preset portions of fluids, solid granules and powder for dosing purposes, all not for medical use; apparatus for fermentation for laboratory use; video playback apparatus; apparatus for measuring radioactivity; sound measuring apparatus, namely, sound level meters, frequency meters; apparatus for measuring wire diameter; precision measuring apparatus, namely, electric sensors for depth, thickness, hardness, ductility, conductivity, distance measurement, volume measurement of solids, gasses and liquids; radiation measuring instruments; video multiplexers; navigation apparatus for vehicles; satellite navigation apparatus, namely, a global positioning system GPS; navigation apparatus for vehicles being on-board computers; multi-purpose cameras; slide or photograph projection apparatus; photograph projection apparatus; radio and televisions; rebreathers for diving; apparatus for the input, extraction, transmission and storage of data, namely, computers, and NAS network attached hardware storage; railway signals, luminous or mechanical; naval signaling apparatus, namely, buoys and land-based optical and electromagnetic transceivers; monitoring apparatus being electronic devices other than for medical use, namely, for monitoring temperature, movement and position detection; gas flow monitors; Apparatus being optical and electronic sensors, electronic signal transmitters and computers, for monitoring and recording the performance of machines; digital telecommunication apparatus, namely, wired and wireless transmitters and receivers, signal processors; telecommunication apparatus, namely, wired and wireless transmitters and receivers, signal processors for use with mobile networks; telecommunication apparatus, namely, wired and wireless transmitters and receivers, signal processors for use with digital and analog signals; automatic telegraph apparatus; remote controls for computers, electric motors, switches, appliances, displays, projectors, transmitters, receivers, robots, machinery; cellular telephony apparatus; mobile telephone apparatus with built-in facsimile systems; wireless telephony apparatus; telecommunications apparatus; data processing apparatus; data processing apparatus and computers; word processing equipment; apparatus for processing, transmission and storage of database information being word processing equipment; signal transmission apparatus, namely, optical and electrical cables, transmitters, receivers, signal processors; apparatus for transmission and reception of facsimiles being fax machines and computer fax modem cards; Apparatus for recording, transmission or reproduction of sound and images; electronic verification apparatus, namely, electromagnetic, optical and biometric scanners for verifying authentication of payment cards, bank cards, credit cards, debit cards and payment cards; video transmission apparatus; electrophoresis apparatus not for medical purposes; encoding and decoding apparatus; pressure recorders; sound and image recording apparatus; apparatus for recording, transmission, reception, processing or reproduction of sounds, images or data; apparatus for recording, transmission, processing and reproduction of sounds, images or data; teaching and instructional apparatus, namely, teaching robots, computers, liquid crystal displays, multimedia projectors, electronic whiteboards; apparatus for testing printed circuits; holography apparatus, namely, lasers, cameras, optical sensors, projectors and recorders; magnetic resonance imaging (MRI) apparatus not for medical use; intercommunication apparatus being telephone handsets and headsets; ionization apparatus not for the treatment of air or water for industrial, scientific and laboratory use; electric control, testing and monitoring apparatus, namely, servomotors, multimeters, electrical load simulators; electric apparatus for commutation, namely, commutators; electric regulating apparatus being voltage regulators; electric measuring apparatus being electronic devices for measuring electric current; electric telecommunication apparatus, namely, electric cables, switches, transmitters, receivers, signal processors; electro-dynamic apparatus for the remote control of signals; electronic broadcasting apparatus for broadcasting sound or images; electronic surveillance apparatus; electronic telecommunication apparatus being facsimile machines, network equipment, namely, handsets, headsets, computers, transmitters, receivers, signal processors; electronic telecommunication line integrity testing apparatus; electronic apparatus for remote control of signals; electronic apparatus for wireless reception, storage and transmission of data and messages, namely, facsimile machines, handsets, headsets, computers, transmitters, receivers, signal
processors; electronic apparatus for testing the sterility of medical equipment; photovoltaic apparatus and installations for solar electricity production, namely, photovoltaic modules, cells, panels and inverters; X-ray apparatus not for medical use; chemistry apparatus and instruments being spectrometers, sensors for measuring weight, viscosity, conductivity, temperature and detecting presence or absence of specific substances; laboratory apparatus and instruments, namely, pipettes, trays, gasifiers, furnaces, flasks, beakers, petri dishes, test tubes, gas and vapor containment and extraction fixtures; measuring and control apparatus and instruments, namely, robotic and teleoperated lifting, movement and placement, sensors for measuring weight, viscosity, electrical measurement, temperature and detecting presence or absence of specific substances; weighing apparatus and instruments being weighing scales, strain gages; apparatus and instruments for physics being prisms for scientific purposes, ammeters, barometers, spectrosopes, particle detectors; radio apparatus and instruments being radios, radio receivers and radio signal tuners; satellite reception and transmission apparatus and instruments, namely, satellite receivers, satellite dishes, signal amplifiers, processors and compression units; signaling apparatus and instruments, namely, digital signal processors, transmitters, receivers, optical and electromagnetic sensors; remote control apparatus and instruments, namely, remote controls for computers, electric motors, switches, appliances, displays, projectors, transmitters, receivers, robots, machinery, vehicles; apparatus and instruments, namely, computers, computer servers, computer disk drives, solid state drives, network storage hardware and servers, portable blank storage devices, computer graphics boards and sound cards, network adapters, for transferring, receiving and storing sounds, images and data, in digital and analog form; electronic navigational, tracking and positioning apparatus and instruments, namely, GPS receivers, satellite phones, radar antennas, lidars, digital and robotic sextants, inertial navigation units being electric navigational instruments, embedded transmitters; surveying machines and instruments; multimedia apparatus and instruments being multimedia displays and projectors, accelerator boards, headsets; nautical apparatus and instruments being navigation apparatus for boats, radar apparatus, wildlife encoded tracking tags, satellite receivers and transmitters, depth gages, sonarS; optical apparatus and instruments, namely, telescopes, tracking scopes, laser tracking devices being laser scanners for tagging, optical scanners for facial recognition, high-speed cameras, ultraviolet and infrared detectors and cameras, spectral analyzers; photographic, cinematographic and optical apparatus and instruments, namely, cameras, robotic and motion-stabilized camera and light mounts for lights used with digital cameras, light meters for measuring the lumen output of LED light bulbs; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, namely, transformers, electronic circuit switches, cables and cable connectors, junction panels and boxes, fuses, circuit breakers, fuse and breaker panels and boxes, voltage regulators, inverters, electric accumulators, batteries, capacitors, transistors, resistors, insulators, electric meters; apparatus and instruments for microscopy being microscopes; apparatus and instruments for satellite transmission reception and decoding being satellite receivers, satellite dishes, signal amplifiers, processors and compression units; apparatus and instruments for astronomy, namely, telescopes; apparatus and instruments for regulating electricity being voltage regulators; downloadable or recorded software for use in process visualization and control, decision support, forecasting, scheduling, device control, robotics, data management, database management, datacenter management, data visualization, communications, transaction management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management,
multimedia management, sound and image capture and processing; blank digital or analog recording and storage media; cash registers, calculating machines; computers and computer peripherals; fire extinguishers; scientific, optical, measuring, signaling and checking apparatus and instruments, namely, telescopes, tracking telescopes, laser tracking telescopes, optical scanners for facial recognition, high-speed cameras, ultraviolet and infrared detectors and cameras, spectral analyzers; cinematographic cameras, projectors; sounding apparatus and machines being sound recording, processing and sound reproducing apparatus and instruments; electrostatic grounding apparatus and systems being protective electrostatic discharge grounding gloves, grounding relays, antennas, circuit overvoltage protection relays and surge protectors; apparatus and systems comprised primarily of recorded computer software for the security of banking operations carried out over the Internet; heliographic apparatus; computer apparatus being computers, computer peripherals, computer networked-attached storage, network computer cards, computer monitor displays and projectors; optical viewing and recording apparatus being cameras, flat panel computer displays, LCD projectors, computer screens; computer peripherals; photographic apparatus being cameras robotic and motion-stabilized camera and light mounts, stroboscopes, flash and continuous illumination lights for use with digital cameras; digital cameras; photovoltaic apparatus for converting solar radiation to electrical energy; apparatus for recording data; Global positioning system GPS apparatus; distillation apparatus for scientific use; Apparatus being static electricity eliminators, accumulators and discharge electronic circuits and grounding wire for controlling static electricity; distance measuring apparatus; Phototelegraphy apparatus; Chargers for charging electric accumulators; sound reproduction apparatus; breathing apparatus for divers, namely, rebreathers, except for artificial respiration; Transmitting and receiving apparatus for transmission of radio programs and radio relay messages; Apparatus being antennas, transmitters, relays and receivers for transmission of radio broadcasts and radio relay messages; apparatus for verifying data on magnetically encoded cards; sound amplifiers; air analysis apparatus; food analysis apparatus, namely, diagnostic apparatus for testing food and detecting contaminants; gas analysis apparatus; testing apparatus not for medical use, namely, apparatus for testing gas, liquids and solids; diagnostic apparatus for testing food, soil and plants not for medical use; speed measuring apparatus being radar detectors, laser speed detectors, stroboscopes and telescopes; apparatus for processing electronic payments being multi-functional electronic payment terminals; data processing apparatus; distance recording apparatus; time recording apparatus; blueprint apparatus being blueprinting machines; global positioning system; global positioning system GPS apparatus; oxygen transvasing apparatus; underwater breathing apparatus; Roentgen apparatus not for medical purposes; scientific apparatus being radiation detectors, interferometers, chromatographs, gamma and x-ray detectors, x-ray imaging equipment not for medical purposes; school apparatus being scanners, document printers, digital copiers and multifunction machines being digital copier and fax machines, teaching robots, computers, computer display monitors, projectors, electronic whiteboards; stereoscopic apparatus being stereoscopes; telephone apparatus; wireless telephone apparatus; downloadable computer software applications for use in process visualization and control, decision support, forecasting, scheduling, device control, robotics, data management, database management, datacenter management, data visualization, communications, transaction management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management, multimedia management, sound and image capture and processing; downloadable and recorded computer software applications for computers, smart phones, mobile telephones and tablet computers for use in financial, banking and insurance transaction services; optical goods being optical
scanners, recorders, filters, disks and disk players; laboratory glassware; attenuators; talking books, namely, audio books in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; thermionic valves for radios; autocollimators; auto-transformers; rods for water diviners; computer chassis; scales; luminous beacons for safety or signaling; lighting ballasts; barometers; diode arrays; scales being weighing apparatus; electronic databases recorded on computer media in the field of process visualization and control, decision support, forecasting, scheduling, device control, robotics, data visualization, communications, transaction management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management, multimedia management, sound and image capture and processing; betatrons; electronic tickets encoded with security features recorded on computer media; tickets in the form of magnetic identifying cards; biomicroscopes; biochips for research or scientific purposes; bioreactors for laboratory use; bioreactors for cell culture; bioreactors for research; electrical power distribution blocks; electrical terminal blocks; digital notepads; battery packs; feedback coils being electronic coils; feedback electric coils for electrical apparatus; Impedance choking coils for use in electrical apparatus; electric choking coils for electrical apparatus; electromagnetic coils; electric coils; magnetic coils; switchboxes; electricity switchboxes; electric fuse boxes; boxes adapted for slides; junction boxes; electric power distribution boxes; Petri dishes; black boxes being data recorders; interactive touch-screen terminals; electrical terminal boxes; luminous or mechanical road signs; trackballs enabling to move the cursor; electric buzzers; electronic buzzers; directional compasses; electrical controllers being push buttons for bells; electric wiring; fiber-optic cables; covers for electric outlets; electronic padlocks; cash registers, calculating machines, data processing equipment; electronic calculators; calculating machines; calipers; calorimeters; electric ducts; electron guns for scientific and laboratory purposes; infrared sensors; electric measuring sensors other than for medical use; printed circuit boards provided with integrated circuits; magnetically encoded cards for storing data, namely, magnetically encoded gift cards, identify cards; blank integrated circuit cards; encoded smart cards containing programming used for secure facility access, banking purposes; blank smart cards; microchip cards; microchip or magnetically encoded credit cards, microchip or magnetically encoded telephone cards, microchip or magnetically encoded cards for cash dispensers, microchip or magnetically encoded cards for automated teller machines and money exchange machines, prepaid microchip or magnetically encoded cards for cellular telephones, microchip or magnetically encoded travel and show admission cards, microchip or magnetically encoded check guarantee cards and microchip or magnetically encoded debit cards; multimedia accelerator boards; accelerator boards for computers; electronic circuit cards; printed circuit boards; Blank flash memory cards; blank random-access memory cards; local area network computer cards LAN for connecting portable computer devices to computer
