classes

US Classes 21, 23, 26, 36, 38

International Class Title Electrical and Scientific Apparatus

For Industrial oils and greases; lubricants for industrial machinery and engines; diesel oil; anti-seize lubricating compounds for use on engines; lubricant designed for use in ball and roller bearings and bushings

International Classes 4 - Primary Classes

US Classes 1, 6, 15

International Class Title Lubricants and Fuels

For Flexible pipes, tubes, and hoses, not of metal, and non-metal junctions for pipes; non-metal seals for use on pipe joints and flanges; semi-processed brake lining material; clutch linings; non-metal gaskets for commercial and industrial applications; insulating gloves; rings of rubber or of plastic for use as pipe connection seals; parts and fittings for all the aforesaid goods sold as a unit with the goods; parts and fittings for land vehicles, agricultural machines, and earth moving machines, namely, connecting hoses for vehicle radiators; absorbent products, namely, perforated pads, for the containment and clean-up of oil based chemicals, oils and liquids; adhesive strips for industrial and commercial use, other than stationery
and not for medical or household purposes; cylinder seals, namely, cylinder joinings; acoustic insulation panels, acoustical insulation barrier panels; thermal and acoustic insulators

Mark Literal(s) HOTEL STARLINO NON DISTURBARE

CASE IDENTIFIERS
Serial Number 88889929 Application Filing Date Apr. 27, 2020 Register Principal Mark Type Trademark
Publication Date Sep. 14, 2021

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) Description of the Mark The mark consists of the back label of an alcohol beverage bottle comprised of the shape of a door hanger with a curved top and a rectangular body. The top portion of the label includes the word "HOTEL" in small letters and a stylized font above the word "STARLINO", which appears in larger capital letters and a stylized font and in an upward arc. To the sides of the word "STARLINO" appear small dots. Below, the wording "NON DISTURBARE" appears in capital letters, also in an upward arc. The outer contours of the label have an ornate border comprised of thin lines enclosing a pattern of short diagonal lines. The portion of the label that is shaped to go around a door knob contains a different ornate border which is comprised of a rope-like pattern within a thin circular line. The upper third of the inside portion of the label under the door hook contains two long darker rectangular segments towards the outer edges of the label. Color Claimed Color is not claimed as a feature of the mark. Translation The English translation of "NON DISTURBARE" in the mark is "DO NOT DISTURB".