networks; Computer memory extension cards; extension cards for computers; electronic cards encoded with security features for identification; interface cards for data processing apparatus in the form of printed circuits; interface cards for computers being printed circuits; Encoded electronic cards containing business information; Ethernet cards; fax modem cards for computers; daughterboards; flash cards being blank flash memory cards; graphics cards; computer graphics cards; computer plug-in cards; encoded magnetic cards being magnetically encoded key cards; magnetic identity cards; memory cards; integrated circuit memory cards; memory cards being hardware; memory cards being computer hardware; memory cards for cameras; BLANK memory cards for cameras; memory cards for video game machines; motherboards; computer motherboards and daughterboards; computer fax modem cards; PC cards; PCMCIA cards; downloadable electronic road maps; SIM cards; sound cards; magnetically encoded prepaid telephone cards; video display cards; magnetically encoded key cards; encoded key cards; electronic key cards; magnetically encoded key cards; electronic key cards; game cartridges for use with electronic game apparatus; video game cartridges; computer game cartridges; video game cartridges; protective helmets; virtual reality headsets; safety helmets; headsets for telephones; headsets for mobile telephones; wireless headsets for mobile telephones; stereo headphones; telephone headsets; cathodes; support belts for workers; electrolytic cells; photoelectric cells; photovoltaic cells and solar electric panels; solar cells; automatic telephone exchanges; electronic telephone exchanges; laboratory centrifuges; battery chargers; chargers for electric storage batteries; footwear for protection against accidents, irradiation and fire; chronographs being apparatus for recording elapsed time; electronic circuits; printed circuits; integrated circuits; large-scale integrated circuits; integrated circuits containing programs for audio, video or computer data processing; electronic integrated circuits; computer keyboards; multifunction computer keyboards; memory keys being USB keys, blank flash memory cards; Blank USB flash drives; thin clients being computers; gradient indicators; encoders; coolstats; electric collectors being photovoltaic cells; chromatography columns for laboratory use; distillation columns for laboratories; Electric color meters; diving suits; diving masks, earplugs for diving, nose clips for divers and swimmers, diving gloves, breathing apparatus for underwater swimming; survival suits; fire-retardant flight suits; diving suits, gloves and masks, ear plugs and nose clips for divers and swimmers, breathing apparatus for underwater swimming; wet suits for scuba diving; protective suits for aviators; combination video players and recorders; remote controls for computers, electric motors, switches, appliances, displays, projectors, transmitters, receivers, robots, machinery; electric switches; Ethernet switches; commutators; comparators; phase compensators; electronic components, namely, integrated circuits, printed circuit boards, resistors, transistors, thermistors, capacitors, diodes, vacuum tubes, switches, potentiometers, circuit breakers; electronic components for integrated circuit cards; electronic components for computers; automatic telephone dialers; electronic telephone dialers; pedometers; revolution counters; gas meters; water meters; electricity meters; Geiger counters; digital panel meters; computer network hubs, switches and routers; capacitors; optical condensers; electricity conduits; electric cable ducts; circuit closers; electric connectors; electric contacts; electric charge controllers; Ethernet controllers; RAID controllers; analog-to-digital converters; cable television converters; frequency converters; electric converters; electronic power converters; digital-to-analog converters; electrostatic copying machines; digital color copiers; math co-processors; circuit breakers; acoustic couplers; couplers being data processing equipment; protective headgear being protective helmets and eyewear, face shields; Laboratory crucibles; cyclotrons; flow meters; television decoders; demodulators; demultiplexers; densimeters; video disks and video tapes with recorded animated cartoons; Detectors being metal, radar, intrusion, motion, sound, light, movement detectors; pressure regulators for scuba diving; acoustic diaphragms; distance measuring apparatus; recorded and downloadable electronic dictionaries; Downloadable educational software for use in learning history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature,
agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, underwater exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; diodes; silicon carbide diodes; electroluminescence diodes; quantum dot light-emitting diodes; quantum dot light-emitting diodes QLED; light-emitting diodes LED; organic light-emitting diodes; organic light-emitting diodes OLED; polymer light-emitting diodes; polymer light-emitting diodes PLED; laser diodes; circuit breakers; Device being wireless routers, wireless transmitters, receivers and relays for wireless connection between portable electronic apparatus; semi-conductors; anti-interference devices for electricity being interferometers; baby monitors; cathodic anti-corrosion apparatus; Displays with light-emitting diodes LED; electrophoretic displays; personal electronic alarm devices being electronic alarms for providing notice of entry and exit, fall alarms; nano-particle size analyzers for laboratory use for molecular analysis; computing devices being computers; acoustic coupling devices; GPS tracking and location devices; devices for tracking by means of global positioning systems; tracking devices being global positioning systems GPS; semiconductor memory units; semi-conductor memories for use with data processing apparatus; buffer memory devices being computer hardware; luminous flux measuring devices; luminescence measuring devices; optical frequency metrology devices; navigation, guidance, tracking, marking and mapping devices being GPS systems; GPS navigation devices; global positioning navigation devices; devices for navigation by global tracking GPS; automatic steering devices being computers, hydraulic or servo motor actuators, radar, lidar and camera systems for vehicles; protection devices being gloves, garments shielding against x-Rays for industrial purposes, not for medical purposes; protection devices being clothing for personal use against accidents; life-saving devices being life jackets, life belts, life buoys; buoyancy compensator devices for divers; particle flow monitoring devices being flow cytometers for laboratory use; particle emission monitoring devices being emission test stands and sensors; dust emission monitors; visual display units being warning indicators in the nature of electric warning lights, alphanumeric electronic messaging displays, LED projectors, computer monitors, touch screens; input devices for computers; balancing apparatus being precision balances; electric igniting apparatus for igniting at a distance being ignition wires, ignition batteries, lasers; measuring devices electric for measuring electric current; electronic devices being monitors, touch screens, whiteboards, projectors for digital display; electronic dosimeters for faucets; electronic memories; electronic imaging devices being electronic cards for processing images; electronic devices for displaying messages being digital signage; personal inflatable flotation devices; Portable blank flash memory cards; personnel GPS tracking devices; GPS vehicle tracking devices; laser projection virtual keyboards; editing machines for cinematographic films; video cameras for monitoring babies; BLANK compact disks, DVDs and other digital recording media being blank flash memory, BLANK optical disks; blank hard disks for computers; blank laser discs; blank magnetic disks; blank magneto-optical disks; blank optical disks; heat sinks for CPUs; heat sinks for computers; automatic teller machines ATM; dosage dispensers being machines for dispensing pre-determined dosages of medication; warning flags; dynamometers; fire escape ladders; echo sounders; rotating signaling lights; earphones and headsets for cellular telephones; liquid crystal display LCD screens; high-definition projection screens and plasma display screens; flat panel electroluminescent display screens; touch-sensitive display and control computer screens; projection screens; protective face shields for workers; protective face-shields for protective helmets; Face-protection shields other than
for medical use; computer screens; computer touch screens; electrophoretic screens; facial screens being protective face masks other than for medical use; fluorescent screens; computer touch screens; radiology screens for industrial purposes, namely, projection screens; Equalizers being audio apparatus; equalizers as audio apparatus; electromagnets; electrodes; electrolyzers; downloadable computer graphics; galvanic cells; downloadable graphics for mobile telephones; transceivers; Ethernet transceivers; optical transceivers; downloadable emoticons for mobile phones; loudspeaker cabinets; encoders; magnetic encoders; audio recordings featuring music, video recordings featuring movies, documentaries, news reports, musical performances, educational materials; audio recorders; data loggers, namely, computer hardware and recorded software for data collection and maintenance; pressure recorders; event recorders; digital video recorders; electric signs; luminous signboards; mechanical signboards; digital signs; electronic lock assemblies; epidiascopes; squares for measuring; data processing equipment and computers; word processing equipment; computer component testing and calibrating equipment; electronic equipment for detecting mines; currency authentication apparatus; computer peripherals and data processing apparatus; distance measuring apparatus; Ergometers not for medical purposes; measuring standards being measuring tools having a pattern in the micrometer or nanometer ranges; electronic tags for goods; labels indicating temperature, other than for medical purposes; cases for electronic agendas; cases for optical goods being eyeglass cases, contact lenses; cases for pocket calculators; carrying cases adapted for computers; cases for sunglasses and protective eyewear; cases for spectacles and sunglasses; cases for smartphones; cases for telephones; cases for cellular telephones; cases for mobile telephones; special cases for photographic apparatus and instruments; cases especially made for transporting computers; static exciters; photographic exposure meters; coaxial cable assemblies; rescue laser signaling flares; optical fibers; electrical plugs and sockets; downloadable video and audio files featuring music, movies, documentaries, news reports, educational materials; downloadable image files containing pictures in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, underwater exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; safety nets; lifelines for safety purposes to prevent falls; exposed cinematographic films and animated films; exposed photographic films; exposed x-ray films; exposed X-ray films; Downloadable video films featuring musical performances, movies, documentaries, news reports, educational materials; plumb lines; electricity winding wires; insulated copper wire; resistance wires; identification threads for electric wires; electric cables and wires; fuse wires; magnetic wires; telegraph wires; telephone wires; inductance and capacitance filters; anti-glare filters for television apparatus; anti-glare filters for computer monitors; antenna filters; filters to block out radio interference; optical filters; non-medical filters for respiratory masks; laboratory bottles; flash bulbs for photography; swim floats for safety purposes; furnaces for laboratory experiments; frequency meters; electric fuses; galena crystals detectors for use in electronics; galvanometers; data gloves; gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial use; virtual reality gloves; fireproof gloves; disposable gloves for laboratory use; gloves for protection against accidents; gloves for divers; gasifiers for laboratory use; gasometers being measuring instruments; knee-pads for workers; flotation vests; reflective safety vests; bullet-proof vests; gramophones; gravimeters; grids for batteries; automated banking machines being computer terminals
for banking purposes; waveguides for high-power beam distribution; gyrocompasses; gyrometers; gyroscopes; clothing for protection against fire; safety restraints other than for vehicles or sports purposes, namely, lanyards, harnesses, lines for fall restraint; loudspeakers; hologram apparatus; clocks for central processing units; real-time clocks RTC; hydrometers; hygrometers; multifunction printers; inclinometers; level indicators; slope indicators; electric loss indicators; pressure indicators; quantity indicators being gas and liquid volume indicators; temperature indicators; vacuum gages; speed indicators; electrical chip inductors; electronic inductors; electric inductors; armatures for use in electrical apparatus; electric theft prevention installations being theft alarms; electric and electronic video-surveillance installations; electric installations for the remote control of industrial operations; electric installations for theft prevention being burglar alarms, theft alarms, motion sensors; Photovoltaic installations for generating electricity, namely, photovoltaic cells and panels; instruments containing eyepieces, namely, eyeglasses, cameras, telescopes; azimuth instruments; alarms being burglar alarms, sound alarms, fire alarms; surveying instruments; cosmographic instruments, namely, telescopes; measuring instruments, being measuring rules, tapes, micrometers, angle gages; leveling instruments being leveling rods, level indicators, inclinometers; material testing instruments being textile, plastic, metal, composite, adhesion, strength testing machines; observation instruments, namely, telescopes, radiation detectors, interferometers, chromatographs, gamma and x-ray detectors, x-ray imaging equipment not for medical purposes; electronic navigation instruments; checking apparatus and instruments, namely, apparatus for checking the authenticity of banknotes; instruments and apparatus for playing discs being digital versatile disc player; mathematical instruments being calculators; meteorological instruments; electric navigational instruments; surveying instruments; audio interfaces; interfaces for computers; interferometers; intercoms; Electric switches; inverters; gauges, namely, depth gauges, fuel gauges, angle gauges, level gauges, thickness gauges, pressure gauges; security token hardware as encryption devices; computer chipsets; downloadable computer games; downloadable computer games software; Downloadable game software for portable telephones; recorded game software on compact disks; recorded game software on digital optical disks; downloadable video game software; downloadable electronic newspapers; downloadable newspapers; downloadable magazines, periodicals and electronic books in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, underwater exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; binoculars; lactodensimeters; lactometers; amplifying lamps being projector lamps; microscope lamps; optical lamps; signal lanterns being optical lanterns; magic lanterns; optical lamps; lasers for measuring; lasers not for medical use; digital audio players; biometric readers; Electronic card readers; chip card readers; credit card readers; flash memory card readers; flash card readers; readers for encoded magnetic cards; memory card readers; barcode readers; hard disk drives; corrective lenses being spectacle lenses; contact lenses; ophthalmic lenses; optical lenses; joysticks for use with computers other than for video games; sounding lines being depth gauges; Electricity limiters; electronic book readers; audio books in the nature of novels, short stories, fiction, nonfiction, on a variety of topics; Downloadable e-books in the field of novels, short stories, fiction, nonfiction, on a variety of topics; downloadable electronic books in the field of novels, short stories, fiction,
nonfiction on a variety of topics; Electronic books recorded on disks featuring novels, short stories, fiction, nonfiction on a variety of topics; digital books downloadable from the Internet featuring novels, short stories, fiction, nonfiction on a variety of topics; Logs being distance measuring instruments; downloadable computer scanning software; Downloadable bioinformatics software for use in data analysis in the field of biotelemetry; Downloadable industrial process control software; downloadable computer-aided design/computer-aided manufacturing CAD/CAM software; downloadable software for encryption; downloadable database management software; Downloadable computer groupware for process visualization and control, decision support, forecasting, scheduling, device control, robotics, data visualization, communications, transaction management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management, multimedia management, sound and image capture and processing; Downloadable virtual-reality game software; downloadable electronic game software; downloadable privacy protection software; downloadable desktop publishing software; downloadable virtual reality software for computer gaming, remote exploration, education, training, microscopic teleoperation, robot control; Downloadable computer operating system software; telescopes; magnifying glasses; downloadable game software; luminous flux meters; spectacles; luxmeters for measuring the brightness or illumination of a surface; calculating machines; metal compression testing machines; metal hardness testing machines; metal strength testing machines; plastic testing machines; textile testing machines; energy distribution or control machines and apparatus, namely, electrical energy utilization metering devices, energy meters for tracking and monitoring energy usage; electronic apparatus and machines being currency sorting machines for sorting banknotes; machines and equipment for data processing; machines and instruments for testing surface roughness; time and date stamping machines; polygraph machines other than for medical use; magnetometers; pressure gauges; high pressure manometers; gas masks; oxygen masks other than for medical purposes; dust masks; swim masks; divers’ masks; scuba diving masks; freediving masks; protective masks; welding masks; solders’ helmets; respiratory masks for non-medical purposes other than for artificial respiration; wide area network hardware; local-area network LAN hardware; virtual private network VPN hardware; computer hardware; computer networking hardware; computer hardware and downloadable software for process visualization and control, decision support, forecasting, scheduling, device control, robotics, data visualization, communications, transaction management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management, multimedia management, sound and image capture and processing; computer hardware; computer hardware for telecommunication; materials for electricity mains being electric wires, electric cables; USB hardware; computer memories; Measures being measuring tapes, measuring rules, measuring lasers, angle gauges; concentration meters; pressure measuring apparatus; tape measures; acoustic meters; Measuring rules; tape measures; metronomes; microcircuits; microcontrollers; microhardness testers; microfiches containing business news, financial news; micrometers; microcomputers; microphones; microchips; microchips being computer hardware; microscopes; minicomputers; Timers, excluding those for timepieces; optical lens sights; surveyors’ rods; telescopic sights; Optical mirrors; modems; electronic load modules; integrated circuit
modules; memory expansion modules; photovoltaic cells and modules; photovoltaic modules; rectifier modules; digital signage monitors; computer monitors; smartwatches; circuit testers; multiplexers; video multiplexers; downloadable digital music; carbon nanotubes for use in extremely small scale electronic and mechanical applications; Level indicators being instruments for determining the horizontal; magnetic cores; digitizers being measuring apparatus; video digitizers being digital video cameras; Objectives being lenses for cameras, telescopes, microscopes; octants; ohmmeters; wavemeters; computers; wearable computers; notebook computers; desktop computers; hand-held computers; oscillators; oscillographs; oscilloscopes; downloadable software development tools; ozonisers; electronic indicator panels; luminous panels being flat panel lighting apparatus; solar panels for electricity production; lightning conductors; lightning conductor rods; spark-guards; computer keypads; keypads for security alarms; track pads for use with computers; horns for loudspeakers; Downloadable periodicals in electronic form in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, underwater exploration and development, economics, biotechnology, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self-help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; computer peripheral devices; mobile computer peripherals; microscopes; photocells; photocopiers; photosensors being light sensors; photodiodes; photometers; photoreceptors; light pens; phototubes; slide calipers; stands for photographic apparatus; microphone stands; Cells, namely, dry cells; solar batteries; radar guns for sporting events; planimeters; electrical terminal blocks; copper plates for printed circuit boards; electric switch plates; plates for batteries; electrical outlet plates; special electrical outlet plates; electronic circuit boards; semi-conductor wafers; silicon wafers; boards for integrated circuits; wafers for solar cells; Downloadable computer software platforms for use in process visualization and control, decision support, forecasting, scheduling, device control, robotics, data visualization, communications, transaction management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management, multimedia management, sound and image capture and processing; light-emitting electronic pointers; time clocks being time recording devices; laser pointers; quantum dots, namely, crystalline semi-conductor materials; polarimeters; fire pumps; computer network bridges; speaking tubes; exposure meters being light meters; radios; television sets; computer workstations comprising computer hardware components; preamplifiers; electrical plugs, sockets and other electric contacts and electric plugs; prisms for optical use; prisms for scientific use; prisms for optics purposes; processors being central processing units; depth gages; projectors being video projectors, movie projectors, LCD projectors, OLED projectors, overhead projectors; teeth protectors being mouth guards for sports; computer chips; pyrometers; fiber-optic connections; electric couplings; electric cable connectors; connections for electric lines; radar apparatus; X-ray photographs, other than for medical purposes; two-way radios; electrical extension cords; Protractors being measuring instruments; rectifiers; electric cell switches converters; Electrical transposers for radio and television stations;
optical reflectors; luminaire refractors; refractometers; induction voltage regulators; voltage surge protectors; voltage power regulators; voltage regulators for vehicles; static voltage regulators; speed regulators for record players; stage lighting electronic regulators; oxygen regulators; electronic power voltage regulators; dimmers being electric light dimmers for control and regulation of illumination; electric relays; relays for radio and television stations; Ethernet repeaters; radio frequency repeaters; electric resistances; resonators; rheometers for measuring the viscosity and viscoelasticity of fluids; rheostats; laboratory robots; surveillance robots for security; telepresence robots; humanoid robots with artificial intelligence; educational teaching robots; network routers; egg timers; saccharometers; bags designed for laptop computers; computer carrying cases; bags for laptop computers; bags specially designed for cameras and photographic equipment; special bags for photographic equipment and cameras; satellites for scientific use; optical scanners; biometric scanners; image scanners; scanners being data processing equipment; divers' apparatus being rebreathers; semi-conductors; clamps meters for measuring electricity; electric locks; computer servers; sextants; luminous or mechanical signals; non-explosive fog signals; Simulators being flight simulators; sirens; smartphones; sonars; probes for scientific use; probes for testing integrated circuits; marine depth finders; warning bells; sound locating instruments being sound level meters, sound amplifiers, microphones; recorded or downloaded sounds, images or data, namely, downloadable ring tones and graphics for mobile phones; direct current power supplies; high-frequency switching power supplies; electrical power supplies; uninterruptible electrical power supplies; electronic power supplies; high-voltage power sources, namely, high-voltage generators, high voltage multipliers, high voltage transformers, high voltage capacitors; computer mice; spectrophotometers for identifying and measuring colors; spectrosopes; spherometers; voltage stabilizers; power line voltage stabilizers; electronic docking stations; digital weather station instruments; stereomicroscopes; stereoscopes; stroboscopes; computer styluses; sulphitometers; superminicomputers; supercomputers; magnetic data media, namely, blank digital storage recording media; step-up transformers; radio tuners; radio signal tuners; stereo tuners; access control and alarm surveillance systems; public address systems; loudspeaker systems; laser measuring systems; satellite-aided navigation systems; global positioning systems; electronic lock systems comprised of electronic locks, proximity sensors, biometric scanners, timers; data processing systems comprised of data processing apparatus, fiber optic networks; video surveillance systems comprised of computers, networks, cameras, data storage; computer operating systems, namely, downloadable operating system programs; fire-extinguishing systems; video imaging systems comprised of downloadable computer programs for editing videos; grounding systems and apparatus; computer systems comprised of computers, downloadable computer operating programs and computer operating systems; electronic interactive whiteboards; electronic display panels; multilayer printed wiring boards being electrically insulated board for printed circuits; electric control panels; switchboards; electricity distribution boards; electronic indicator panels; audio and video mixing consoles; plotters; digital plotters; liquid crystal display PC tablets; electronic writing tablets; graphics tablets; tachometers; walkie-talkies; remote controls for computers, electric motors, switches, appliances, displays, projectors, transmitters, receivers, robots, machinery; facsimile machines; range finders being telemeters; telephones; cellular telephones; mobile telephones; Telerupters being electromechanical relays; telescopes; television sets; computer terminals; theodolites; thermistors; thermocouples; thermo-hygrometers; thermometers, not for medical use; thermostats; thyristors; magnetic cores; totalizators; curve plotters; electrical transducers; electro-acoustic transducers; acoustic transformers; transformers; electronic transistors; transmultiplexers; transponders; ring sizers; triodes; thermionic valves; electric discharge tubes other than for lighting; X-ray tubes not for medical purposes; vacuum tubes for radios; acoustic tubes for use with earphones for surveillance purposes; amplifier tubes; glass capillary tubes for laboratory use; cathode-ray tubes; Pitot tubes; laboratory storage tubes; glass tubes for scientific use; electron tubes; thermionic tubes;
vacuum tubes for radios; central processing units; electronic display units being electronic display screens; video display units being electronic display boards; semi-conductor memory units; electronic encryption units; urinometers; vacuum gauges; solenoid valves; electric light dimmers regulators; electric light dimmers; variometers; internal cooling fans for computers; fans for central processing units; battery testers; circuit testers; continuity testers; verniers; optical glass being optical lens blanks made of glass; measuring glassware; clothing for protection against fire; clothing for protection against accidents, irradiation and fire; clothing for protection against accident or injury for motorcyclists; clothing for protection against chemicals and radiation; reflective apparel and clothing for the prevention of accidents; clothing and footwear for protection against accidents, irradiation and fire; welding clothing and gloves for protection against accidents or injury; fireproof clothing; insulated clothing for protection against accident or injury; bullet-proof clothing; vibration meters; viscosimeters; video telephones; voltmeters; wattmeters; webcams, drawing instruments and apparatus adapted for use with computers, namely, touch screen pens, electronic pens, light pens, computer styluses

GOODS AND SERVICES INFORMATION
For Educational services, namely, live and online classes, seminars, courses and workshops in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; preparation and hosting of colloquiums, educational conferences, congresses, seminars, symposiums and training workshops in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; preparation and hosting of educational conferences, congresses, concerts, symposiums, seminars, lectures, lessons and training courses in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology,
aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; preparation and hosting of educational conferences, conventions, training workshops, seminars, lectures, courses and exhibitions for educational purposes in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; preparation and conducting of entertainment, sporting and cultural activities, namely, live musical concerts, sports competitions, art exhibitions, theatrical productions and computer gaming competitions; preparation and hosting of games, namely, competitions in robotics, virtual reality, 3D mapping, digitizing and printing, software coding; Preparation and hosting of tutorials in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; Preparation being organizing of film events, musical events, cultural and sporting events as well as live musical concerts, dance, sports competitions, art exhibitions, theatrical productions and computer gaming competitions BEING entertainment events; audio, movie, video and television recording services; audio recording and production services; computer-assisted training in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; digital video, audio and multimedia publishing services; radio and television program production; electronic game services provided by means of a