For  Administration of websites for third parties; Advanced product research in the field of artificial intelligence; Advice relating to the design of computer hardware; Advisory services in the field of product development and quality improvement of software; Advisory services relating to computer software; Advisory services relating to material testing; Animation and special-effects design for others; Application service provider (ASP) featuring e-commerce software for use as a payment gateway that authorizes processing of credit cards or direct payments for merchants; Application service provider (ASP) featuring software for use in collection, editing, organizing, modifying, processing, book marking, transmission, retrieval, validating, storage and sharing of data and information for conformity science systems, quality management, risk management, business continuity, government, management, commerce and finance; Application service provider (ASP) featuring software using artificial intelligence for collection, editing, organizing, modifying, processing, book marking, transmission, retrieval, validating, storage and sharing of data and information in conformity science systems, quality management, risk management, business continuity, government, management, commerce and finance; Application service provider (ASP), namely, hosting computer software applications of others; Application service provider featuring application programming interface (API) software; Application service provider, namely, hosting, managing, developing, analyzing, and maintaining applications, software and web sites of others in the fields of in conformity science, quality management, risk management, business continuity, government, management, commerce and finance; Application service provider, namely, hosting, managing, developing, analyzing, and maintaining applications, software, and web sites, of others in the fields of advertising and marketing; Application service provider, namely, hosting, managing, developing, analyzing, and maintaining applications, software, and web sites, of others in the fields of healthcare, benefits programs, employee productivity, risk management; Application service provider, namely, hosting, managing, developing, and maintaining applications, software, and web sites, in the fields of personal productivity, wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; Authenticating banknotes; Authenticating coins; Authentication in the field of conformity science, quality management, risk management, business continuity, government, management, commerce and finance; Authentication, issuance and validation of digital certificates; Biotechnology research; Business card design; Business technology software consultation services; Calibration; Calibration services; Cartography and mapping; Cartography services; Charitable services, namely, providing a website that features technology that enables children of a school district to communicate with a charity of their choice; Charitable services, namely, providing computer equipment to schools; Charitable services, namely, providing facilities and equipment for computer programming; Charitable services, namely, providing facilities and equipment for graphic design; Charitable services, namely, providing facilities and equipment for video game development; Charitable services, namely, providing web site design for others; Cloud computing featuring software for use in deploying virtual machines to a cloud computing platform, administration of computer local area networks management of computer applications and computer hardware, and computer
application distribution for conformity science systems, quality management, risk management, business continuity, government, management, commerce and finance; Coin grading services; Collaborative computer programming for others in the nature of hackathons; Combustion engine systems design services; Computer co-location services, namely, providing facilities for the location of computer servers with the equipment of others; Computer code conversion for others; Computer compatibility services, namely, data mapping; Computer diagnostic services; Computer disaster recovery planning; Computer forensic services; Computer graphics services; Computer hardware development; Computer modeling services; Computer monitoring service which tracks application software performance, performs periodic maintenance and provides reports and alerts concerning such performance; Computer monitoring service which tracks hardware performance and processes and sends out historical reports and alerts; Computer network configuration services; Computer network design for others; Computer programming; Computer programming for others; Computer programming in the medical field; Computer programming of computer games; Computer programming of video games; Computer programming services for commercial analysis and reporting; Computer programming services for creating augmented reality videos and games; Computer programming services for customers that enables the customer's digital devices to process natural language queries from end users; Computer programming services for others in the field of software configuration management; Computer programming services, namely, content creation for virtual worlds and three dimensional platforms; Computer project management services; Computer project management services in the field of telecommunications; Computer security consultancy; Computer security consultancy in the field of scanning and penetration testing of computers and networks to assess information security vulnerability; Computer security consultancy in the field of in conformity science, quality management, risk management, business continuity, government, management, commerce and finance; Computer security service, namely, hard drive erasure; Computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities; Computer security services in the nature of administering digital certificates; Computer security services in the nature of administering digital keys; Computer security services in the nature of providing authentication, issuance, validation and revocation of digital certificates; Computer security services, namely, enforcing, restricting and controlling access privileges of users of computing resources for cloud, mobile or network resources based on assigned credentials; Computer security services, namely, restricting unauthorized access to computer conformity networks, BlockChain networks, computer networks, commercial confidential information networks (CCI), personally identifiable information networks (PII); Computer security services, namely, by actors without appropriate credentials, malicious cyber actors, outside parties, users without credentials in order to detect and prevent fraud during financial transactions; Computer services in the nature of customized web pages and other data feed formats featuring user-defined information; Computer services, namely, acting as an application service provider in the field of knowledge management to host computer application software for the purpose of collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; Computer services, namely, cloud hosting provider services; Computer services, namely, computer system administration for others; Computer services, namely, creating an on-line community for registered users to participate in discussions, get feedback from their peers, form virtual communities, and engage in social networking services in the field of conformity science, quality management, risk management, business continuity, government, management, commerce and finance; Computer services, namely, creating an on-line community for registered users to participate in discussions, get feedback from their peers, enable online discussions, form virtual communities, and engage in social networking services; Computer services, namely, creating an on-line virtual environment for creation, development, distribution and control of computer software and conformity science, programming for BlockChain applications for quality management, risk
management, business continuity, government, management, commerce and finance; Computer services, namely, creating computer network-based indexes of information, websites and resources; Computer services, namely, creating, maintaining, designing and implementing web sites for others; Computer services, namely, domain forwarding services; Computer services, namely, electronic detection of plagiarized content; Computer services, namely, electronic digitizing of paper documents, contracts, escrow documents, land titles documents, asset title documents; Computer services, namely, encrypted data recovery services; Computer services, namely, filtering of unwanted e-mails; Computer services, namely, hosting an interactive web site that allows users to upload, store and maintain automotive repair records, manage online records of services performed on their vehicles, and receive automated service reminders, safety alerts, recall alerts, and special discount offers; Computer services, namely, hosting on-line interactive public calendars that allow multiple participants to share event schedules and facility reservations; Computer services, namely, hosting on-line web facilities for others for organizing and conducting online meetings, gatherings, and interactive discussions; Computer services, namely, integration of computer software into multiple systems and networks; Computer services, namely, integration of private and public cloud computing environments; Computer services, namely, interactive hosting services which allow the users to publish and share their own content and images on-line; Computer services, namely, internet protocol address management; Computer services, namely, managing on-line waitlists and automating the on-line waitlist process for others; Computer services, namely, managing web sites for others; Computer services, namely, monitoring and reporting on the performance, availability, and errors of web sites of others; Computer services, namely, monitoring, testing, analyzing, and reporting on the Internet traffic control and content control of the web sites of others; Computer services, namely, on-line scanning, detecting, quarantining and eliminating of viruses, worms, trojans, spyware, adware, malware and unauthorized data and programs on computers and electronic devices; Computer services, namely, operating computer systems and computer networks featuring broadband transmission and energy transmission software for public utilities and others; Computer services, namely, providing a web site for others that automates party and entertainment events management information consisting of guest lists, guest information, restaurant information, gift registry information, hotel information, venue information, and invitation RSVPs; Computer services, namely, providing an interactive web site featuring technology that allows users to collect, store, manage, deliver and showcase electronic and paper-based content; Computer services, namely, providing an interactive web site featuring technology that allows users to consolidate and manage social networks, accounts, and connections to existing and emerging application programming interfaces (APIs); Computer services, namely, providing an interactive web site featuring technology that allows users to create their own books; Computer services, namely, providing customized web pages featuring user-defined information; Computer services, namely, providing search engines for obtaining data on a global computer network; Computer services, namely, providing virtual and non virtual application servers, web servers, file servers, co-location servers, load balancing servers, redundancy servers, media servers and database servers of variable capacity to third party computing and data storage facilities; Computer services, namely, providing temporary use of online, non-downloadable cloud based computing, virtual, artificial intelligent (AI), BlockChain-based Quantum-Unification computer or classical computer servers, all of the foregoing as providing temporary use of on-line, non-downloadable cloud based computing to others for collection, editing, organizing, modifying, processing, book marking, transmission, retrieval, validating, storage and sharing of data and information; Computer services, namely, redirecting electronic mail to changed personal electronic address; Computer services, namely, remote management of the information technology (IT) systems of others; Computer site design; Computer software design, computer programming, and maintenance