global communication network; electronic publication of information, namely, publication of texts, journals, magazines, books on a wide range of topics; electronic desktop publishing services; Organizing exhibitions for entertainment and cultural purposes; film production; distribution of films; game services in the nature of conducting online computer game tournaments provided via communication networks; information on education and entertainment information; lending of books and other publications; multimedia publishing of magazines, specialized journals and newspapers; multimedia publication of printed matter being books, journals, magazines; news reporter services; production and distribution of radio and television programs; production of audio and video recordings as well as of still and moving images; Providing an interactive website featuring non-downloadable movies, television and music video entertainment; provision of multimedia entertainment programs being a program series featuring comedy, variety, action, drama, adventure, art, culture, current events and languages distributed via television, broadband, wireless and on-line services; publication and written text editing of books, newspapers and magazines; publication of audio books; publication of books, periodicals, magazines, newspapers and newsletters; publication of educational text books, journals, books, and other printed matter; publication of texts and images, including in electronic form, other than for advertising purposes; television and radio entertainment, namely, ongoing online, television and radio shows in the field of comedy, variety, action, drama, adventure, art, culture, current events, history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; recording, production and distribution of films, video and audio recordings, radio and television programs; rental of books; teacher training services in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; Drafting being writing of articles for periodicals and journals other than for advertising or publicity and publication of texts other than advertising texts; photographic reporting; photographic library services; providing entertainment services in the form of live musical performances; entertainment services, namely, non-downloadable prerecorded music presented to mobile communications devices via a global computer network and wireless networks; provision of information relating to entertainment, music, live performances and entertainment events; organization of live musical performances; organization, presentation and production of shows and live performances; presentation of movies, live shows, plays or musical performances; presentation of musical performances; presentation of theatrical performances; performances by singers as entertainment services; entertainment in the nature of live performances and personal appearances
by a costumed character; theater productions; performance of live musical shows; publishing of magazines in electronic form; electronic desktop publishing; multimedia publishing of books; multimedia publishing of magazines, specialized journals and newspapers; multimedia publishing of printed matter being books, novels being, magazines, short stories, pamphlets, periodicals, journals, catalogues, instruction manuals, textbooks, fiction books, nonfiction books, graphic novels being books, guides, training manuals, workbooks, worksheets, hand-outs, checklists; multimedia publishing of journals, specialized journals and newspapers; music publishing; electronic desktop publishing; production and publishing of music; publication and written text editing of newspapers, periodicals, magazines, books and texts other than advertising texts, the aforesaid services also in electronic form; publishing and written text editing of books, newspapers, magazines, also via telecommunication networks; publication and written text editing of printed matter, namely, books, newspapers and periodicals, other than for advertising purposes; writing of articles for publications, magazines, periodicals, journals other than for advertising or publicity and publishing of texts other than advertising texts; image, video and audio editing, written text editing, other than printing; digital video, audio and multimedia publishing services; newspaper written text editing services; online digital publishing services; Live theatrical and musical shows provided at performance venues; sporting and cultural activities being televised sporting and cultural entertainment, namely, namely, live musical concerts, sports competitions, art exhibitions, dance, theatrical productions and computer gaming competitions; distribution of motion pictures; motion picture production; production, screening being movie showing and rental of motion pictures; cinematographic film projection being movie showing; cinematographic film production services; television and movie screenplay writing; scriptwriting, other than for advertising purposes; personalized coaching as an educational service, namely, personal coaching services in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, underwater exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; educational services, namely, conducting of instructional and training courses for young people and adults in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, underwater exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; dissemination of educational material of others in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, underwater exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming,
engineering, forensics, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; Written text editing of printed matter for entertainment and teaching purposes; information about education and entertainment information provided online from a computerized database or on a global computer network or via wireless electronic communication devices; information about education and entertainment information provided on-line or via television, broadband and wireless communication media; rental of educational material and apparatus, namely, physical and online books, instruction manuals, textbooks, fiction books, nonfiction books, graphic novel books, guides, training manuals, workbooks, worksheets; rental of printed publications, namely, books; Educational services in the nature of training in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care in theatrical, musical, television, radio and cinematic shows; provision of information about continuing education via the Internet; Entertainment and educational services, namely, organization of competitions in the field of education and entertainment in non-business and non-commercial; organization of educational and entertainment events, namely, live musical performances, personal appearances by an actor or spokesperson for entertainment and education purposes for professionals and executives; vocational guidance; publication of educational and training guides; electronic publishing services, namely, publication of text and graphic works of others on compact disks, DVDs, mini-disks, CD-ROMs featuring history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; publication and/or rental of interactive educational and entertainment products, namely, films and books; consultancy relating to the training of management and of personnel; Education services, namely, training in the field of life coaching; Education, namely, instruction and training relating to manufacturing and production of goods; Education, namely, training services in relation to business management; Education, namely, instruction services relating to music and dance; physical education services; higher education and academic services, namely, namely, providing courses of instruction at the college and post-graduate level; linguistic services being language instruction, and vocational education and training services, namely, vocational education in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences,
technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care

**For**  Particle accelerators; graphic accelerators; accelerometers; accessories for computers, namely, mice, trackballs, stylus, pens, digitizing surfaces, touch interfaces, body, hand, finger and eye position and gesture detection, external memory storage, display monitors and display projectors, virtual reality headsets that feature audio, video, smell, taste and tactile feedback; fiber-optic couplings; electric couplings; accumulators; acidimeters for accumulators; actinometers; power adapters; memory adapters being computer memory devices; computer sound, graphics, network and memory adapters; electrical adapters; Ethernet adapters; computer flash memory card adapters; computer card adapters; flash card adapters; computer network adapters; radio frequency adapters; aerometers; magnets; stills for laboratory experiments; theft alarms, anti-intrusion alarms, vapor and gas detection alarms, movement detection motion detectors; alcohol meters; alidades; high-frequency switching power supplies; electricity supplies being power supplies; altimeters; ampere-hour meter; ampere-hour meters; ammeters; amplifiers; semiconductor optical amplifiers; residual gas analyzers; nano-particle size analyzers; anemometers; calibrating rings; anodes; antennas; anticathodes; apertometers; breathing apparatus other than for artificial respiration, namely, breathing apparatus for hazardous environments, underwater; high-frequency apparatus, namely, sensors, transmitters, receivers, signal generators; apparatus for measuring the thickness of sheets, plates and films; plate cameras; X-ray apparatus not for medical use; audiovisual apparatus being virtual reality headsets that feature 2D and 3D display and digital mapping; automatic laboratory ion-exchange chromatography apparatus; cathodic anti-corrosion apparatus; analysis apparatus other than for medical use, namely, electric sensors for determining chemical and biological composition and detection of hazardous substances; gas analysis apparatus being residual gas analyzers; automatic chromatography apparatus for laboratory use; chromatography apparatus for laboratory use; gas chromatography apparatus for laboratory use; coding and decoding apparatus; remote control apparatus for air conditioning installations; electric and electronic control apparatus for use with apparatus or installations for heating; electric and electronic control apparatus for use with apparatus or installations for ventilation; electronic apparatus for controlling machines and machine parts; automatic switching apparatus for telecommunication; switching apparatus for digital telephony; apparatus for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electrical conductors, wires and cables including electrical superconductors, manual, automatic and remote switches including high-speed signal switching, transformers, inverters, capacitors, batteries, voltage regulators, electrical meters and measuring equipment; heat regulating apparatus, namely, analog and digital thermostats; oxygen regulating apparatus being oxygen regulators not for medical purposes; diagnostic apparatus other than for medical use, namely, diagnostic apparatus for testing food, water and air quality, plant health; diffraction apparatus, namely, endoscopy cameras for industrial purposes; apparatus for the dissemination, recording, transmission or reproduction of sounds, data or images; vacuum distillation apparatus for laboratories; dosing devices being dispensers of
preset portions of fluids, solid granules and powder for dosing purposes, all not for medical use; apparatus for fermentation for laboratory use; video playback apparatus; apparatus for measuring radioactivity; sound measuring apparatus, namely, sound level meters, frequency meters; apparatus for measuring wire diameter; precision measuring apparatus, namely, electric sensors for depth, thickness, hardness, ductility, conductivity, distance measurement, volume measurement of solids, gasses and liquids; radiation measuring instruments; video multiplexers; navigation apparatus for vehicles; satellite navigation apparatus, namely, a global positioning system GPS; navigation apparatus for vehicles being on-board computers; multi-purpose cameras; slide or photograph projection apparatus; photograph projection apparatus; radio and televisions; rebreathers for diving; apparatus for the input, extraction, transmission and storage of data, namely, computers, railway signals, luminous or mechanical; naval signaling apparatus, namely, buoys and land-based optical and electromagnetic transceivers; monitoring apparatus being electronic devices other than for medical use, namely, for monitoring temperature, movement and position detection; gas flow monitors; Apparatus being optical and electronic sensors, electronic signal transmitters and computers, for monitoring and recording the performance of machines; digital telecommunication apparatus, namely, wired and wireless transmitters and receivers, signal processors; telecommunication apparatus, namely, wired and wireless transmitters and receivers, signal processors for use with digital and analog signals; automatic telegraph apparatus; remote controls for computers, electric motors, switches, appliances, displays, projectors, transmitters, receivers, robots, machinery; cellular telephony apparatus; mobile telephone apparatus with built-in facsimile systems; wireless telephony apparatus; televisions; data processing apparatus; data processing apparatus and computers; word processing equipment; apparatus for recording, transmission, processing and reproduction of sounds, images or data; teaching and instructional apparatus, namely, teaching robots, computers, liquid crystal displays, multimedia projectors, electronic whiteboards; apparatus for testing printed circuits; holography apparatus, namely, lasers, cameras, optical sensors, projectors and recorders; magnetic resonance imaging (MRI) apparatus not for medical use; intercommunication apparatus being telephone handsets and headsets; ionization apparatus not for the treatment of air or water for industrial, scientific and laboratory use; electric control, testing and monitoring apparatus, namely, servomotors, multimeters, electrical load simulators; electric apparatus for commutation, namely, commutators; electric regulating apparatus being voltage regulators; electric measuring apparatus being electronic devices for measuring electric current; electric telecommunication apparatus, namely, electric cables, switches, transmitters, receivers, signal processors; electro-dynamic apparatus for the remote control of signals; electronic telecommunication apparatus being facsimile machines, network equipment, namely, handsets, headsets, computers, transmitters, receivers, signal processors; electronic telecommunication line integrity testing apparatus; electronic apparatus for remote control of signals; electronic apparatus for wireless reception, storage and transmission of data and messages, namely, facsimile machines, handsets, headsets, computers, transmitters, receivers, signal processors; electronic apparatus for testing the sterility of medical equipment; photovoltaic apparatus and installations for solar electricity production, namely,