of computer software; Computer system analysis; Computer system design services; Computer systems analysis; Computer systems integration services; Computer technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; Computer technology support services, namely, help desk services; Computer time-sharing services; Computer virus protection services; Computer-aided engineering services for others; Conducting clinical trials for others as scientific research; Conducting engineering surveys; Conducting of feasibility studies in the field of new technologies; Conducting scientific feasibility studies; Construction drafting; Consultancy in the design and development of computer hardware; Consultancy in the field of software design; Consultation in the field of ergonomics, namely, designing workplace facilities and equipment to optimize efficiency and safety; Consultation in the field of health risk assessment, namely, prediction and assessment of health risks to public and private agencies, facilities, individuals and locations following an accidental or terrorist caused release of chemical, biological, radiological or nuclear materials; Consulting in the field of acoustics, sound, noise, and vibration for scientific purposes; Consulting in the field of auxiliary design for conformity science systems, quality management applications, BlockChain-based, governance, management and operation systems applications, all of the foregoing as engineering; Consulting in the field of configuration management for computer hardware and software; Consulting in the field of information technology; Consulting in the field of telecommunications technology; Consulting in the field of virtualization technologies for enterprises and businesses; Consulting on root cause analysis in the field of conformity science, quality management applications and BlockChain-based systems, all of the foregoing as engineering; Consulting services for others in the field of design, planning, and implementation project management of conformity science systems, quality management applications and BlockChain-based systems in government, management and commerce, all of the foregoing for scientific research; Consulting services in the design and implementation of computer-based information systems for businesses; Consulting services in the field of cloud computing; Consulting services in the field of collection of evidence for forensic purposes; Consulting services in the field of design and development of engineering processes; Consulting services in the field of design of newsletters; Consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; Consulting services in the field of designing engines to be more efficient; Consulting services in the field of environmental assessment and planning; Consulting services in the field of graphic design of advertising materials; Consulting services in the field of home automation; Consulting services in the field of hosting computer software applications; Consulting services in the field of office and workplace automation; Consulting services in the field of providing online, non-downloadable software and applications; Consulting services in the field of quantum computing; Consulting services in the field of software as a service (SAAS); Consulting services in the field of testing of electronic components and electronic systems; Consulting services in the fields of forensic science; Consulting services in the fields of selection, implementation and use of computer hardware and software systems for others; Consumer product safety testing; Consumer product safety testing consultation; Conversion of data or documents from physical to electronic media; Copying of computer software; Creating an on-line community for elected or appointed government officials, legislators and regulators, professionals in business, technology, science, education, for the purpose of developing, sharing, discussing, and advancing knowledge in the fields of leadership, change and conformity science; Creating an on-line community for registered users for the purpose of discussing conformity science, principles of BlockChain, quality management, entrepreneurship, organizational transformation, personal transformation, personal empowerment, leadership development, healing, solidarity, social justice and issues affecting social justice leaders, non-profit leaders and other people of color, leadership development, healing, solidarity, social entrepreneurship and social
justice; Creating and designing website based indexes of information for others using information technology; Creating and maintaining weblogs for others; Creating of computer programs; Creating website based indexes of information for others using information technology; Creating, maintaining, and modernizing computer software; Creation of control programs for automated measurement, assembly, adjustment, and related visualisation; Creation of control programs for electric operation control and drive modules; Cross-platform conversion of digital content into other forms of digital content; Custom design and engineering of equipment and systems for conformity science systems, quality management and BlockChain systems and networks; Custom design of computer software; Customizing computer software; Customizing computer software by adding fields and workflows to enable the management of implementation trials for conducting Risk Based Monitoring, Data conversion of computer program data or information, or, performance testing and optimization; Cybersecurity services in the nature of restricting unauthorized access to computer systems; Data automation and collection service using proprietary software to evaluate, analyze and collect service data; Data conversion of computer program data or information, other than physical conversion; Data conversion of electronic information; Data decryption services; Data encryption and decoding services; Data encryption services; Data encryption services for providing security and anonymity for electronically transmitted credit card transactions; Data migration services; Data mining; Data security consultancy; Data warehousing; Data-acquisition and collection for calibration and coordinate-measurement purposes; Database development services; Debugging computer software for others; Design and development of computer firmware; Design and development of computer game software and virtual reality software; Design and development of computer software for the improvements of purchasing functions of business; Design and development of computer software for conformity science systems, quality management applications, BlockChain-based, governance, management and operation systems applications; Design and development of computer software in the field of tablet applications; Design and development of computer-modeled versions of human beings using computer animation for use in movies, television, internet, games and other applications; Design and development of electronic data security systems; Design and development of on-line computer software systems; Design and development of software and hardware for data and multimedia content conversion from and to different protocols; Design and development of software and hardware for digital signal processing; Design and development of software and hardware for producing, recording and processing digital and analogue signals; Design and development of software and hardware for signal amplification and transmission; Design and development of virtual reality software; Design and development of visualization technologies for advertisement of real-estate, commercial product and business of others; Design and development of wireless computer networks; Design and implementation of software and technology solutions for the purpose of product and document authentication and tracking, and brand monitoring and protection, to protect against counterfeiting, tampering, and diversion, and to ensure the integrity of genuine products and documents; Design and maintenance of computer sites for third parties; Design and testing for new product development; Design and testing of new products for others; Design and writing of computer software; Design for others in the field of computer networks, software, and engineering for the area of DevOps, infrastructure, and application development support; Design for others in the field of computer software; Design for others in the field of graphic arts; Design for others in the field of machinery; Design for others of integrated circuits and integrated circuit cores for use in wireless communications and wireless communication equipment and apparati and digital signal processors (DSP); Design of computer hardware, integrated circuits, communications hardware and software and computer networks for others; Design of computer machine and computer software for commercial analysis and reporting; Design of computer networks and software for others for engineering, namely, for the engineering of cloud storage platforms, cloud
application development, new platform development, BlockChain-based systems and application development, and upgrading of existing platforms; Design of computers; Design of computers for others; Design of home pages and web sites; Design of information graphics and data visualization materials; Design of integrated circuits; Design of mechanical and micromechanical components; Design of specialty interior and exterior environment settings; Design of telecommunications apparatus and equipment; Design of unified communications services; Design, deployment and management of wireless computer networks for others; Design, development, installation and maintenance of computer software; Designing and creating web sites for others; Designing and developing computer game software and video game software for use with computers, video game program systems and computer networks; Designing and developing websites in the field of conformity science for leaders, elected or appointed officials, legislators, policymakers, regulators, technical experts, scientists, members of organizational Top Management, global professional liability insurers, corporate risk insurers, legal professionals, law enforcement, business persons, promoters, consultants, investors and students; Designing and modifying computer programs and video games for others; Designing computer software for controlling self-service terminals; Designing of machines, apparatus, instruments or systems composed of such machines, apparatus and instruments; Designing of packaging and wrapping materials; Designing theme graphics and multimedia shows for conventions, product launches, trade shows, key note addresses and award ceremonies for others; Designing website based indexes of information for others using information technology; Designing websites for advertising purposes; Developing accreditation standards for defense-level, military-grade quality management systems and BlockChain based conformity management systems for use in governance, management and operations to the order and specification of others; Developing and hosting a server on a global computer network for the purpose of facilitating e-commerce via such a server; Developing and managing application software for delivery of multimedia content provided by museums and other tour venues for use on multiple types of wireless mobile devices; Developing customized software in the field of applied conformity science for others; Developing customized web pages and other data feed formats featuring user-defined information; Developing of driver and operating system software; Developing programs for simulating experiments or series of experiments in a virtual optical laboratory; Developing quality control standards for conformity science, BlockChain-based systems, technology, services and products in the nature of electronic books, magazines, brochures, articles, manuals and websites; Development and creation of computer programmes for data processing; Development and establishment of testing specifications and procedures for the aviation engineering, automotive engineering, bioscience, wind engineering and industrial aerodynamics, petroleum engineering, and military technology industry; Development and establishment of testing specifications and procedures in the field of conformity science, BlockChain engineering, BlockChain quality management systems and defense or military systems and technology; Development and implementation of software, hardware and technology solutions for the purpose of productization of electronic components and electronic systems; Development and implementation of software, hardware and technology solutions for the purpose of testing of electronic components and electronic systems; Development of computer hardware for computer games; Development of computer platforms; Development of computer programs for simulating laboratory experiments; Development of customized software for others for use in risk assessment, information security, business analysis, audit and audit planning, and sales management; Development of data processing programs by order of third parties; Development of new technology for others in the field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Development of security systems and contingency planning for information systems; Development of software for secure network operations;
Development of voluntary standards for computer applications of conformity science, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management and commerce; Development, maintenance and updating of a telecommunication network search engine; Development, updating and maintenance of software and database systems; Digital compression of financial processing data and quality management system data; Digital image correction services of videos; Digital watermarking; Digitization of documents; Displaying the web sites and images of others on a computer server; Document reproduction in the nature of digitization of documents; Domain name search services, namely, conducting online computerized searches for the availability of domain names; Domain registry operator services; Drafting of plans and engineering drawings for others; Duplication of computer programs; E-mail system design and implementation for others; Elaboration and maintenance of web sites for third parties; Electrical engineering; Electronic and electrical systems design services; Electronic data storage; Electronic monitoring and reporting of policies, procedures, errors, omissions, legal events, financial loss events and risk-management events for conformity systems, BlockChain systems, financial systems, government organizations, government organizations, regulatory organizations, business organizations and regulated organizations using computers or sensors; Electronic monitoring of credit card activity to detect fraud via the internet; Electronic monitoring of personally identifying information to detect identity theft via the internet; Electronic signature verification services using technology to authenticate user identity; Electronic site authoring; Electronic storage of cryptocurrency for others; Electronic storage of documents and archived e-mails; Electronic storage of electronic media, namely, images, text and audio data; Electronic storage of files and documents; Electronic storage services for archiving databases, images and other electronic data; Electronic storage services for archiving electronic data; Encoding of magnetic cards; Energy auditing; Engineering; Engineering design services; Engineering drawing services; Engineering services for building and property condition assessment; Engineering services for building and property condition assessment, facility management, repair and restoration and building instrumentation; Engineering services in the field of environmental compliance; Engineering services in the field of extending engine maintenance intervals; Engineering services in the field of reducing operational costs of engines; Engineering services in the field of reducing operational costs of industrial machinery; Engineering services in the field of reduction of operating costs, fuel blending, waste handling, quality performance of co-products and by-products, and chemical distribution; Engineering services, namely, engineering for the field of network-connected devices, conformity science networks, BlockChain networks, systems-level artificial intelligence (SL-AI) and systems-learning artificial intelligence; Engineering services, particularly technical project planning and design engineering of lines for the processing of web products; Engineering surveying; Environmental engineering, testing and inspection services; Environmental testing and inspection services; Evaluating and testing the environmental qualities and impact of consumer products of others; Evaluating organizations to determine whether the organizations conform to an established accreditation standard; Evaluation and testing of real estate for the presence of hazardous material; Evaluation of the home building and remodeling services of home builders and remodelers to determine conformity with certification standards other than for governmental regulatory purposes during construction; File sharing services, namely, providing a website featuring technology enabling users to upload and download electronic files; Fire escape inspection services; Franchising services, namely, planning and design of information technology systems for business franchises; General health physics consulting services; Graphic design of advertising banners and signs; Graphic design of advertising brochures for others; Graphic design of advertising materials; Graphic design of business surveys; Graphic design of insurance policies for others; Graphic design of internet advertising; Graphic design of marketing surveys; Graphic design
of promotional materials; Graphic design of public opinion surveys; Graphic design services; Handwriting analysis; Home inspection services for purposes of purchase, repair, restoration or redevelopment; Home inspections; Home staging consultation, namely, temporary interior and exterior home decoration consultation for the purpose of making homes more appealing to prospective buyers; Hosting an online community website featuring shared communications between community members interested in personal and small business computer information security; Hosting the software, websites and other computer applications of others on a virtual private server; Hosting the web sites of others; Industrial design; Industrial research in the field of conformity science and the fields of quality management, BlockChain engineering, BlockChain networks, Quantum-Unification Computing, systems-level artificial intelligence (SL-AI) and systems-learning artificial intelligence for the purpose of promoting growth, expansion and professionalism within said fields; Information technology consulting services; Innovation consulting services, namely, advising others in the areas of product development; Inspection of policies and procedure management systems and computer operating systems of government processes, regulatory processes and organization governance, management and operation processes for quality control purposes; Inspection services, namely, detection of leaks in data integrity in the field of conformity networks, BlockChain networks, computer networks, intellectual property networks, commercially confidential information networks (CCI) or personally identifiable information (PII) networks, of data or information; Installation and maintenance of computer software; Installation and repair of computer software, including mobile performance of such services on customer premises; Installation of computer software; Installation of regulatory-integrated, BlockChain-based, organization conformity meta-operating systems software; Installation, maintenance and repair of regulatory-integrated, BlockChain-based, organization conformity meta-operating systems computer software; Installation, repair and maintenance of computer software; Integration of computer systems and networks; Intelligent natural language understanding services using cloud-based software technology; Internet Protocol (IP) address verification services; Internet-based application service provider, namely, hosting, managing, developing, analyzing, and maintaining the code, applications, and software for web sites of others; Internet-based service for the secure electronic storage of multi-lingual documents featuring an ability to track and report all user interactions with the service; IT consulting services; IT integration services; Land title surveying; Land use planning services; Layout design services for clean room environments; Leasing computer facilities; Leasing of computer programs; Leasing of computers; Letterhead design services; Maintenance and upgrading of computer software; Maintenance assessment of the performance and reliability of alarm systems; Maintenance of computer software; Maintenance of computer software relating to computer security and prevention of computer risks; Maintenance of computer software used for operating filling apparatus and machines; Maintenance of computer software used for conformity systems management, quality management, BlockChain engineering, process automation, document management and records management; Maintenance of on-line databases for others; Maintenance of software for Internet access; Mapping services; Mapping services featuring manual and hybrid, systems-level artificial intelligence (SL-AI) and systems-learning artificial intelligence scanning and mapping; Measurement evaluations in the fields of conformity science, quality management and BlockChain-based systems, technology, services, products; Measuring television audience size and composition for others via electronic data collection; Mechanical engineering; Media duplication of data and digital information; Medical and scientific research information in the field of conformity science; Medical and scientific research, namely, conducting clinical trials for others; Metering and monitoring electric power consumption by third parties for electric power providers; Mobile media services in the nature of electronic storage of entertainment media content; Monitoring of computer systems by remote access to ensure proper functioning; Monitoring of computer systems for detecting unauthorized access or data breach; Monitoring of computer systems to detect breakdowns; Monitoring management, regulatory compliance