photovoltaic modules, cells, panels and inverters; X-ray apparatus not for medical use; chemistry apparatus and instruments being spectrometers, sensors for measuring weight, viscosity, conductivity, temperature and detecting presence or absence of specific substances; laboratory apparatus and instruments, namely, pipettes, trays, gasifiers, furnaces, flasks, beakers, petri dishes, test tubes, gas and vapor containment and extraction fixtures; measuring and control apparatus and instruments, namely, robotic and teleoperated lifting, movement and placement, sensors for measuring weight, viscosity, electrical measurement, temperature and detecting presence or absence of specific substances; weighing apparatus and instruments being weighing scales, strain gages; apparatus and instruments for physics being prisms for scientific purposes, ammeters, barometers, spectrometers, particle detectors; radio apparatus and instruments being radios, radio receivers and radio signal tuners; satellite reception and transmission apparatus and instruments, namely, satellite receivers, satellite dishes, signal amplifiers, processors and compression units; signaling apparatus and instruments, namely, digital signal processors, transmitters, receivers, optical and electromagnetic sensors; remote control apparatus and instruments, namely, remote controls for computers, electric motors, switches, appliances, displays, projectors, transmitters, receivers, robots, machinery, vehicles; apparatus and instruments, namely, computers, computer servers, computer disk drives, solid state drives, network storage hardware and servers, portable blank storage devices, computer graphics boards and sound cards, network adapters, for transferring, receiving and storing sounds, images and data, in digital and analog form; electronic navigational, tracking and positioning apparatus and instruments, namely, GPS receivers, satellite phones, radar antennas, lidars, digital and robotic sextants, inertial navigation units being electric navigational instruments, embedded transmitters; surveying machines and instruments; multimedia apparatus and instruments being multimedia displays and projectors, accelerator boards, headsets; nautical apparatus and instruments being navigation apparatus for boats, radar apparatus, wildlife encoded tracking tags, satellite receivers and transmitters, depth gages, sonars; optical apparatus and instruments, namely, telescopes, tracking scopes, laser tracking devices being laser scanners for tagging, optical scanners for facial recognition, high-speed cameras, ultraviolet and infrared detectors and cameras, spectral analyzers; photographic, cinematographic and optical apparatus and instruments, namely, cameras, robotic and motion-stabilized camera and light mounts for flights used with digital cameras, light meters for measuring the lumen output of LED light bulbs; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, namely, transformers, electronic circuit switches, cables and cable connectors, junction panels and boxes, fuses, circuit breakers, fuse and breaker panels and boxes, voltage regulators, inverters, electric accumulators, batteries, capacitors, transistors, resistors, insulators, electric meters; apparatus and instruments for microscopy being microscopes; apparatus and instruments for satellite transmission reception and decoding being satellite receivers, satellite dishes, signal amplifiers, processors and compression units; apparatus and instruments for astronomy, namely, telescopes; apparatus and instruments for regulating electricity being voltage regulators; downloadable or recorded software for use in process visualization and control, decision support, forecasting, scheduling, device control, robotics, data management, database management, datacenter management, data visualization, communications, transaction management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management, multimedia management, sound and image capture and processing; blank digital or analog recording and storage media; cash registers, calculating machines; computers
and computer peripherals; fire extinguishers; scientific, optical, measuring, signaling and checking apparatus and instruments, namely, telescopes, tracking telescopes, laser tracking telescopes, optical scanners for facial recognition, high-speed cameras, ultraviolet and infrared detectors and cameras, spectral analyzers; cinematographic cameras, projectors; sounding apparatus and machines being sound recording, processing and sound reproducing apparatus and instruments; electrostatic grounding apparatus and systems being protective electrostatic discharge grounding gloves, grounding relays, antennas, circuit overvoltage protection relays and surge protectors; apparatus and systems comprised primarily of recorded computer software for the security of banking operations carried out over the Internet; heliographic apparatus; computer apparatus being computers, computer peripherals, computer network-attached storage, network computer cards, computer monitor displays and projectors; optical viewing and recording apparatus being cameras, flat panel computer displays, LCD projectors, computer screens; computer peripherals; photographic apparatus being cameras robotic and motion-stabilized camera and light mounts, stroboscopes, flash and continuous illumination lights for use with digital cameras; digital cameras; photovoltaic apparatus for converting solar radiation to electrical energy; apparatus for recording data; Global positioning system GPS apparatus; distillation apparatus for scientific use; Apparatus being static electricity eliminators, accumulators and discharge electronic circuits and grounding wire for controlling static electricity; distance measuring apparatus; Phototelegraphy apparatus; Chargers for charging electric accumulators; sound reproduction apparatus; breathing apparatus for divers, namely, rebreathers, except for artificial respiration; Transmitting and receiving apparatus for transmission of radio programs and radio relay messages; Apparatus being antennas, transmitters, relays and receivers for transmission of radio broadcasts and radio relay messages; apparatus for verifying data on magnetically encoded cards; sound amplifiers; air analysis apparatus; food analysis apparatus, namely, diagnostic apparatus for testing food and detecting contaminants; gas analysis apparatus; testing apparatus not for medical use, namely, apparatus for testing gas, liquids and solids; diagnostic apparatus for testing food, soil and plants not for medical use; speed measuring apparatus being radar detectors, laser speed detectors, stroboscopes and telescopes; apparatus for processing electronic payments being multi-functional electronic payment terminals; data processing apparatus; distance recording apparatus; time recording apparatus; blueprint apparatus being blueprinting machines; global positioning system; global positioning system GPS apparatus; oxygen transvasing apparatus; underwater breathing apparatus; Roentgen apparatus not for medical purposes; scientific apparatus being radiation detectors, interferometers, chromatographs, gamma and x-ray detectors, x-ray imaging equipment not for medical purposes; school apparatus being scanners, document printers, digital copiers and multifunction machines being digital copier and fax machines, teaching robots, computers, computer display monitors, projectors, electronic whiteboards; stereoscopic apparatus being stereoscopes; telephone apparatus; wireless telephone apparatus; downloadable computer software applications for use in process visualization and control, decision support, forecasting, scheduling, device control, robotics, data management, database management, datacenter management, data visualization, communications, transaction management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management, multimedia management, sound and image capture and processing; downloadable and recorded computer software applications for computers, smart phones, mobile telephones and tablet computers for use in financial, banking and insurance transaction services; optical goods being optical scanners, recorders, filters, disks and disk players; laboratory glassware; attenuators; talking books, namely, audio books in the field of history, literature, education, law, arts, religion,
philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; thermionic valves for radios; autocollimators; auto-transformers; rods for water diviners; computer chassis; scales; luminous beacons for safety or signaling; lighting ballasts; barometers; diode arrays; scales being weighing apparatus; electronic databases recorded on computer media in the field of process visualization and control, decision support, forecasting, scheduling, device control, robotics, data visualization, communications, transactions, management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management, multimedia management, sound and image capture and processing; betatrons; electronic tickets encoded with security features recorded on computer media; tickets in the form of magnetic identifying cards; biomicroscopes; biochips for research or scientific purposes; bioreactors for laboratory use; bioreactors for cell culture; bioreactors for research; electrical power distribution blocks; electrical terminal blocks; digital notepads; battery packs; feedback coils being electronic coils; feedback electric coils for electrical apparatus; Impedance choking coils for use in electrical apparatus; electric choking coils for electrical apparatus; electromagnetic coils; electric coils; magnetic coils; switchboxes; electricity switchboxes; electric fuse boxes; boxes adapted for slides; junction boxes; electric power distribution boxes; Petri dishes; black boxes being data recorders; interactive touch-screen terminals; electrical terminal boxes; luminous or mechanical road signs; trackballs enabling to move the cursor; electric buzzers; electronic buzzers; directional compasses; electrical controllers being push buttons for bells; electric wiring; fiber-optic cables; covers for electric outlets; electronic padlocks; cash registers, calculating machines, data processing equipment; electronic calculators; calculating machines; calipers; calorimeters; electric ducts; electron guns for scientific and laboratory purposes; infrared sensors; electric measuring sensors other than for medical use; printed circuit boards provided with integrated circuits; magnetically encoded cards for storing data, namely, magnetically encoded gift cards, identify cards; blank integrated circuit cards; encoded smart cards containing programming used for secure facility access, banking purposes; blank smart cards; microchip cards; microchip or magnetically encoded credit cards, microchip or magnetically encoded telephone cards, microchip or magnetically encoded cards for cash dispensers, microchip or magnetically encoded cards for automated teller machines and money exchange machines, prepaid microchip or magnetically encoded cards for cellular telephones, microchip or magnetically encoded travel and show admission cards, microchip or magnetically encoded check guarantee cards and microchip or magnetically encoded debit cards; multimedia accelerator boards; accelerator boards for computers; electronic circuit cards; printed circuit boards; Blank flash memory cards; blank random-access memory cards; local area network computer cards LAN for connecting portable computer devices to computer networks; Computer memory extension cards; extension cards for computers; electronic cards encoded with security features for identification; interface cards for data
processing apparatus in the form of printed circuits; interface cards for computers being printed circuits; Encoded electronic
cards containing business information; Ethernet cards; fax modem cards for computers; daughterboards; flash cards being
blank flash memory cards; graphics cards; computer graphics cards; computer plug-in cards; encoded magnetic cards being
magnetically encoded key cards; magnetic identity cards; memory cards; integrated circuit memory cards; memory cards being
hardware; memory cards being computer hardware; memory cards for cameras; blank memory cards for cameras; memory
cards for video game machines; motherboards; computer motherboards and daughterboards; computer fax modem cards; PC
cards; PCMCIA cards; downloadable electronic road maps; SIM cards; sound cards; magnetically encoded prepaid telephone
cards; video display cards; magnetically encoded key cards; encoded key cards; electronic key cards; magnetically encoded
key cards; electronic key cards; game cartridges for use with electronic game apparatus; video game cartridges; computer
game cartridges; video game cartridges; protective helmets; virtual reality helmets; safety helmets; helmets for telephones;
headsets for mobile telephones; wireless headsets for mobile telephones; stereo headphones; telephone headsets; cathodes;
support belts for workers; electrolytic cells; photoelectric cells; photovoltaic cells and solar electric panels; solar cells;
automatic telephone exchanges; electronic telephone exchanges; laboratory centrifuges; battery chargers; chargers for electric
storage batteries; footwear for protection against accidents, irradiation and fire; chronographs being apparatus for recording
elapsed time; electronic circuits; printed circuits; integrated circuits; large-scale integrated circuits; integrated circuits
containing programs for audio, video or computer data processing; electronic integrated circuits; computer keyboards;
multifunction computer keyboards; memory keys being USB keys, blank flash memory cards; Blank USB flash drives; thin
clients being computers; gradient indicators; encoders; coelostats; electric collectors being photovoltaic cells; chromatography
columns for laboratory use; distillation columns for laboratories; Electric color meters; diving suits; diving masks, earplugs for
diving, nose clips for divers and swimmers, diving gloves, breathing apparatus for underwater swimming; survival suits; fire-
retardant flight suits; diving suits, gloves and masks, ear plugs and nose clips for divers and swimmers, breathing apparatus for
underwater swimming; wet suits for scuba diving; protective suits for aviators; combination video players and recorders;
remote controls for computers, electric motors, switches, appliances, displays, projectors, transmitters, receivers, robots,
machinery; electric switches; Ethernet switches; commutators; comparators; phase compensators; electronic components,
namely, integrated circuits, printed circuit boards, resistors, transistors, thermistors, capacitors, diodes, vacuum tubes,
switches, potentiometers, circuit breakers; electronic components for integrated circuit cards; electronic components for
computers; automatic telephone dialers; electronic telephone dialers; pedometers; revolution counters; gas meters; water
meters; electricity meters; Geiger counters; digital panel meters; computer network hubs, switches and routers; capacitors;
optical condensers; electricity conduits; electric cable ducts; circuit closers; electric connectors; electric contacts; electric
charge controllers; Ethernet controllers; RAID controllers; analog-to-digital converters; cable television converters; frequency
converters; electric converters; electronic power converters; digital-to-analog converters; electrostatic copying machines;
digital color copiers; math co-processors; circuit breakers; acoustic couplers; couplers being data processing equipment;
protective headgear being protective helmets and eyewear, face shields; Laboratory crucibles; cyclotrons; flow meters;
television decoders; demodulators; demultiplexers; densimeters; video disks and video tapes with recorded animated cartoons;
Detectors being metal, radar, intrusion, motion, sound, light, movement detectors; pressure regulators for scuba diving;
acoustic diaphragms; distance measuring apparatus; recorded and downloadable electronic dictionaries; Downloadable
educational software for use in learning history, literature, education, law, arts, religion, philosophy, architecture, design,
planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment,
biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and