and business processes of organization governance, management and operations infrastructures and blockchain infrastructures, conformity networks, BlockChain networks, computer networks, intellectual property networks, commercially confidential information networks (CCI) or personally identifiable information (PII) networks for quality control purposes; Monitoring of computer systems concerning organization governance, management and operations infrastructures and blockchain infrastructures, conformity networks, BlockChain networks, computer networks, intellectual property networks, commercially confidential information networks (CCI) or personally identifiable information (PII) networks by remote access to ensure proper functioning; Off-site data backup; On-line batch computer services, namely, configuration of multiple files into a single group; On-line web site that enables the management of print systems of others by providing technical maintenance and performance reports based on data provided by users; Online computer services, namely, providing spam filtering services to protect websites and online applications from receiving unsolicited messages; Online plagiarism detection services, namely, electronic detection of plagiarized content via the Internet; Outsource service provider in the field of information technology consulting; Outsource service providers in the field of information technology; Parking domain names for others, namely, providing computer servers for electronic storage of domain name addresses; Peer-to-browser photo sharing services, namely, providing a website featuring technology enabling users to upload, view, and download digital photos; Periodic upgrading of computer software for others; Planning and development of electronic communications networks; Planning, design and implementation of computer technologies for others; Planning, design and management of information technology systems; Planning, design, development and maintenance of online websites for third parties; Platform as a service (PAAS) featuring computer software platforms for monitoring and management of organization governance and management and operations infrastructures and blockchain infrastructures, conformity networks, BlockChain networks, computer networks, intellectual property networks, commercially confidential information networks (CCI) or personally identifiable information (PII) networks; Preparation, update, installation and maintenance of computer software; Processing of video data, namely, interpreting video content and identifying segments that contain predefined key events; Product development consultation; Product development consulting in the field of conformity science, BlockChain systems, Quality Management Systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management and commerce; Product failure analysis services; Product quality evaluation; Product quality testing; Product quality testing services; Product research; Product research and development; Product safety testing; Product safety testing services; Professional computer services, namely, network analysis, LAN/WAN design, wireless engineering, virtualization and computer project management; Programming of multimedia applications; Programming virtual content in the nature of compliance management systems, goods in the nature of virtual currency, tokens in the nature of cryptocurrency, financial instruments in the nature of loans, mortgages, investments and currency, governance services in the nature of compliance and reporting of regulated organizations, regulatory services in the nature of reporting and management of business processes, organization management services in the nature of policy and procedure development and organization operation services in the nature of management of business processes for use in online virtual worlds; Providing a members-only website featuring technology which provides members with the ability to access multiple databases and automobile industry services for the purpose of conducting automobile purchase and sale transactions; Providing a members-only website featuring technology which provides members with the ability to market, promote and trade non-bank, non-institutional, non-syndicated, non-regulated or regulatory exempt, free trading securities and Peer-to-Peer (P2P), Private, Crypto, Secret, Shadow securities in the nature of loans, mortgages, investments and currency
within a BlockChain system; Providing a secure electronic online system featuring technology which allows vendors to submit electronic invoices to sales representative agencies for importing and processing of electronic invoices to save time and improve accuracy; Providing a secure, web-based service featuring technology that enables individuals to remotely create and manage their own accounts so that whatever private content they upload now can be encrypted, then delivered to their intended recipients, at the time and in the manner requested; Providing a secured-access website that gives registered Internet networked institutions the ability to upload, view, copy, print, download and share documents and images for the purposes of conducting consumer-driven transactions; Providing a secured-access, members only website featuring technology that gives registered Internet networked dental professionals the ability to communicate and share data for the purposes of designing and manufacturing dental restorations; Providing a social networking website which features technology that enables users to give charitable financial gifts to others; Providing a web site allowing users to upload on-line videos for sharing with others for motivational and inspirational purposes; Providing a web site featuring technology enabling physicians to access resources in clinical medicine; Providing a web site featuring technology that enables companies and organizations to administer and manage employee incentive award programs and to promote employee productivity, performance, recognition and morale; Providing a web site featuring technology that enables internet users to create, bookmark, annotate, and publicly share data; Providing a web site featuring technology that enables internet users to create, bookmark, annotate, and publicly share fitness-related data, as well as providing health and fitness professionals with a subscription-based client management system; Providing a web site featuring technology that enables internet users to share documents, images and videos; Providing a web site featuring technology that enables internet users to submit comments of personal recognition; Providing a web site featuring technology that enables physicians to generate, manage and exchange medical information and documents regardless of medical organization or geographic location; Providing a web site featuring technology that enables recruiters and hiring managers to manage the entire candidate attraction and selection process, including administration of back ground checks, assessments and skills tests, as well as compiling data that facilitates the continuous improvement of the process; Providing a web site featuring technology that enables users to connect with other people in their neighborhood or city for any number of user-specified reasons, including providing a service or organizing an event; Providing a web site featuring technology that enables users to create a chronological schedule of events; Providing a web site featuring technology that enables users to present products, services, and proposals to others for comment, and gather feedback from those others about those products, services, and proposals; Providing a web site featuring technology that enables users to request and record ideas, suggestions, and comments from other users in any field of business or general interest; Providing a web site featuring technology that enables users to share, bookmark, index, store, collect and showcase content, articles, images, calendars, products, projects, and other information resources in electronic form in the nature and field of Research, Innovation, Science, Technology, Engineering, Arts, Mathematics, Socio-eConomic, Cultural and eCological Development; Providing a website featuring a media aggregator and search
engine for internet content; Providing a website featuring a search engine for conformity science systems, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Providing a website featuring a searchable on-line quality evaluation of rarities for the purpose of measuring the scarcity of rare collectible objects; Providing a website featuring non-downloadable software using artificial intelligence for systems level (SL) systems learning (SLr), machine learning (ML), deep learning (DL), big data analysis, small data analysis and conformity to statutory, regulatory, governance, management, operation, shareholder or customer requirements; Providing a website featuring on-line non-downloadable software that enables users to trade in regulatory-integrated, non-bank, non-institutional, non-syndicated, non-regulated or regulatory exempt, free trading securities instruments and Peer-to-Peer (P2P), Private, Crypto, Secret, Shadow securities in the nature of loans, mortgages, investments and currency; Providing a website featuring technology enabling users to remotely view, monitor, program, operate and control large and small appliances, electrical systems and security systems in homes, offices and vehicles; Providing a website featuring technology that enables inventors to search for investors; Providing a website featuring technology that enables subscribers to transfer files to and from a file transfer protocol server; Providing a website featuring technology that enables users to organize and manage postmarked e-mails; Providing a website featuring technology that enables users to upload and share user-generated videos on a wide variety of topics and subjects; Providing a website that features technology that enables the secure exchange of information by users; Providing a website that gives computer users the ability to subscribe to online publications permitting searches of building codes and standards; Providing a website that gives users the ability to create customized web pages featuring user-defined profiles; Providing a website that gives users the ability to review various print, photographic, graphic image, and audio and video content and utilize a custom template to provide input, likes, dislikes, edits, changes, modifications, opinions, suggestions, and comments and engage in social, business and community networking; Providing an interactive web site featuring technology that enables users to enter, access, track, manage, monitor, and generate information and reports regarding their in-house building cleaning programs; Providing an interactive website featuring technology that allows users to enter, access, and synthesize information and generate reports for use in consulting with executives and businesses; Providing an interactive website featuring technology that allows users to upload, download, share and sell custom and branded digital publications; Providing an on-line network environment featuring technology that enables users to share data in the field of Artificial Intelligence, Virtual and Augmented Reality, Decentralized Autonomous Organization Networks and Systems, Robotics, BlockChain, crowdfunding, digital media, royalty-tracking, securities, Peer-to-Peer (P2P), Private, Crypto, Secret, Shadow in the nature of loans, mortgages, investments and currency, financial securities and crypto finance wallets; Providing an online non-downloadable Internet-based system application featuring technology enabling users to enter into contracts and smart contracts, buy, sell and trade Peer-to-Peer Peer-to-Peer (P2P), Private, Crypto, Secret, Shadow in the nature of loans, mortgages, investments and currency, financial securities, and buy, sell and pay for goods and services using Peer-to-Peer (P2P), Private, Crypto, Secret, Shadow in the nature of loans, mortgages, investments and currency, financial securities and fiat currency; Providing an online website for creating and hosting micro websites for businesses; Providing computer programming services to customers that enables the customer's website to process natural language queries; Providing customer-defined generated content and content of others automatically selected and customized based on the known or estimated geographical location of an Internet, mobile telephone or other wired or wireless digital network based customer; Providing customized computer searching services, namely, searching and retrieving information at the customer's specific
request via the Internet; Providing customized on-line web pages and data feeds featuring user-defined information, which includes blog posts, new media content, other on-line content, and on-line web links to other websites; Providing customized on-line web pages featuring user-defined information, which includes search engines and on-line web links to other web sites; Providing electronic verification of on-line orders of digital content and generating electronic permission codes which then allow users to access said digital content; Providing graphic and multimedia design services for the purpose of promoting the goods and services of others; Providing information in the fields of technology and software development via an on-line website; Providing information relating to computer technology and programming via a website; Providing information relating to electronic data storage services; Providing information relating to on-line non-downloadable software to facilitate electronic communication between individuals provided via the Internet; Providing internet based data capture services that enable the exchange of information via the internet from residential mortgage borrowers to institutions for use in loan workouts; Providing medical and scientific research information in the field of clinical trials; Providing on-line non-downloadable computer software for use as a cryptocurrency wallet; Providing on-line non-downloadable software for generating cryptographic keys for receiving and spending cryptocurrency; Providing on-line non-downloadable software using artificial intelligence for governance, management and operations of government, not-for-profit, beneficial, privately held and publicly traded organizations; Providing online research and reference services via an on-line computer network by librarians and reference service specialists; Providing periodic updates to subscribers of web feeds pulled from websites selected by the subscriber by means of electronic mail; Providing planning and engineering services in the field of information and communications networks; Providing quality assurance services in the field of governance and finance; Providing quality control services for the mortgage industry; Providing scientific information in the field of conformity science, BlockChain systems, Quality Management Systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management and commerce; Providing scientific information, advice and consultancy relating to carbon offsetting; Providing search engines for the internet; Providing technical information updates of industrial process control computer software via the global computer network; Providing technological information about environmentally-conscious and green innovations; Providing technology consulting in the field of social media; Providing technology information in the field of conformity science, BlockChain systems, Quality Management Systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management and commerce; Providing technology information updates for home security systems via the global computer network; Providing temporary use of non-downloadable cloud-based software for connecting, operating, and managing networked BlockChain based systems in the nature of computers and mobile devices, the internet of things (IoT); Providing temporary use of non-downloadable cloud-based software for developing and testing innovative governance, financial and business ideas within a regulatory sandbox environment; Providing temporary use of non-downloadable cognitive stimulation computer programs that help maintain an active brain and thus improve memory, speed of processing, and that provide a variety of cognitive benefits that positively impact quality of life; Providing temporary use of non-downloadable computer software for preparing shipping documents over computer networks, intranets and the internet; Providing temporary use of non-downloadable computer software for shipment processing over computer networks, intranets and the internet; Providing temporary use of non-downloadable computer software for tracking documents over computer networks, intranets and the internet; Providing temporary use of non-downloadable software for selecting electronic cards, personalizing them with users own messages and sending them via e-mail; Providing temporary use of non-downloadable web-based decentralized applications (DApps) for
regulating and developing regulator-integrated organization governance, management and operation, Artificial Intelligence, Virtual and Augmented Reality, Decentralized Autonomous Organization Networks and Systems, Robotics, BlockChain, crowdfunding, digital media, royalty-tracking, securities, Peer-to-Peer (P2P), Private, Crypto, Secret, Shadow in the nature of loans, mortgages, investments and currency, financial securities and cryptofinance wallets; Providing temporary use of on-line non-downloadable cloud computing software for trade in the nature of trading in regulatory-integrated, non-bank, non-institutional, non-syndicated, non-regulated or regulatory exempt, free trading securities and Peer-to-Peer (P2P), Private, Crypto, Secret, Shadow in the nature of loans, mortgages, investments, currency and securities; Providing temporary use of on-line non-downloadable cloud computing software using artificial intelligence for governance, management and operation of regulatory-integrated organizations; Providing temporary use of on-line non-downloadable computer software for use as a digital wallet; Providing temporary use of on-line non-downloadable computer software for use as an electronic wallet; Providing temporary use of on-line non-downloadable software development tools; Providing temporary use of on-line non-downloadable software development tools for design, development, deployment and management in conformity science systems, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Providing temporary use of online non-downloadable middleware for providing an interface between web browser and legacy systems; Providing temporary use of online non-downloadable simulation software for modeling BlockChain-based government, regulatory, commercial and financial systems, technology, services and products, namely, quality management systems; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Providing user authentication services using biometric hardware and software technology for trading in BlockChain-based government, regulatory, commercial and financial systems, technology, services and products, namely, quality management systems; Providing user authentication services using blockchain-based software technology for cryptocurrency transactions; Providing user authentication services using single sign-on technology for online software applications; Providing user authentication services using cryptographic or biometric hardware and software technology for e-commerce for e-commerce transactions; Providing virtual computer systems and virtual computer environments through cloud computing; Provision of search engines for the Internet; Psychological research; Public document retrieval; Quality control for others; Quality control of goods and services; Quality management services, namely, quality evaluation and analysis, quality assurance, and quality control, in the field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Reconstruction of database systems for others; Recovery of computer data; Remote diagnosis of medical diagnostic imaging, clinical and biomedical equipment for determining the need for repair; Remote monitoring of printers for others; Remote monitoring services of heating, ventilating and air conditioning apparatus; Remote online backup of computer data; Rental of a database server to third parties; Rental of application software; Rental of computer software, data processing equipment and computer peripheral devices; Rental of computers and software; Rental of computers relating to computer security and prevention of computer risks; Rental of humanoid robots with artificial intelligence; Rental of load banks for testing electrical power sources; Rental of measuring apparatus; Rental of software for Internet access; Rental of space in a computer co-location facility for containerized data centers of others; Rental of technical drawing instruments; Rental of web servers; Repair of computer software; Repair of damaged computer programs; Repair of software; Research and development and consultation related thereto in the field of
conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing, all of the foregoing for scientific purposes; Scientific Research and development in the field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing; Research and development of 3D content, 3D technology and processes, stereoscopic 3D projection, 3D animation technology, 3D processing power, 3D techniques, and flexible forward projection; Research and development of advanced learning technologies and teaching methods; Research and development of environmentally friendly forms of energy and power; Research and development of new products for others; Research and development services in connection with physics; Research in the area of semiconductor processing technology; Research in the field of artificial intelligence; Research in the field of climate change; Research in the field of physics; Research in the field of telecommunications technology; Scientific research in the field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing; Research in the reduction of carbon emissions; Research on machines; Research relating to mechanical engineering; Research services in the field of information and telecommunications technology; Residential building design; Residential insurance inspections featuring property condition reports; Retrieving public documents; Room design consisting of selection of artwork, lighting, and furnishings for an environment designed to help achieve mental wellness, including stress management and relaxation, using computer controlled advanced sound wave technology; Safety auditing to improve safety of construction workers on residential construction sites; Satellite telecommunications technology service to allow efficiencies of the carrier by creating efficient use of bandwidth on a satellite transponder; Scientific and technological research in the field of natural disasters; Scientific and technological research relating to patent mapping; Scientific and technological services, namely, research and design in the field of integrated system architecture that allows for the rapid development of highly interactive and customizable learning applications; Scientific and technological services, namely, research and design in the computers fields of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Scientific research; Scientific research and development; Scientific research in the field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Scientific study and research in the field(s) of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Searching and retrieving information, sites, and other resources available on computer networks for others; Server hosting; Services for maintenance of computer software; Services for renting computers; Services for reproducing computer programs; Services for updating computer software; Software as a service (SAAS) services featuring software for management system functions for conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Software as a service (SAAS) services featuring software using artificial intelligence for management of operating system functions for conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing.