development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; diodes; silicon carbide diodes; electroluminescence diodes; quantum dot light-emitting diodes; quantum dot light-emitting diodes QLED; light-emitting diodes LED; organic light-emitting diodes; organic light-emitting diodes OLED; polymer light-emitting diodes; polymer light-emitting diodes PLED; laser diodes; circuit breakers; Device being wireless routers, wireless transmitters, receivers and relays for wireless connection between portable electronic apparatus; semiconductor; anti-interference devices for electricity being interferometers; baby monitors; cathodic anti-corrosion apparatus; Displays with light-emitting diodes LED; electrophoretic displays; personal electronic alarm devices being electronic alarms for providing notice of entry and exit, fall alarms; nano-particle size analyzers for laboratory use for molecular analysis; computing devices being computers; acoustic coupling devices; GPS tracking and location devices; devices for tracking by means of global positioning systems; tracking devices being global positioning systems GPS; semiconductor memory units; semi-conductor memories for use with data processing apparatus; buffer memory devices being computer hardware; luminous flux measuring devices; luminescence measuring devices; optical frequency metrology devices; navigation, guidance, tracking, marking and mapping devices being GPS systems; GPS navigation devices; global positioning navigation devices; devices for navigation by global tracking GPS; automatic steering devices being computers, hydraulic or servo motor actuators, radar, lidar and camera systems for vehicles; protection devices being gloves, garments shielding against x-Rays for industrial purposes, not for medical purposes; protection devices being clothing for personal use against accidents; life-saving devices being life jackets, life belts, life buoys; buoyancy compensator devices for divers; particle flow monitoring devices being flow cytometers for laboratory use; particle emission monitoring devices being emission test stands and sensors; dust emission monitors; visual display units being warning indicators in the nature of electric warning lights, alphanumeric electronic messaging displays, LED projectors, computer monitors, touch screens; input devices for computers; balancing apparatus being precision balances; electric igniting apparatus for igniting at a distance being ignition wires, ignition batteries, lasers; measuring devices electric for measuring electric current; electronic devices being monitors, touch screens, whiteboards, projectors for digital display; electronic dosimeters for faucets; electronic memories; electronic imaging devices being electronic cards for processing images; electronic devices for displaying messages being digital signage; personal inflatable flotation devices; Portable blank flash memory cards; personnel GPS tracking devices; GPS vehicle tracking devices; laser projection virtual keyboards; editing machines for cinemographic films; video cameras for monitoring babies; blank compact disks, DVDs and other digital recording media being blank flash memory, blank optical disks; blank hard disks for computers; blank laser discs; blank magnetic disks; blank magneto-optical disks; blank optical disks; heat sinks for CPUs; heat sinks for computers; automatic teller machines ATM; dosage dispensers being machines for dispensing pre-determined dosages of medication; warning flags; dynamometers; fire escape ladders; echo sounders; rotating signaling lights; earphones and headsets for cellular telephones; liquid crystal display LCD screens; high-definition projection screens and plasma display screens; flat panel electroluminescent display screens; touch-sensitive display and control computer screens; projection screens; protective face shields for workers; protective face-shields for protective helmets; Face-protection shields other than for medical use; computer screens; computer touch screens; electrophoretic screens; facial screens being protective face masks other than for
medical use; fluorescent screens; computer touch screens; radiology screens for industrial purposes, namely, projection screens; Equalizers being audio apparatus; equalizers as audio apparatus; electromagnets; electrodes; electrolyzers; downloadable computer graphics; galvanic cells; downloadable graphics for mobile telephones; transceivers; Ethernet transceivers; optical transceivers; downloadable emoticons for mobile phones; loudspeaker cabinets; encoders; magnetic encoders; audio recordings featuring music, video recordings featuring movies, documentaries, news reports, musical performances, educational materials; audio recorders; data loggers, namely, computer hardware and recorded software for data collection and maintenance; pressure recorders; event recorders; digital video recorders; electric signs; luminous signboards; mechanical signboards; digital signs; electronic lock assemblies; epidiascopes; squares for measuring; data processing equipment and computers; word processing equipment; computer component testing and calibrating equipment; electronic equipment for detecting mines; currency authentication apparatus; computer peripherals and data processing apparatus; distance measuring apparatus; Ergometers not for medical purposes; measuring standards being measuring tools having a pattern in the micrometer or nanometer ranges; electronic tags for goods; labels indicating temperature, other than for medical purposes; cases for optical goods being eyeglass cases, contact lenses; cases for pocket calculators; carrying cases adapted for computers; cases for sunglasses and protective eyewear; cases for spectacles and sunglasses; cases for smartphones; cases for telephones; cases for cellular telephones; cases for mobile telephones; special cases for photographic apparatus and instruments; cases especially made for transporting computers; static exciters; photographic exposure meters; coaxial cable assemblies; rescue laser signaling flares; optical fibers; electrical plugs and sockets; downloadable video and audio files featuring music, movies, documentaries, news reports, educational materials; downloadable image files containing pictures in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, underwater exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; safety nets; lifelines for safety purposes to prevent falls; exposed cinematographic films and animated films; exposed photographic films; exposed x-ray films; exposed X-ray films; Downloadable video films featuring musical performances, movies, documentaries, news reports, educational materials; plumb lines; electricity winding wires; insulated copper wire; resistance wires; identification threads for electric wires; electric cables and wires; fuse wires; magnetic wires; telegraph wires; telephone wires; inductance and capacitance filters; anti-glare filters for television apparatus; anti-glare filters for computer monitors; antenna filters; filters to block out radio interference; optical filters; non-medical filters for respiratory masks; laboratory bottles; flash bulbs for photography; swim floats for safety purposes; furnaces for laboratory experiments; frequency meters; electric fuses; galena crystals detectors for use in electronics; galvanometers; data gloves; gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial use; virtual reality gloves; fireproof gloves; disposable gloves for laboratory use; gloves for protection against accidents; gloves for divers; gasifiers for laboratory use; gasometers being measuring instruments; knee-pads for workers; flotation vests; reflective safety vests; bullet-proof vests; gramophones; gravimeters; grids for batteries; automated banking machines being computer terminals for banking purposes; waveguides for high-power beam distribution; gyrocompasses; gyrometers; gyroscopes; clothing for
protection against fire; safety restraints other than for vehicles or sports purposes, namely, lanyards, harnesses, lines for fall restraint; loudspeakers; hologram apparatus; clocks for central processing units; real-time clocks RTC; hydrometers; hygrometers; multifunction printers; inclinometers; level indicators; slope indicators; electric loss indicators; pressure indicators; quantity indicators being gas and liquid volume indicators; temperature indicators; vacuum gages; speed indicators; electrical chip inductors; electronic inductors; electric inductors; armatures for use in electrical apparatus; electric theft prevention installations being theft alarms; electric and electronic video-surveillance installations; electric installations for the remote control of industrial operations; electric installations for theft prevention being burglar alarms, theft alarms, motion sensors; Photovoltaic installations for generating electricity, namely, photovoltaic cells and panels; instruments containing eyepieces, namely, eyeglasses, cameras, telescopes; azimuth instruments; alarms being burglar alarms, sound alarms, fire alarms; surveying instruments; cosmographic instruments, namely, telescopes; measuring instruments, being measuring rules, tapes, micrometers, angle gages; leveling instruments being leveling rods, level indicators, inclinometers; material testing instruments being textile, plastic, metal, composite, adhesion, strength testing machines; observation instruments, namely, telescopes, radiation detectors, interferometers, chromatographs, gamma and x-ray detectors, x-ray imaging equipment not for medical purposes; electronic navigation instruments; checking apparatus and instruments, namely, apparatus for checking the authenticity of banknotes; instruments and apparatus for playing discs being digital versatile disc player; mathematical instruments being calculators; meteorological instruments; electric navigational instruments; surveying instruments; audio interfaces; interfaces for computers; interferometers; intercoms; Electric switches; inverters; gauges, namely, depth gauges, fuel gauges, angle gauges, level gauges, thickness gauges, pressure gauges; security token hardware as encryption devices; computer chipsets; downloadable computer games; downloadable computer games software; Downloadable game software for portable telephones; recorded game software on compact disks; recorded game software on digital optical disks; downloadable video game software; downloadable electronic newspapers; downloadable newspapers; downloadable magazines, periodicals and electronic books in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, underwater exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; binoculars; lactodensimeters; lactometers; amplifying lamps being projector lamps; microscope lamps; optical lamps; signal lanterns being optical lanterns; magic lanterns; optical lamps; lasers for measuring; lasers not for medical use; digital audio players; biometric readers; Electronic card readers; chip card readers; credit card readers; flash memory card readers; flash card readers; readers for encoded magnetic cards; memory card readers; barcode readers; hard disk drives; corrective lenses being spectacle lenses; contact lenses; ophthalmic lenses; optical lenses; joysticks for use with computers other than for video games; sounding lines being depth gauges; Electricity limiters; electronic book readers; audio books in the nature of novels, short stories, fiction, nonfiction, on a variety of topics; Downloadable e-books in the field of novels, short stories, fiction, nonfiction, on a variety of topics; downloadable electronic books in the field of novels, short stories, fiction, nonfiction on a variety of topics; Electronic books recorded on disks featuring novels, short stories, fiction, nonfiction on a
variety of topics; digital books downloadable from the Internet featuring novels, short stories, fiction, nonfiction, on a variety of topics; Logs being distance measuring instruments; downloadable computer scanning software; Downloadable bioinformatics software for use in data analysis in the field of biotelemetry; Downloadable industrial process control software; downloadable computer-aided design/computer-aided manufacturing CAD/CAM software; downloadable software for encryption; downloadable database management software; Downloadable computer groupware for process visualization and control, decision support, forecasting, scheduling, device control, robotics, data visualization, communications, transaction management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management, multimedia management, sound and image capture and processing; Downloadable virtual-reality game software; downloadable electronic game software; downloadable privacy protection software; downloadable desktop publishing software; downloadable virtual reality software for computer gaming, remote exploration, education, training, microscopic teleoperation, robot control; Downloadable computer operating system software; telescopes; magnifying glasses; downloadable game software; luminous flux meters; spectacles; luxmeters for measuring the brightness or illumination of a surface; calculating machines; metal compression testing machines; metal hardness testing machines; metal strength testing machines; plastic testing machines; textile testing machines; energy distribution or control machines and apparatus, namely, electrical energy utilization metering devices, energy meters for tracking and monitoring energy usage; electronic apparatus and machines being currency sorting machines for sorting banknotes; machines and equipment for data processing; machines and instruments for testing surface roughness; time and date stamping machines; polygraph machines other than for medical use; magnetometers; pressure gauges; high pressure manometers; gas masks; oxygen masks other than for medical purposes; dust masks; swim masks; divers' masks; scuba diving masks; freediving masks; protective masks; welding masks; solderers' helmets; respiratory masks for non-medical purposes other than for artificial respiration; wide area network hardware; local-area network LAN hardware; virtual private network VPN hardware; computer hardware; computer networking hardware; computer hardware and downloadable software for process visualization and control, decision support, forecasting, scheduling, device control, robotics, data visualization, communications, transaction management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management, multimedia management, sound and image capture and processing; computer hardware, computer hardware for telecommunication; materials for electricity mains being electric wires, electric cables; USB hardware; computer memories; Measures being measuring tapes, measuring rules, measuring lasers, angle gauges; concentration meters; pressure measuring apparatus; tape measures; acoustic meters; Measuring rules; tape measures; metronomes; microcircuits; microcontrollers; microhardness testers; microfiches containing business news, financial news; micrometers; microcomputers; microphones; microchips; microchips being computer hardware; microscopes; minicomputers; Timers, excluding those for timepieces; optical lens sights; surveyors' rods; telescopic sights; Optical mirrors; modems; electronic load modules; integrated circuit modules; memory expansion modules; photovoltaic cells and modules; photovoltaic modules; rectifier modules; digital
signage monitors; computer monitors; smartwatches; circuit testers; multiplexers; video multiplexers; downloadable digital music; carbon nanotubes for use in extremely small scale electronic and mechanical applications; Level indicators being instruments for determining the horizontal; magnetic cores; digitizers being measuring apparatus; video digitizers being digital video cameras; Objectives being lenses for cameras, telescopes, microscopes; octants; ohmmeters; wavemeters; computers; wearable computers; notebook computers; desktop computers; hand-held computers; oscillators; oscillographs; oscilloscopes; downloadable software development tools; ozonisers; electronic indicator panels; luminous panels being flat panel lighting apparatus; solar panels for electricity production; lightning conductors; lightning conductor rods; spark-guards; computer keypads; keypads for security alarms; track pads for use with computers; horns for loudspeakers; Downloadable periodicals in electronic form in the field of history, literature, education, law, arts, religion, philosophy, architecture, design, planning, the sciences, technology, aerospace, manufacturing, energy, ecology, nature, agriculture, aquaculture, environment, biosphere, terraforming, exploration and development, space exploration and development, undersea exploration and development, economics, probiotics, resource management, virtual reality, information technology, information systems, computer technology, computer languages, computer programming, engineering, forensics, systems, general systems theory and application, current events, news, politics, adventure, entertainment, sports, athletics, gaming, consumer information, government, institutions, business, nonprofit organizations and NGO, spirituality, psychology, criminology, self help, counseling, medicine, healing, human potential, communication, language, romance, fitness, wellness, relationships, parenting and child care; computer peripheral devices; mobile computer peripherals; periscopes; photocells; photocopiers; photosensors being light sensors; photodiodes; photometers; photoresistors; light pens; phototubes; slide calipers; stands for photographic apparatus; microphone stands; Cells, namely, dry cells; solar batteries; radar guns for sporting events; planimeters; electrical terminal blocks; copper plates for printed circuit boards; electric switch plates; plates for batteries; electrical outlet plates; special electrical outlet plates; electronic circuit boards; semi-conductor wafers; silicon wafers; boards for integrated circuits; wafers for solar cells; Downloadable computer software platforms for use in process visualization and control, decision support, forecasting, scheduling, device control, robotics, data visualization, communications, transaction management, security, network management, web development and hosting, blockchain applications, information capture and processing, information delivery, media delivery, measurement and analysis applications, application development, computer operating systems, CAD, modeling, 2D and 3D printing, machine learning and artificial intelligence applications, language translation, virtual reality applications, symbolic processing and operations, signal detection and processing, quantum computing and networking, word processing, spreadsheets, project management, multimedia management, sound and image capture and processing; light-emitting electronic pointers; time clocks being time recording devices; laser pointers; quantum dots, namely, crystalline semi-conductor materials; polarimeters; fire pumps; computer network bridges; speaking tubes; exposure meters being light meters; radios; television sets; computer workstations comprising computer hardware components; preamplifiers; electrical plugs, sockets and other electric contacts and electric plugs; prisms for optical use; prisms for scientific use; prisms for optics purposes; processors being central processing units; depth gages; projectors being video projectors, movie projectors, LCD projectors, OLED projectors, overhead projectors; teeth protectors being mouth guards for sports; computer chips; pyrometers; fiber-optic connections; electric couplings; electric cable connectors; connections for electric lines; radar apparatus; X-ray photographs, other than for medical purposes; two-way radios; electrical extension cords; Protractors being measuring instruments; rectifiers; electric cell switches converters; Electrical transposers for radio and television stations; optical reflectors; luminaire refractors; refractometers; induction voltage regulators; voltage surge protectors; voltage power