Software as a service (SAAS) services, namely, hosting software for use by others for use in design, development, deployment and management for conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Software authoring; Software development for others in the field of software configuration management; Software development in the framework of software publishing; Software porting; Surveying; Technical advice relating to operation of computers; Technical advisory services relating to computer programs; Technical consultation in the field of environmental science, engineering services, design for others in the field of environmental engineering, designing and testing of new environmentally friendly products for others; Technical consultation in the field of power plant engineering, namely, testing and evaluation of power plant equipment to improve performance and efficiency of such equipment; Technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; Technical support services, namely, 24/7 monitoring of network systems, servers and web and database applications and notification of related events and alerts; Technical support services, namely, installation, administration, and troubleshooting of web and database applications; Technical support services, namely, migration of datacenter, server and database applications; Technical support services, namely, remote administration and management in the nature of troubleshooting in the nature of diagnosing computer hardware and software problems of in-house and hosted datacenter devices, databases and software applications; Technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; Technical support services, namely, technical administration of servers for others and troubleshooting in the nature of diagnosing server problems; Technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; Technical support services, namely, troubleshooting of computer software problems; Technical support services, namely, troubleshooting of industrial process control computer software problems; Technical support, namely, providing backup computer programs and facilities; Technical support, namely, providing computer facilities for the electronic storage of digital data; Technical surveying; Technical writing; Technical writing for others; Technological advisory services relating to machine engineering analysis; Technological consultation in the technology field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Technological consulting in the field of cryptocurrency; Technological consulting services in the field of alternative energy generation; Technological planning and consulting services in the field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Technology advice provided to Internet users by means of a support hotline; Technology consultation and research in the field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Technology consultation in the field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Technology specification, namely, analyzing technology requirements and developing
recommendations for the computer software and systems and other technology needed to meet those requirements, in the field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Technology supervision and inspection in the field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Telecommunications engineering consultancy; Telecommunications technology consultancy; Telephone number mapping services for unifying the telephone number system with Internet addressing and identification systems; Temporary electronic storage of information and data; Temporary interior and exterior home decoration consultation, namely, home staging consultation for the purpose of making homes more appealing to prospective buyers; Testing and evaluating accreditation standards for conformity science systems, namely, organization and process management to the order and specification of others, quality management systems, namely, organization and process management to the order and specification of others, systems-level artificial intelligence (SL-AI), namely, organization and process management to the order and specification of others, systems-learning artificial intelligence, namely, organization and process management to the order and specification of others, BlockChain Conformity Management Systems, namely, organization and process management to the order and specification of others, Quantum-Unification Computing, namely, organization and process management to the order and specification of others for use in government, management, commerce and finance to the order and specification of others; Testing of computer programs; Testing of computer software; Testing of computer software for organization and process management to the order and specification of others for conformity science systems, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Testing of computers; Testing of computers for conformity to statutory requirements, regulatory requirements, and customer requirements for conformity management systems, quality management systems, business continuity, shareholder and customer requirements; Testing of filters; Testing of security systems; Testing or research on civil engineering; Testing or research on electricity; Testing the functionality of apparatus and instruments; Testing the functionality of machines; Testing the functionality of machines in the nature of conformity science and BlockChain systems, namely, computer-based processing systems; Testing, analysis and evaluation of service providers to determine conformity with established accreditation standards; Testing, analysis and evaluation of the goods and services of others to determine conformity with certification standards; Testing, analysis and evaluation of the goods of others to determine conformity with certification standards; Testing, analysis and evaluation of the services of others to determine conformity with certification standards; Testing, analysis and evaluation of organization compliance, namely, organization and process management to the order and specification of others, quality management, namely, organization and process management to the order and specification of others and BlockChain systems, namely, organization and process management to the order and specification of others, infrastructure, namely, computer systems and networks, namely, software for processing business processes to determine conformity with established accreditation standards; Testing, analysis, and evaluation of goods or services of others to the order and specification of regulators, Top Management, namely, Chief Executive Officers, Executive Offices and directors, risk insurance underwriters, shareholders and customers; Testing, analysis, and evaluation of the goods of others to assure compliance with industry standards; Testing, analysis, and evaluation of the knowledge, skills and abilities of others in the field of conformity science, quality management systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity
Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance to
determine conformity with certification standards; Testing, analysis, and evaluation of the knowledge, skills and abilities of
others in the field of forensic document examination to determine conformity with certification standards; Testing, analysis,
and evaluation of the knowledge, skills, and abilities of others to the order and specification of regulators, Top Management,
directors, risk insurance underwriters, shareholders and customers of schools, universities, colleges, vocational schools,
polytechnic institutes; Testing, analysis, and evaluation of conformity systems, namely, organization management systems,
BlockChain systems, namely, quality management systems, financial systems, namely, loan, mortgage, investment and
currency management systems, government organizations, namely, management systems, government organizations, namely,
management systems, regulatory organizations, namely, management systems, business organizations, namely, management
systems, and regulated organizations, namely, management systems, to assure compliance with industry standards; Testing,
analysis, and evaluation of conformity systems, namely, management systems, BlockChain systems, namely, management
systems, financial systems, namely, loan, mortgage, investment and currency management systems, government organizations,
namely, management systems, government organizations, namely, management systems, regulatory organizations, namely,
management systems, business organizations, namely, management systems, and regulated organizations, namely, management systems, to assure compliance with industry standards regarding conformity science, quality management,
systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity Management
Systems, Quantum-Unification Computing for use in government, management, commerce and finance; Testing, analysis, and
evaluation of organizations that market, promoting or trade in non-bank, non-institutional, non-syndicated, non-regulated or
regulatory exempt, free trading securities and Peer-to-Peer (P2P), Private, Crypto, Secret, Shadow in the nature of loans,
mortgages, investments, currency and securities within a BlockChain system to determine conformity with certification
standards; Testing, analyzing and evaluating the structural properties of masonry and concrete structures; Think tank services,
namely, providing new ideas and concepts for web-based applications for others; Tool design; Tool management systems
design services; Tracking and reporting of online website performance to determine the technological effectiveness of the
websites for non-business purposes; Troubleshooting in the nature of diagnosing problems with consumer electronics;
Troubleshooting of computer software problems; Unlocking of mobile phones; Up-dating of computer software; Updating and
maintaining cloud-based computer software through a BlockChain based meta-operating system control environment that
controls and maintains quality management system processes; Updating of computer programs for third parties; Updating of
computer software; Updating of computer software for others; Updating of computer software relating to computer security
and prevention of computer risks; Updating of home pages for computer networks; Updating of software for data processing;
Upgrading of computer software; Urban planning; User authentication services using single sign-on technology for online
software applications; User authentication services using technology for e-commerce transactions; Virtual testing of new
product designs using computer simulations; Visual home inspection services for sellers and purchasers of residential and
commercial properties; Web site hosting services; Website load testing services; Website usability testing services; Writing
and updating computer software; Writing of data processing programs for conformity science systems, quality management
systems, systems-level artificial intelligence (SL-AI), systems-learning artificial intelligence, BlockChain Conformity
Management Systems, Quantum-Unification Computing for use in government, management, commerce and finance engineering

### Mark Information

- **Standard Character Claim**: No
- **Mark Drawing Type**: 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S)
- **Description of the Mark**: The mark consists of the stylized wording "FILTHY" above the stylized wording "AMERICANS". To the right of the wording "FILTHY" is an upside down stylized American flag without the stars. The first letter "A" in the word "AMERICANS" is replaced with a shaded triangle. The letter "E" is also backwards. Above the word "FILTHY" is a horizontal line. Above this line are 12 five point stars. Below the word "AMERICANS" is a horizontal line. Below this line are six stripes and seven stripes alternating. All the aforementioned design and literal elements are encompassed in three concentric circles with an inner border and a thicker outer border. Black and white in the drawing represents background, outlining, shading, and/or transparent areas and is not part of the mark. **Color Claimed**: Color is not claimed as a feature of the mark.

### Goods and Services Information

- **For**: Hats; Baseball caps and hats; Bottoms as clothing; Hooded sweat shirts; T-shirts; Wearable garments and clothing, namely, shirts; Athletic bottoms; Athletic apparel, namely, shirts, pants, jackets, footwear, hats and caps, athletic uniforms; Bomber jackets; Camouflage jackets; Fashion hats; Fleece bottoms; Fur jackets; Graphic T-shirts; Heavy jackets; Hunting jackets; Long jackets; Motorcycle jackets; Outer jackets; Padding jackets; Rain jackets; Rainproof jackets; Short-sleeved or long-sleeved t-shirts; Sports caps and hats; Suede jackets; Sweat jackets; Track jackets

Mark Literal(s) UTILITY WORKERS UNION OF AMERICA AFL-CIO

CASE IDENTIFIERS
Serial Number 90150052 Application Filing Date Aug. 31, 2020 Register Principal Mark Type Service Mark
Trademark Publication Date Sep. 14, 2021

MARK INFORMATION
Standard Character Claim No Mark Drawing Type 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S)
Description of the Mark The mark consists of a circular seal featuring the wording "UTILITY WORKERS UNION OF AMERICA" in the outer edge of the circle and "AFL-CIO" appears in the center at the bottom of the outer edge of the circle arching upwards inside a ribbon design. The center and inside of the circle features three parts with an image of an electric light bulb above in the center and a gas flame with both emitting light in the form of lines extending out to form rays of light and in the left side of the circle appears a waterfall with small trees above it in the background.
Disclaimer "AFL-CIO" Acquired Distinctiveness In part Distinctiveness
Limitation Statement as to "UTILITY WORKERS UNION OF AMERICA" has become distinctive of indicating membership in the collective membership organization through the applicant's members' substantially exclusive and continuous use of the mark in commerce that the U.S. Congress may lawfully regulate for at least the five years immediately before the date of this statement.