regulators; voltage regulators for vehicles; static voltage regulators; speed regulators for record players; stage lighting
electronic regulators; oxygen regulators; electronic power voltage regulators; dimmers being electric light dimmers for control
and regulation of illumination; electric relays; relays for radio and television stations; Ethernet repeaters; radio frequency
repeaters; electric resistances; resonators; rheometers for measuring the viscosity and viscoelasticity of fluids; rheostats;
laboratory robots; surveillance robots for security; telepresence robots; humanoid robots with artificial intelligence;
educational teaching robots; network routers; egg timers; saccharometers; bags designed for laptop computers; computer
carrying cases; bags for laptop computers; bags specially designed for cameras and photographic equipment; special bags for
photographic equipment and cameras; satellites for scientific use; optical scanners; biometric scanners; image scanners;
scanners being data processing equipment; divers' apparatus being rebreathers; semi-conductors; clamps meters for measuring
electricity; electric locks; computer servers; sextants; luminous or mechanical signals; non-explosive fog signals; Simulators
being flight simulators; sirens; smartphones; sonars; probes for scientific use; probes for testing integrated circuits; marine
depth finders; warning bells; sound locating instruments being sound level meters, sound amplifiers, microphones; recorded or
downloaded sounds, images or data, namely, downloadable ring tones and graphics for mobile phones; direct current power
supplies; high-frequency switching power supplies; electrical power supplies; uninterruptible electrical power supplies;
electronic power supplies; high-voltage power sources, namely, high-voltage generators, high voltage multipliers, high voltage
transformers, high voltage capacitors; computer mice; spectrograph apparatus; Spectrophotometers for identifying and
measuring colors; spectrosopes; spherometers; voltage stabilizers; power line voltage stabilizers; electronic docking stations;
digital weather station instruments; stereomicroscopes; stereoscopes; stroboscopes; computer styluses; sulphitometers;
superminicomputers; supercomputers; magnetic data media, namely, blank digital storage recording media; step-up
transformers; radio tuners; radio signal tuners; stereo tuners; access control and alarm surveillance systems; public address
systems; loudspeaker systems; laser measuring systems; satellite-aided navigation systems; global positioning systems;
electronic lock systems comprised of electric locks, proximity sensors, biometric scanners, timers; data processing systems
comprised of data processing apparatus, fiber optic networks; video surveillance systems comprised of computers, networks,
cameras, data storage; computer operating systems, namely, downloadable operating system programs; fire-extinguishing
systems; video imaging systems comprised of downloadable computer programs for editing videos; grounding systems and
apparatus, namely, electric wires and electronic circuits; computer systems comprised of computers, downloadable computer
operating programs and computer operating systems; electronic interactive whiteboards; electronic display panels; multilayer
printed wiring boards being electrically insulated board for printed circuits; electric control panels; switchboards; electricity
distribution boards; electronic indicator panels; audio and video mixing consoles; plotters; digital plotters; liquid crystal
display PC tablets; electronic writing tablets; graphics tablets; tachometers; walkie-talkies; remote controls for computers,
electric motors, switches, appliances, displays, projectors, transmitters, receivers, robots, machinery; facsimile machines; range
finders being telemeters; telephones; cellular telephones; mobile telephones; Telerupters being electromechanical relays;
telescopes; television sets; computer terminals; theodolites; thermistors; thermocouples; thermo-hygrometers; thermometers,
not for medical use; thermostats; thyristors; magnetic cores; totalizators; curve plotters; electrical transducers; electro-acoustic
transducers; acoustic transformers; transformers; electronic transistors; transmultiplexers; transponders; ring sizers; triodes;
thermionic valves; electric discharge tubes other than for lighting; X-ray tubes not for medical purposes; vacuum tubes for
radios; acoustic tubes for use with earphones for surveillance purposes; amplifier tubes; glass capillary tubes for laboratory
use; cathode-ray tubes; Pitot tubes; laboratory storage tubes; glass tubes for scientific use; electron tubes; thermionic tubes;
vacuum tubes for radios; central processing units; electronic display units being electronic display screens; video display units
being electronic display boards; semi-conductor memory units; electronic encryption units; urinometers; vacuum gauges; solenoid valves; electric light dimmers regulators; electric light dimmers; variometers; internal cooling fans for computers; fans for central processing units; battery testers; circuit testers; continuity testers; verniers; optical glass being optical lens blanks made of glass; measuring glassware; clothing for protection against fire; clothing for protection against accidents, irradiation and fire; clothing for protection against accident or injury for motorcyclists; clothing for protection against chemicals and radiation; reflective apparel and clothing for the prevention of accidents; clothing and footwear for protection against accidents, irradiation and fire; welding clothing and gloves for protection against accidents or injury; fireproof clothing; insulated clothing for protection against accident or injury; bullet-proof clothing; vibration meters; viscosimeters; video telephones; voltmeters; wattmeters; webcams, drawing instruments and apparatus adapted for use with computers, namely, touch screen pens, electronic pens, light pens, computer styluses

For Building and construction materials and elements, not of metal, namely, non-metal doors, non-metal windows, reinforcement elements for slabs of concrete, shear studs for slabs of concrete, anchoring elements for slabs of concrete, non-metal concrete construction hardware, namely, load transfer dowels, connecting pieces, namely, adapter sleeves for structural sleeves and connecting sleeves for crimp pins or keyed joints of structural steels, air space anchors, wall cramps for facades and for insulating material; doors, gates and windows not of metal; non-metal window coverings, namely, outdoor blinds, not of metal or of textile, non-metal exterior window shades; transportable buildings, not of metal; reinforcing materials, not of metal, for building; non-metallic structural reinforcing materials for construction purposes; non-metallic wall ties for use in building; non-metallic beams for building purposes; non-metallic structural elements for use in building, namely, non-metal wall panels, non-metal roof trusses, braces, supports; non-metallic prefabricated building components, namely, non-metal wall panels, non-metal roof trusses, prefabricated concrete parts for erecting building works in the form of concrete piles, bollards, beams, blocks, bricks, posts, slabs, panels; concrete building elements, namely, concrete piles, bollards, beams, blocks, bricks, posts, slabs, panels; building components of wood, namely, wood veneer, wood trim, wood posts; construction elements of plastic, namely, multilayer panels of plastic for use in building; non-metallic manufactured building elements, namely, non-metal wall panels, non-metal roof trusses, plastic reinforced wall panels for use as sound and light barriers, multiple-layered drywall; non-metallic prefabricated building elements, namely, non-metal wall panels, non-metal roof trusses for onsite assembly, fabric wall systems used for environmental separation and containment in industrial and commercial applications, waterproofing system comprised of non-metal wall system elements designed to prevent entry of moisture and to prevent growth of mold; non-metallic building materials for screeding, namely, concrete; intumescent construction materials, namely,
tar-based sealants for roofing, asphalt-based coatings and sealants for use on roofs and walls; concrete building materials, namely, concrete piles, bollards, beams, blocks, bricks, posts, slabs, panels; non-metallic damp course materials, namely, concrete blocks; refractory construction materials, not of metal; non-metallic roof construction materials, namely, non-metal roof trusses, asphalt roof coatings, non-metal roof flashing; bitumen building materials, namely, bitumen-based compositions for building purposes; building materials consisting of glass, namely, glass for building; building materials of plastics material, namely, plastic tiles, plastic floorboards, plastic wall boards, plastic precast wall elements, namely, energy conserving plastic wall panels; fiber reinforced plastic construction materials, namely, fiber reinforced plastic tiles, plastic floorboards, plastic wall boards; non-metallic building materials having acoustic properties, namely, non-metal building panels incorporating acoustic insulation, sound deadening gypsum wallboard; building materials of concrete reinforced with plastics and glass fibers, namely, concrete piles, bollards, beams, blocks, bricks, posts, slabs, panels; building materials made of rock fibers, namely, non-metal wall panels; construction materials of artificial stone, namely, artificial stone blocks for building; construction materials of natural stone, namely, natural stone quarry blocks; fireproof seals in the nature of building materials, namely, fireproof tiles; non-metallic interlocking wall panels for building; glass building blocks incorporating insulating materials; slabs, not of metal, for building; space frame modular units, not of metal, namely, non-metal greenhouse frames and framework, not of metal, for buildings; prefabricated non-metal buildings; concrete poles for use as building materials; construction materials, namely, bridge bearings, not of metal; non-metal casting forms for concrete, namely, shuttering, not of metal, for concrete; concrete walls for building; reinforcement rods, not of metal, for building; expansion joints of non-metallic materials for use in construction, namely, non-metal expansion joints for floors and walls; brackets, not of metal, for building; building materials, namely, fiberboard; facade construction components of non-metallic materials, namely, non-metal windows, non-metal wall panels; non-metallic building facade elements, namely, non-metal windows, non-metal wall panels, non-metal railings and facade panels for construction purposes; non-metallic facing tiles for use in buildings, namely, non-metal covers for facades; non-metallic cladding for building facades; preformed concrete building elements, namely, concrete piles, bollards, beams and blocks; refractory construction materials, not of metal; non-metallic modular building units, namely, non-metal modular wall panels, non-metal railings and facade panels for construction purposes; non-metallic casings for use in building or construction; non-metallic woven textiles made of synthetic fibers for use in buildings; scaffolding, non-metallic; framework, not of metal, for building; latticework, not of metal; latticed netting of glass for building purposes; glass slabs for use in building; mortar for building; non-metallic stabilization geotextile fabrics for use in construction for stabilization of soil walls and facades; fiberboard for building; non-metallic foundation material for use in construction, namely, concrete; non-metallic modular units for constructing prefabricated buildings, namely, non-metal wall panels; non-metal drains for use in construction of basement waterproofing system; non-metallic minerals for building or construction; transparent plastic boards for use in building; transparent plastic panels for building construction purposes; expanded plastics for use in construction, namely, plastic wallboards; films of plastic for use in building, namely, waterproofing membranes for roofing, floors and walls; building boards of plastic materials; multilayer panels of plastic for use in building; non-metallic structural frameworks for buildings; non-metallic exterior building shutters; non-metallic prefabricated monocoque buildings; building materials, namely, drywall corner bead not of metal; non-metallic reinforcing fabrics for building; reinforcing mesh made of textile fibers for construction purposes; roofing material, namely, corrugated sheets made of plastic materials; partitions being non-metallic building materials; non-metallic building fronts, namely, non-metal facade panels for construction purposes; non-metal fiber cement siding; facade cladding sheets of mortar coated foamed materials; coverings, not of metal, for building, namely, non-metal coverings for ceilings, non-metal roof coverings; spacers being building elements made of fiber reinforced cement used
in the installation of flooring, walls and facades; cladding, not of metal, for building; non-metallic building materials for
draught proofing, namely, insulating glass for windows for building purposes; laminates of non-metallic materials for use in
building, namely, laminated flooring and laminated wall panels; glazed panels in the nature of non-metallic framework for
construction; non-metal cladding for construction and building; linings, not of metal, for building, namely, roofing membranes,
nonmetal tubular liners for the lining of sewer systems; building panels, not of metal; cement fillers for repairing walls; non-
metallic laminated boards for walls; prefabricated non-metal walls; building materials, namely, stone veneers; non-metallic
facing bricks

Building construction services; building repair; concrete repairs; repairing steel structure and facade construction works;
installation of insulating materials in buildings, roofs and structures; installing wallboard; installation of thermal insulation for
buildings; building renovation, building construction and demolition of buildings; installation of reinforcement elements for
slabs of concrete, shear studs for slabs of concrete, anchoring elements for slabs of concrete facades, doors and windows for
buildings; roofing installation; scaffolding installation services; building construction of cubicles; installation of bolts; erection
of prefabricated buildings and structures; building sealing services; providing construction information; refurbishment of
buildings; building construction of hard-standing areas; building construction of ceilings; building construction of foundations
for buildings; building construction of complexes for business; building construction of steel structures for buildings; building
construction of partition walls for interiors; building of underground structures; building construction of curtain walls; building
construction of screens; building construction of steel fabrications; building construction works for prefabricated houses;
building construction supervision services for building projects; construction supervision of building demolition; building
construction supervision services for real estate projects; construction supervision of building renovation; building inspection
in the course of building construction; building construction services relating to building for industry purposes; building
construction services relating to building for habitation; temporary structure construction services; building construction
supervision; on site construction project management relating to the construction of buildings; construction consultancy;
consultancy and information services relating to construction; building construction advisory services; dismantling of building
structures; installation of plumbing fixtures and fittings for buildings and installation of fixtures and fittings for heating pipes
and air conditioning pipes for buildings; installation of glazed building structures; building construction and repair;
construction of buildings and other structures; information services relating to maintenance of security systems; information
services relating to the construction of buildings; general building contractor services; installation of building scaffolds,
working and building platforms; installation of fabricated construction units, namely, installation of modular wall panels and
facade panels; maintenance of buildings; installation of building insulation; custom construction of buildings; custom
construction of houses; on site building construction project management; construction supervision of building repair; erection
of pre-fabricated buildings; construction project management services; renovation and repair of buildings; building restoration;
building restoration of architectural works; rental of tools and equipment for building construction, demolition, cleaning and
maintenance; building reinforcing; provision of construction information by electronic means; providing information relating
to building construction; installation of insulating materials for buildings; insulating services, installation of insulation in
internal and external walls, ceilings and roofs; heat insulation of windows, namely, installation of insulation for windows;
insulation of roofing, namely, installation of insulation for roofing; installation of building insulation; application of protective
coatings for buildings; maintenance advisory services relating to the alteration of buildings; advisory services relating to building refurbishment; building construction consultancy; consultancy services relating to the repair of buildings; providing information relating to the construction, repair and maintenance of buildings; building maintenance and repair; renovation and restoration of buildings; building sealing and caulking services; thermal insulating of buildings, namely, installation of thermal insulation in buildings; repair of building facades, namely, resurfacing of facades; cleaning of building exteriors; repair of building facades, namely, redressing facades; advisory services relating to the maintenance of plumbing fixtures and fittings for buildings, and of fixtures and fittings for heating pipes and air conditioning pipes for buildings; consultation in building construction supervision; erection of scaffolding for building and construction; erection of formwork for building and construction; installation of building scaffolds, working and building platforms; installation of prefabricated building elements in buildings; providing online information relating to building construction; erection of formwork for civil engineering construction; erection of curtain walling; building construction of walls; installation of coloured panels in building facades; maintenance and repair of plumbing fixtures and fittings for buildings, and of fixtures and fittings for heating pipes and air conditioning pipes for buildings; shuttering services, namely, installation of building shutters

**For** Software as a Service (SAAS) services featuring artificial intelligence (AI) software for making certain tasks more efficient for customers in any field or industry, namely, to increase the rate of organizing, normalizing, indexing, and structuring multi-modal data, for improving efficiency in the fields of scientific research and development and engineering by improving understanding and parsing of discernment and extraction of data, and increasing the rate of invention and progress, in scientifically-oriented disciplines and fields, for implementing scalable artificial intelligence (AI) for scientific research and development, for helping enterprise customers ingest, universalize, and operationalize complex multi-modal data, for automated decision-making, for automated analysis and detection of anomaly across business processes, transactions, conversations, behaviors, communications, operations and systems, for recommending, organizing, managing, tracking, recording, and reviewing the next best actions to help business users make informed choices, for anti-piracy and encryption, for data security, for accessing applications and services using mobile phones, for computer communications, namely, providing users with messages or notifications regarding functionality and status reports, for managing computer databases used in personalizing content, for computer operations, for electronically trading securities, for computer search engine optimization, for software development, for administration of computer networks, for operating computer systems and application development, deployment and management, for creating searchable databases of information and data, for providing real-time intelligence from all data sources, regardless of type, complexity and volume, for designing computer application platforms with artificial intelligence, for credit screening, for pattern recognition systems composed of computer chips, computer hardware and software, for monitoring and controlling communication between computers and automated machine systems, for speech recognition, for integrating business practices, business systems and human users with complex software systems, and for implementing artificial intelligence for increasing the rate of invention and progress in scientifically-oriented disciplines and field; Software as a Service (SAAS) services and Platform as a Service (PAAS) services, namely, hosting software for use by others for decision making, integrating business practices, business systems and human users with
complex software systems, for implementing artificial intelligence for use in data transformation and management, for administration of computer networks, for linking two or more autonomous, distributed systems consisting of either human intelligence or artificial intelligence with digital or mechanical hardware platforms, for gathering data from humans for analysis and processing, for automatically capturing data from humans for analysis and processing, for allowing business computers to interact directly with customers to capture and provide information, and for use as artificial intelligence for use in customer communications; Project management in information technology, namely, computer and information technology infrastructure project management services; computer systems analysis, integration of computer systems and networks, computer programming for others all for use in commercial interactions over global computer networks; computer software and hardware testing services; technical project studies in the field of computer hardware and software, namely, computer system analysis studies; scientific and industrial research, namely, technical research in the field of a computer software that contains data analytics, statistical models, natural language processing (NLP), computational linguistics (CL), information retrieval (IR), machine learning (ML), data science (DS) and artificial intelligence (AI); installation, updating and maintenance of computer software; computer programming; computer services, namely, design and development of computer hardware for others; computer services, namely, design, development and maintenance of computer software, computer network design for others, computer project management services, providing search engines for obtaining data on a global computer network and creating computer network-based indexes of information, sites and resources; designing, creation, and maintenance of websites for others; technological planning and consultancy services in the field of computer software and hardware; computer hardware and software design; installation and maintenance of computer software; updating of computer programs for others; technological consultancy in the field of installation, expansion, configuration and updating of computer programs; architectural computer design, surveying, and design for others in the field of computing and information technology infrastructure including machines, apparatus, instruments, and parts therefor, and systems composed of such machines, apparatus, and instruments; consultancy in the field of design and development of computer networks; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems and providing troubleshooting advice, consultation and information regarding computer software, excluding troubleshooting of computer software used in the telecommunications industry, for inbound and outbound telephone calls for others, and/or for accessing and operating a call center; technical computer project management in the field of information technology; engineering services; technical research, namely, scientific, mechanical and product research; internet services and computer assisted research, namely, hosting websites on the internet, hosting web sites for others for internet communications; creating and maintaining websites for others; development and design of computer programs related to e-commerce; providing temporary use of online non-downloadable software for decision making, integrating business practices, business systems and human users with complex software systems, for implementing artificial intelligence for use in data transformation and management, for administration of computer networks, for linking two or more autonomous, distributed systems consisting of either human intelligence or artificial intelligence with digital or mechanical hardware platforms, for gathering data from humans for analysis and processing, for automatically capturing data from humans for analysis and processing, for allowing business computers to interact directly with customers to capture and provide information, and for use as artificial intelligence for use in customer communications; Software as a Service (SAAS) services featuring software for data analytics, predictive analysis, automation, inventory and catalog management, order fulfillment, processing of e-commerce transactions, logistics management, customer relationship management (CRM), enterprise resource planning (ERP), time clock management, pricing analytics and point of sale (POS) order processing and customer support services in connection with these functions, namely, troubleshooting of
computer software problems relating to the aforementioned SAAS services, excluding troubleshooting of computer software
used in the telecommunications industry, for inbound and outbound telephone calls for others, and/or for accessing and
operating a call center; installation, repair and maintenance of computer software for data analytics, predictive analysis,
automation, inventory and catalog management, order fulfillment, e-commerce, logistics, customer relationship management
(CRM), enterprise resource planning (ERP), time clock management, pricing and point of sale (POS); providing on-line non-
downloadable cloud based software for use in the collection, integration, curation, evaluation, and analysis of data utilizing
data analytics, statistical models, natural language processing (NLP), computational linguistics (CL), information retrieval
(IR), machine learning (ML), data science (DS) and artificial intelligence (AI); testing and research in the field of on-line non-
downloadable software for cloud based software for use in the collection, integration, curation, evaluation, and analysis of data
utilizing data analytics, statistical models, natural language processing (NLP), computational linguistics (CL), information
retrieval (IR), machine learning (ML), data science (DS) and artificial intelligence (AI); proving temporary online use of non-
downloadable computer operating software for use in enabling access to a cloud computer network as well as use thereof;
providing temporary use of web-based applications for calculation functions, namely, the collection, integration, curation,
evaluation, and analysis of data utilizing data analytics, statistical models, natural language processing (NLP), computational
linguistics (CL), information retrieval (IR), machine learning (ML), data science (DS) and artificial intelligence (AI); proving temporary online use of non-
downloadable computer operating software for use in enabling access to a cloud computer network as well as use thereof;
providing temporary use of web-based applications for calculation functions, namely, the collection, integration, curation,
evaluation, and analysis of data utilizing data analytics, statistical models, natural language processing (NLP), computational
linguistics (CL), information retrieval (IR), machine learning (ML), data science (DS) and artificial intelligence (AI); providing temporary use of on-line non-downloadable software on data networks for the collection, integration, curation, evaluation, and analysis of data utilizing data analytics, statistical models, natural language processing (NLP), computational
linguistics (CL), information retrieval (IR), machine learning (ML), data science (DS) and artificial intelligence (AI);
Computer services, namely, cloud hosting provider service for the electronic storage of data, namely, the collection,
inefficient for customers in any field or industry, namely, to increase the rate of organizing, normalizing, indexing, and
structuring multi-modal data, to improve understanding and parsing of discernment and extraction of data, and to increase the
rate of invention and progress, in scientifically-oriented disciplines and fields; Providing on-line non-downloadable software
that improves efficiency in the fields of scientific research and development and engineering by improving understanding and
parsing of discernment and extraction of data, and increasing the rate of invention and progress, in scientifically-oriented
disciplines and fields; Providing on-line non-downloadable software that implements scalable artificial intelligence (AI) for
scientific research and development; Providing on-line non-downloadable software that helps enterprise customers ingest,
universalize, and operationalize complex multi-modal data; Providing on-line non-downloadable software for automated
decision-making; Providing on-line non-downloadable software for automated analysis and detection of anomaly across
